BRIGHTER PROSPECTS AHEAD

Associated Press.

Washington, Oct. 24.-At half-past twelve Senator Harris, acting for the present fight will soon be reached, and ong the fight beyond the time neces sary to complete their speeches and will, after that, permit voting to begin generally believed hat this will take

gument against the repeal bill. "Let and let the majority express itself in the senate," he said, "and the caus of silver would have nearly a 2 to the senate, he said, and the cause of silver would have nearly a 2 to 1 majority. At 1:30 Stewart yielded to Jones, of Nevada.

Dubois, of Idaho, who has taken a

leading part in the fight against un-conditional repeal said this afternoon that a vote would come probably with-in a week as there would be no oppo-sition or any attempt at fillbustering.

Most of the republicans, the populists, and many democrats of the senate have said that they expected congress to adjourn early next week until the first Monday in December. leaders of the democratic party, upon whom the decision will largely rest are not quite so confident of an ad-journment. Senator Harris said there was a great deal for congress to do, and he did not see why it should not proceed with its work without interruption. Senators Gorman and Voor-nees refused to discuss the question a all, saying it had not been canvassed.

and Kyle in unison to an Associated Fress representative, "and could have continued the fight for some time with a little assistance, but we were willing to quit when the old parties did so. We feel badly to have silver receive this satback, but politically we view the situation with complacency. We cannot mourn, for it is not our funeral. We expect the result to make millions of votes for the populists"

The silver republicans and the repeal republicans have made a mild but ineffectual attempt to unite their forces before the close by bringing Senators Sherman and Teller together, but they soon found that they could not unite upon a measure that would stand any likelihood of receiving the necessary majority to insure its passage. The conference of the silver democratic senators whose action broughts the long fight to a practical close, concluded that while their constituents would justify them in making as strong a fight for silver as they could make in a legitimate and regular way, their people would not endorse them in resorting to filibustering methods, and they concluded to yield at once. Senator Voorhees said tonight that he was hopeful of reaching the voting stage by Thursday, and the opinion is general that the bill will be disposed of before the end of the week. It is not believed by any one that half of the twenty seven amendments proposed will be regularly offered. There is already talk of future silver legislation. One of the leading advocates of repeal was quoted tonight as saying that he will introduce a free coinage bill on the assembling of the regular session. Senator Sherman told an Associated Press reporter that he was contemplating introducing 4 bond bill, and he would probably incidentally make some provision for the use of silver. Many other senators have financial bills in contemplation. The outlook is indeed good that the regular session will be flooded with financial bills, and no one need be surprised if the Sird congress should develop a record of financial discussion almost as import

BIG FIRE IN GERVAIS.

Gervais, Or. Oct. 24,—At 8 o'clock this morning a fire broke out in Cole-man & Goulet's mercantile establishman & Goulet's mercantile establishment. The building was entirely consumed, the occupants of the upper story barely escaping in time. The loss is as follows: Coleman & Goulet \$15,900, insured for \$7,500; Wm. J. Clark, printing office \$800, insurance \$400; T. B. Walker, boot maker, and Mickel & Zalede sech \$200, no surance sech \$200, no surance. Zeigler, each \$300; no insurance.

CORBETT AND MITCHELL.

London, Oct. 24 -The directors of the London, Oct. 24—The directors of the National Sporting Club held a meeting today and decided unanimously that no offer should be made by the club to induce Mitchell and Corbett to decide their contest in the National Club building. The question of holding the fight at the Bolingbroke Club in Clap-

THEY THREW UP THE SPONGE ham, is now being considered.

New York, Oct. 24.—Brady, the manager for Corbett, says not having had a formal notice from the Coney Island club that the Club was unable to engineer the fight, he considers Corbett still bound by the contract to that institution. He has heard from reliable sources that if the club is unable to sources that if the club is unable to hold the light, they will pay Mitchell and Corbett the forfeit money of \$5000 cach. Brady says they have an offer of \$45,000 from the Olympic club, in

Robertson pleaded not guilty and was held under bonds of \$10,000. Pinnock and Ray entered pleas of guilty and were each sentenced to four-teen verys imprisonment. teen years' imprisonment.

THE SOUTHERN PACIFIC.

Will Make a Big Attempt to Dominate All Western Oregon

San Francisco, Oct. 24.-It is said here that the Southern Pacific Company are desirous of controlling the Ormarket in the early part of next month. The Southern Pacific has recently had the division superintendent, L. R. Field, the division superintendent, L. R. Field, of the Oregon division of the Southern Pacific, looking over the Oregon Pacific road. Mr. Field has been accompanied by an engineering expert, and it is reported that the Southern Pacific people are favorably impressed with the Oregon Pacific's plant, and that there is a bossibility of the former making a purchase. Other railroad companies, however, are interested in the northern road. One of them is the Great Northern Railway company. James I. Blair, of Blairsville, N. J., and many times a millionaire, is one of the largest stockholders in the Oregon Pacific. Blair is also one of the principal backers of the Great Northern, and it is for his line that he is making a fight to control the Oregon Pacific. It is the inteneion of the Great Northern, and it is for his line that he is making a fight to control the Oregon Pacific. It is the inteneion of the Great Northern, and it is for his line that he is making a fight to control the Oregon Pacific. The silver men will offer amendments and debate them and will probably vote for all the amendments which promise anything for silver. It was impossible to say when a vote would be taken, but he should think within a week.

At 4 p. m. the senate took a recess till tomorrow.

Most of the republicans, the populists, and many democrats of the senate took and the senate to the sentative of numerous small sharehold-ers of the Oregon Pacific. If the South-ern Pacific should get control of it, ers of the Oregon Pacific. If the Southern Pacific should get control of it, it will have the same hold on the Willamette Valley that it now has on the San Joaquin Valley in California. At present the Oregon Pacific operates a line of steamers on the Willamette river which holds the Southern Pacific down to low rates. General Agent D. R. Vaughn, of the Oregon Pacific said: The plant of the Oregon Pacific is valued at about \$15,000,000. There is \$250,000 in labor claims that will have to be settled in addition to the outstanding receiver's certificates amounting to about \$600,000. The road is bonded for \$25,000 a mile. The acquirement of proprietorship of the Oregon Pacific system by the Southern Pacific would give the latter company the supremacy over the whole of Western Oregon from the California state line to Portland.

SHELLS IN HER BODY. A Woman While Looking at a Fire is Badly Wounded.

Seattle, Oct. 24.-A Post-Intelligence: special from New Westminster says 'A shocking accident occurred at North Bend yesterday morning. A fire broke out in the tent of a man camping a short distance from the station, and a number of villagers were attracted to the spot, among them being Mr.s Charles Austin, the wife of the Canadian Pacific yardmaster. A box of dynamite detonators, the presence of which was unknown to the spectators, suddenly exploded, scattering the metal shells with terrific force in every direction. Half a dozen persons were struck, but the worst sufferer was Mr. Austin, who received no less than eleven of the shells in her head, arms, and body. They pierced her clothing and penetrated the flesh, some of them to the depth of an inch. When picked up she was unconscious and her present condition is critical.

Alfred Savage, employed on A. C. Wells' stock farm, was fatally gored by a Holstein bull this morning. The animal is a regular mankiller. It came from Oregon a few years ago where it killed a man. In the last four years it has killed two Chinese and Savage makes the fourth victim. the Canadian Pacific yardmaster. A

HOW DO THEY KNOW?

The Western Belle Has Yet 24 Hours to Win In.

New York, Oct. 24.-The American New York, Oct. 24.—The American clipper ship Reaper and the American bark Western Belle, which sailed from Astoria, Oregon, on June 20th and 21st to race down the Pacific coast and around the Horn to this port for a wager of \$1,000, have been heard from. The Reaper arrived today an easy winner. She stooped, too, at Pitcairn Island for a day.

New York, Oct. 24.-Suit was brought in the New York supreme court today against the United Press for the ar printment of a receiver and account United Press, Charles A Dana, Wm M. Laffan, John B. Walsh, Walter F Phillips, and half a dozen other directors. The complaint is made by the Evening News Association, of Detroit Mich. It is charged that the United Press was organized under the laws of New York in 1883 and reorganized in The complainant held five shares all went well, but some time about the close of 1887, the officers formed a syndicate among themselves for the organization of a new company under the laws of Illinois to take the business of gathering and collecting news off the hands of the original company, it proved a profitable deal for the favored stockholders who were accorded the privilege of an exchange of stock, for the new company began forthwith to pay annual dividends of four percent, showing that the same business would have yielded two hundred percent dividends to the stock holders of the old company. The stockholders of the New York company who were not given a chance to go into the Illinois company were soon startled to find that for the guarantee of six percent they had given away two hundred percent. For two years past no dividends have been paid, but the complainant in the suit instituted today expects to establish the fact that the stockholders of the United Press of New York were defrauded out of a considerable profit during four or five years when the United Press of Illinois was making money. There are also certain valuable telegraph contracts which the complainant maintains should be used for the benefit of the New York company alone, and an attempt will be made to prevent what is claimed to the first stocked and subject to the call of the call of the chairman. There is a disposition among the repeal democrats of the house to concur with the amendments to the Wilson bill, if it comes over in the shape now known as the Voorhees bill. The recognized leaders of repeal say that there is nothing in the Voorhees bill that lifters from the Wilson bill if it comes over in the shape now known as the Voorhees bill. The select that they are willing to support any bill which the repeal republicans say that they are willing to support any bill which the repeal republicans of the bouse is not to delay the passage of the bill by asking for a conference or by disagreeing with the Voorhees bill. The silver men realize that in the end, and they will probably content the provide the call of for the benefit of the New York com-pany alone, and an attempt will be made to prevent what is claimed to be an unlawful and fraudulent use of these by the Illinois company.

IT IS GETTING COLDER.

St. Paul, Oct. 24.—The cold wave which struck this section last night extended west to the Dakota and the Montana boundary where the mercury registered 14 degrees. At Bismarck it was 17 degrees; east of there it ran up to freezing point. A snow fall of one inch is reported in Dakota and Northern Minnesota, today. The weather is clear.

MORE ARRESTS MADE.

New York, Oct. 24.—President Joseph F. Blant of the Madison Square bank, and Director Simon Ottenberg were arrested this morning on a charge of mismanagement, in addition to those arrested yesterday,

A POSTOFFICE ROBBED.

Garfield, Wash., Oct. 24.—Burglars entered the postoffice here last night and blew open the safe, taking therefrom \$500 in cash and \$1500 in notes. There is no clue to the perpetrators of the robbery.

LAMPLIGHTER BEATEN.

Hawthorne, Oct. 24.—Lamplighter was a badly beaten horse here today. Much was expected from him in the handicap, in which he started against Dungarvin, Elva and Enthusiast, but he finished last.

ONE MORE TRAIN DITCHED.

Effingham, Ill. Oct. 24.—A passenger train on the Indiana, Illinois & South-ern Railroad was ditched this morning. Thirteen passengers are seriously in-

FIGHTING FOR A DEAD BODY.

Battle Creek, Mich. Oct. 24.—Dr. Sweetland of Edwardslaurg Mich. identified one of the bodies from the Grand Trunk wreck at that, of his sister Mrs. Eveline Aldrich, and the body was shipped to that place last night.

Now J. D. Wood of Cato N. Y. tele-graphs that the body is that of his wife. Both are equally positive. Le-gal proceedings to get possession of the body may be necessary.

ANOTHER BLAZE IN S. F.

San Francisco, Oct. 24.—A fire this evening destroyed D. A. McDonald's planing mill and lumber yard, James Kemp's office and store fixture works, the Swift planing mills, H. Croakard & Son's boat building establishment, and several smaller buildings. The total loss is estimated at \$100,000 with very little insurance.

HAVE ACCEPTED THE OFFER

Seattle, Oct. 24.—The city council to-night accepted the proposition of the londsmen of Adolph Krug, the default-ing treasurer, to put up \$85,000 in cash which, together with the securities and money put up by several of the heav-lest borrowers, makes the shortage of \$125,000 good.

IN THE HOUSE.

The Most Important Session for Many Days.

Washington, Oct. 24.-Mallory, of Florida, called up and had passes a bill to amend the revised statutes so as to include the engineers and assist the United States war vessels as rank the floor in opposition to it, and described at length the depression of the debtor class, which he ascribes largely to the demonetization of silver. He grew heated and there was a lively al-tercation. Tatterson, of Tennessee, objected to the statement that the ad-ministration sought to eliminate silver from circulation, and Bland affirmed that if the Wilson bill passes, the silver in circulation would have to be redeemed in the mould, as the green-

redeemed in the mould, as the steel-backs were.

The democratic repealers of the house to the number of 23 had a meeting this morning. There was a discussion as to the situation in the senate, and the methods the friends of repeal should take when the repeal bill reach-ed the house, but no action was con-sidered advisable, and the meeting ad-journed subject to the call of the chair-man. There is a disposition among

Further than this, there is a tendency to encourage concurrence in the senate bill. The silver men realize that my fight by them would mean defeat in the end, and they will probably content themselves with voting against the bill after a short debate.

After the silver bill comes the matter of adjournment, or, as some prefer to call it, "recess." The difference of pier over "recess" or "adjournment" involves the question of mileage. Some think that if the adjournment is taken now, the members would again be entitled to their mileage for a regular sension, while a recess would prevent mileage being allowed. Others maintain that mileage for both sessions must be allowed whether it is called an adjournment or a recess.

IMITATORS AND IMPOSTERS.

The unequalled success of Allcock's Porous Plasters as an external remedy has induced unscrupulous parties to offer imitations which they endeavor to sell on the reputation of Allcock's. It is an absurdity to speak of them in the same category as the genuine porous plaster. Their pretentions are unstanted their vanuated merit un-

in the same category as the general porous plaster. Their pretentions are unfounded, their vaunted merit unsupported by facts, their alleged superiority or equality with Allcock's a false pretense.

The ablest medical practitioners and chemists and thousands of grateful patients unite in declaring Allcock'e Porous Plasters the best external remedy ever produced.
