Geo. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to the London Daily Telegraph: "I especially have a picasant remem-brance of the ship's dector—a very ex-perienced maritime medico indeed, who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by sea fog which had swooped down on us just after we left San Francisco. THE FATHER OF MANY ILLS.

Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rule of health. Engene McKay, of Brantford, Ont., writes: "I had for several years been a suf-"I had for several years been a suf-ferer from constipation, had taken a great many diffedent remedies, some of which did me good for a time, but only for a time, then my trouble came back worse than ever. Since that time I have not experienced the slight-est difficulty whatever, and my bowels snee oil."

America's Great Danger

AN ENGLISH COMMENTARY.

Said an eminent English scientist recently: "The danger that confronts the great Ameri-can people to-day is not the possible adop-tion of a wrong financial policy for the nation, or the spread of socialism, or the increase of corruption among public men. All these are bad enough, to be sure, but they are as nothing compared to the terrible national disease—I had almost said national ering -of overwork. The mad rush for by the way every year.

C. A. Carroll, pastor First Baptist Church, Yellow Springs, O., writes as follows: "I have used Dr. Miles' Restorative Nervine for the past six months. I find it acts like for the post six months. I find it acts like a charm on the whole nerveus system. have not found its equal in giving immediate relief. Dr. Miles' little Nerve and Liver Pills only need a trial and they will recommend themselves to be the best pills in the market."
