KNOWS HIS BUSINESS

Cleveland Master of the Hawaiian Situation.

MUCH NOT YET MADE PUBLIC

It is Believed He Has Good Ground for Taking His Present Position.

Associated Press.

Chicago, Nov. 14.—A Washington special says that both secretaries Morton and Hoke Smith tendered their resignations to Cleveland as members of his cabinet. The reasons assigned were the radical and emphatic disagreement of these two gentlemen with President Cleveland's Hawaiian policy and the countenance given to the restoration of the queen. President Cleveland, through Secretaries Carlisle and Gresham, prevailed on the brace of disgruntled statesmen to withdraw their resignations or at least defer them for a time.

Washington, Nov. 14.—It is accepted as inevitable that the Hawaiian incident will come up in congress as soon as the session opens. All the indications are that the division will be on strict party lines. The republicans take Cleveland's position to be a reflection on Harrison's actions in the premises, and will doubtless attack him therefor. The democrats expect this and are preparing to be put on their defense. The democrats believe that at the opening of congress Cleveland will send in a message in which he will make public many facts hitherto unknown in this country, which may put the case in an entirely new light. This is expected, especially in view of the fact that Commissioner Blount's report has never been given out. Congressman Geary, of California, a member of the committee on foreign affairs, today said: "All the facts are not before the people yet, and I would prefer to say nothing till later."

Concerning the reported dissension in the cabinet, it can be said that Morton is in accord with the president on his Hawaiian policy, and that Hoke Smith has not given a reason to suppose that he entertains opinions differing from those of the president on the matter.

Washington, Nov. 14.—The fear of the friends of the present government of Hawaii is that Minister Willis will push President Dole to an immediate surrender of his authority on the ground that the provisional government itself put a limit of duration to its own authority, and that limit expires when it is decided that there is no chance of annexation to the United States. There have been rumors from the state department that the United States has not entered upon its attempt to restore the queen without a thorough understanding with all the foreign powers, and it is said that the government has received assurances that no objection will be raised to its plan. Great Britain will unquestionably welcome the restoration of the queen and the prospect of the early accession of Princess Kaiulani, as the best hope of a government distinctively in British interests. By the convention in France in 1843, England agreed to refrain from ever annexing the Hawaiian islands or taking them under a protectorate, but she has never ceased to try to influence the control of the local government to her interests. The restoration question has affected her interests in the Pearl River Harbor. The exclusive right of the United States to use this harbor was a reciprocal consideration, granted for the free entry of Hawaiian sugar into the United States, but the general free sugar entry under the McKinley law worked to the abrogation of the special advantage enjoyed by the Hawaiians, and they hold that the right of the United States in Pearl River was terminated by it. Some disappointment is felt in administration circles at the expressions of public opinion against the Hawaiian policy, but there are no indications of any wavering of Cleveland's purpose.

There was a meeting between Secretary Gresham and Minister Thurston, of the Hawaiian government this afternoon. Both gentlemen declined to state the result. It was learned from Mr. Thurston that the meeting was a friendly one.

A TEACHER BURNED TO DEATH.
Nunda, N. Y., Nov. 14.—The school house at Cooperville was burned today. May Porter, the teacher, and Willard Johnson, aged 4, were burned to death.

CENSURED THATCHER.
Chicago, Nov. 14.—The executive committee of the national World's Fair commission met this evening. The principal business was the report of the special committee about the conduct of the foreign exhibitors and censured Thatcher's methods. It is stated that Thatcher has awarded over eighty thousand medals, when he was only authorized to make fifty thousand.

MILTON BANK ROBBERS

Sheriffs of Two Counties Have Them Cornered.

A HARD BATTLE IS EXPECTED

Special Trains Have Been Sent along the River to Head the Thieves.

Associated Press.

Fendleton, Nov. 14.—It is believed that there is little chance for the Milton bank robbers to escape. All the ferries along the Columbia are guarded. Hopson, who was shot, is but slightly injured. The officers have accurate descriptions of the robbers. It is thought they have headed for Wallula.

Washington, Nov. 14.—It is reported that the Milton bank robbers are surrounded by a posse at Sheep Camp, on Pine Creek, 15 miles west of Milton. A hard fight is anticipated, and the sheriff of Walla Walla county has been called upon to furnish an extra posse. The sheriff and a posse left Fendleton on a special train, arriving at Milton this evening. The sheriff of this county has dispatched a posse to guard the bridge over the Touchet at the mouth of Pine Creek, and another is stationed at the Nine Mile bridge above Wallula.

STATE BANKERS MEET.

Decatur, Ill., Nov. 14.—The State Bankers' Association of Illinois met in annual session today. J. Carl Russell, cashier of the Bank of the Republic, at St. Louis, was introduced, and spoke at length about the international coinage of gold and silver. He said the government's present plan was dishonest. W. P. Holliday, of Cairo, called him to order, and said his statements were an insult to any intelligent meeting. At this, Mr. Russell left the stage.

ANOTHER ACTION.

St. Paul, Nov. 14.—In the United States court this afternoon the Farmers' Loan and Trust Co., of New York, brought suit to foreclose mortgages for three sets of bonds on the Northern Pacific railroad, aggregating \$3,000,000, and asked for the appointment of a receiver. Judge Caldwell appointed the same receivers as heretofore, and directed that all indebtedness be considered preferred claims.

WILL BE SENT BACK.

Los Angeles, Cal., Nov. 14.—Edward Spooner, one of the Portland officials indicted by the grand jury last spring for opium smuggling, was brought before United States Commissioner Van Dyke today and held until Judge Ross returns, when a warrant of transportation will be signed. Spooner was arrested in Morrell, Kern county, by Deputy Marshal Liddell.

HOGS HAS DISAPPEARED.

Roanoke, Va., Nov. 14.—Colonel John E. Penn, of this city, brother-in-law of J. Hampton Hoge, who was recalled from his mission to Amoy, China, has received a letter from Henry C. Shaw, of the San Francisco Morning Call, saying that Colonel Hoge left San Francisco on Monday, November 6th, for Washington. Col. Hoge's relatives and friends here know nothing of his whereabouts.

ALL TO BE INDICTED.

Buffalo, Nov. 14.—The names of seventy-five citizens, including an editor, lawyer, business men, and even clerical men, will be presented to the next grand jury for indictment for conspiracy for being members of the new anti-Catholic organization known as the American Protective Association.

ACCEPTED HIS RESIGNATION.

Washington, Nov. 14.—Secretary Carlisle today accepted the resignation of Supervising Special Agent Tingle, to take effect on December 15th.

THE NEW TARIFF BILL.

Washington, Nov. 14.—The new democratic tariff bill will probably be given to the public in ten days or two weeks. It is the generally accepted idea that wool, coal, iron ore, lumber, and salt will be added to the free list. But the
