COMING TO A COMPROMISE

Democratic Senators Fighting Hard For the Victory.

TWENTY-SEVEN VOTES GAUGHT

The Proposed Amendment Does Not Command Itself to Either of the Republican Factions.

Associated Press.

Washington, Oct. 21.—The democratic steering committee virtually completed its labors on the compromise silver repeal bill today. There is no reference whatever in the bill to the bond question. Opinions differ as to the time when the bill will be presented in the senate. It may be handed in Tuesday or even earlier if it shall prove acceptable to the majority. The bill also provides for the coinage of silver to be purchased in the future. Republican silver men are displeased with the short time limit for the Sherman law to continue in force, and will probably oppose the bill solidly. The populists are also displeased with the bill for the same reason. The bill will be an amendment to the present law. It is understood that up to 2:30 p. m. thirty-six democratic senators had signed the document. It will be necessary to obtain the signatures of 14 members to insure its passage, and even then filibustering might prevent a vote unless some sort of closure is presented.

The committee on judiciary has reported favorably the house joint resolution for the disposition of certain property and money amounting to three hundred thousand dollars, now in the hands of the receiver for the church of Latter Day Saints authorizing its application to charitable purposes of the church. The joint resolution has passed. Peffer then resumed, and finished his speech, when Jones of Nevada, resumed his argument against the repeal bill.

The terms proposed for the compromise in the senate were the subject of a great deal of discussion in the house this afternoon. The fact that the authorization for bonds is not a feature brought relief to many of the republicans and western democrats. The democratic leaders are in favor of the bill, and when it comes to the house there will be a suspension of the rules in order to give the compromise the right of way. The democratic leaders feel certain that it will find favor with both wings of the party in the lower house. The prevailing feeling is that the ultra silver democrats in view of the necessity for the show of party harmony, will content themselves with voting against the measure. A goodly portion of the silver democrats will probably, however, vote to compromise if votes are needed to secure its passage. The republicans will be governed largely by what their political brethren in the senate do. When the bill reaches the house it will go to the committee on coinage, weights, and measures, unless there is an indication that an attempt will be made to hold it in that committee for too long a period, in which case the amendments will be made without its reference at all. The consensus of opinion, however, is that it will be referred under the rules and returned to the house within two days at the most. Four days after the bill reaches the house it is expected it will have passed, and congress will have taken a recess for two or three weeks.

When the committee of the senate completed its sittings yesterday, thirty-seven senators had pledged themselves to support the measure, and the managers felt assured of a sufficient number more to bring the number up to 41, leaving only three more votes necessary to insure the passage of the bill by democratic votes. The senators who are holding out against the bill are said to be Mills and Vilas of the repeal side and Kirby, of the silver side. Some of the repeal men have not yet actually attached their names to the pledge, but the committee expect to secure the names of all the democratic senators and will rush the bill through as a party measure, and without calling on the republicans for help. Most of the republicans hope the democrats will succeed in this, for the bill is one that does not commend itself to either the repeal or the silver factions of the republican ranks. The repeal men are pleased only with the clause limiting the silver purchase to a year, while the silver men find in this a reason to hope for a further extension of the silver purchases, and think it better the non-conditional repeal. The committee's recommendation will be put in the shape of an amendment to the Voorhees bill, and will probably receive the support of most of the silver republicans, while the bill will be amended, be opposed by them. This is a probability against the passing of the bill. It seems more than probable if the democrats get the concurrence of their entire party in the senate, that the republicans will make no effort at united action.

The silver men, if all parties are pleased, will accept the bill, as at present the arranged bill will expire in the midst of the next congressional election, and probably there will be an effort to amend the amendment extending the purchasing time a year. The silver men think it possible they may get republican support to put this through, but all circumstances considered it is hardly probable. One of the advantages which the silver

men find in committee is the amendment of the original bill, as it gives them ground to stand on while the silver fight shall be waged in future. They say the entire silver fight has in reality only begun; that the present bill is only a stipulation for a brief time, and that it will be presented vigorously in the regular session.

ALL CUTTING RATES.

It Will Soon Be Cheaper to Ride than to Walk.

Chicago, Oct. 21.—The "Soo" line has agreed not to make a 50 cent rate from St. Paul to Portland and a 40 cent rate to San Francisco until there is an opportunity to harmonize matters. It has also agreed to withdraw its reduced rates from St. Paul to the Pacific Coast is the same concession is made by the Missouri river roads.

St. Paul, Oct. 21.—Commencing with Oct. 30 the Northern Pacific will sell round trip tickets from its eastern terminals to Portland and return at a rate of 465. These tickets will bear a final limit of April 30, 1894, the transit limit being ten days in each direction. Stopovers will be allowed west of Pasco Junction, regardless of transit limit. On the same date this road will commence the sale of similar tickets to San Francisco and return at 285, going via Portland, and returning via direct lines to the Missouri river. To Los Angeles and return via Portland, and turning via Ogden to the Missouri river, the rate will be \$90. This is a cut of \$16 on the round trip tickets to the Pacific coast, and a cut of \$20 on the other trips mentioned.

SOME STARTLING EVIDENCE.

A Witness in a Case Opens the Eyes of the Grand Jury.

Portland, Or., Oct. 21.—In Judge Munly's court today a man named Bruce, in the course of his testimony in a larceny case, testified that gambling was carried on openly in Portland, and that minors were allowed around the tables. This statement created a flutter in the court, as the grand jury about two weeks ago made an investigation and reported to the court that the chief of police and his force were enforcing the law and that the charges of bribery against the chief were false. Judge Munly called the grand jury together and instructed them to investigate the statement made by Bruce, adding that it was the duty of peace officers to lend their assistance and that it was the duty of the grand jury to investigate the peace officers.

RECEIPTS AND EXPENSES.

A Falling Off in Every Department is Shown Plainly.

Washington, D. C., Oct. 21.—The receipts from the customs department at New York (which comprise fully three-fourths of those of the entire country) during the first 20 days of October, amounted to \$5,038,255, as compared with \$5,597,571 during the first 20 days in September. The net gold in the treasury today is \$1,000,644, a decrease of nearly \$12,000,000 since the first of the month. The currency balance today is \$21,648,947. National bank notes outstanding today amount to \$209,344,402. National bank notes issued during the past six days aggregate \$39,312, and those destroyed during the same time, \$828,165. The receipts of the government for the fiscal year up to date amount to \$18,225,000, and the expenditures to \$20,625,000.

A LIGHT SENTENCE

The Judge Exercised a Good Deal of Clemency With Rippey.

San Francisco, Oct. 21.—W. C. Rippey, the decrepit old man who shot and nearly killed millionaire John W. Mackay, several months ago, was today sentenced by the superior court to pay a fine of \$250 and serve 125 days in jail. The jury convicted him of assault with a deadly weapon and urged a light sentence. Rippey has lost all his money in mining stocks. It is said that friends who knew him when he was prosperous will pay his fine.

ONE STYLE OF ROBBERY.

Healdsburg, Cal., Oct. 21.—The safe of the city treasurer was rifled last night of \$4,500. City Treasurer Mulligan was found early this morning lying face down in the cemetery. He was unconscious. The story told by him is that he was called from his house on the pretense that his brother-in-law was sick, and that he was stopped by two men at the point of pistols. He was taken to the city hall and compelled to open the safe. The men then took him to the cemetery and bound him to a tree. Mulligan has been city treasurer for twenty years.

ANXIOUS INQUIRIES.

Battle Creek, Mich., Oct. 21.—F. H. Smith's death last evening will probably be the last as the result of the horrible accident on the Grand Trunk road yesterday. This morning found all the injured doing well. A constant stream of inquiries is being received from various persons who had friends on board the ill-fated train, as to whether they are among the dead. It is one of the unfortunate features of the accident that these questions cannot be answered because the bodies are burned beyond recognition.

HE WAS ABOUT RIGHT.

Paris, Oct. 21.—A sensation was created early this morning as the Russian naval officers were entering the military club, by a man firing a revolver into the midst of the crowd. The man who fired the shot was at once arrested and gave his name as Willis. He gave as a reason for the act that he had become sick at seeing huge sums squandered on foreigners, while many thousands of Frenchmen in Paris alone were suffering for want of bread.

BIG POSTOFFICE DEFICIT.

Washington, Oct. 21.—The sixth auditor of the treasury department in charge of the finances of the postoffice department, submitted today his report for the fiscal year ending June 30 last, to the postmaster general. The report shows a net revenue for the entire department for the year of \$77,896,222 and expenditures, \$81,084,194, making a deficit of \$3,187,972.

WON FOUR STRAIGHT GOALS

Portland Gained a Deserved Victory in the Football Game.

TROUBLE WITH THE UMPIRE

The Astoria Team Discouraged by a Questionable Decision that Lost Them the First Score.

Associated Press.

Portland, Or., Oct. 21.—In the beautiful football weather today and in the presence of a large crowd of people on the Multnomah field, the home team won a decisive victory from the Astoria football club, scoring four goals one after the other, while their opponents failed to get the ball between the sticks once. During the first half of the game the visitors played splendidly, running all around their opponents and astonishing them somewhat with their neat exhibition of passing play. They failed to score, however, though repeated attempts were made, and just before the call of half time the Portlanders claimed a foul. This claim was disputed by Astoria, but was allowed by the umpire, and the free kick that followed resulted in first blood for the home men. On resuming for the second half, a great change was noticeable in the play of the seaport boys. They seemed listless and discouraged, over the manner in which the first goal was scored, and their work had none of the dash that was noticeable in the early part of the game. The result was that Portland scored three more goals in quick succession, despite the fine work of the visitors' back line who put up a stubborn defense throughout. The spectators were delighted with the contest, and while generous in their applause for the A. F. C. representatives, did not forget to heartily cheer the local club for its splendid victory. Portland put up a fine, hard, scientific game throughout, and though at times matters were very close, the best men won. The Astoria team will leave for home with the rest of the excursion party tomorrow night.

HUME'S CANNERY DESTROYED.

A Fire at Gold Beach Does a Lot of Damage.

Marshfield, Or., Oct. 21.—At Gold Beach on Wednesday a fire occurred in which R. D. Hume's cannery, hatchery, and merchandise store, and several other buildings were destroyed. The fire originated in the laquer room of the cannery, and is supposed to be of incendiary origin. The hotel, Mrs. Strahn's residence, and the old mill were the only buildings left on the waterfront. A reasonable estimate places the loss at \$75,000. The insurance is unknown.

TOOK MORPHINE AND DIED.

Walla Walla, Wash., Oct. 21.—John O'Neil, aged 28, a son of Mrs. Margaret O'Neil, of Le Grande, committed suicide today by taking morphine. He had been a man of dissolute habits. Last evening he took a bottle of morphine from the coat pocket of a companion in a saloon and took a dose. This was not enough to hurt him, but at 5 o'clock this morning he was found in a saloon in a dying condition and expired this afternoon.

MONROE APPOINTED INSPECTOR.

Washington, Oct. 21.—Robert B. Monroe was today appointed postoffice inspector in charge of the San Francisco division, vice George L. Siebolt, resigned.

The average reserve held by the banks at San Francisco at the close of business on October 3, is reported to the comptroller of the currency as 31.21 per cent. At last call the average was 28.92 per cent.

MANHATTAN'S DAY A SUCCESS.

Chicago, Oct. 21.—Today was Manhattan day at the fair. The attendance was surpassed only by that of Chicago Day. The exercises included an address of welcome by Mayor Harrison of Chicago, a response by Mayor Gilroy of New York; and orations by General Horace Porter, Hon. Chauncey M. Depew, Hon. John R. Fellows, and Hon. Seth Low, all of New York.

CONDITION OF THE COUNTRY.

Washington, Oct. 21.—An interesting discussion on the financial condition of the treasury and the country took place in the house today. McMillan said that it was no longer possible to consider the financial straits in which the treasury was. The treasury was

running behind every month, and nothing had been paid on the sinking fund for some time. And it was notorious that the treasury had been driven to the use of a portion of the \$100,000,000 of the gold reserve maintained to redeem the outstanding greenbacks, in order to meet current expenses.

MAY BE A STRIKE.

Emporia, Kansas, Oct. 21.—A well founded report is current here that a general strike will be ordered on the entire Santa Fe system if the employees are not paid their September wages by next Saturday. The officers of the company deny that a strike is threatened or even remotely looked for.

ROBERTS WAS BEATEN.

New York, Oct. 21.—The great international pyramid pool game between Dore and Roberts was completed this evening. The Cuban finished his 1000 points when the English champion had but 921 to his credit.

SURRENDERED TO JUSTICE.

Washington, Oct. 21.—Francis H. Weeks, the ex-convict New York lawyer, has been surrendered by the government of Costa Rica to the United States.

A HORRIBLE BEATING.

New York, Oct. 21.—The football game today between Princeton and Cornell terminated in favor of the former, with a score of 46 to nothing.

APPOINTED CHIEF ENGINEER.

St. Paul, Oct. 21.—H. E. McHenry has been appointed chief engineer of the Northern Pacific and will assume his duties on November 1st.

SPECIMEN CASES.

S. H. Clifford, New Canaan, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Spenser, Catawba, O., had five large fever sores on his leg. Doctors said he was incurable. One bottle of Electric Bitters and one box of Bucklen's Arnica Salve cured him entirely. Sold by Chas. Rogers, druggist.

SET HIM RIGHT.

Geo. Augustus Sala, the well known English writer, on his last Australian trip, wrote as follows to the London Daily Telegraph: "I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medic who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by sea fog which had swooped down on us just after we left San Francisco. By the doctor's prescriptions and the increasing warmth of the temperature as we neared the tropics, and in particular, a couple of Allcock's Porous Plasters slipped on—one on the chest and another between the shoulder blades—soon set me right."
