RESUMPTION IS NOT ORDERED

But the Mints are all Ready for the Word.

SEIGNORAGE TO BE COINED

An Interview with a High Treasury Official Discloses Some Facts Important to Business Men.

Associated Press.

Washington, Nov. 4.—In reply to inquiries, it is stated at the treasury department that the actual resumption of the coinage of silver dollars is not as yet ordered, but the mints have been directed to manufacture ingots and blanks so as to be prepared to resume coinage on short notice in case it should be decided to do so. "The mints of New Orleans and San Francisco can, if worked to the full extent of the capacity of the force now at those places, coin about 2,000,000 silver dollars a month," said an official of the treasury department today. "There will not be any coinage of silver dollars at the Philadelphia mint for some time to come," he continued, "as all efforts of the force now there are concentrated in turning out gold coins. The seignorage of silver will approximate \$750,000 per month, the department having paid for silver purchased under the Sherman act at the average rate of 92 1/2 cents per ounce."

In view of the expected coinage of silver dollars the question was asked whether the treasury department can issue treasury notes against the seignorage, which, if the whole amount of bullion were coined, would amount to about fifty million dollars.

The official of the department to whom the question was put, replied that such notes could not be issued against the seignorage, and in support of his assertion quoted the following clause from the Sherman law:

"But no greater or lesser amount of such (treasury) notes shall be outstanding at any time than the cost of the silver bullion and standard dollars coined therefrom, than held in the treasury on the purchase of such notes."

He said, however, that the seignorage could be deposited in the treasury and silver certificates could be issued against them, which would bring about the same result as the issuance of treasury notes, so far as increasing the circulating medium was concerned, but they will be redeemable only in silver, and not in gold and silver, as treasury notes are.

A DISGRACEFUL SCENE.

The Chicago Council Chamber Turned into a Bear Garden.

Chicago, Nov. 4.—A disgraceful riot occurred in the city council chamber today when the aldermen met to elect a successor to the late Mayor Harrison. The rivalry for the chairmanship of the meeting was so intense that there were a number of fist fights in the chamber almost as soon as the session opened. Quiet was finally restored and Alderman McGillen, a democrat, was chosen chairman. A resolution was passed for holding a special election on the third Tuesday of this month for mayor. Pending that election it was necessary to elect a mayor pro tem, and this precipitated another scene of disorder, in which the police were called in to preserve order. Swift was finally nominated for mayor by the republicans, and McGillen was nominated by the democrats. The vote resulted in 24 for Swift and 23 for McGillen, and one blank. The chair called no election. The republicans protested, and left the chamber, but the democrats, fearing a trick, remained in the chamber. At the end of an hour the republicans returned and the session was regularly adjourned. Counsel was called in, but was unable to decide whether or not Swift was elected.

DYNAMITE DID IT.

Hundreds of People Perish in the Cruel Flames.

Madrid, Nov. 4.—From Santander, the capital of a province of that name, comes a frightful story of explosion, fire, havoc, and death. The British steamer Volo, with a cargo of dynamite, had put in at Santander. Last evening the vessel took fire, threatening the shipping docks and adjacent houses. The governor of the province, chief of the municipal officers, and many leading citizens were engaged in the work of subduing the flames, when they reached the terrible cargo, and with a deafening roar it exploded, scattering death, fire, and destruction on every side. The wharves, shipping, and neighboring houses were torn to fragments. The fire at once broke out in the ruins of the shattered buildings and spread to those still standing with great rapidity, and as the dispatch was sent, it threatened destruction to the entire city. All sorts of reports are

current as to the loss of life, ranging from hundreds down to fifty. Among the prominent people missing is the governor of the province. The others supposed to be dead include several representatives of the municipal and provincial government.

Private telegrams say that over a thousand people met death by fire and explosion at Santander. In addition, a transatlantic steamer was burned and forty of her crew perished.

It is reported that the whole city is likely to be destroyed and the population of 80,000 rendered homeless.

TO KILL CLEVELAND.

A Miner is Prowling Round the White House with that Object.

Washington, Nov. 4.—A number of officers in citizens' dress have been detailed to guard the White House and protect the life of President Cleveland, which is supposed to be in danger from a murderous crank who is at large in this city. Last Wednesday there arrived in Washington a man who keeps a restaurant in Boise City, Idaho. The man's name the police for the present refuse to divulge. Yesterday he went to the chief of police and told his story. He said about a week ago a miner who was out of employment came to his restaurant and in the course of a heated discussion about the silver question and the effects of the repeal bill on the mining interests of the west, he declared with emphasis that he was going to Washington and if the Repeal bill passed unconditionally he would kill the man whom he knew should be held responsible. The restaurant keeper did not know the man, but as he disappeared from Boise, he concluded it was his duty to come here and notify the authorities. He arrived on Wednesday, and that afternoon strolled up to the White House promenade, and the first person he saw was the miner with whom he had had an altercation. As soon as the man saw him he took to his heels. The restaurant keeper thought possibly it was a case of mistaken identity, and he said nothing to anybody until the next day when he again went to the White House and saw the same man lurking there. Then he knew there was no mistake. He went to the chief of police and told his story, giving a full description of the man. As a precautionary measure, a number of officers were detailed to guard the White House, and detectives are looking for the man who avows himself an intended assassin.

THE NEW LAW.

No More Chinese Will Be Deported for Six Months.

Washington, Nov. 4.—Attorney General Olney today sent the following order to United States Attorney Dennis, at Los Angeles, California, regarding the deportation of Chinese:

"Excepting the Chinese felons heretofore convicted, the act passed by congress discontinues all pending proceedings taken under the fifth section of the Geary act, as originally enacted. The Chinese felons heretofore convicted and now subject to deportation under the said act as amended by the act just passed upon any appropriate proceedings now pending or to be hereafter instituted. Yourself and the marshal should immediately act under the law in both classes of cases thereby covered."

A similar order was also sent to the district attorney for the northern district of California. The state department has, it is said, received assurances from the Chinese minister that he will induce his countrymen now in the United States to comply with the Geary act as amended, and it is believed that the law will receive the moral support of the Six Companies.

STANFORDS ARE WINNERS.

San Francisco, Nov. 4.—The Stanford University football team played its first game of the season today against a team from the Olympic Athletic club. Stanford won by a score of forty to nothing. The Olympics put up a good game, but could do nothing with the college boys, who were their superiors at every point. While playing a quick, snappy game, similar to last year's style, the Stanford men are heavier this year, and will be able to play more of a rushing game. Intense interest is already manifested in the big game between Stanford and the University of California, which occurs on Thanksgiving day. Last year the teams played a tie game, and the question of superiority is yet to be settled. The Stanfords play the Multnomah Amateur club, of Portland, on New Year's day.

FOUR NEGROES LYNCHED.

Nashville, Tenn., Nov. 4.—Information has been received from Lynchburg, Moore county, that four negroes were lynched last night in the Brockville turnpike. It is supposed they were lynched for barn burning.

BAGGED SOME SMALL GAME.

Washington, Nov. 4.—President Cleveland and party returned this evening from a day's hunting trip, having had fair luck and having bagged several squirrels.

A POPULIST DECLARATION

Their Final Howl of Woe, Misery and Defeat.

TAKE THEIR DEFEAT BADLY

And Want the People to "Rise in Their Might" and Place in Power a Lot of Cranks.

Associated Press.

Washington, Nov. 4.—The populist members of congress today issued an address appealing to the people to take up the silver cause. It is significant that the name of Senator Jones, of Nevada, appears among the signers of the document. The address calls attention to the fact that the arts require almost the total gold production, and says that the decrease in the volume of this metal caused by the boarding of it, has caused it to appreciate forty or fifty per cent. The address continues:

"The repeal of the purchasing clause of the Sherman act destroys silver as money of ultimate redemption, and reduces that metal to a credit money to float only by its redemption in gold. One billion, one hundred million dollars of paper and which is silver now in circulation, must rest upon less than \$100,000,000 of gold in the treasury as available for redemption. The only reason for demonetizing silver was to enhance the value of gold and obligations payable in money." The address asserts that the Sherman act interfered with the establishment of a gold standard, and the New York and London bankers and the present administration in the United States, and the Gladstone administration in England, have conspired to force its repeal. The document ends with an appeal to the people to study the question, and says: "Trust no man who has once betrayed you. Put no faith in any president who has assumed dictatorial power. Do not be overawed or intimidated by Wall street and the power of the national banks. When the people rise in their might, intrigue, cunning, usurpation, bribery, and corruption will vanish before them." The paper is signed by Senators Peffer, Jones, Stewart, Kyle, and Allen, and Representatives Davis, Baker, Boon, Bell, Harris, Hudson, Simpson, Pence, Kem, and McKelghan.

General A. J. Warner, president of the American Hymetallie League, also issues an address which closes as follows: "The remedy must be sought at the ballot box. Retire every representative who has been unfaithful to his trust, and elect only true and tried men to represent your interests in the great struggle now before us."

ANOTHER SCOUNDREL.

Mason Will Have a Year in Jail for His Lying Statements.

Portland, Nov. 4.—O. P. Mason, one of the proprietors of the "Sunday Mercury," was this evening found guilty of publishing a libellous article concerning the house of C. E. S. Wood, a prominent attorney of this place. The penalty is imprisonment not exceeding one year, or a fine not exceeding \$500, or both.

MURDERED THEM ALL.

Omaha, Nov. 4.—Harry Hill, alias George Rogers, and John Benwell, were arrested last night at Lincoln for the murder of Matt Akesson, a farmer, near Weeping Water. They were brought to Omaha this afternoon to escape the mob at Plattsmouth. The men not only murdered Akesson, but shot his son and two hired men. The object of the crime was robbery.

CURTIS HAS SKIPPED.

San Francisco, Nov. 4.—It is stated that Actor M. B. Curtis, who is wanted as a witness in the jury bribing case has left the state under disguise. He has been heard of in Denver.

A HORRIBLE TRAGEDY.

Chicago, Nov. 4.—Burglars early this morning entered the house of Frank B. Wheeler, of the suburban town of Willamette, and beat his mother-in-law, Mrs. Cross, into insensibility. The nurse awakened Wheeler, who secured two revolvers and attacked the robbers. He fired five shots into one, inflicting

wounds from which he soon died. He pursued the other across the prairie, firing till his revolver was empty, and then returned to find the house on fire and his mother-in-law burned to death. The flames were extinguished before the house was destroyed.

NINE MEN DROWNED.

Capsizing of a Yawl in New York Harbor Caused the Calamity.

New York, Nov. 4.—Nine lives were lost by the capsizing of a yawl in the lower bay at about 1 o'clock this afternoon. The drowned men are John Crosby, of New York; Charles Drude, of Brooklyn; Edward Kenny, of New York; Benjamin McGuire, of New York; Thos. Horr, of Brooklyn; Chas. Smith, of Brooklyn; James Malloy, of Brooklyn; Albert Norman, of Thompkinsville, S. I.; and Leonard Wanser, of Amityville, L. I. Twenty-two laborers employed on the new buildings on Hoffman Island embarked in a thirty-foot yawl shortly after noon to return home. The sea in the bay was running very high, but the yawl successfully battled with the waves until within four hundred feet of the long dock at South Beach, where the men were to disembark. The sail was just lowered when a sudden squall struck the boat. By quick work the yawl was kept from overturning, but the sea washed completely over the craft several times. For a few minutes the men were successful in keeping the yawl afloat, but a large wave struck the boat and filled her completely. The yawl sank, leaving the twenty-two struggling in the water. Small boats were hurriedly manned and sent out, but before the rescuers could reach the spot where the men were struggling in the water, nine had gone down for the last time.

WON THEIR REVENGE.

Philadelphia, Nov. 4.—On the Mannheim field in the presence of twenty thousand people, Princeton this afternoon secured its revenge on Pennsylvania for the latter's defeat at football a year ago. It was unquestionably the hardest fought battle ever witnessed in this city, and while the Tigers prevented Pennsylvania from scoring, they were only able to secure a single touchdown. The score was Princeton 4, Pennsylvania, 0.

GOT HIS MONEY.

Martins Ferry, Ohio, Nov. 4.—A suit of great importance to railroad employes has been decided in the circuit court. A. E. Gilmore, a telegraph operator in the employ of the Bridge and Terminal company, who worked from 11 to 18 hours per day, sued the company for \$524 for extra compensation for all time over ten hours per day, under the Ohio law, and the court gave him judgment for the entire amount.

MANY FAILED TO PASS.

Washington, Nov. 4.—Of the nominations sent to the senate by the president during the extra session, two were rejected, and fifty-six failed of confirmation. Among them were associate justice of the supreme court; C. H. J. Taylor, minister to Bolivia; R. E. Preston, director of the mint; Geo. Harper, agent of the Umattila Indian agency, Oregon; W. C. Brandle, postmaster at Ashland, Oregon.

AN UNPAID TAILOR'S BILL.

Chicago, Nov. 4.—The Daily News' Washington correspondent says that it transpires that it was an unpaid tailor's bill which intervened to detain J. Hampton Hoge, of Virginia, the new consul to Amboy, at San Francisco, on the eve of his embarkation, and necessitated his return to Washington.

TO DEPORT THEM.

Washington, Nov. 4.—Attorney General Olney today instructed United States District Attorney Davis, of Los Angeles, Cal., to proceed with the deportation of Chinese felons heretofore convicted.

ANOTHER ATTEMPT TO ROB.

Omaha, Neb., Nov. 5.—Word has been received from Nebraska City that an attempt was made to hold up the Missouri Pacific train at Union, Neb. The train men fired at the robbers, who were negroes, and drove them off.

WILL HAVE HIS OWN WAY.

Washington, Nov. 4.—It is said that the president will issue temporary commissions good until the next meeting of congress to all his nominees who failed of confirmation by the senate.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.
