CAN NOT MAKE IT WORK

Republican Anti-Silver Men Give a Deal of Trouble.

ALL NEGOTIATIONS ARE OFF

Voorhees is Confident that the Majority for the Repeal Bill can Whip the Minority into Terms.

Associated Press.

Washington, Sept. 30.—The leading democratic senators, who have been trying for the past forty-eight hours to arrange terms acceptable for a compromise on the silver question, have encountered a very determined obstacle today, when they approached the republican anti-silver men who thus far have been acting with the democratic repeal forces. The republicans simply declare that there is no common ground upon which they could act with the democrats longer if unconditional repeal was to be abandoned. When it came to negotiating for terms with silver, they announced their intention of flocking by themselves and declared that they were ready to fight the compromise to a finish. The bellicose attitude of the republicans disheartened the democratic repealers, and caused the compromisers to halt temporarily at least. Senator Voorhees is in no way connected with the compromise movement. He said today that he had no reason to despair of the passage of the repeal bill in its original form, and thought it quite ridiculous to conclude that in a body of eighty-five men a majority of fifteen could not secure a vote upon any given proposition. He said he felt convinced that the majority could hold out as long as the minority. "If," said he, "we cannot pass the bill this fall, we can continue our effort during the winter, and if we do not conclude work in the fall, winter and spring, we can do like Grant—fight it out on that line if it takes all summer." If I could force a vote I should of course do so, but there is no such rule whereby I can do that. I am satisfied, however, if we hold on with sufficient persistence, that we will get it in time.

The resolution offered in the senate yesterday by Chandler, of New Hampshire, calling for information as to a commission to investigate the New York custom house, came up. Chandler spoke in favor of its adoption, and called the attention of Senator Hill especially to the matter in order that he might tell the senate if he wanted to know whether any of the vacancies made by the commission had been filled by anti-snapper democrats. Chandler said he was now supporting the president in his efforts to secure the repeal of the silver law, but this would not deter him from criticizing the president, who he thought was given too much to disregarding the provisions of the expressed law and to make a law unto himself; and, when he reached his determination, to attempt to carry it out whether he saw the law for it or not.

The resolutions heretofore offered by Dolph, republican, of Oregon, calling for information as to the payment of pensions to persons residing abroad, were taken up. Dolph said there was rather great ignorance in regard to the action of the pension bureau, or a premeditated deliberate design to thwart the will of congress, and he cited the case of the widow of Commodore Watson, whose pension was granted by a special act of congress. It was suspended six months ago and she was called upon to prove by living witnesses an event which occurred thirty-five years ago. The resolutions were placed on the calendar.

INDIANS GETTING TROUBLESOME

Washington, Sept. 30.—A serious Indian outbreak is threatened in Yuma reservation, California. Miguel, the deposed chief, with a band of his tribe, is reported to have attacked the reservation schoolhouse. It is not known yet how serious the attack was, or whether any one was killed.

San Diego, Cal., Sept. 30.—Col. Kellogg, commanding the United States military post here, will this afternoon send thirty soldiers to protect the Indian school at Yuma from a threatened attack by the Indians.

THE SOLDIERS IN TROUBLE.

St. Louis, Sept. 30.—A special to the Republic from Arkansas City, Kansas, says: "In view of the killing of J. R. Hill, of New Jersey, by a United States soldier on the 16th inst, and of the other outrages charged to the troops at the opening of the Cherokee strip, a special agent of the war department began an investigation today. Wm. E. Brierly saw the shooting of Hill. Rev. D. DeLong saw the killing. It occurred at 12:35 noon by his watch, standard time. There were thousands of people ahead of Hill when he was

shot. G. W. Vaughn and others testified how they bribed soldiers at the booths in order to get registered without delay.

IRISH AT THE FAIR.

The Land of the Shamrock Treated to a Big Celebration.

Chicago, Sept. 30.—The Irish flag, which was run up on the electricity building this morning in honor of Irish day at the fair, was hauled down by order of F. D. Millet, who has charge of the national colors. He says the reason for his act was that no colors are to be allowed on the World's Fair buildings except those of independent nations. Later on an appeal was made to the council of administration and the green flag was restored to its position above the electricity building. In spite of the rainy weather Irish day was a success.

A letter from Gladstone was read at the exercises dated September 2. The letter, speaking of the home rule bill, said the difference between a recorded victory and the final investment of Ireland with self government and control over its domestic affairs is not only measurable, but short." In closing, Gladstone said: "Yet the last struggle still remains, and like former struggles, it will be great. I cherish the most sanguine hope that the conduct of the Irish nation when the great object has been attained will fulfill every reasonable hope cherished by those who have aided the cause, and will convert its present enemies into friends."

GEORGE SONTAG SQUEALS.

Sacramento, Sept. 30.—The evening Bee this afternoon publishes a sensational story of a confession by Geo. Sontag, the notorious train robber. Sontag's narrative is an extensive one. He told of all the train robberies in which he and his brother John, and Chris Evans were implicated, including the Collins robbery. It is understood that Sontag has received a promise that in return for his aid to the officers an intercession for a commutation of his life sentence would be made with the governor.

A POSTMASTER APPOINTED.

Washington, Sept. 30.—The president has appointed W. H. Brunk postmaster at Ashland, Oregon.

If J. J. Van Allen has written a letter to the president declining his appointment to the Italian mission, it has not been received at the White House. It is learned on good authority that there is no probability of the president withdrawing his nomination.

FALLING OFF IN RECEIPTS.

Washington, Sept. 30.—Marshall Cushing's newspaper, the Capitol, says that the postal receipts for August show a falling off of four per cent as compared with those of August a year ago, owing to the falling off in the general business of the country. The deficit in postal revenues is likely to reach ten millions this year.

INDICTED FOR LIBEL.

Portland, Sept. 30.—The grand jury today indicted O. P. Mason and B. P. Watson, proprietors of the Sunday Mercury, for criminal libel. Five other indictments were returned, but have not been made public. It is thought they may concern some of the city officials whose records it is stated are being investigated.

ACCIDENT AT A FUNERAL.

Ripon, Wis., Sept. 30.—While a funeral was in progress at Kingston today, the floor of the church gave way, precipitating a hundred people into a cellar. One or more are fatally hurt, and one third of all are more or less injured.

YELLOW FEVER IN FLORIDA.

Brunswick, Ga., Sept. 30.—Fifteen new cases of yellow fever were reported here today. Four patients were discharged leaving fifty-eight still under treatment. The distress among the people for lack of provisions increases.

MORE TROUBLE IN SIAM.

Bangkok, Sept. 30.—The French envoy presented a new demand on Siam today, presenting also an ultimatum with a demand for its acceptance within 48 hours. In case of a refusal the French envoy will leave Bangkok.

COMMERCIAL NATIONAL OPENS.

Portland, Sept. 30.—The Commercial National bank will open its doors on Monday. All the suspended national banks of this city will have resumed with the resumption of the Commercial.

AN UNSATISFACTORY TRIP.

Fort Monroe, Va., Sept. 30.—The U. S. cruiser Detroit returned this morning from a 48 hour trial trip which was very unsatisfactory. Admiral Belknap and the board left for Washington tonight.

ANOTHER WITHDRAWAL.

Omaha, Sept. 30.—The Union Pacific has given official notice that it has withdrawn from the Western Passenger association.

CONFESSED TO THE CRIME

A Centralia Train Robber Describes the Whole Incident.

HARDIN'S REMARKABLE STORY

Stole a Ride on an Engine and Doubled his Tracks, but his Precautions were Useless.

Associated Press.

Centralia, Ill., Sept. 30.—Hardin, the last of the Centralia gang of train robbers, who was captured last night in Cincinnati, was conveyed to the Salem jail this afternoon where his pals, Jones and O'Dwyer are confined. He then made a full confession of the robbery. "There were three of us implicated, Jones, O'Dwyer, and myself," he said. "The robbery was planned at St. Louis over three months ago. Jones was too drunk to play his part well. He held up the engineer and fireman before O'Dwyer and I were ready to attack the car, and our plans were thrown into confusion. When we entered the car I found myself in the grasp of baggage man Armstrong. I saw a man coming into the car with a gun, and supposed we had been trapped. From that moment my sole object was to get out of the train. My arm was paining me terribly and I crawled into a culvert and laid down. While I lay there, a wild engine bound for St. Louis pulled up to the depot and stopped. While the engineer and fireman were in the telegraph office I crawled out and secreted myself on the engine on which I rode into St. Louis. I went directly to Mrs. Kay's about 7 o'clock on the morning after the robbery. From there I went to the depot in East St. Louis and at 7 p. m. on September 21st I went to Cincinnati direct to the city hospital where I had my arm dressed. I registered under the name of Kay. I have been reading the papers regularly and supposed the detectives were searching for me in Missouri and Indiana. It was this that caused me to be off my guard when I was arrested. I think it was the description of my wound given to the press by the St. Louis woman that caused the city hospital authorities to identify me and give me away."

LATEST FROM BRAZIL.

Both Government and Insurgent Troops Claiming the Victory.

Buenos Ayres, Sept. 30.—The latest news received here from Rosario is to the effect that there has been continuous fighting through the day, but the rebels claim to have the advantage, and on the other side, the government forces claim to have triumphed. The only fact certain is that there has been severe fighting between the rebels and government troops. The latest reports from Rio de Janeiro are to the effect that the rebel war ships have all opened fire on the city, and that much damage to property has resulted. The ironclad Independant has captured the rebel war ship Andes which was seized at Buenos Ayres a few days ago by the rebels. Rebel officers of the Andes managed to escape, but the crew were captured.

Washington, Sept. 30.—The department of state tonight received a cablegram from Mr. Fishback, secretary of the legation at Buenos Ayres, stating that several unimportant outbreaks had occurred there, but that the government had the situation well in hand and that no serious results were apprehended.

London, Sept. 30.—A dispatch from Rio says that the intervention of the foreign ministers and war vessels in har-

bor prevented any further attack on the forts today. It is believed that a favorable modification of the situation has taken place. The same dispatches declare that the Argentine situation grows worse hourly. The wires are cut in every direction, and the only news comes from government sources, and cannot be believed.

FOUR CHINESE ARRESTED.

Vacaville, Cal., Sept. 30.—Four Chinese were arrested here today for being illegally in the country.

AN EXPLANATION.

To the Editor:—In last evening's Budget appeared a communication signed "Union Man," in which the writer asks why the Federated Trades does not boycott the Astorian because the proprietor owns a cannery and employs Chinamen to perform the labor therein. It is evident the communication was not written by a union man, from the fact that no union man is in ignorance in regard to the laws that govern the Federated Trades in a matter of this kind, and also because no union man would ever take a communication of any character for publication to a newspaper that is controlled and edited by an unprincipled and notorious "rat," who even today employs "scab" men. Since when has the editor of the Budget—"Union Man"—become a union man?

The Federated Trades has not boycotted the Daily Astorian for the following reasons: First, because the Astorian always has and does now employ union men and pays them the scale prescribed by the typographical union. Can the editor of the Budget say as much? Hardly. Secondly, because the power is not and cannot be vested in the Federated Trades, nor in any other labor organization to declare unfair, or boycott an office where no unfairness of any nature exists. And thirdly, because the Federated Trades has no jurisdiction over the employees of a cannery on the Columbia river, other than the fishermen.

The Federated Trades is a deliberative body composed of delegates from the different labor organizations in the city. There must be organization before representation can be obtained in that body. As there is no organization in this city of those employed in the canneries, outside of the fishermen, there can of course be no representation.

THE FATHER OF MANY ILLS.

Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rule of health. Eugene McKay, of Bradford, Ont., writes: "I had for several years been a sufferer from constipation, had taken a great many different remedies, some of which did me good for a time, but only for a time, then my trouble came back worse than ever. I was induced by a friend, whom Brandreth's Pills had benefited, to try them. Took two each night for a week, then one every night for about six weeks. Since that time I have not experienced the slightest difficulty whatever, and my bowels move regularly every day. I believe firmly that for sluggishness of the bowels and hemorrhoids Brandreth's Pills are far superior to any other."

SET HIM RIGHT.

Geo. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to the London Daily Telegraph:

"I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medical officer, who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by sea fog which had swooped down on us just after we left San Francisco. But the doctor's prescriptions and the increasing warmth of the temperature as we neared the tropics, and in particular, a couple of Alcock's Porous Plasters clapped on—one on the chest and another between the shoulder blades—soon set me right."

PROVEN A BOON.

Gentlemen—I have always recommended Krause's Headache Capsules wherever I have had a chance. They have proven a veritable boon in my family against any and all kinds of headache. Yours truly,
J. E. WALTER,
Leavenworth, Kansas.

For sale by Chas. Rogers, Astoria, Oregon, sole agent.
