THE SENATE AND SILVER.

The statement of the president of the United States on the money question published in our telegrams yesterday is a candid and very honest view of a most intricate matter. Mr. Cleveland is right in urging the repeal of the silver purchase law. It ought to be repoaled, in the interests of bimetallism and for the extension, strengthening, und confirmation of our international credit. He is right about it that the repeal would do great good, and, if there should be a failure, the evil conditions would be aggravated.

The sleep in the senate against repeal is being sustained by two forces. One is the white metal money power. They have made enormous profits with the help of the government. The other is the infatuation for depreciating dollars, the ravening for cheap money,

There is not a fact that stands ou er is the garrison. The silver ring has no more title to public sympathy than the Standard Oil Company, and the government would be as well employed buying oil to stimulate its production as it is in buying silver, exchanging the coined gold for sliver pig, and storing the bars. Mr. Voorhees has been

Governor Pennoyer today commuted the sentences of two inmates of the pen, and ordered them discharged. One ed from Multnomah county in March. 1884, for life, for murder in the second degree. The pardon is granted on pe tition of the prosecuting attorney who convicted, and upon condition that he leave the state and remain forever ty in December, 1885, 15 years, for manalaughter. His pardon is also recommended by the prosecuting attorney .-Salem Statesman.

Pennoyer is going through things rapidly. Between him and his devoted they are friends by this time, must exist a great similarity of soul. The brainy governor pardons a man who nine years ago was convicted of a foul

THE FATHER OF MANY ILLS. Constipation leads to a multitude of

Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rule of health. Eugene McKay, of Brantford, Ont., writes:

"I had for several years been a sufferer from constipation, had taken a great many diffedent remedies, some of which did me good for a time, but only for a time, then my trouble came back worse than ever. I was induced by a friends, whom Brandredth's Pills had benefitted, to try them. Took two cach night for a week, then one every night for about six weeks. Since that each hight for a week, then one every night for about six weeks. Since that time I have not experienced the slight-est difficulty whatever, and my bowels niove regularly every day. I believe frmly that for sluggishness of the bowels and biliousness Brandreth's Pills are far superior to any other.

Geo. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to the London

the senate majority to do business is not personal to the chairman of the finance committee. It is in part because the senate lacks the dignity of its ancient reputation, and encourages factional fights by making a fad of a courtesy that never contemplated the material that has entered the senate in the shape of millionaires and cranks.

PENNOYER'S VAGARIES.

Telegraph:

"I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medico indeed, who tended me most kindly during a horrible spell of bronchitis and spissmodic asthma, provoked by sea fog which had swooped down on us just after we left San Francisco. Bit the doctor's prescriptions and the increasing warmth of the temperature as we neared the shoulder blades—soon set me right."

So severe were her at-tacks as to cause at times temporary delirium. All treatment had failed to relieve her, but after using Dr. Miles' Restorative Nervine she writes: "My record is to me, at least, satisfactory.
