ON THE WAVE OF SUCCESS

When a person endeavors to accomplish something, whether it be a limited or elaborate scale, and then accomplishes the point sought for, he will say that he has on the top wave of success, whether he continues on for the time to ride it, or is engaged by the next. The wave for 1899 has not exceeded that of former years, it has come as near as any other house on the Pacific Coast, for the time, and is still offering the same advantages for Christmas as in any years.
