WHAT THEY THINK OF IT. The following are a couple of editorial opinions from state papers on the Chinese agitation.

"Anti-Chinese demonstrations will only intensify an evil instead of removing it. Whoever incites to a disturbance is an enemy of the laboring man. The law which protects alike the employer and laborer will be upheld and while we have no sympathy with the selfish disposition which ignores the cry of want, at the same time the dignity of the law must be held sacred for without it society could not long exist. It is better to endure an evil than to aggravate it, or resort to a worse evil."—Woodburn Independent.

"Because there are men and women who are out of work, and some of whom are feeling the stress and strain of poverty, it does not follow that they can be permitted to do away with the laws and rules which underlie the social order in this country. We have no hesitancy in affirming that out of every ten persons who compose the mobs that would overturn law, nine would not work for a living if they had every opportunity presented to them. They belong to the class which want to live without working. The trouble is that the tenth man, who is industrious and sober, and who is willing to work for the support of himself and family, has to suffer for the sins of the other nine. Times are dull everywhere and there is little work for the employed to do. What then? Shall the cohorts of the unemployed take into their hands the conduct of the government because they cannot find work, even if they want it? By no means. They must share the era of depression with their former employers. It is due to the unemployed, that is, to those who would work if they could, to keep them and their families from starvation, but that is not to be accomplished by force made under the red or black flag."—Polk County Observer.

A cable dispatch announces that more than 60,000 miners resumed work in South Wales on Thursday, and that their return to the mines means practically the collapse of the strike in South Wales and Monmouthshire. It appears that during their absence from work all except twenty of the 204 collieries in these two districts have been shut down. About 40,000 men still hold out in South Wales and Monmouthshire but their yielding to the mouth of the owners is regarded as a matter of only a few days. It is further stated that in no case have the men who went back to work today obtained the 20 per cent increase in wages for which they struck. The action of the Welsh miners has discouraged the strikers in the English coal districts owing to the fact that the Welshmen were considered among the most uncompromising of the colliers who had gone out.

Peffer's educational bill is a bouncer. He proposes flat metallic money for the education of the people. He has been improving his powerful mind until he feels the value of education, and wants to impart it on a tremendous scale. He merely wants a college in the District of Columbia, to cost \$20,000,000, with an endowment of \$800,000, a year, and proposes to coin aluminum in \$20 and one-cent pieces, and all intermediate denominations. The money is to be like greenbacks—the credit of the United States, Peffer's mind it will be observed, is still scintillating. He is becoming in his consciousness of grandeur, benevolent. He is willing to shed the marvelous endowments of his nature upon the human race. He even tolerates David Bennett Hill.

Another column will be found a letter from Mr. Remington. Today his ninety day extension expires and his contract with the subsidy company of Astoria is dead. The letter speaks for itself and we do not care to comment on it.

The Gobel road proposition seems after all to offer the only near chance of the fulfillment of Astoria's railroad desires.

ALONG THE WHARVES. The State of California went out yesterday morning with an exceptionally large cargo, including 1100 cases of salmon, 17 boxes of sturgeon, 255 sacks of oysters and 25 tons of other freight from this port. She had a fair passenger list.

The ship City of York leaves up the river this morning.

The British ship Parthenope, Captain Heil, came in at 8 o'clock last night, twenty days from Honolulu. She is a fine vessel of 1563 tons register, and comes here in ballast with 800 tons of rock. She left Liverpool early in the year, for Newcastle, Australia, and took a cargo of coal from the latter port to Honolulu.

The ship Clackmannanshire with a load of coal from Newcastle, Australia came in yesterday afternoon and anchored at Sand Island. Captain Thomson boarded the Ilwaco and came up to town last night. At 3 o'clock this morning the tug brought the vessel up and she dropped anchor in the harbor.

SET HIM RIGHT. Geo. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to the London Daily Telegraph:

"I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medic indeed, who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by sea fog which had swooped down on us just after we left San Francisco. But the doctor's prescriptions and the increasing warmth of the temperature as we neared the tropics, and in particular, a couple of Alcock's Forum Plasters clapped on—one on the chest and another between the shoulder blades—soon set me right."

A SAFFRON COLORED INDEX.

Of the condition of a bilious stomach and sluggish liver is the human countenance. Not only the skin, but the eyeballs are tinged with the yellow hue when the bile gets into the blood. Besides this, sick headache ensues, the tongue becomes furred, pains are felt in the liver and through the right shoulder blade, and dizziness is experienced upon rising from a sitting or recumbent posture by the bilious individual. For these and other indications of biliousness, Hostetter's Stomach Bitter is the sovereign remedy. It is also efficacious in chills and fever, dumb ague, acute catarrh, inactivity of the kidneys, and bladder, rheumatism and nervousness. It stimulates, restores digestion, and sleep, and tends greatly to mitigate the infirmities of age.

TOO OFTEN THE CASE. INTERESTING PROOFS. A young society lady, after a round of gayety, becomes suddenly conscious of an unusual sensation. She has frequent attacks of dizziness, her back aches, and she feels blue and generally run down.

Mothers, look well to your daughters! Daughters, look well to yourselves! Let the first symptom denoting the approach of disease receive your instant attention. Healthy women are the hope of the race, and it is well-nigh criminal to neglect anything which promises relief.

There is hope for all sufferers from Nervous Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember. So severe were her attacks as to cause at times temporary delirium. All treatment had failed to relieve her, but after using Dr. Miles' Restorative Nervine she writes: "My record is to me, at least, satisfactory. No headache, constantly increasing appetite, and a consequent gain in weight of two and a half pounds in just one week."

Six weeks later she writes: "Have read and sewed immediately of late, but my headaches do not return." Mrs. John R. Miller, of Valparaiso, Ind., was attacked three years ago with turn of the head, and all indications were that it would result either in insanity or softening of the brain. Her husband thus writes: "It would be impossible for me to attempt a description of her sufferings during all this time. She was treated by our very best local physicians with but temporary benefit. She has taken four bottles of Dr. Miles' Restorative Nervine, and is cured. She has gained twenty pounds in weight. I tell you, she often blesses you for what you have done for her."

Recollect that for the cure of all Nervous Diseases there is no remedy which approaches Dr. Miles' Restorative Nervine. It is free from dangerous drugs and opiates. Sold by all druggists, on a positive guarantee, or Dr. Miles Medical Co., Elkhart, Ind.

DR. GUNN'S ONION SYRUP FOR COUGHS, COLDS AND CROUP. A REMEDY FOR CHILDREN. When a child at home, another made as a responsibility of every parent at night, the best remedy is Dr. Gunn's Onion Syrup. It is a delicious taste upon leaving Dr. Gunn's Onion Syrup, which is sold by mail, and will relieve any child of a cough, cold, or croup.
