JEPF'S, The Only Restaurant.

Captain Haaven says that he never experienced rougher weather than what he met with at Destruction Island on the 5th and 6th of this month. The island is 1000 feet long, and about 70 feet above the sea level, but the spray from the enormous seas dashed clean across the place in a continuous shower during the two days, soaking everything like a heavy downpour of rain would have done, and preventing any work being done on the lighthouse or outbuildings. And all this time the sun was shining brightly, and the sky was almost clear.

The subject of debate was "Resolved, That the Deportation of Chinese would be a detriment to our country," and Miss Nettie Tuttle and Paul Fyollet supported the resolution. The negative side was taken by Miss Frankie Holden and Mr. Floyd Dement, whose arguments were so excellent and so well prepared that they carried the day. The judges were Miss Badollet, Miss Hattie Tallant, and Mr. Alfred Cleveland, and they gave a unanimous vote in favor of the negative side of the debate. Altogether the discussion was one of the most enjoyable that the Ciceronian society has ever had.

A merry crowd of excursionists assembled at Hustler's dock last night when the City of Frankfort got ready for her trip to Portland with the representatives of the Astoria Football Club on board. About a hundred people went on the boat, and there must have been three times that number on the wharf to wish the players good luck. Several of the excursionists went up on the Telephone earlier in the evening, so that altogether, the Astorians will have plenty of people to help them along to victory this afternoon, if applicable can do it. Everybody will be glad to see them bring back the pennant, which has been held in Portland for two years, but the odds are a little in favor of the metropolitan team. They have had better weather for practice, and a hundred more players to choose from than the A. F. C. If the latter, therefore, score a win, they will be entitled to a great deal of credit.

Harry Cramer, committed by the county judge of Washington county is the latest boy to be enrolled at the state reform school near Salem. This makes sixty-seven boys on the roll, and the consecutive number is 111. This last boy was first committed by the justice of the peace of Hillsboro precinct, having pleaded guilty to larceny of \$80. The new law passed by the last legislature allows only circuit and county judges to commit boys to this institution, so the boy could not be enrolled on the justice's commitment. The deputy who brought him, however, returned home and secured the order of the county judge and the boy was, of course, entered upon the books upon that commitment. It is a singular fact that the last three commitments to that institution have been by justices, and in each case the order of the county judge had to be afterwards received. Oregon justices of the peace should read the new law and not be guided by the old one that was repealed by the new one. On last Sunday the new regulation uniform for the boys of the state reform school were worn for the first time. They are a gray military style, with the Oregon state militia brass buttons and the boys look dresy in and are proud of their new clothes. The new gymnasium that is being built by the boys of the school for their use will be finished in a few days. The building is 40x100 feet in size.

PUT UP in glass vials, hermetically sealed, and always fresh—is the way Dr. Pierce's Pleasant Pellets come. When you take a pill it's an important point to have them small—provided they have equal strength and efficacy. You'll find what you want in these little liver pills of Dr. Pierce's. They're put up in a better way, and they act in a better way, than the huge old-fashioned pills. What you want when you're "galled out of sorts"—grumpy, thick-headed and take a gloomy view of life, is these Pellets to clear up your system and start your liver into healthy action. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels, are prevented, relieved, and cured. They're the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned, or you may get the good you get.
