THOROUGHLY VICIOUS

What Senator Sherman Says of the Tariff Bill.

DEMOCRATIC OPPOSITION TO IT

Its Fate in the Senate Uncertain-- Every Republican State Should Be Fully Represented.

Associated Press.
Spokane, Jan. 19.—Walter Hughson, of this city, has received the following letter from Senator Sherman, of Ohio, and forwarded it to Governor McGraw:
Washington, Jan. 8.—Your letter is received. I have not felt at liberty to write to the governor of Washington advising a special session of the legislature to elect a republican senator. I have felt that he is better able to determine this question than I at this distance; that it would be presumption in me to volunteer my opinions were they asked by him. I think the fate of the tariff bill is very uncertain in the senate. There is strong opposition to it in the democratic party, but whether it will die away under the persuasive influence of the administration and party pride, no one can say as yet state. The tariff bill as it now stands is thoroughly vicious, not only affecting injuriously industries of this country, but it is still more vicious in largely reducing revenue and creating a deficiency which must be met by loans or insolvency. That every republican state should be fully represented is a palpable fact, but whether your legislature is in condition to elect a senator is a fact that I cannot determine.

THE CHARGE DISMISSED.

A Postal Inspector's Diary Letter and What Came of It.

Portland, Jan. 19.—Mrs. Dr. J. C. Adams, charged with sending improper matter through the mails, was discharged today by Judge Bollinger. It was shown that the letter written by Mrs. Adams was in response to one received by her from Postal Inspector Thrall, who signed a fictitious name and the "improper matter" was in reply to inquiries of the postal inspector. The judge said the postal inspector in this case was not engaged in detecting crime, but in securing the commission of one by means of a decoy letter. The courts, said the judge, had never gone so far as to assist the government officials to secure the conviction of persons by decoying them into the commission of a crime.

THE PETITION DRAWN UP.

Des Moines, Jan. 19.—General Master Workman Sovereign was seen by an Associated Press reporter tonight regarding the proposed injunction proceedings against Secretary Carlisle. He said: "It may be a good deal like a mouse tacking a lion, but we are going to do it. A petition praying for an injunction to restrain the secretary of the United States treasury from issuing bonds in the sum of \$50,000,000 or any other amount, is being drawn up here by Judge Cole." It will be sworn to by Sovereign and sent to Washington to be filed in the United States circuit court of the District of Columbia the first of next week.

SENTENCE OF A BANK CASHIER.

Cheyenne, Wyo., Jan. 19.—Todd M. Pettigrew, cashier of the First National Bank of Sun Dance, was today sentenced to five years' imprisonment by Judge Reiner. Pettigrew ran the Sun Dance waterworks, and took money from the bank to do it with, hoping to sell bonds, but the hard times came on and the bonds were unsalable.

HARVARD-YALE DEBATE.

Cambridge, Mass., Jan. 19.—The fifth debate between Harvard and Yale was held here tonight. Harvard was awarded the decision of the judges. The question debated was: "Resolved, That independent action in politics is preferable to party allegiance." Yale had the affirmative.

WOMAN SUFFRAGE IN FRANCE.

London, Jan. 19.—A dispatch to the Times from Paris says the senate by a vote of 132 to 84, agreed to give votes to women engaged in business at the elections for tribunals of commerce. This is the beginning of woman suffrage in France.

WORK FOR THE SNOW PLOW.

Ashland, Jan. 19.—Snow storms in the Siskiyou still keep the Southern Pacific track forces busy clearing the road for traffic. The overland train arriving here from the north this morning was held in the yards in Ashland until this evening, when it started south-

ward preceded by the big rotary snow plow, which piloted this afternoon's northbound overland over the Siskiyou nearly on schedule time. About four feet of snow is reported on the summit of the Siskiyou now and it is still storming. The wind drifts it into the cuts and keeps the snow plow steadily at work.

THE WORK OF CONGRESS.

Defeat of Johnson's Amendment Providing for Free Steel Rails.
Washington, Jan. 19.—In the house the consideration of the tariff bill was resumed. The amendment of Johnson, of Ohio, placing steel rails on the free list, was lost by a vote of 100 to 79.

Henderson, of Iowa, offered an amendment to the substitute for the present law for an agricultural schedule, and a long debate on agriculture ensued.

The house committee on elections, by a practically unanimous vote, today decided in favor of Thomas Settle, republican, whose seat was contested by Williams, democrat, from the Fifth, North Carolina, district.

THE FARMERS' ALLIANCE.

Chicago, Ill., Jan. 19.—The Farmers' Alliance, in convention here, has taken the first step towards the confederation of the agricultural bodies of the United States. The Farmers' Union will be incorporated under the laws of Illinois, and by an express provision it shall be a non-secret organization. The constitution and by-laws will be based on the form of the constitution of the United States, and of the general government in its legislative, executive and judicial departments. One of the specified objects of the corporation is to promote social harmony and entertainment for the families of isolated farmers.

LEASED THE RAILROAD.

The Duval Club Makes a Move that Will Perplex the Governor.

Jacksonville, Jan. 19.—The Duval Athletic Club has leased the railway to Mayport for January 25th. If the governor stops the fight at the arena it will occur at some point on that road under a tent holding six thousand. It will be impossible for the governor to stop it. The town is full of sports. Mitchell is growing in favor in the betting today.

FIGHTING WITH CONVICTS.

Birmingham, Ala., Jan. 19.—A posse, organized by Sheriff Dexter, of Blocton, had a terrible battle at Goethe, ten miles from Pratt City, this morning, with four of the gang of convicts who escaped from the Tennessee Coal and Iron Company's stockades at Pratt City last night. Sheriff Dexter was killed, and Jim Davis, one of the convicts, fatally wounded. Two other convicts were captured. The posse is in pursuit of the rest.

THREATEN AN INJUNCTION.

Philadelphia, Jan. 19.—In response to a request to begin injunction proceedings against Secretary Carlisle restraining him from issuing the bonds, General Master Workman Sovereign wires as follows: "The case has been submitted to counsel. If there are reasonable grounds on which to force a standing in court, injunction proceedings will begin at once."

THE REPORT DISCREDITED.

Washington, Jan. 19.—Senator Romero, the Mexican minister, has no advice regarding the reported capture of Chihuahua by the rebels, but says it is altogether improbable, as Chihuahua is the capital of its state, strongly fortified, and there is no force of men in Mexico that could capture it.

DEMAND COMPENSATION.

New York, Jan. 19.—The treasurer, secretary, and general auditor of the Northern Pacific have resigned because the receivers refused to pay them salaries for doing work for the present management. The president made an application to the courts for an order directing that the salaries of these officers named be paid.

NEGROES GOING TO LIBERIA.

Little Rock, Ark., Jan. 19.—Fifty negro families living in Motou county, have arranged with the American Colonization Society, of Washington, D. C., for transportation to Liberia.

HAWAIIAN SITUATION

The Government Awaiting Action of the U. S.

THE ROYALISTS READY TO FIGHT

Lobbyists Gone to Washington in Interest of the Ex-Queen--Anniversary of the Revolution.

Associated Press.

San Francisco, Jan. 19.—The steamer Monowai arrived from Honolulu this afternoon.

(Copyrighted by Associated Press 1894.)
Honolulu, H. I., Jan. 12.—Since the sailing of the last steamer, affairs political have been a drug in Honolulu. The government has been pursuing a waiting policy, on the ground that no definite action can be taken here until some definite policy regarding Hawaii has been announced by the United States. In an interview with the marshal this morning several important facts were learned. Among these was the statement that the royalists were ready to assume the offensive upon the receipt of news from the coast. Several lobbyists to the coast lately, and I understand that Hon. C. W. Ashford goes by the Monowai today to appear before the committee of congress at the present session. Ashford was preceded by Hon. E. C. Macfarlane and Arthur Peterson, accompanied by Hon. Sam. Parker, for the avowed purpose of enlisting Claus Spreckles in a lobby campaign in favor of the restoration. The government has determined to celebrate the 17th of January as the anniversary of the revolution as a national holiday.

THE BOND ISSUE.

Silver Men Object Strenuously to the "Gold Clause."

Washington, Jan. 19.—A strong sentiment is expressed among the silver leaders of the house against the "gold clause" of Secretary Carlisle's notice of the offer of bonds. Representative Bland, democrat, of Missouri, says: "The standard silver dollar is full legal tender, and it can be offered and received in payment for these bonds. The act does not say gold coin. At the time of the act the standard silver dollar was full legal tender, so it must be included in the meaning of the word 'coin.'" Some anti-silver men take issue with Bland on this point. They say the bonds were issued under the resumption act of 1875, which provides that bonds should be sold for "coin," but they point out that before this in 1873, silver was demonetized, so it could not be included in the meaning of the word "coin." Aside from the legality of the gold clause, silver men say it is against public policy to make a public discrimination against one of the money metals now in use, and the effect of the secretary's action is to send gold coin to a premium and disturb the parity between gold and silver coins.

NO SURPRISE CAUSED.

Washington, Jan. 19.—Dispatches announcing the threatened injunction by the Knights of Labor against Secretary Carlisle to restrain him from issuing fifty millions of bonds, were taken to the treasury department this afternoon and shown to Secretary Carlisle. He declined to say anything on the subject for publication. Other officials of the department were not surprised on learning the contents of the dispatch. The feeling of the Knights of Labor and labor unions generally on the bond question is known to be unfavorable, as shown by the passing of the resolutions against it.

"QUEEN OF HER CLASS."

New London, Conn., Jan. 19.—The new cruiser Montgomery made her official trip today, and is the words of some of the members of the official trial board, "covering herself with glory," and acquiring the title of "queen of her class." The made the extraordinary speed, as estimated, of nineteen knots an hour,

with the tide against her going out and in her fit-or returning. The result of the trial assured the builders a premium of \$175,000, and perhaps \$250,000. It is learned tonight that the trial board decided to grant an allowance to the Montgomery on account of the tide, and this will increase her speed in today's trial to 19 5-10 knots per hour.

REBELLION IN SAMOA.

(Correspondence Associated Press.)
Apia, Samoa, Jan. 2, via San Francisco, Jan. 19.—Natives in the district of Aana have rebelled and proclaimed Tamasese king. This Tamasese is the son of the former German puppet king, and he has a large following. The people of Savali have declared allegiance to King Malietoa, and are gathering in his support. The chief justice, the president and the consuls meet tomorrow to consider the situation. The consuls have sent a request by the Monowai for warships, so grave is the situation.

OBJECT TO SUNDAY WORK.

SALE OF RAILROADS.

Tacoma, Jan. 19.—For \$148,000 the Tacoma and Puyallup railroad, the Point Defiance, Tacoma and Edlson railroad, together with all their franchises, real estate, etc., were sold to representatives of the bond holders today. The two roads were sold by the sheriff under an execution on a foreclosure suit.

TRAVEL INCREASING.

Portland, Jan. 19.—The Union Pacific steamers to San Francisco are beginning to feel the increased travel caused by the Midwinter Fair. The Queen left last night with one of the largest passenger lists ever known on the route. The round trip rate is \$22.
