## MORE RESPITE FOR CHINAMEN

President Cleveland Is Determined to Give Them More Time.

WILL NOT PUSH REGISTRATION

Representative Geary Met the Cabinet and Proposed Certain Amendments Which Were Adopted.

Associated Press.

Washington, Sept. 13.—The administration has altered its determination with reference to the Everett bill, extending the time limit allowed under the Geary act for the Chinese to register, to September 1st, 1894. Tonight at a conference held at the residence of Secretary Carlisle, at which in addition to the secretary of the treasury, there were present Secretary Gresham, Attorney General Olney, and Representative Geary of California. The members of the administration expressed the opinion that the bill ought to be pushed through both houses at once and the intention manifested of insisting upon going ahead with the bill today in the house. Geary, however, pointed out the radical defects in the bill, which would render its effects nugatory. He also declared that the extension of the time of registering should be reduced to six months; that the term "Chinese laborers" should be specifically defined; and that the imprisonment clause should be modified. He also wanted a provision inserted for photographing all Chinese who registered. It was finally decided to agree to the modifications and accordingly today the bill was referred by the foreign affairs committee to the sub-committee that will meet tomorrow night. Today it was developed that Cleveland himself is not anxious to press the bill for fear that it will complicate matters in the senate. In fact, he is in favor of the house folding its hands and doing nothing until the senate acts on the Sherman repeal bill. This has been apparent for several days with reference to the Tucker bill repealing the existing federal election laws. While the house leaders have no desire to embarrass the president in his fight in the senate, they will not agree to the policy advanced by the White House. The Tucker bill will not reach the stage of debate this week, but early next week. If the present policy of the controllers of the destinies of the house is adhered to, the Tucker bill will go into the arena of debate. Meantime the Everett bill will be mainly modified in committee and possibly next week the amended bill will be presented in the house.

Riverside, Cal., Sept. 13.—Deputy United States Marshal Farris arrived in this city today with warrants for the arrest of ten Chinamen. The warrants were issued by Judge Ross of Los Angeles at the instigation of a committee of citizens of this city. The Chinamen will be taken to Los Angeles tomorrow for trial. The arrests have caused deep consternation in Chinatown, and the Celestials are keeping out of sight. Five other Chinese for whom warrants are held will be taken into custody tomorrow.

DOINGS IN THE SENATE.

Washington, Sept. 13.—Voorhees in the senate today suggested one week from today as a suitable time for closing the debate on the repeal bill. Dubois of Idaho, objected. Shoup then addressed the senate in opposition to repeal. Dolph of Oregon, followed Shoup, and did not doubt that with free coinage at the ratio of 16 to 1, or 20 to 1, or any other ratio, the concurrent circulation of gold and silver could be secured. Could the United States ignore the action of the great commercial countries of the world in regard to silver? Mills of Texas, gave notice that he would address the senate on Wednesday. Stewart's resolution for a committee to ascertain whether any senators are interested in the national banks came up. Stewart addressed the senate in advocacy of it. After a few moments he diverged into a general discussion of the silver question.

Talbot of South Carolina, in the house, introduced a resolution directing the currency committee to immediately report the bill of McLaurin of South Carolina, for the issue of \$125,000,000 in treasury notes for the relief of the people. The resolution was received with laughter and objections, and the house went into committee of the whole on the public printing bill.

SERIOUS CHARGES AGAINST THEM

New York, Sept. 13.—John Swope of Pennsylvania, one of the stockholders of the Northern Pacific Railroad Company, on behalf of himself and other stockholders has begun an action in the supreme court, against Henry Villard, Charles L. Colby, Colgate Hoyt, and Edwin H. Abbot, of the Northern Pacific Railroad; Thomas F. Oakes, Henry C. Rouse, and Henry C. Payne,

its receivers, and the Chicago and Northern Pacific Railroad Company, to compel the individual defendants to make restitution of some millions of dollars which it is alleged the company was deprived of by means of fraud.

MORE TROUBLE IN RIO.

Rome, Sept. 13.—The Italian government has received a dispatch from Rio Janeiro, dated yesterday, saying that Admiral Demallos has informed the representatives of the foreign powers at Rio Janeiro that the vessels of the insurgent squadron would open fire on the city's defenses at 9 o'clock this morning. (Wednesday) The forts in the bay will be first attacked separately, it is believed, and upon the result of this bombardment, the future movements of the rebels will be decided. In consequence of its announcement arrangements will be made to send foreign warships and merchant vessels at Rio, to positions outside the line of fire.

London, Sept. 13.—The Exchange telegraph company says: "Private advices from Brazil say that the insurgent fleet is bombarding Rio Janeiro and that one of the principal generals on shore has sided with the rebels."

A dispatch from Rio de Janeiro says that the attack of the rebel fleet on the forts began at 9 o'clock. The garrison of the largest and strongest fort has declared for the rebels. The bombardment of the town begins at 11 o'clock. The town has a desolate appearance. People who are compelled to remain are greatly excited. All business is at a standstill.

TROUBLE WITH A PRIEST.

Walla Walla, Wash., Sept. 13.—A sensation was caused at the Catholic cemetery today by the attempt of Father Flohr to prevent the burial of Geo. Thomas, recently found in the Spokane river, on the ground that his body was not entitled to Christian burial because he committed suicide, and was not a communicant of the church. Father Flohr consented to the burial on condition that no services should be performed. Hearing that a Protestant clergyman had been invited to conduct the services, Father Flohr appeared at the grave upon the arrival of the corpse, and attempted to fill it up. A brother of the deceased took the shovel from him and insisted on his right to bury the remains of his brother in the family plot.

BACK FROM ALASKA.

Port Townsend, Wash., Sept. 13.—The United States coast and geodetic surveying steamers Patterson and Hassler, arrived from Alaska today with three parties of American engineers engaged in surveying the boundary between British Columbia and Alaska. The engineers report a successful season and expect to finish their work next year.

Alvin G. Wright has commenced suit against John McConaghy for slander, alleging that the defendant accused plaintiff of killing his father. He asks for \$5,000 damages.

FRED AMES DEAD.

New York, Sept. 13.—Frederick L. Ames, the millionaire, and vice president of the Old Colony Railroad, and director of the Union Pacific, was found dead this morning. Rumors are prevalent that an official examination and autopsy would reveal the cause of death to be entirely different from that given to the public. He is reputed to be worth \$25,000,000.

Deputy Coroner Conway after viewing the remains, gave it as his opinion that death was due to apoplexy.

TO BE ARRESTED FOR TREASON.

Pittsburg, Pa., Sept. 13.—A pension attorney whose name the pension officials refuse to divulge, has been writing letters to suspended pensioners of this district advising them to kill President Cleveland, Secretary Hoke Smith, and Commissioner Lochran. It is probable the attorney will be arrested for treason. It is said he is a Grand Army man and a pensioner.

CARLISLE IS ILL, TOO.

Washington, Sept. 13.—A large lump having developed on the right arm of Secretary Carlisle, he will, in a day or two have a surgical operation performed on him. The lump has long resisted treatment. The secretary is suffering great agony, and has little use of his arm. He has endeavored to keep the fact of the approaching operation a secret.

HUNTING THE ROBBERS.

Chicago, Sept. 13.—The amount secured by the Lake Shore robbers is now put at \$19,000. The chief of detectives of Chicago puts little credence in the story that Bill Dalton, the notorious Southwestern train robber had anything to do with the robbery. He says the best information is that the gang consisted of seven men, of whom two were colored.

PLEADED GUILTY.

Buffalo, N. Y., Sept. 13.—Erie O. Van Brocklin, the defaulting ex-secretary of the board of fire commissioners, who stole over \$65,000 from the city, pleaded guilty today.

## DEATH AMONG THE BOOMERS

Hundreds of Sunstrokes in the Line and Terrible Suffering.

PLAOS SELLERS ARE THROWN OUT

Society of Christian Endeavor Has Undertaken to Relieve Distress From Thirst by Providing Water Carts.

Associated Press.

Arkansas City, Kas., Sept. 13.—One hundred degrees of heat in the shade, the air filled with suffocating dust, and hot winds blowing across the parched prairie, were the severe conditions that the boomers along the Cherokee line were forced to endure today. At this place over fifty men were overcome by the heat, most of them being in the line before the registration booths. Six have died and the others are in a critical condition. At Caldwell, thirty-two were sunstruck, and two are dying. At Orlando, there were twenty-two sunstroke and two deaths, and at Hennessy, eighteen strokes and one death. The indications are that tomorrow will be a repetition of today. The crush at the registration booths has become so great that from now on they will be kept open day and night. During the three days ending tonight, 42,300 certificates have been issued. The total number of certificates does not indicate the number of homeseekers, for most of the boomers take out certificates for both homestead and town lots. The Santa Fe special train brought in sixty-five carloads of people today. The majority came simply to see the fun. At Orlando, today, the soldiers brought "boomers" into camp, and more are reported to be concealed along the streams in the forbidden land. The boomers, in order to get rid of speculators, will not permit any one in line to sell his place. In consequence the line thinned out materially today, and is now composed wholly of bona fide homeseekers. The Rock Island route took 3,000 people into Caldwell today and many more are coming tomorrow. The Young People's Society of Christian Endeavor has undertaken to relieve the suffering that is caused by lack of water. The Leavenworth society has pledged money to pay the expenses of hauling water from Arkansas City to the booths and three water carts were put into service today.

HOT WEATHER IN MISSOURI.

Kansas City, Mo., Sept. 13.—It was the warmest day of the year at 3 o'clock this afternoon. The thermometer at the weather office registered 102 in the shade. A hot wind blew in Kansas all day and it is feared that corn and other vegetation is further materially damaged.

KRUG'S DEFALCATIONS.

Seattle, Wash., Sept. 13.—The finance committee has found a bundle of warrants amounting to over \$60,000. This reduces the shortage of City Treasurer Krug to about \$125,000. Henry Fuhrmann, a speculator, admits that Krug loaned him \$60,000 to purchase city scrip and \$20,000 more as a personal loan. Notes amounting to \$20,000 that are signed by D. T. Denny have been found. Other notes for large sums with poor security are said to be in existence. Krug is still in British Columbia and a number of officers are after him. He registered at the New Westminster Hotel last night but did not stop there.

THE STANDARD OIL TRUST.

New York, Sept. 13.—The Standard Oil Trust has been dissolved. Certificates amounting to \$59,219,000 have been turned in. It is charged that all of the twenty concerns in the trust still remain under the control of a few persons who directed its affairs, and as long as such a condition of affairs exists, the results are the same as when it operated by a board of trustees.

WIPED OUT BY FIRE.

Victoria, B. C., Sept. 13.—On Sunday afternoon the 31 inst., the Indian village of Kincolith, at the mouth of the Naas river, was almost wiped out by fire. Twenty-five houses and a new church were burned, leaving thirty

families without homes, shelter, or food. Bishop Ridley has asked the government to advance \$2,000 to rebuild the sawmill, which amount to be paid in monthly installments.

SPOKANE CITY HALL BURNED.

Spokane, Wash., Sept. 13.—The new city hall which was almost completed, was nearly destroyed by fire this afternoon. The foundation and first story walls alone being saved. The loss is estimated at \$40,000. The insurance is \$65,000. The origin of the fire is unknown. When completed, the building would have cost \$100,000.

REVERSED THE DECISION

Washington, Sept. 13.—Assistant Secretary of the Interior Reynolds has rendered a decision holding that the widow of a deceased pensioner has no right under the law, to make and prosecute an original claim for her husband's invalid pension. This overrules the decision rendered in the last administration.

TROUBLE AMONG THE PICKERS.

Tacoma, Sept. 13.—Several rows have occurred between white and Indian pickers in the valleys about here. The Indians also are not entirely at peace with one another. In a fight at Alderton, near Puyallup, this morning, an Indian was carved with a knife by a brother red man. The wound is not fatal.

A COOL HIGHWAYMAN.

Klamath Falls, Or., Sept. 13.—The highwayman who held up the Ayer stage on Sunday afternoon stopped the same stage yesterday and relieved two Chinese passengers of ninety dollars, and returned to the driver two pension drafts, part of the spoils of his first adventure. The express box and mail pouches he left untouched this time.

STEAMER MULTNOMAH SUNK.

Olympia, Wash., Sept. 13.—The steamer Multnomah on her regular trip from Seattle, struck a sunken pile half a mile from the wharf. She put into the Westside Mill wharf, landed twenty passengers, and then sank. The damage is not yet known.

TWO SECONDS SHORT.

Chicago, Sept. 13.—Nancy Hanks went against her record of 2:04 today at Washington Park, before a crowd of 20,000 people, but 2:06 was the best she could do. The weather was perfect but the track was a trifle too soft.

MITCHELL HAS STARTED.

London, Sept. 13.—Charley Mitchell started for the United States today to prepare for the fight with Corbett.

Don't go to Portland to buy your jackets for the "Old Country" and the East when you can get them for the same price at the Union Pacific office in this city, and thereby save your 10-cent fare to Portland.
