ceived from republicans, and Senator Hoar seems to suffer again in mugwump judgment; but it is poor judgment.

The real democratic way to supply the treasury is to stamp more money. Anything else is of Wall street, and signifies submission to the banks. As things are going, there will be less than fifty millions of gold in the treasury on the 4th of March. The call of the voters who elected Cleveland is for "more money"-that is, to "coin" paper.

The gangrene of despondency is upon the democratic party. The celebrations of St. Jackson's Day were extraordinader.' rily tame. The hilarious presumption, the confident yell, the victorious pose, of the "triumphant democracy," are played out. Vice-President Stevenson one for the workingman sat silent in a banquet hall containing 130 guests, the empty tables covered with empty bottles and flowers. It was a sad sight.

Cleveland turned that royal job over to congress in his message; but there was a map between the coast of California and Hawaii, and a minister was sent with "instructions" and terms. The queen changed her mind, and when she did so, changed the policy of the administration. It is a fine, old-fashioned that period of time the subject occupything for a offeen to do that, and so ing the minds of the worshipers was democratic. It is the mugwump end prayer for the success of the series of of the administration-the place where the hoodoo comes in.

PENDLETON'S REVIVAL. A Continuous Service of Nearly Seven

Hours' Length Revival services are being held in Pendleton, and the East Oregonian contains an account of meetings on Wednesday last which extended over a period of nine hours. At 10:30 in the forenoon the first service commenced. Rev. W. H. Selleck was at the helm, and there was no intermission from that hour until 5:15 in the evening. During meetings now being held. The evening service commenced at 7.00 and was closed at 9:30. Mr. Sellick proposes to keep right on and bring about an interest if it is possible to do so.

The service, the East Oregonian says was nearly equal in duration to that of Dr. Peter Akers, an early Methodist preacher, who was known far ond wide as one of the most ejoquent pulpit orerable effort, the military instructors on ators in the West.
