YESTERDAY'S WEATHER.

Maximum temperature, 48 degrees. Minimum temperature, 40 degrees. Precipitation, .01 inch.

Total precipitation from July 1st, 1893 to date, 42.73 inches. Excess of precipitation from July 1st, 1893, to date, 9.16 inches.

TODAY'S WEATHER.

Portland, Dec. 30.—For Washington and Western Oregon, rain, slightly warmer, fresh southerly winds, brisk to high on the coast.

Oregonians will not readily forgive the demagogue, Penoyer, for his gross misrepresentation of facts in his letter to President Cleveland, nor is this state likely to quickly recover from the effects of his malicious perversion of the truth.

The Oregonian is evidently not disposed to lay all the responsibility for Penoyer's damaging utterances on the shoulders of the erratic governor, and says, in its issue of yesterday: "Governor Penoyer is the same man he has always been."

Then the good Albany people, in their loyalty to the best interests of the state, speak in no uncertain tones, in the subjoined resolutions:

"Whereas, The governor of the state of Oregon has abused the official position conferred upon him by the people, by addressing to the president of the United States a letter containing certain statements injurious to the commonwealth and calculated to create an erroneous impression in the minds of those not acquainted with the facts, thereby deterring those who might contemplate engaging in productive industries here, therefore:

"Resolved, That we, the board of trade and business men of Salem most emphatically deny the assertions of the governor and brand his statements as false, and aver that notwithstanding the prevailing depression, there is no widespread destitution or actual want in Oregon, and that the governor, in claiming two-thirds of our people are without employment while one-third are without means of subsistence, was guilty of gross misrepresentation, and we request our representatives in congress to present these resolutions to the president of the United States, and to deny in both senate and house the truth of the governor's statements. While admitting that Oregon is suffering from the prevailing hard times, we confidently claim that there is less poverty here, in proportion to the population, than in any state in the Union, and the prospects for the future are excellent."

And from various other sources come the indignant protests of citizens justly incensed. But while condemning Penoyer and uniting in one great effort to undo the wrong done by him, it is well to bear in mind that our jealous rivals will not be slow to profit by the opportunity afforded, and that the relegation of Penoyer to the obscurity of private life at the earliest possible date, while it may not altogether correct the grievous wrong done, will at least place the offender where he will be powerless to accomplish further mischief.

The January number of the Forum contains a number of articles from the pens of very able writers, among them being a most interesting one by David A. Wells, entitled "The Teaching of Recent Economic Experiences," wherein this distinguished economist writes from an educational rather than from a political point of view. Mr. Wells, the Forum justly claims, sums up the almost incalculable loss in money and in the confusion of the world's activity by the recent panic and the present dull times. On this remarkable group of facts which he has collected with great industry, Mr. Wells builds an argument to show that our recent and present

economic misfortunes are traceable solely to the popular ignorance of economic laws. Well-informed as the people of the United States are on some other subjects—better informed in fact than the citizenship of any other country—this generation is singularly ignorant of even some of the fundamental laws of economics. Mr. Wells points out the necessity of definite educational efforts to instruct Americans, and his article is regarded by himself, and is likely to be regarded generally, as the best product of his pen. It is a remarkable and opportune essay.

The Hawaiian hot water in which Cleveland and Gresham have come to a boil is attracting a good deal of English attention. The London Journals very much approve the muddled policy of our president and the gentleman he called to aid him to save the United States. Cleveland had an intense sense, when he was elected the second time, that he was going to have an emergency, and he has got it. His message shows that he has got into it with both feet. The Pall Mall Gazette talks of the provisional government being "maneuvered and machined by American adventurers," and mentions that the Hawaiians who have any feelings are in favor of the monarchy. It would be a crime, would it not, to hurt the feelings? The Pall Mall paper goes as far as to say the threatened resistance need not alarm England or Mr. Cleveland, "especially as we now have a cruiser there."

It has been decided by the police officials to frown upon the pranks of boys who may be tempted, in a spirit of so-called fun, to deface with paint, chalk, or charcoal, the sides of buildings in the city on New Year's Eve. There has been considerable complaint in the past about this mischievous practice and Chief Loughery has very properly determined to prosecute every offender caught in the act. The officers have been instructed to keep a careful watch and arrest all culprits of this description.

The Stultz Theatrical Company will open in this city on Wednesday, the 31st of January. The postponement of the appearance of the company was caused by a mistake on the part of the agent, who overlooked the engagement in Portland.

TOO OFTEN THE CASE. INTERESTING PROOFS.

A young society lady, after a round of gaiety, becomes suddenly conscious of an unusual sensation. She has frequent attacks of dizziness, her back aches, and she feels blue and generally run down.

Mothers, look well to your daughters! Daughters, look well to yourselves! Let the first symptom denoting the approach of disease receive your instant attention. It is only women who are the hope of the race, and it is well-nigh criminal to neglect anything which promises relief.

There is hope for all sufferers from Nervous Diseases. Read what follows: Mrs. Jennie C. Davis, a fine artist and an accomplished authoress, of Westfield, Wis., had been subject to headache ever since she could remember. So severe were her attacks as to cause at times temporary delirium. All treatment had failed to relieve her, but after using Dr. Miles' Restorative Nerve and Brain Tonic, she writes: "My record is to me, at least, satisfactory. No headache, constantly increasing appetite, and a consequent gain in weight of two and a half pounds in just one week."

Six weeks later she writes: "Have read and sewed immoderately of late, but my headaches do not return."

Mrs. John R. Miller, of Valparaiso, Ind., was attacked three years ago with turn of life in its worst form. It finally went to her head, and all indications were that it would result either in insanity or softening of the brain. Her husband thus writes: "It would be impossible for me to attempt a description of her sufferings during all this time. She was treated by our very best local physicians with but temporary benefit. She has taken four bottles of Dr. Miles' Restorative Nerve and Brain Tonic, and is cured. She has gained twenty pounds in weight. I tell you, she often blesses you for what you have done for her."

Recollect that for the cure of all Nervous Diseases there is no remedy which approaches Dr. Miles' Restorative Nerve and Brain Tonic. It is free from dangerous drugs and opiates. Sold by all druggists, on a positive guarantee, or Dr. Miles Medical Co., Elkhart, Ind.

YOU GET STRONG. If you're a tired out or "run-down" woman, with Dr. Williams' Favorite Prescription. And, if you suffer from any female complaint or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the only medicine that's guaranteed. If it doesn't benefit or cure, in every case, your money is returned. On these terms, what else can be "put in good" for you to buy? This "Prescription" regulates and promotes all the natural functions, never creates a habit, and is perfectly harmless in any condition of the female system. It improves digestion, enriches the blood, brings refreshing sleep, and restores health and vigor.

For ulcerations, displacements, bearing-down sensations, periodical pains, and every chronic weakness or irregularity, it's a remedy that safely and permanently cures.

THERE IS HOPE FOR YOU.

For every one who has blood trouble, no matter in what shape or how long standing, provided one of the vital organs have been so far impaired as to render a cure impossible, S. E. S. Cures to the root of the disease, and removes the cause, by expelling the poison from the body, and at the same time a tonic to the whole system. However bad your case may be, there is hope.

Cured me of a most malignant type of chronic blood trouble, for which I had used various other remedies without effect. My weight increased, and my health improved in every way. I consider S. E. S. the best tonic I ever used.
