HAWAIIAN SENSATION

Still the Topic of All Absorbing Interest.

WHAT WAS THE CIPHER MESSAGE?

Gresham and Cleveland Have an Important Conference about it.

Associated Press.

Washington, Nov. 13.—The state department today received a communication from Honolulu telegraphed from San Francisco written to the navy department in cipher. Securing the substance of this official communication, Secretary Gresham took a copy to Woodley for a conference with President Cleveland. Nothing is given out as to the substance of the dispatch. The plan of the Hawaiian representatives is evidently to stand rigidly for the rights they have acquired and for recognition for their government. Congress will undoubtedly take up the Hawaiian question immediately upon assembling in December. A fight, it is said, will be made against the administration policy on the ground that it has declared war without the consent of congress. If the present government yields peacefully to the position of the American minister, the question involved is whether so peaceable a proceeding could be regarded as an act of war. It is argued that it would be an act of aggression on a sovereign power none the less because that power peacefully yielded to a threat of an overwhelmingly superior force. The surmise in Washington is that the restoration of Queen Liliouokalani may not be followed by the entire withdrawal of the influence of the United States, but with the work of the last administration once over, a protectorate may be established over the monarchy. One clear and certain result of the present incident would seem to be that annexation will never be proffered the United States by Hawaiians again.

San Francisco, Nov. 13.—Associated Press correspondence from Honolulu under date of November 7, says that up to the time the steamer left, Minister Willis had not made known to the provisional government his instructions from President Cleveland, consequently there was no disorder of any kind. When the steamer left, preparations were being made for the presentation of Willis' credentials. There is no doubt that he is accredited to the provisional government. The next steamer leaves Honolulu on November 11th. It is the opinion of passengers who arrived here this morning on the steamer China, from Honolulu, that the annexationists will make no resistance if the United States orders the queen put back, but that this government will have to keep a force of men constantly on shore to maintain her on the throne, and that will practically amount to annexation, with the singular anomaly of a territory of the United States governed by a woman who calls herself a Queen.

Washington, Nov. 13.—Officials of the navy department say that they have no news by the steamer that arrived at San Francisco. Gresham declines to discuss the situation. Some expressions of Minister Thurston are said to have given offense to the administration, and there is a rumor about that the Hawaiian representatives will have their exequaturs demanded. At all events their position is an anomalous one, representing as they do a government which the United States is willing to see deposed.

New York, Nov. 13.—A correspondent at Honolulu says that the provisional government expects to be able to perpetuate itself till the next presidential election in the United States, when it is expected that annexation will be an issue and will win.

Washington, Nov. 13.—A special says that it has just been discovered that a plot to overthrow the Hawaiian Kingdom was hatched in Washington last winter. The correspondent says that there is reason to believe that the plot received the sanction of the Harrison administration.

ONE KIND OF ARGUMENT.

Minneapolis, Minn., Nov. 13.—At the session of the Methodist Missionary Society today on account of the recent silver legislation and the consequent depression in certain circles, the appropriation for Western mining states is not so largely reduced as in other portions of the country.

AN INVESTIGATION ORDERED.

Washington, Nov. 13.—The commissioner of the general land office has ordered Inspector Carmichael to investigate the appraisal of lots of the townsite of Port Angeles, Washington. Many occupants have protested against the appraisal as unequal. The treasury department has ruled that whenever an owner of exhibits at

the World's Fair upon which duty has been paid shall desire to transfer them to the Midwinter Exposition at San Francisco, the duty may be refunded by the collector at San Francisco upon the exportation thence of the exhibits so transferred.

BIG FLOODS IN JAPAN.

Several Hundred Persons Killed and Much Property Destroyed.

San Francisco, Nov. 13.—Yokohama advices say that severe floods occurred in Japan last month. In Okiyama, where the floods wrought the most destruction, 141 persons are known to have perished, and 100 more are missing; 1346 houses were washed away, and a great number of horses and cattle killed. From other points, 448 persons are reported killed, 475 ships and boats wrecked, and great damage done to farming lands. Multitudes are receiving aid from the local government.

NEATLY CAUGHT.

The Arm of the Law Was Too Long for Them.

London, Nov. 13.—Phillip Schleg, the defaulting paying teller of the Bank of Minneapolis, and Frank Floyd, his accomplice, were arrested at Southampton tonight on board the steamer from New York. Mr. Gillig, of the Bank of Minneapolis, identified the men. Schleg and Floyd made violent resistance to the arrest, and Schleg tried to use his revolver. Two revolvers were taken from each man. They were handcuffed and locked up in jail. They will be brought to London tomorrow. The baggage of the men is supposed to contain the bulk of the stolen money. It has been seized.

ALTGELD'S EFFRONTERY.

Makes Statements that His Own Acts Contradict.

Springfield, Ill., Nov. 13.—Governor Altgeld was asked today if it was true that one of the conditions of the pardon of Fielden, Neebe and Schwab was that they should make no anarchistic speeches in future, and he replied: "In granting pardons, I did so because I thought the men were not guilty of the crime for which they were sentenced, and I placed no conditions upon the pardons. You may say that there are no anarchists in the state of Illinois; not one. If the newspapers would stop talking anarchy the matter would never be heard of again. The laboring men have a right to their own views on all matters, and are entitled to express them. This is conceded by all our citizens."

AFTER MANY YEARS.

One of the Suspected Murderers Living in Oregon.

Centralia, Ill., Nov. 13.—The McClelland Pond mystery is under investigation in this city. The general impression is that the murders were committed about 12 years ago, and the bodies buried and staked down in the pond by relatives of the victims. There is no doubt about the identity of Alex. McClelland and his son Oscar, who have not been seen or heard of since 1881. The developing of the investigation shows that more than one person was interested in the crime. A brother of the deceased senior McClelland, now living in Oregon, made threats against the deceased. He owed this brother a large sum as security for a debt. The brother left here soon after the last appearance of the deceased. Excitement runs high. Thousands of people are here to hear the testimony.

OREGON WILL BE THERE.

A Scheme for Representation at the Midwinter Fair.

Portland, Or., Nov. 13.—Geo. T. Myers, president of the Oregon World's Fair commission, has addressed a letter to hold-over senators and other prominent men in the state outlaying a plan for raising money to give Oregon a creditable exhibit at the Midwinter Fair. There is about \$20,000 unexpended from the World's Fair appropriation but this must by law revert to the treasury. Mr. Myers' plan is to form a corporation with a capital of \$15,000 in shares of \$10 each, bearing interest. The shares will then be offered for popular subscription, based on the suggestion that so much of this unexpended appropriation as may be necessary to meet the expenses of the proposed Oregon exhibit at the Midwinter Fair can be appropriated by the legislature for this purpose.

THEY WANT DAMAGES.

Washington, Nov. 13.—The British ambassador has entered into negotiations with Secretary Gresham for a settlement of the claims of British sealers seized in Bering Sea, previous to the modus vivendi of 1891. It is said the amount of the indemnity claimed by the Canadian government will not exceed \$500,000.

SNOWING IN TEXAS.

Alphine, Tex., Nov. 13.—Ten inches of snow has fallen here today with a prospect that it will reach thirty inches by morning.

BROKE INTO THE BANK

Three Desperate Robbers in an Oregon Town.

THE BANK PRESIDENT SHOT

One of His Cashiers, Badly Frightened, Handed out the Money.

Associated Press.

Walla Walla, Wash., Nov. 13.—About 3 o'clock this afternoon three well mounted men rode up to the Bank of Milton, at Milton, Oregon, and, after dismounting, two of them entered the bank while a third stood guard and held the horses. President A. Hopson, Cashier N. A. Davis, and Assistant Cashier William Hopson were in the bank when the robbers entered. Without saying a word, the robbers fired two shots, both of which hit President Hopson, one passing through his left arm, and one through his left side, inflicting a painful flesh wound, and felling him to the floor. A revolver was held so close to the head of Cashier Davis that the concussion knocked him down. The robbers then demanded money from William Hopson. He handed out a tray containing \$394. The robbers then mounted their horses and rode rapidly away. A posse was soon in pursuit, and the robbers were tracked to Dry Creek. It is supposed they went towards Wallula. The robbers have been seen around Athena, Milton and Weston during the past week. One man has been identified as A. McCarthy.

MITCHELL ON HAWAII.

He Denounces the President for His Action.

San Francisco, Nov. 13.—Senator John H. Mitchell, of Oregon, arrived in this city this morning from Portland. Senator Mitchell has positive views on the Hawaiian question. In an interview he said that he thought the government might be better employed than in trying to resuscitate the defunct monarchy in Hawaii. The news of President Cleveland's intentions had astounded him, and in his opinion, the recognition of an effete monarchy was a decided mistake. On general American principles, he said, the purpose was a weak one, and represented a backing down on the part of the United States government. The senator also expressed himself as disgusted with the attitude of the government in regard to anti-Chinese legislation. Senator Mitchell only came here on a flying visit, and has been busily occupied since his arrival. He leaves tomorrow for Washington, D. C., to remain until the senate reconvenes, having been summoned thither by the necessity of arguing next Monday before the supreme court in Washington, D. C., a case involving large real estate interests in Oregon.

LOOKS FISHY.

St. Paul, Nov. 13.—Last night robbers attempted to wreck an Omaha train near Worthington. The track was obstructed as to throw the train off the track. While awaiting its arrival the robbers held up, shot, and robber a man who attempted to pass. This put the railroad officials on their guard. They sent ahead a pilot engine which found the track spiked.

The name of the wounded man is J. B. Iverson. The railroad people are inclined to doubt the truth of his story, and think it peculiar.

WELL DONE, COLUMBIA.

Boston, Nov. 13.—The new United States cruiser Columbia arrived in Boston harbor at 4 a. m. today from Delaware Breakwater, her run at sea being the quickest ever made by a war vessel in this country, beating the New York's time over two hours. On Thursday she will be given a trial trip.

MURDERED A BRAKEMAN.

Decatur, Ill., Nov. 13.—An attempt was made tonight to hold up the Peoria, Decatur, and Evansville passenger train. Three men, masked with handkerchiefs, got on at the Lincoln Coal shaft when the train pulled out. They started through the combination cars to the express part of the train. Brake-

man George Trot and some passengers tried to stop them. Three shots were fired by the robbers, and one hit the brakeman in the stomach. He is expected to die. The robbers left the train at Salt Creek bridge. They got nothing.

IN OUR RANKS.

New York, Nov. 13.—The Philadelphia "Press," Philadelphia "Times," Philadelphia "North American," Philadelphia "Enquirer," Philadelphia "Evening Telegraph," Philadelphia "Evening Bulletin," and Philadelphia "German Democrat," today severed all relations with the United Press and joined the Associated Press. The service begins at once. The Worcester "Spy," the oldest daily in Massachusetts, today severed its relations with the United Press and joined the Associated Press.

THE TROUBLE IS OVER.

Tacoma, Nov. 13.—The trouble in the Puyallup reservation over the attempt of Agent Eells to build a parsonage in the Indian cemetery was settled today without a conflict between the agent and the Indians. A board of trustees was appointed to take charge of the Indian school, and the trustee of the church will select a suitable site for a parsonage, to which the house will be moved.

ACCIDENT TO A RAFT.

Marshallfield, Or., Nov. 13.—A big log raft broke loose from its moorings yesterday morning early, and in attempting to tow it back, the tug Ranger ran into the raft, and broke her rudder. The raft, however, was secured and made fast, but this morning broke loose again and drifted against the wharf, doing some damage. The raft will be towed to sea tomorrow.

SUCCESS FOR SUNSET CITY.

San Francisco, Nov. 13.—Director General De Young returned from Chicago today where he has been for a few weeks contracting for the exhibits for the Midwinter Fair. He expresses himself as highly elated with the success of his mission. In regard to the foreign exhibits, the Midwinter Fair is to have all it can furnish space for.

A SUBSTANTIAL VERDICT.

St. Louis, Nov. 13.—The suit of John M. Glover, lawyer and ex-congressman, against the American Casualty Insurance and Security Co., of Baltimore, for \$150,000 damages for publishing him as an embezzler of \$66,629 in its circulars, came to trial today, and resulted in a verdict for \$27,000 for the defendant.

WANT TO CATCH HIM.

Washington, Nov. 13.—Sec. Gresham has sent a cablegram to the United States Minister at Guatemala asking for the arrest of L. A. Menage, the fugitive president of the insolvent Northwest Guaranty Loan Company, of Minneapolis.

BOAZZ AND COUDERT APPOINTED

Omaha, Nov. 13.—On the application of the federal government the United States district court this morning appointed J. W. Doane, of Chicago, and E. R. Coudert, of New York, additional receivers of the Union Pacific railroad.

WORSE THAN BELIEVED.

Madrid, Nov. 13.—Concerning the Santander disaster, the latest reports put the number at two hundred and fifty, and the wounded at four hundred. The property loss is nearly three million dollars.
