## WHILE THE COUNTRY WAITS

**Silver Senators Still Dragging at their Weary Façade.**

**THIS IS A NATION'S DISGRACE**  
Members Compelled to Stay on Guard through the Night Ready for the Roll Call.

Associated Press.

Washington, Oct. 12.—All night long last night Senator Allen, of Nebraska, held the floor. He was interrupted by an occasional ill-tempered colloquy for a roll call which dragged the sleeping senators from the adjoining cloak rooms. For twelve hours and a half he had held the floor continuously, breaking all previous records. Shortly after seven this morning, Wolcott made the point that forty-three was not a quorum as Montana, Wyoming and Washington were only partly represented in the senate. Vice-President Stevenson ruled that the senate as constituted was composed of 85 members, and that forty-three made a quorum. Wolcott appealed from the decision, and his appeal was tabled, by 38 to 5. Allen, Manderson, Martin, Peffer and Morgan voting in the negative. Then Allen, apparently as fresh as when he began fourteen hours ago, resumed his address. Allen concluded at a quarter past eight. Martin, of Texas, was to follow him, but Voorhees suddenly interposed with a motion to lay the Peffer free coinage amendment to the repeal bill on the table, and the roll was called. Only 41 senators voted. Dubois, being the first senator on the roll and present who refused to vote, the chair called on him for an explanation. Dubois said he considered the amendment too important to be passed without debate. A vote on the motion to excuse Dubois resulted as follows—21 ayes, 29 nays. Dubois' name was again called. He still failed to respond. Then followed a discussion whether Dubois could be compelled to vote, but the point was soon dropped. At 9:15 a ballot was announced showing 50 senators voting, with a result of yeas 33, nays 19. So the Peffer amendment was laid on the table. Voorhees said that the Peffer amendment to the Voorhees bill was the only one pending except that of Ford, by the committee on finance, which is the Wilson, or house bill, and that Martin, of Kansas, be recognized to discuss the question. Martin then rose.

## THE McCREARY BILL

Its Author Makes a Speech in Defense of its Provisions.

Washington, Oct. 1.—The McCreary bill was taken up at the close of the morning session in the house today, McCreary said that tomorrow at 4 p. m. he would call the previous question. When the house went into committee of the whole on this bill to protect forest reservations, the bill was rather viciously attacked. Hermann, of Oregon, Doolittle, of Washington, and others, spoke against the bill, and Chairman McRae, of the public land committee, replied to the criticisms. Coffey wanted to amend so as to declare that all reservations heretofore made should be restored to the public domain except in California, Oregon and Washington. Before a vote was reached the morning hour expired, and the bill went over. Loud then continued his argument against the McCreary bill.

## INDICTMENTS AGAINST THEM.

Tacoma, Oct. 12.—President Van Horn and other high Canadian Pacific officials were cited today to appear on November 16 to answer indictments for an alleged violation of the interstate commerce law.

Much interest is taken in the hearing tomorrow of Burrell and Thomas, the alleged counterfeiters who circulated spurious coin at Roy last week. It has just become known that a large number of counterfeiters of \$5 gold pieces have been circulated throughout South western Washington. A microscopic examination of the coins shows the milling to be finer than that of the originals, but they have no metallic ring, and are short in weight nearly one half. Burrell and Thomas claim that they came into possession of the bad coins innocently.

## FIREMEN AS FIREBUGS.

Council Bluffs, Ia., Oct. 12.—This city has a great sensation in hand. For several years past there have been a number of fires here, supposed to be the work of incendiaries. This morning the mystery was unraveled by the arrest of a prominent young man named Benjamin Webster while in the act of setting fire to a building. He was formerly connected with the fire department, and after his arrest made a confession implicating a number of firemen as accessories. Chief Nicholson, and several other members of the department, have been placed under arrest.

## HORSES BURNED TO DEATH.

Chicago, Oct. 12.—Frenzied by fright and driven into a stampede by a fire in the Wallace street barns of the Chicago City Railway tonight, 461 horses were burned to death. The barns were entirely destroyed and the total loss will reach a high figure. The building was a two story brick affair extending 400 by 90 feet. The fire spread with startling rapidity, and before anything could be done, the whole structure was a mass of flames. The losses will aggregate \$120,000, amply covered by insurance.

## BROKERS SUSPEND PAYMENT

Providence, R. I., Oct. 12.—Wibur, Jackson & Co., and Shelton, Binney & Co., the largest banking and brokerage firms in the state, and among the strongest in New England, have suspended. The cause is said to be that the firms endorsed a considerable amount of Denver street bonds. They are said to have dealt heavily in Western municipal bonds and bonds of railroads.

## PEACE AT BUENOS AYRES

All is Quiet and Hymns of Praise are Being Sung.

## REBELS LAY DOWN THEIR ARMS

Georgia and Florida Threatened with another Terrible Storm that may Ravage the Coast

Associated Press.

Buenos Ayres, Oct. 12.—South America is quiet at last. In addition to the Te Deum sung today, celebrating the end of the revolution, there was a grand military fete. Peace and security are restored in the country except in some remote districts. Advances from Rio Grand do Sul, Brazil, are that the insurgents were surprised and defeated by the government forces at Quarchy.

## ANOTHER SOUTHERN STORM.

Savannah, Ga., Oct. 12.—Savannah is in the teeth of a storm which threatens in a few hours to equal in intensity that of August 27th, which swept the entire Georgia and South Carolina coasts. The prediction of the weather bureau of its approach gave warning, and all day preparations were in progress in the city and on the river and harbor to protect property from its ravages. The wind this evening is blowing forty miles an hour, and is steadily increasing. All vessels in the harbor have sought shelter and a safe anchorage.

## IN A TIGHT PLACE.

The Pacific Coast Sailors' Union in a Very Bad Odor.

San Francisco, Oct. 12.—The Sailors' Union of the Pacific Coast is reported to be in a very bad way. The recent dynamite outrage on Main street by which Curtin's non-union boarding house was blown up and four men were killed, is generally attributed to the Sailors' Union. Since the outrage several big shipping firms have gone over to the Ship Owners' Association, and have refused to do business with the union. Now union sailors cannot get employment. The boarding-house masters will not keep them any longer. This morning many were swarming around Limejuice corner seeking a chance to get a berth on the British ship Speke. Some paid as much as \$15 in order to secure the privilege of working for \$20 per month. Last night over 150 members slept on the floor and in the corridors of the union headquarters. There are now five sailors for every vacancy.

## TWO WRECKS IN CALIFORNIA.

Mendocino, Cal., Oct. 12.—Two bad wrecks occurred in Albion Harbor this morning. The schooner Corinthian, Capt. Frank Seadard, went on the rocks loaded with lumber and is probably a total wreck. The crew have come ashore. The schooner Albion is on the beach, badly smashed up. Capt. Hanson was drowned and his body was washed ashore. The balance of the crew were saved. The sea is very rough and other wrecks are likely to occur.

## WILL HAVE A GOOD DAY.

The Valkyrie Will Get All the Wind and Sea She Wants.

New York, Oct. 12.—If all signs do not fail, the Vigilant and Valkyrie will have plenty of wind and sea and rain for their race tomorrow. This morning about a ton of lead was put aboard the Valkyrie in the hope of getting her back to the weight she had before she came over here.

## THERE WILL BE FUN.

Buffalo, N. Y., Oct. 12.—The Cleveland democrats of this county have decided to nominate members of the legislature in opposition to the "machine" or Sheehan candidates. A lively fight is expected.

## WENT DOWN IN 'FRISCO BAY.

San Francisco, Oct. 12.—The schooner Aetna, a 22 ton craft loaded with coal from this city on Wednesday, and at 4 o'clock this afternoon set sail to land the coal at Franklin street wharf, in

## Oakland.

The schooner was last seen as darkness descended over the bay, and was about entering the estuary on the Oakland side. She never reached her destination. Today searchers were sent out along all the wharves and over the bay, but there were no tidings of the craft. The schooner carried Captain Peterson and three men.

## THE IRRIGATION CONGRESS.

Los Angeles, Cal., Oct. 12.—At the irrigation congress this morning there was a lively discussion on the question of arid lands. The syndicate of monopolists was denounced by Governor Sheldon. The session of arid lands to states was discussed. The committee appointed to prepare an address to the country decided that it would be this time, and will recommend that all states adopt the Wright District bill now in force in California.

## DISLIKE THE NATIONAL GUARD.

Milwaukee, Oct. 12.—A resolution was adopted in today's session of the international Cigar Makers' Union to the effect that the union does not approve of the national guard system as now organized, and asking members of the various cigar makers' unions to refrain from joining the guard and calling on the cigar makers now members of the national guard to withdraw.

## STAMBOUL DIDN'T DO IT.

Lexington, Ky., Oct. 12.—In addition to the regular events, the great California stallion Stamboul made an attempt at the trotting races this afternoon to lower the stallion record. He failed, however, and finished his mile in 2:10 3/4.

## ONE MORE CUT IN RATES.

San Francisco, Oct. 12.—The Union Pacific has announced a rate to take effect the 14th inst of \$50 from Portland to Chicago and return, or to St. Louis and return for \$47.25. These tickets are limited to continuous passage in each direction, and bear a final limit of November 18th.

## WHAT IS IT WANTED FOR?

San Francisco, Oct. 12.—It is reported that four million dollars in gold were shipped from the sub-treasury here to Washington today. Federal officers refuse to confirm or deny the statement.

## ANOTHER WIN FOR THEM.

Boston, Mass., Oct. 12.—The cricket match between the eleven Australians and eighteen of all Massachusetts ended this morning in favor of the visitors, who made without trouble their needed 51 runs.

## HEAVY DAMAGE BY FIRE.

St. Louis, Mo., Oct. 12.—A fire this morning destroyed four blocks of business buildings, mostly old wooden structures. The loss is estimated at \$160,000.
