

ABOUT THE CITY.

The schooner Beulah, Captain Johnson, cleared yesterday for Redondo with 445,000 feet of lumber from the Willamette Steam Mills Co.

The ship Reaper, already reported as having cleared from New York, sailed February 2, with general cargo for Sutton & Beebe, of Portland.

The ship Daniel Barnes recently delivered at Baltimore the largest cargo of nitrate ever unloaded at that port. It represented 2,015 tons or 15,661 bags.

Silas B. Smith has brought suit in the circuit court to recover the sum of \$100 due on a promissory note, together with interest thereon and attorney's fees and costs.

Funeral services over the remains of the late Mrs. Helen Vivian were held yesterday at the residence of deceased's father in Uppertown. The interment took place in Greenwood.

The passengers on the State of California put a rude shaking before the steamer had been long away from the dock. When the bar was reached the water was rougher than has been the case for many months.

The British ship Alburgh, Captain Jones, has cleared for Queenstown or Falmouth for orders, with 46,817 sacks of wheat, valued at \$53,000. She went down to anchor at 8:50 Island at 8 o'clock yesterday morning.

The American Steel Barge Company is considering the advisability of establishing a ship-building plant at Westport, Me., for the purpose of constructing white-oak steamers for the Atlantic seaboard, West Indies and South American trades.

A prayer meeting for men only will be held this afternoon at 4 o'clock, at Y. M. C. A. hall, led by George Johnson. Cottage prayer meeting at 3 o'clock at Mrs. McCune's, on Main street, and at the residence of Mrs. R. M. Stuart, 276 Olney street.

The steamship State of California arrived down from Portland yesterday and crossed out, after taking freight on board. The shipments from this port consisted of 37 sacks oysters, 76 packages salmon, 41 cartons, 236 boxes and 8 packages miscellaneous merchandise.

The Columbine took in coal at the bunkers yesterday, and will load twenty tons on board the lights today, weather permitting. On Saturday the Columbine will leave for Portland for repairs to the starboard boiler, and on the way will renovate a number of aids to navigation.

The regular meeting of the Scandinavian-American Independent political club will be held at their hall tonight. All members are requested to be present, as very important business will be acted upon at this meeting. All Scandinavians are cordially invited. By order of the president.

The United States lighthouse board in its annual report states that the prospect of telephonic communication being established between lighthouses and the shore are good. In England this is already an accomplished fact, a telephone being laid direct from the North Sandhead lighthouse on the Goodwin Sands to the Ramsgate postoffice.

On the last trip of the steamship Tacoma from the Orient to Victoria and the Sound a curious incident occurred. She crossed the 18th meridian, where ship masters coming east always add an additional day to their calendar, on January 1, and all on board enjoyed the very rare novelty of two New Year's days occurring together.

The following notice to mariners has been issued by order of the light-house board: Notice is hereby given that, on or about March 15, 1894, the color of the pyramidal skeleton tower at Point Loma light station, southeast of California and west side of the entrance to San Diego Bay, will be changed from brown to white, with black lantern and gallery railing.

The subsidy committee will meet today at 1:30 o'clock at East Cannery and at 3 o'clock at Matson's hall. The meeting yesterday was postponed on account of a funeral in Uppertown. On Saturday a mass meeting will be held at 10:30 at Liberty hall. Everyone invited to attend. The regular meeting of the committee will be held today at 10:30 at the office of the Astoria Real Estate Exchange.

An \$80 lot for \$2. Many is the leading tailor and pays the highest cash prices for fur skins. For \$2 a lot is delivered every week to the buyer in Hill's first addition.

Lovers of a good cigar can always find mild, fresh Belmonts at Chas. Olney's. Hill's first addition is located in the center of the city. Lots are now selling in it for \$2.

Rev. Johannes Telleen, the heathen mission superintendent of the Evangelical Lutheran general council, is expected in Astoria Wednesday and Thursday next week, and will preach on the topic of "Heathen Missions" at the Finnish Evangelical Lutheran church, in the English language, and at the Swedish Evangelical Lutheran church probably in both languages, Swedish and English. The time of Rev. Telleen's appearance will be stated more definitely in the Astorian on Tuesday of next week.

One of the steamers of the North American Trading and Transportation Company recently steamed up the Yukon river, in Alaska, a distance of 1,900 miles, and there found the river half a mile wide and navigable for a long distance further. One thousand miles from its mouth the Yukon is over a

mile wide, and has a very deep channel. Numerous streams are also tributary to it that are navigable for hundreds of miles. Such a mighty force of water empties from it into the ocean that it is not salty seven miles from its mouth.

State Fish and Game Protector Hollister D. McGuire arrived down from Portland yesterday to look into the matter of the violations of the fish and game laws. After a diligent search among the different places where it was known wild fowl and trout had been offered for sale recently, a couple of salmon trout were found and purchased, but on account of the dealer having been misinformed as to the provisions of the law with reference to the protection of salmon trout, it is not thought likely that a prosecution will follow. Mr. McGuire has determined to prosecute to the extent of the law every offender, having found that cautions were of no avail. In Portland not a trout nor a "boiled owl," nor a "chicken without the legs," as the restaurant keepers are pleased to term pheasants and other game fowls, can be had at any price, and Mr. McGuire proposes to bring about a similar condition of affairs in this city and throughout the state.

There is no risk taken by joining the lot clubs. Everybody gets the full value of their money. Flashlight photos of the maskers; also printing on silk and satin, now on exhibition at Crow's gallery. Steepleman's Soothing Syrupers preserve a healthy state of the constitution during the period of teething.

In a recent issue of a Tacoma paper the assertion was made that fifteen men working one day of nine hours had placed 19,026 sacks of wheat aboard the British ship Iry, and that the performance was the best of its kind by 3,000 sacks ever made on the Pacific Coast. To this the Oregonian properly takes exception, and makes the following explanation: "The figures are not at hand to show which coast port holds the record for the dispatching of vessels, but the work done on the Iry is certainly not the best. The day following the spurt at Tacoma, the British ship Alburgh loaded at the elevator in this city 13,500 sacks of wheat, with 10 men, in 8 1/2 hours. With the same number of men as employed on the Iry, they would have put aboard 20,250 sacks, and in half an hour's less time. In November, while loading the British ship Iry at the Albina elevator, Brown & McCabe's men put 20,123 sacks into the ship in 8 1/2 hours, with a force of 15 men. The Iry, according to working & McCabe's books, came into port, discharged 750 tons of ballast, shifted across the stream, loaded full of wheat and was ready to sail, and only 34 hours of stevedoring time was charged against her. Tacoma should have chosen a better illustration of her loading facilities than the Iry."

Japanese novelties and fancy dry goods, can be had at half price, at the store of Wing Lee, next to Olsen's cigar store.

DELINQUENT TAXES.

Expert Gibbons' Explanation of the Herald's Alleged Tax-Evaders.

The publication of the list of alleged tax-evaders by the Herald last Sunday continues to be a topic of prominence, and the error of the Herald is explained below, as follows:

Astoria, Or., Feb. 8, 1894.

Editor of the Astorian: In last Sunday's Herald there was published a list of delinquent taxpayers of 1890, and since the appearance of the article a number of persons have shown conclusively that their taxes for that year had been paid. Inasmuch as I prepared the list of delinquents mentioned, it is but just to explain where the data was obtained and the reason why the several lists were made out. The official assessment roll of the year 1890 having disappeared, I deemed it expedient that a delinquent list should be prepared in order that when published taxpayers having receipts could come forward and thus disclose any defalcation not disclosed by an examination of the imperfect copy of the tax roll, no stubs of receipts or proper books of accounts being found in the office of the chief of police or city treasurer, showing either the amounts paid or the names of those paying. In my report to the city council I fully explain this, the lists of delinquents for the years 1888-90, including that copied by the Herald, being simply an appendix to the report and to be used at the discretion of the council in ascertaining, as above stated, the names of those who had paid, but which the officials had not properly credited. The following extract from my report, now on file with the city auditor, will fully explain the matter:

Taxes, 1890. "As is well known, the official assessment roll of this year was lost, thus leaving no authenticated reports for me to work upon. As charged by the auditor to the collector of delinquent taxes on the books of the city, it appears that there was delinquent the sum of \$14,002.43. Of this amount there has been returned to the city by the chief of police the sum of \$8,000, taxes paid, but without specifying from whom it was received. From such documents as I have had access to, I am enabled to make an approximate delinquent list, which I return herewith, including, of course, the \$8,000 above mentioned. I further find that there has been marked paid since November 11, 1890, when last payment was made, the sum of \$70.43, received from the following: Respectfully,

ALFRED GIBBONS."

(Here follows a list of the several amounts and the names of the parties from whom received, included in the \$70.43 above referred to.) It may be interesting to note that Expert Gibbons' report, with the exception of the appendix, was published in the columns of the Daily Herald in March or April of 1891, and the facts shown above were clearly shown in the Herald at that time.

SELF PRAISE.

Self praise is no recommendation, but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable poroplasters made is not self praise in the slightest degree. They have stood the test for over thirty years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them.

Beware of imitations, and do not be deceived by misrepresentations. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

"A TALENTED EDITOR."

Gentlemen:—I had occasion to use several boxes of Krause's Headache Capsules when traveling to Chicago to attend the National Democratic Convention. They acted like a charm in preventing headache and dizziness. Have had very little headache since my return.

WHEN WAR IS DECLARED.

Against a man's happiness by his stomach, the enemy may be pacified and brought speedily and easily to terms. That potent regulator of digestion, Hostetter's Stomach Bitters, disciplines the rebellious organ thoroughly. Indigestion arises from weakness of the stomach, and the food in it, for want of the power to digest, decomposes and acidifies, giving rise to heartburn, flatulence and pain, besides a multitude of symptoms both changeable and perplexing. But peace soon reigns when the great stomachic is resorted to and used with persistence. Dyspepsia gives rise to morbid discomposure of mind, and even sleeplessness and hypochondria in chronic cases. To the complete dismissal of these Bitters is fully adequate. Liver complaint, constipation, debility, rheumatism and malaria are completely subdued by this genial medicine.

A GOOD WORD.

Mr. J. J. Kell, Sharpburg, Pa. Dear Sir: I am glad to say a good word for Krause's Headache Capsules. After suffering for over three years with acute neuralgia, and its consequent debility (which seemed to haffle the efforts of some of our best physicians) you succeeded this remedy which gave me almost instant relief. Words fail to express the praise I should like to bestow on Krause's Headache Capsules. Gratefully yours, MRS. E. R. HOLMES, Montrose, Pa.
