The Astorian guarantees to its subscribers the largest circulation of any newspaper published on the Columbia river.

Advertising rates can be obtained on application to the business manager.

This paper is in possession of all the telegraph franchises, and is the only paper on the Columbia river that publishes genuine dispatches.

The Daily Astorian's circulation is five times as great as that of the combined circulation of the other daily papers of Astoria.

The Weekly Astorian, the third oldest weekly in the state of Oregon, has nearly the largest circulation in the state.

Subscribers to the Astorian are requested to notify this office, without loss of time, immediately they fail to receive their daily paper, or when they do not get it at the usual hour. By doing this they will enable the management to place the blame on the proper parties and to insure a speedy remedy.

Handley & Haas are our Portland agents and copies of the Astorian can be had every morning at their stand on First street.

Senator Teller is not as tearful as he was. He thinks Colorado is better off than any of the manufacturing states. Now, the question comes whether he means to aid silver fanatics to pass the Wilson bill, whatever it is, out of revenge because the senators from manufacturing states voted to stop the foolery of buying pig silver for the treasury dump.

According to the latest statement of the gold reserves of Europe, the Bank of England has \$130,000,000, the Imperial Bank of Germany \$190,000,000, the Bank of France \$340,000,000, and Russia \$450,000,000. Russia is the gold protector of the European continent, and gets out about \$25,000,000 a year. The enormous mass of gold in Russia is not in one bank. She has gold in the banks of other countries, and the \$450,000,000 includes all.

The suffering of the poor in Europe from the cold just now is very great. Fuel is so scarce that it is not possible to supply it to those who are also pinched for food. The scarcity of fuel in Europe is one of the many signs of the waste of natural resources. They do not have American fires anywhere in Europe, and Americans find the cold rooms very disagreeable, and make fire that frighten the French and Italians in Germany the gigantic stove, as big as two folding beds, with which a room can be warmed by a few newspapers and a brick of coal dust, is the invention that is the greatest success in economizing fuel.

The construction of enormous iron sailing vessels using steam in handling the sails is introduced, and as America has supplies of coal far surpassing all Europe, and as the use of machinery in the six, eight, and ten feet seams of solid coal in West Virginia cheapens the output, and the monstrous engine pull it to the Eastern seaboard at a very low figure, the question arises whether the countries around the Mediterranean, denuded of forests, where there is more suffering from cold weather than in Siberia, could not be supplied from American mines at a cheaper rate than from England. The greatest fuel market in the world is around the Mediterranean, and America has become the natural source of supply. With donkey engines, twenty-five men are a sufficient crew for a ship that would require five times that number of rope-pullers by hand, and the length of the voyage across the Atlantic is not, therefore, so costly as it was. It is precisely this that makes the coal enterprise feasible.

The Atlanta Constitution complains that "men who at home were for the free coinage of silver, are for the single gold standard at Washington, and there have been changes on the tariff question. But what about the platform?" The Constitution goes on to say, "What of the simple, solemn pledges made to the people?" It is said of a famous man who was asked by a comparatively new acquaintance who had great occasion to know all about his character, to be good enough to tell just what kind of a man he was, that he replied: "Well, you know the ten commandments. I've busted every one of them—that's the kind of a man I am."

The commandments of the Chicago Convention. The remedy, according to the Constitution, is to "pass the Wilson bill; repeal the tax on state banks; tolerate no bond issues; impose a tax on incomes large enough to bear it, and crown the democratic party with success by making both gold and silver the standard money of the country." The true meaning of making both gold and silver the standard money is to have free coinage of silver, and the able editor actually thinks yet this policy would place silver at the market parity with gold at the rate of sixteen to one. An income tax on incomes large enough to bear it means the war tax on incomes. This was imposed to aid in conquering the South, and now that the South has become responsible for the government, it is to be imposed because the presumption is the North made and the South lost money by the war, and an income tax goes for Northern pockets. Aside from this, there is a feeling among democratic politicians that they must do something to claim the populist vote. No bond issue is to be tolerated! The Wilson tariff bill means a reduction of \$70,000,000 in the revenue and a tremendous deficiency. How is the vacuum to be supplied? It is very simple to issue more greenbacks. Peffer would support such a measure. But the great panacea is to pass any Wilson bill at all. "Anything is better than delay." The democratic party in the house may be equal to a "lower" as it was to a "horizontal" tariff; and the states whose representatives are in charge of the measure of reform are not much interested in manufactures anyhow.

MUSCLE AND VIGOR—A DIFFERENCE.

Many muscular men succumb to fatigue born with ease by persons far their inferiors in physical strength. Muscles do not imply vigor. In fact, it is not difficult to prove that athletes do not live as long nor enjoy as good health as the average individual who is vigorous—that is to say, whose digestion and sleep are unimpaired, whose nerves are tranquil, and who has no organic tendency to disease. These requisites of vigor are conferred upon those inherently weak, no less than upon those debilitated through wasting disease, by a thorough, persistent course of Hostetter's Stomach Bitters, the leading national tonic, indorsed and recommended by physicians of eminence.

As a corollary, it will infuse energy into your system, and renew the active and healthful performance of its functions. It averts and cures malarial, rheumatic, and kidney complaints, and all cases of nervous prostration, liver trouble and nervousness.

TWO LIVES SAVED.

Mrs. Phoebe Thomas, of Junction City, Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thomas, 129 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else; then bought one bottle of Dr. King's New Discovery, and in two weeks was cured. He is naturally thankful. It is such results of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Chas. Rogers' Drug Store.

HEADACHE AND DYSPEPSIA.

William E. Rockwell, No. 612 West 67th street, New York, says: "I have been a martyr to bilious headache and dyspepsia. Any indigestion in diet, overfatigue, or cold, brings on a fit of indigestion, followed by a headache, lasting two or three days at a time. This I must have tried over twenty remedies, which were recommended as certain cures by loving friends, but it was no use. At last I thought I would take a simple course of purgation with Brandred's Pills. For the first week I took two pills every night, then one pill for thirty nights; in that time I gained three pounds in weight, and never have had an ache or pain since."

Disease in one part of the body will eventually fill the whole body with disease. Every year or two some part of the system grows weak and begins to decay. Such part should be removed at once and new matter be allowed to take its place. There's no need of cutting it out with a surgeon's scalpel. Purge away the old, diseased, and worn-out parts with Brandred's Pills.

STRICKEN DEAD.

TRUSTWORTHY STATEMENTS.

A recent New York dispatch reads: "James C. H., a fine looking and apparently healthy man, was observed staggering while walking on Fifth Avenue last afternoon, and after taking one or two certain steps fell to the sidewalk. When picked up he was dead. A physician examined the body and pronounced leucemia the cause of death. A peculiar and rare feature of the case is that Mr. H. was on his way to Maine, to settle in the home of his boyhood. He had passed the previous ten years in the western mining country, and had amassed a fortune. If YOU have any of the symptoms given in the following testimonial you should lose no time in seeking relief."

From John L. Roberts, Kingston, Pa.: "I have suffered with palpitation, irregular pulse, fainting and smothering spells, pain in shoulders, side, and arms for over forty years. For twelve years have been treated without avail by prominent physicians in my neighborhood and in New York. Growing constantly worse, smothering spells followed one another, so my life was often in danger and I needed constant care. As my son had been cured by Dr. Miles' New Heart Cure, he sent me three bottles. The first dose relieved me completely. The last bottle cured me. I am now well and happy. My age is fifty-five years old. I feel twenty years younger. I claim my cure to be almost a miracle."

Here is a letter from Mrs. John Kolges, of Cleveland, O.: "I had been troubled with my heart and stomach for years, but for six teen months had been confined to my bed. I had four of the best doctors in the city, but none of them could benefit the weakness of my heart. I also had dropsy and rheumatism. I never took medicine that relieved me so much as Dr. Miles' New Heart Cure does. I gain strength with every dose. I have gained more in six weeks from your treatment than in sixteen months from all the doctors."

Dr. Miles' New Cure for the Heart is sold on a positive guarantee by all druggists. It is safe, effective, agreeable, and does cure. Dr. Miles Medical Co., Elkhart, Ind.

IF You Saw Your Own Wood and saw enough of it, your digestive organs may perhaps be equal, ostrich like, to any task you impose—even to the digestion of lard cooked food.

If however, like thousands of other people, you have learned that you must "draw the line of lard," this is to remind you that there is a clean, delicate and healthful vegetable substitute, called

COTT OLENE

which if used in place of lard, permits you to eat pies, pastry, patties and such "good things" without fear of dyspeptic consequences.

There's abundant proof, but none so convincing and so pleasant as a trial for yourself. We invite it. For sale everywhere.

LEAVES.

That's what Sick Headache does, when Dr. Pierce's Pleasant Pellets are taken. These tiny, sugar-coated, and blood-purifying pills cure it completely. They're the smallest, easiest to take, and the most natural remedy. No disturbance, no unpleasantness, no reaction afterward. One little Pellet at a dose regulates the whole system. Constipation, Indigestion, Bilious Attacks, Headaches, and all derangements of the liver, stomach and bowels are prevented, relieved, and permanently cured.

That's the cheapest pills you can buy at any price, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.

Things that seem to help Catarrh may be doing harm. Poisonous, irritating and strong, caustic solutions only drive it from the head to the lungs. Dr. Sage's Catarrh Remedy cures Catarrh. Its proprietors promise \$500, or a cure.
