The Astorian guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

Advertising rates can be obtained on application to the business manager.

This paper is in possession of all the telegraph franchises, and is the only paper on the lower Columbia that publishes genuine dispatches.

The Daily Astorian's circulation is five times as great as that of the combined circulation of the other daily papers of Astoria.

The Weekly Astorian, the third oldest weekly in the state of Oregon, has, next to the Portland Oregonian, the largest weekly circulation in the state.

Subscribers to The Astorian are requested to notify this office, with a loss of time, immediately they fail to receive their daily paper, or when they do not get it at the usual hour.

Handley & Haas are our Portland agents and copies of The Astorian can be had every morning at their stand on First street.

THE SAME OLD STORY.

The Union Pacific has followed the Northern Pacific. It is in the hands of the receiver. That seems to be the fate reserved for all railroads built in whole or in part by public money.

Yesterday's Oregonian says: "Mayor Mason has informed the members of the council that it will be impossible for him to go to San Francisco to attend the launch of the battleship Oregon on the 26th inst."

Ex-President Harrison said in Chicago the other day: "We are sowing the seed of discord in the breaking away from the national laws."

"I am not partial to any particular federal election law except that the law should provide for some judicial method of inquiry."

Why, oh why. Will the rebels try forever to knock Poor Rio a-wry.

It isn't so much how you pay for advertising. It's what you get for what you pay. Advertising space in any respectable newspaper is merchandise, and must be reckoned as a barrel of flour or as a yard of calico.

Mr. Chamberlain, the leader of the opposition to Gladstone, says of the Home Rule bill:

"By the necessity of the case it cannot come up before next year at the earliest. It cannot be brought on till then in any case, and perhaps not then. Whenever it comes up it is going to meet again the same fate it has already met."

The registration of opponents of the Gladstone policy in London shows, it is said, a gain on the average of five hundred in each district for the conservatives.

The people of Astoria do not need to be told that during the coming winter there will be much destitution in this city.

Give heartily. No housekeeper who sits by her well filled dinner table at night warmed by the glow of her stove fire, should hesitate for a moment to give of her bounty some small share.

Ex-President Harrison said in Chicago the other day: "We are sowing the seed of discord in the breaking away from the national laws. The people of this country will not submit to choice of their officials by the dice box or the juggler's hat."

THE FATHER OF MANY ILLS.

Constipation leads to a multitude of physical troubles. It is generally the result of carelessness or indifference to the simplest rule of health.

A SAFFRON COLORED INDEX. Of the condition of a bilious stomach and sluggish liver is the human countenance. Not only the skin, but the eye-lids, are tinged with the yellow hue when the bile gets into the blood.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

THE OPEN SWITCH.

Anybody who travels by cars knows what is meant by "an open switch." It is the terror of railroad men, and the dread of the traveler.

Dr. Franklin Miles, of Elkhart, Ind., the distinguished specialist in diseases of the heart and nervous system, states that disorders of the heart are as common as those of the lungs, liver, stomach, bowels or kidneys, though often unsuspected.

"I had been troubled with heart disease for years. My left pulse was very weak, could at times scarcely feel it, excitement would weaken my nerves and heart, and fear of impending death stared me in the face for hours."

"It is the mind that makes the man," said Watts, but modern ethics deny this, and give the credit to the tailor. It is questionable, however, if either are right.

Food has some claims in this respect, therefore those parents who would build up the physique of their children pay strict attention to their diet.

COTTOLINE. It is recommended by the best cooks. Consult your physician up on its healthfulness. Send three cents in stamps to N. K. Fairbank & Co., Chicago, for hand-some Cottoline Cook Book.

DR. GUNN'S UNION SYRUP FOR COUGHS, COLDS AND CROUP. GRANDMOTHER'S ADVICE. In raising a family of nine children, my only remedy for coughs, colds, croup, and all other ailments of the throat and chest was Dr. Gunn's Union Syrup.

SCRATCHED TEN MONTHS. A troublesome skin disease caused me to scratch for ten months, and was cured by a few days' use of SSS.

SWIFT'S SPECIFIC. I was cured some years ago of White Swelling in my leg by using SSS and have had no symptoms of return since.
