

The Daily Astorian

EXCLUSIVE TELEGRAPHIC PRESS REPORT.

VOL. XL, NO. 270.

ASTORIA, OREGON, SATURDAY MORNING, NOVEMBER 25, 1893.

PRICE, FIVE CENTS.

Preparing for Thanksgiving and 1894.

Every good housewife prepares for Thanksgiving so must a good business man prepare for a future trade. I have just returned from New York, where I placed my order for Men's and Boys' Clothing, for spring and summer of 1894 with manufacturers that sponge and shrink every yard of cloth with the best and most improved methods before it is placed upon the cutting tables, where the knives are manipulated with the latest improved patents, and the garments are cut exactly like the patterns. The latest machine that fastens and finishes the button holes, is adopted by this factory that has for the past five years made my fine lines of men's clothing that have given such universal satisfaction in fit finish and workmanship.

I. L. OSGOOD,

The One Price Clothier, Hatter and Furnisher,

Cor. Third and West 9th Sts., opp. Foard & Stokes.

If You Want Anything in

FINE STATIONERY,

Tablets, Blanks, Miscellaneous Books, Office Supplies, Letter Presses,

School Books, Typewriting Supplies, Inks, Mucilage Etc., Call on us.

GRIFFIN & REED.

CALIFORNIA WINE HOUSE.

Fine Wines and Liquors.

I have made arrangements for supplying any brand of wines in quantities to suit at the lowest cash figures. The trade and families supplied. All orders delivered free in Astoria.

A. W. UTZINGER,

Main Street, Astoria, Oregon.

Str. R. P. ELMORE

Will leave for Tillamook Every Four Days as Follows:

November 3, 7, 11, 15, 19, 23, 27.

The steamer R. P. Elmore connects with Union Pacific steamers for Portland and through tickets are issued from Portland to Tillamook Bay points by the Union Pacific Company. Ship freight by Union Pacific Steamers.

ELMORE, SANBORN & CO., Agents, Astoria.

UNION PACIFIC R. R. CO., Agents, Portland.

THE NEW TARIFF BILL

Its Preparation Will Be Complete by Monday.

THE INCOME TAX SCHEME

Is a Cause of Dissension Among the Members of the Sub-Committees.

Associated Press.

Washington, Nov. 24.—The democratic members of the ways and means committee are experiencing much difficulty in their endeavors to complete the new tariff bill and have it ready for submission to their republican colleagues at the meeting of the full committee on Monday next. The details of the internal revenue schedule and the income tax provisions are yet incomplete and somewhat indefinite. Indeed, a strong influence has been brought to bear within the last forty-eight hours to induce the committee to abandon altogether the income tax provisions, but the position of McMillan, Bryan, Whiting, and others has been so resolute in favor of this policy, that it appears impossible for the committee to abandon the income tax fully without hopelessly dividing the democratic party. It seems probable, however, that the income tax provision will not be of such a sweeping character as was at first contemplated. The present plans are to impose a tax on legacies, on incomes of large corporations, on incomes of real estate, and other property in the country owned or controlled by aliens, as well as to require the stamping of certain documents and the imposition of a special license on certain classes of business. The subcommittee on internal revenue is still at work and will probably conclude its labors some time tomorrow night. No changes of importance are contemplated in the internal revenue tax on tobacco or beer, though it is probable there will be a slight increase of the whisky tax.

REPUTATED BY GRESHAM.

Chicago, Nov. 24.—A Washington special says Gresham has attempted to absolve himself from all responsibility for the administration's Hawaiian policy. In conversation with a personal friend he stated he had nothing to do with framing the policy which was inaugurated by "paramount" Blount, and which was sought to be enforced by Minister Willis.

COLD WEATHER.

St. Paul, Minn., Nov. 24.—Thermometers in various parts of the city registered from 5 to 16 degrees below zero this morning. Like reports are received from all over the state, also from North Dakota and Manitoba. Colder weather is promised for tonight. Sauk Rapids, Minn., reports 24 below; Fargo, N. D., 25 below.

THE BILLIARDIST.

Chicago, Nov. 24.—Tonight's play in the Ives-Schaeffer billiard tournament was brilliant in the extreme, Ives passing the world's record for a single run and scoring 456 points at Schaeffer's favorite play, the anchor shot. Schaeffer's best run was 4. Tonight's score was: Ives, 800; Schaeffer, 467. Total score: Ives, 3,200; Schaeffer, 2,690.

GENERAL CARLIN RETIRES.

Portland, Or., Nov. 24.—Brigadier-General Carlin having reached the age of 64, today retired from the army. Gen. Ruger, commander of the Department of California, will assume command of the Department of the Columbia temporarily.

MARRIED BY CONTRACT.

San Francisco, Nov. 24.—The marriage of Eva Evans, daughter of the notorious bandit, Chris Evans, to her cousin, James Evans, is announced. They were married three months ago by contract, and are living together in San Francisco.

MONETARY CONFERENCE.

Washington, Nov. 24.—The belief is general that an effort will be made early next year to bring about another international monetary conference.

THEATRE BURNED.

A Great Conflagration Occurs in Columbus, Ohio.

Columbus, Ohio, Nov. 24.—About 8 o'clock this evening, as the orchestra was playing the opening overture at the Henrietta Theatre for the opening play by the Felix Morris Company, the manager announced a fire in the rear and requested the audience to quietly retire. All passed out in order. The fire originated in the auditorium, the uncompleted portion of the structure, and communicated to the theatre proper. Within two hours the whole quarter of the block was burned, entailing a loss estimated at from \$500,000 to \$700,000. The building is a total loss, estimated at \$300,000. It was owned by H. T. Chittenden, who did not carry more than \$50,000 insurance. The Hotel Chittenden Company lose \$100,000 in furniture alone. The property of Dickson & Talbot, Indianapolis lessees of the Henrietta Theatre, and also the lessees of the Park Theatre in the same block, was also consumed. The loss of

Felix Morris & Co. is \$2,000 in wardrobes. Columbus loses its best hotel, its best theatre, and a number of flourishing business enterprises. One man was burned in the Henrietta. His name has not yet been learned.

MURDER AND SUICIDE.

Kankakee, Ill., Nov. 24.—Jesse D. O. Smith, a former merchant of this city, murdered his divorced wife and Mrs. Graybill this noon. He then shot himself. Jealousy is supposed to have been the cause.

LAID TO REST.

Viroqua, Wis., Nov. 24.—A great gathering of people this afternoon paid the last earthly tribute to Jeremiah M. Rusk. Among those present at the funeral were ex-President Harrison and Governor Peck.

STILL ON FIRE.

Santa Barbara, Cal., Nov. 24.—A message from Cojo Bay says that the ship Godard was still burning at 11 o'clock today.

NO CHANGE NOTED.

New York, Nov. 24.—Advices from various points on the Lehigh Valley road show no essential change in the strike situation.

A LOVE FEAST.

Eastern Republicans Celebrate the Recent Signal Victory.

Boston, Nov. 24.—Twelve hundred republicans sat down to a love feast at the Home Market Club in the big Mechanics' Hall this evening. The galleries were crowded with several thousand more, while the air was alive with enthusiasm. Among those present were Gov. McKinley, of Ohio, Tom Reed, of Maine, Governor-elect Greenhalge, and Senator Hear. After dinner Governor McKinley was introduced and received with clamorous applause. He said: "This year in Massachusetts, as in Ohio, politics was business and business politics, and untidily they tripped. Is anybody any longer in doubt what is the real trouble in the country today? The president of the United States, in his august message, announced a great fact. He said it may be true that the embarrassment from which the business of the country is suffering arises as much from evils apprehended as from those actually existing. I sound a note of warning tonight that the effect of the proposed tariff legislation, whether intended or not, is an unerring blow at labor which will be instantly felt in the home of every operative in the United States."

POPULISTS SPLIT.

The Kansas Administration Denounced as Rotten.

Kansas City, Nov. 24.—A secret meeting of the Kansas populists was held tonight in this city. It is learned from an authentic source that action which will probably result in a split in the party in Kansas was decided upon. It is said among those present today were Jerry Simpson and sixty others, all high in populist circles. From authentic sources it is stated the meeting denounced in most unqualified terms the Kansas administration of the populists as rotten, entirely incompetent, and silly. They then renounced all the principles as put forth by the populists up to date, and declared for a new party, and from now on they would put forth every effort to obtain free and unlimited coinage of silver, leaving the former planks of the former party to be taken care of as might be.

POWDERY GROWING POLITIC.

Philadelphia, Nov. 24.—General Mastet Workman Powderly backed water in the general assembly of the Knights of Labor this morning, and endeavored to placate the strong opposition forces by presenting a new list of delegates from among whom four were to be chosen from the general executive board. The men named were John Devlin, D. Trent, and A. W. Wright, of Canada; Hugh Cavanaugh, Cincinnati; John Costello, Pittsburg; T. B. McKillop, New York; J. P. Dunne, of the Indian Territory; J. H. Robertson, Arkansas; and P. H. Quinn, Rhode Island. Most of the men are favorable to Powderly, but several suit the Hays faction.

LIKELY TO SPREAD.

Buffalo, Nov. 24.—Following the two trains of merchandise sent eastward by the Lehigh this morning, three more freights were dispatched this afternoon. It is pretty well understood that as a result of the action of the non-union engineers and firemen on the Rockle Plate and Lakeshore yards in handling westbound freight delivered to those roads by the Lehigh Valley today, the men on those roads will be asked to go out. If they decide to join the brethren on the Lehigh, the spread of the strike seems certain.

A COMPANY ORGANIZED.

Portland, Nov. 24.—The committee on the Midwinter Fair met this afternoon and drew up articles of incorporation of the company which it is intended to organize for the purpose of raising funds for the fair exhibit. The articles were forwarded to the secretary of state, and the committee will begin work in a few days receiving subscriptions.

A CRANK ARRESTED.

Seattle, Nov. 24.—Chas. T. Blackburn, a mining expert, was arrested tonight for sending threatening letters and postal cards through the mails. He is a crank on silver and religion. Recently he has sent over a hundred cards to the editor of the Post-Intelligencer, threatening to kill him if the course of the paper on silver were not changed. He also sent a number of letters to President Cleveland and Secretary Carlisle.

THE PROSPECTS WERE GLOOMY.

New York, Nov. 24.—A rumor is current to the effect that a man escaped from the new Brazilian cruiser Nitheo, which sailed from here a day or two ago, and reports three men on board killed.

WILL SWEEP THE SEAS

The Olympia's Trial Proves Her a Marvel.

A NEW RECORD IS EXPECTED

A Slight Accident Causes a Postponement of the Official Trial.

Associated Press.

Santa Barbara, Cal., Nov. 24.—Light winds, a smooth sea, with a perfect day for the great race against time, were the conditions under which the Olympia started on her official trial trip over the course in Santa Barbara Channel. While thus favored, the trip was yet a failure, not on account of the Olympia's inferiority, but because of a slight accident to the machinery. The cruiser had gone over the course from east to west at an average speed of 22.02 knots per hour. Having turned, she started back at still greater speed. Shortly after entering this run, a small bolt in one of the feed pumps gave out. This necessitated starting the auxiliary pumps in the port boiler. The water in the boilers then got to foaming, and the port engine stopped for a short time, making an abandonment of today's run necessary. The Olympia will probably start on her second trial trip tomorrow morning.

The Olympia has shown what she can do, and the members of the naval board confidently expect to see the great cruiser establish a record of at least twenty-three knots, which means a \$400,000 premium to the contractor. The Olympia has been invited to act on the committee, but has not yet agreed. A meeting of the committee will be held next Monday in this city. Victor Morawitz and J. W. Simpson, of New York, will be appointed counsel.

HOLDING A CONFERENCE.

Union Pacific Creditors Appoint an Organization Committee.

New York, Nov. 24.—The conference of security holders and a representative of the United States government's interests in the Union Pacific railroad have appointed an organization committee. The following have been agreed upon and consented to serve: Senator Calvin S. Bryce, chairman; Gen. Louis Fitzjerald, C. M. Dodge, A. S. Boiesworth, T. L. Higginson and Samuel Carr, the latter representing the Ames interests. Chairman J. B. Kelly, of the Pacific Railroads committee, will be named on the committee if given authority to act by his colleagues. J. Pierpont Morgan has been invited to act on the committee, but has not yet agreed. A meeting of the committee will be held next Monday in this city. Victor Morawitz and J. W. Simpson, of New York, will be appointed counsel.

A TOTAL LOSS.

San Francisco, Nov. 24.—The steamship City of New York is doomed. After a long period of almost perfect weather, in which the efforts to save the vessel proved unavailing, a storm has risen which bids fair to destroy the ship. The sea had become so high this morning that the position of the thirty-seven men on board became precarious. A signal of distress was hoisted and the Fort Point life-saving crew went to the assistance of those on board. It was with great difficulty that the men were taken off, and the City of New York was abandoned.

LOST IN THE WOODS.

Albany, Or., Nov. 24.—A special from Detroit, Marion county, says: Joe Hamilton, a bachelor homesteader formerly of Minneapolis, has been missing for three days. He started to a neighbor's cabin, a distance of about three miles, through the mountains and forests, and has not been seen since. It is thought he must have met with some accident, as he is a thorough woodsman and not likely to become lost. A snow storm has raged since a relief party, thoroughly equipped, has started in search of the missing man.

EITHER AFLOAT OR ASHORE.

A new Canadian invention of vessels for use in the lumber districts is called a steam warping tug. It propels itself on land as well as on water and is used by lumbermen whose operations are carried on among small lakes, connected by small streams of uncertain navigation. The vessel, it appears, has proved not only a success, but a great boon to the lumber trade. Six of these unique crafts have been built by the inventor, during the past season, four completed at their yard at Ottawa, and two shipped ready to be put together at their destination in the Nipissing district. They are built in scow shape, with steel-shod runners for moving overland; are thirty-seven feet long, ten feet beam, decked all over, and have sleeping room for four men in the bow; the bottom and up the bow is

covered with sheet boiler plate. An engine of twenty-two horse power furnishes steam for ten hours' work, with three-quarters, five cord of wood. In the water it moves six miles an hour, forward or backward, as required, propelled by side wheels. On land it is propelled by having a cable drum, on which is coiled an eighth of a mile of steel wire cable, which is fastened with pulleys to a tree or some object in front, the boat moving as the wire is coiled up. The boiler is hung on an angle in the bow, and a screw arranged on the front enables the freeman to tip it forward and back and keep it level going up or down hill. It will move over an elevation of one foot in three, on land, and draws about twenty-eight inches in the water.—Maritime Record.

CABINET MEETING.

Cleveland's Demeanor Characterized by Its Serenity.

Washington, Nov. 24.—The cabinet meeting today was a protracted one. It is understood the president's message and the reports of cabinet officers were under discussion. If President Cleveland is disturbed over the Hawaiian situation he did not show it today. There is good reason for believing that the dispatch received by the Alameda was considered at the cabinet meeting today. The consideration seems to have resulted in a determination not to enlighten the public any further than what it was proposed to do in Honolulu, or what had already been done, but to allow it to wait upon regular means of communication.

WHIP AND SPUR.

San Francisco, Nov. 24.—The racing today resulted as follows: Six furlongs—Georgetown, Garcia, Sir Reginald. Time, 1:16 1/4. Mile and six furlongs—Sir Reel, Cadmus, Duke Stevens. Time, 3:11. Six furlongs—Valparaiso, Clacquer, Royal Flush. Time, 1:16 1/4. Five furlongs—Gladia, Trix, Last Chance. Time, 1:36 1/4. Six furlongs—Fortuna, Red Chief, Raphael. Time, 1:36 3/4.

FOUND GUILTY.

Corvallis, Or., Nov. 24.—In the circuit court tonight the jury in the case of John Savage, indicted jointly with his seventeen-year-old daughter for incest, after being out five minutes, returned a verdict of guilty. The daughter turned state's evidence, and swore that illicit relations had extended over a period of four months and had been frequent, and also that she originally yielded to her father's purposes on account of threats.

QUEEN OF THE OCEAN.

Washington, Nov. 24.—The official speed of the United States cruiser Columbia was given to the secretary of the navy today by Rear Admiral Belknap, president of the trial board. They found that the ship fulfilled the contract requirements in every respect. The officials found her speed to be 22.3 knots, giving the builders a premium of \$50,000.

DYNAMITE FIENDS.

Rochester, N. Y., Nov. 24.—Five large cartridges, supposed to be filled with dynamite, were found beside Lehigh Valley trains a little above the railroad tracks today. Officers are at work trying to ascertain who are responsible for the dynamite's presence. Trains are still running irregularly, with no passenger trains.

LOCOMOTIVE EXPLODES.

Buffalo, N. Y., Nov. 24.—Tonight engine No. 604 of the Lehigh blew up, and Engineer Cooley, Conductor Bender and the fireman, name unknown, were seriously injured. Two whose names are not given are not expected to live. They are non-union men, lately hired. The accident occurred thirty-eight miles this side of Sayre.

A BIG BILLIARD MATCH.

Chicago, Nov. 24.—The biggest match at billiards ever arranged was made this morning. Ives and Schaeffer are matched to play in sixty days for an aggregate stake of \$22,000. They will play one game for five hundred points cushion croquet, the winner to take the entire stake and the total gate receipts.

AVERSE TO COMBINES.

McMinnville, Or., Nov. 24.—The West Side Press Association met here today. Eight papers are represented. The meetings are informal and for the purpose of fighting printing material and paper combines. Cut-throat advertising receives attention also.

THE GOSFORD SCUTTLED.

Santa Barbara, Cal., Nov. 24.—The ship Gosford was sunk today, a tug having succeeded in scuttling her. The hull is covered with water.

SMUGGLER SENT TO JAIL.

Portland, Nov. 24.—E. Brighton was sentenced to six months in jail today by Judge Bellinger for smuggling opium.

MILLINERY HOUSE ASSIGNS.

Chicago, Nov. 24.—The N. B. Haynes Company, one of the largest millinery houses in the city, assigned this afternoon.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE
