The most remarkable fish story of the age is the one about that South Bend wale that is 174 feet long and 986 years old. Certain unnamed "scientists" are credited with this calculation of age of the millennial Methuselah.

The cholera has made its appearance in many cities of Europe this year, and in no case has it spread. The only general fright has been Naples, and that was transitory. If Naples can be handled so as to extinguish the cholera, there is no place where there is reason for great apprehension about it.

Senator Teller says he has brought his winter clothes along and will fight the repeal of the silver law to the end. It might be added that it will be a cold day for him when it does end.

about the Sandwich Islands. He does not propose the restoration of Queen Calico, even under the protectorate of Clause Spreckles, Charles Nordhoff and Proctor Knott, the "paramount" Blount and Secretary Gresham. The President does not want annexation, for that was Harrison's policy, with due regard to the legal limitations, the difficulty being the debt for the moment of the power of the provisional government.

Here is something from the Newspaper Man, bearing an application sorrowful and local, and once more bringing us face to face with the greatest curse of modern civilization—an irresponsible and filthy newspaper.

"Another woman has been hounded to death by the newspapers. Again has sensational journalism claimed its innocent victim, but we hear not a word said of calling to account the perpetrator of this cowardly and brutal crime.

In the death of Lieutenant Sydenham the Army loses one of its brightest and most popular officers, and Fort Canby a soldier who made himself and his attack beloved by all he came in contact with. Last week he was in Astoria, bright, energetic, in the prime of young manhood, cheering on his men in a game of football and promising the victors a warm welcome when they went over to the Fort.

MADE MISERABLE FOR LIFE.

This you may easily be if you fail to remedy the indigestion and non-assimilation of the food, which are the attendants and originators of nervousness, that ever present ailment which no narcotic, mineral sedative or nervous oil ever does more than temporarily relieve. Of course these remedies have no effect upon the organs of digestion and assimilation, except to disorder and enfeeble them, thus aggravating the original difficulty.

A Sure Cure for Piles. Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form, as well as Blind, Bleeding or Protruding, yield at once to Dr. Bosanko's Pile Cure.

STRICKEN DEAD.

TRUSTWORTHY STATEMENTS.

A recent New York dispatch reads: "James C. H.—, a fine looking and apparently healthy man, was observed to stagger while walking on Fifth Avenue this afternoon, and after taking one or two uncertain steps fell to the sidewalk. When picked up he was dead. A physician examined the body and pronounced heart disease the cause of death. A peculiar sad feature of the case is that Mr. H.— was on his way to Maine, to settle in the home of his boyhood. He had passed the previous ten years in the western mining country, and had amassed a fortune. If you have any of the symptoms given in the following testimonials you should lose no time in seeking relief."

"I have suffered with palpitation, irregular pulse, fainting and smothering spells, pain in shoulders, side, and arms for over forty years. For twelve years have been treated without avail by prominent physicians in my neighborhood and in New York. Growing constantly worse, smothering spells followed one another, so my life was often in danger and I needed constant care. As my son had been cured by Dr. Miles' New Heart Cure, he sent me three bottles. The first bottle gave me instant relief. Before using the last bottle I was completely cured. Although seventy-five years old I feel twenty years younger. I claim my cure to be almost a miracle."

"Here is a letter from Mrs. John Kolges, of Cleveland, O.: 'I had been troubled with my heart and stomach for years, but for sixteen months had been confined to my bed. I had four of the best doctors in the city, but none of them could benefit the weakness of my heart. I also had dropsy and rheumatism. I never took medicine that relieved me at once as Dr. Miles' New Heart Cure does. I am much stronger. My appetite is splendid. I gain strength with every dose. I have lived more in six weeks from your treatment than in sixteen months from all the doctors.'

"Dr. Miles' New Cure for the Heart is sold on a positive guarantee by all druggists. It is safe, effective, agreeable, and does cure." Dr. Miles Medical Co., Elkhart, Ind.

"I do not Eat Pastry." How often you hear this expression, and the explanation that usually follows: "I am troubled with dyspepsia." The explanation is not far to seek. In the past lard has been used as the principal shortening in all pastry, the result—dyspepsia. The dyspeptic need no longer be troubled, providing

COTTOLENE

is substituted for lard in the preparation of all food. It is composed strictly of highly refined vegetable oil and beef suet. When used as a shortening, it produces wholesome and healthful pastry. Physicians and expert cooks endorse it. Refuse substitutes.

Send three cents in stamps to N. K. Fairbank & Co., Chicago, for handsome and useful Cook Book, containing six hundred recipes, prepared by nine eminent authorities on cooking. Cottolene is sold by all grocers.

Made only by N. K. FAIRBANK & CO., ST. LOUIS and CHICAGO, NEW YORK, BOSTON.

DR. GUNN'S ONION SYRUP FOR COUGHS, COLDS AND CROUP. GRANDMOTHER'S ADVICE. In raising a family of nine children, my only remedy for Coughs, Colds and Croup was onion syrup. I have used it ever since and it has cured every child. Now my grandchildren take Dr. Gunn's Onion Syrup. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per bottle. For sale by Chas. Rogers, successor to J. C. Dement.

CATARRH IN CHILDREN

For over two years my little girl's life was made miserable by a case of Catarrh. The discharge from the nose was large, constant and very offensive. Her eyes became inflamed, the lids swollen and very painful. After trying various remedies, I gave her SSS. The first bottle seemed to aggravate the disease, but the symptoms soon abated, and in a short time she was cured. Dr. L. B. RITCHEY, Mackey, Ind.
