## DAMAGED BY A STORM

### A Hurricane Causes Much Loss in San Francisco.

**BUILDINGS ARE UNROOFED**  
**Many Vessels Sustain More or Less Damage and Decks Battered.**

Associated Press.  
San Francisco, Nov. 17.—A gale of the hurricane order swept over this city last night, doing considerable damage on shore as well as along the water front. A number of ships got adrift in the bay and created considerable damage by drifting about among the shipping, wrecking numbers of small boats and destroying the end of a wharf. A number of freight sheds along the water front were blown down. The steamers, tugs, ships, schooners, small boats, and in fact all types of vessels caught the full force of the blow. There was no chance to get away from the docks, against which the craft thumped with force enough to start every structure. The immense shed at Jackson street was unroofed and totally wrecked at the lower end for a distance of 100 feet. A large quantity of freight was buried beneath the debris. The steamer Constance, lying at the dock, had a large portion of her upper works destroyed. At the Washington street dock an immense shed which covered this structure was badly battered. The steamer Humboldt lying at the end of the south side, had both of her masts badly damaged. At Spear street the shed is down, and a lighter loaded with coke sank with her load. The tug Eitel and Marion is badly wrecked. The ship Shenendoah had patches of her copper ripped off by a tug. The fishing steamer Farragut was unable to get out in the stream, and the forward part of her looks as if a bomb had exploded there.

### THE SUGAR BOUNTY.

Vigorous Protest Against Its Repeal by Louisiana Planters.  
Washington, Nov. 17.—The general meeting of the democratic members of the ways and means committee, which was expected today, did not take place. Although every democratic member of the committee was at the capitol. They will probably meet tomorrow. Congressman Geary, of California, had a long talk with Chairman McMillan and other members of the sub-committee on internal revenue in regard to the various changes desired by the wine producers of the Pacific Coast. Among other things, Geary urged legislation permitting the bottling of spirits in bond, providing for the extension of the bonding period, permitting the blending of brandy in bond, providing for drawbacks on bottles and corks, permitting the transfer of brandy in bond, and permitting the reduction of aged spirits to the original proof. The proposed action of the committee in removing the sugar bounty is arousing much opposition from Louisiana planters, and Congressman Boatman today, on behalf of the Louisiana people, entered a vigorous protest.

### TREASURER DRAKE'S CASE.

He Claims the Robbery Does Not Concern the People at Large.  
Chicago, Nov. 17.—The police tell a queer story concerning the \$20,000 robbery of Treasurer Drake, of Indiana, Illinois, and Iowa railway. City Detective Plunkett said: "While I was questioning Drake he suddenly grew very angry and said he did not see why the city police took so much interest in the robbery. It did not concern the people at large, and the matter might just as well be dropped, as the loss affected only his father and himself. The case, I understand, has been turned over to detectives by General Drake." The police are now devoting their attention to tracing up several stories regarding young Drake's past, and Assistant Superintendent Kipley said this afternoon: "We shall not cease work on this alleged robbery until it has been established that the actual robber did rob or not. The fact that the loser does not care to prosecute the search makes no difference with our duty."

### COLLISION ON THE SOUND.

Port Townsend, Nov. 17.—While coming into port this morning the steamer Willapa collided with the barkentine Chehalis, carrying away the latter's jib-boom and forward rigging.

### CHICAGO UNDER MARTIAL LAW.

Chicago, Nov. 17.—Beginning tonight at 1 o'clock the city will practically be put under martial law. Chief of Police Brennan today informed the inspectors that he intended to adopt rigid measures, and after 1 o'clock each night he desired to have the police put on citizens' clothes and go upon the streets to stop and question every individual found out after that hour. If the answers are not satisfactory, the parties accosted will be arrested. This measure is deemed necessary by reason of the large number of highway robberies and sandbagging which have occurred of late.

## THE HAWAIIAN MUDDLE

Speculation as to the Instructions of Willis.  
PREPARING FOR EMERGENCIES

The Provisional Forces Armed with Winchester Rifles and Ready to Fight.

Washington, Nov. 17.—The contents of the cipher dispatch from Willis at Hawaii to Gresham are not known. The despatch informed the department that the provisional government is prepared to resist its overthrow. It also contained a statement that the provisional government has on hand 1600 rifles, two Gatling guns and four Maxim guns, besides plenty of ammunition. The available force of police officers and guards on hourly duty in Honolulu is 250, which there is a reserve militia of 500, and further reserve which swell the total enrolled number to 1100. It is supposed 500 more could be had from the other islands. The collection of arms has put a different phase on the matter. It leaves Minister Willis in rather an embarrassing position, for it now transpires that his instructions did not admit of his going to the limit of using the marines for accomplishing the queen's transfer to the throne without first informing the state department of such necessity. His dispatch indicates a resort to arms will be necessary. That the minister will get such instructions there can hardly be any reason to doubt in view of the positive position taken by the president.

### NEWS FROM PORTLAND.

Portland, Nov. 17.—Cragie Sharp, Jr., commissioner at large of the California Midwinter Fair for the Pacific Coast, arrived here today. He says the object of his visit is not to offer the people of this state any inducements, but simply to show them the advantages which will result to Oregon from being properly represented at the fair. Company G., O. N. G., has extended a challenge under two heads of marksmanship and drill to any company in the United States. A certified check for \$1000 was placed in Col. Mitchell's hands today.

About 3 o'clock the water main at Fourth and Yamhill streets burst, allowing an immense volume of water to flow down the street and into the cellars of a number of business houses on Third and Fourth streets. The damage to goods will amount to about \$4000. Nat Blum, who is under indictment for smuggling, and who is said to have left the city, is supposed to be in charge of the United States marshal. It is understood his whereabouts are unknown. It is hinted that Blum has made a confession, but the United States authorities refuse to discuss the subject.

### BRAZIL MATTERS.

Washington, Nov. 17.—Picking, commander United States navy, Brazil, wires the navy department that eight nations, including the United States, have decided not to allow munitions of war to be landed at Rio de Janeiro. The Brazilian government is in possession of Santos and connection from there to Rio by rail, and munitions of war must be landed at Santos. Yesterday the insurgents dressed ship and the Brazilian government fired a salute in honor of the anniversary of the establishment of the republic. Secretary Herbert said it looked to him as though Mello was weakening and that the government had the strongest side.

### THE PLANS READY.

Tacoma, Nov. 17.—Frank C. Ross and Engineer D. D. Ogden, of Tacoma, today appeared before the state land board at Olympia with the long contemplated plans, maps and surveys for the proposed harbor improvements at Tacoma with the union railroad terminal grounds for the Southern Pacific, Great Northern, Northern Pacific, Union Pacific, and Canadian Pacific railroads. The union terminals contemplated are the largest ever planned in the west.

### PLACED IN QUARANTINE.

Port Townsend, Nov. 17.—The British ship Hillston, 43 days from Shanghai, arrived today, and was ordered temporarily quarantined. During the passage two seamen died from an unknown cause and were buried at sea, and on the ship's arrival three seamen were reported seriously ill, suffering from some malady unknown to the health officers. The vessel had no health certificate from the American consul at Shanghai. Pending instructions from Washington City, the vessel will remain quarantined.

### DEMAND FOR SPACE GROWING.

San Francisco, Nov. 17.—The applications for ground space at the Midwinter Fair have been received in such large numbers that it was necessary for the fair management to make application to the park commissioners for sixty additional acres of ground, which was granted them today. The exposition grounds now cover a space of 180 acres. It has also been decided to build an annex to the Manufacture and Liberal Arts Building.

### MR. GRESHAM RETICENT.

Washington Nov. 17.—Secretary Gresham today said to an Associated Press reporter with some emphasis that nothing further has been given out on the subject of Hawaii. He went on to say that it was not true anything further had been dispatched to Minister Willis. This seems to intimate that Willis has been instructed to act in all contingencies.

### TALK OF IMPEACHMENT.

Washington, Nov. 17.—Inquiry fails to develop at the capital any response to suggestions from some parts of the country, most especially from the Pacific coast, that the president be impeached for his course in the Hawaiian matter. Senators and members when asked to express themselves upon this phase of the question, refuse to consider it seriously or to discuss it at all. Most that any of them will say no question of that kind can be properly raised at this time, when so little is positively known of the plans of the administration with reference to Hawaii.

### ADVERSE TO REPEAL.

Southern Manufacturers Who Are in Favor of Protection.  
Washington, Nov. 17.—Southern Manufacturers, who are protesting against the abolition of the duty on iron ore and coal, have issued a statement to the democratic party appealing for consideration in view of their well-known fidelity to that party, and saying among other things that the Southern iron men have resolved to resist repeal, forgetting for the moment all differences of party beliefs and mindful only of the stable and better things—to-wit, domestic prosperity.

### SENTENCED FOR SWINDLING.

Cincinnati, Nov. 17.—In the district court before Judge Sager and jury, the trial of Walter G. Raymond, of Dayton, Ohio, upon indictments for using the United States mails for fraudulent purposes, was completed. Raymond was charged with advertising through letters and circulars, California land, which he offered for sale at \$100 per acre, guaranteeing an annual profit of \$50 an acre. The government showed

## THE NICTHEROY LIBELLED.

New York, Nov. 17.—The United States marshal has levied an attachment on the new Brazilian war ship NictEROY, formerly El Cid, restraining her from leaving port till the wages of two of her engineers and three of her cooks have been paid.

### EDWIN BOOTH'S ESTATE.

New York, Nov. 17.—The appraisers of Edwin Booth's estate, Dr. Van Schaick, has filed his report, which gives the gross value of the estate as \$602,675. After deducting for debts, legacies, funeral expenses, etc., the balance is \$462,435.

### ANOTHER SHIP FOR BRAZIL.

Boston, Nov. 17.—The steamship Yarmouth, of the Boston and Yarmouth Steamship Co., has been sold to Flint & Co., of New York, agents of President Peixoto. The ship paid was \$320,000.

### THE BRAZILIAN TROUBLE.

New York, Nov. 17.—A cable from Rio Janeiro says that in the suburb of NictEROY over a hundred houses have been destroyed by rebel shells and 200 people injured. The streets are full of bodies.

### THE DIFFERENCE ADJUSTED.

London, Nov. 17.—The difference between the coal mine owners and miners has been adjusted. The men will resume work at the old rate till February, when a board of conciliation will be formed.

### CLEVELAND'S NEW YORK VISIT.

New York, Nov. 17.—Afternoon papers say the reason of President Cleveland's mysterious visit was to get medical advice about a painful abscess which he has.

### WITH CLOSED DOORS.

Philadelphia, Nov. 17.—The Knights of Labor continued their session with closed doors today, and it is understood that there were lively times in the course of the forenoon.

### GEN. RUSK'S CONDITION.

Viroqua, Wis., Nov. 17.—Gen. Rusk is growing weaker. Col. Casson, his private secretary, has been summoned from Washington.

### MELLO'S LATEST.

Madrid, Nov. 17.—A telegram from Madrid says the Spanish foreign office has received news that the insurgent Admiral Mello, has proclaimed his son president of Brazil.

### RECEIVER'S NOTICE.

The undersigned having been appointed by the circuit court, receiver for I. W. Case, banker, hereby gives notice to all persons owing said bank, either by note or overdraft, that payment of same must be made without further delay. The office of the receiver, at Case's bank, is open, daily from 10 to 12 o'clock a. m., and from 2 to 4 o'clock p. m., and all debtors are advised to call and settle at once.

GEO. H. GEORGE, Receiver.

### NOTICE OF FINAL ACCOUNT.

Notice is hereby given that the undersigned, as administrator of the estate of Thomas Shay, deceased, has filed his final account, in said estate, in the county court of the state of Oregon, for the county of Clatsop, and that Monday, the fourth day of December, 1893, at ten o'clock of said day, is the time fixed by said court for the time of hearing said final account.
