## Henry Ward Beecher

Said of the Strawberry, "God doubtless might have made a better berry but it was doubtful if he ever had." So we say of our Easter Cards and novelties, "somebody might possibly have better, but it was very doubtful if any body about here ever has. If they have, the stock has never put in an appearance in Astoria and the people who have examined ours know this to be a fact" Added to this fact comes the further beauty of it, there is none sold for so little money, talk or no talk.

Griffin & Reed.

## FOR THE FIRST TIME

### Governor Waite Finally Listens to Reason.

#### TAKING THE ADVICE OF COUNCIL

### The Secretary of War Notified That Waite is the Only Disturber of the Peace.

Associated Press.

Denver, March 16.—At 9 o'clock this morning everything was quiet, awaiting a conference between Gen. McCook, commanding the federal troops, and Gov. Waite. Five companies of the Seventh United States infantry are camped at Union depot. The police force has been greatly increased since yesterday, and still holds the city hall. It is understood the force numbers 350, and will under no circumstances surrender. It is expected Gov. Waite will order the state troops from other points, now under arms at the armories, to come here. They number 750 enlisted men.

Gov. Waite has addressed a letter to Gen. McCook, asking that the government troops be withdrawn from the city because the latter refuse to assist in carrying out the governor's purposes, but will simply confine himself to maintaining the peace.

#### WAITE WANTS MILITARY AID.

Washington, March 16.—Gen. McCook telegraphed to army headquarters from Denver this morning that Gov. Waite had applied for the use of United States troops.

#### THE WAR IS OVER.

### Waite Decides to Leave the Question to the Courts.

Denver, Col., March 16.—The war is over. At last it is announced by Attorney L. N. Stevens, who has been in consultation with the governor a large part of the afternoon, that his excellency has accepted the advice of his attorneys and consented to submit the fire and police board question to the supreme court on its merits. The governor says he is still considering the matter, but it is generally believed Mr. Stevens speaks by the book. So the national guard, which was ordered to be ready to take the field on short notice, will not be called into action. The state troops at Durango, Lake City, Pueblo, Colorado Springs, Grand Junction and other centres have been uniformed and under arms all day, ready to take special trains to Denver, and the state troops in this city have been on call. Many people regard the governor's military demonstration as a big bluff to show his contempt for Judge Graham's injunction and to compel the judge, if possible, to arrest him.

Gen. McCook's ordering the United States troops to this city has been approved at Washington, and he has ordered them from the Union depot to the Gettysburg building on Champa street, where they will remain till further orders. Prominent attorneys and other distinguished citizens have been laboring much of the day with Gov. Waite to submit the matter to the supreme court, which has power to call upon the counsel for both the old and new police boards to settle their cases. Interrogatories to the court are based on the right of the governor to remove from power and to appoint others to fill the vacancies, and his right to call upon the militia to seat the appointees in office.

Sheriff Burchinell sent the following telegram this afternoon:  
Denver, Col., March 16, 1894.  
Daniel S. Lamont, Secretary of War, Washington, D. C.: I am quite able to maintain the peace here unless the militia of the state are used against me. Nobody but the governor is seeking to disturb the peace, and he is acting in contempt of the district court of this county.

#### BLOODTHIRSTY MRS. WAITE.

Denver, March 16.—The cause of Gov. Waite's obduracy, it is learned on excellent authority, is his wife. She attended last night's conference in an angry mood, and declared, with clenched fist, that the fight should go on until the last national guardsman in the state lay dead on the pavement. Many populists do not uphold Gov. Waite.

#### TRADE PROSPECTS.

Reports of Increased Sales From Many States.

New York, March 16.—Bradstreet's review of the state of trade tomorrow will say: The unusual prolongation of the mild spring-like weather during the early portion of March has greatly stimulated the consumptive demand in almost all staple lines. Corroboration of this is found in the almost unanimous reports of increased sales from six of the larger distributing points in New England and the Middle states, where the general trade has heretofore been

reported barely steady. Chicago reports a continuance of last week's very favorable statement regarding trade this week, having been the best thus far in the season, with many buyers in the city and some dry goods houses working nights to keep up with the orders.

#### TROUBLE WITH STRIKERS.

Colorado Springs, March 16.—Sheriff Bowers, who is in charge of the posse at Cripple Creek to prevent interference by the strikers with the men who have gone to work in the mines, sent to this city today for half a dozen more deputies and a quantity of arms and ammunition. It is thought the trouble will break out first on Bull Hill.

#### LATER DETAILS.

Colorado Springs, March 16.—There is serious trouble in the Cripple Creek mining district tonight. Sheriff Bowers has called for troop "A" of the Colorado national guard to aid him in quelling the disturbance, and the military are on their way to the camp, 30 miles distant. The telegraph and telephone wires have been cut.

#### THE POPULISTS.

### Ignatius Donnelly and Other Speakers to Stump the State.

Portland, Ore., March 16.—The people's party concluded the convention early this morning by the appointment of the following state executive committee: W. H. Spangh, Lane county, chairman; J. F. Hendrix, Linn; A. P. Nelson, Multnomah; L. M. McMahon, Marion; W. D. Hare, Washington.

An assessment of twenty-five cents per month was ordered levied on each member of the populist clubs in the state for a campaign fund. Several hundred dollars was raised last night among the delegates.

Ignatius Donnelly, of Minnesota; Jeremiah Simpson, of Kansas; Congressman Cannon, of California, and National Chairman Taubeneck, of Illinois, have sent to the state committee a promise to come for three weeks each to stump for the populists.

W. D. Hare, from Portland, will control the lecture bureau during the campaign. In the ticket as published this morning the name of Cal. Patterson appears as a candidate for attorney for the sixth district. The name should be William Parsons.

After the populist convention adjourned this morning the executive committee went into secret session for the purpose of mapping out a plan of campaign. It is proposed to assess every member of a populist club 25 cents a week until election day. This fund will be spent for the speakers and the distribution of populist literature.

Representatives of the diocesan democratic clubs of this city have issued a declaration that it is to the best interests of the party to nominate a straight democratic ticket to be voted for in June.

#### HOUSE PROCEEDINGS.

Washington, March 16.—The house went into committee of the whole on the sundry civil bill, taking up the amendment relating to the transfer of the coast and geodetic survey to the navy department. The amendment was defeated—81 to 104.

Mr. Wilson, of Washington, made a vigorous speech on the discrimination against the western coast in the matter of river and harbor improvements. He protested against this injustice. His people were weak and powerless now, but he warned the house that the time would come when they would be strong and powerful.

Mr. Cogswell, republican, of Massachusetts, characterized Mr. Wilson's remarks as unjust. He pointed out the fact that from 1885 to 1893, of the \$1,500,000 appropriated for public lands in 25 states, Washington had obtained \$250,000.

The house at 5 o'clock took a recess until 5 o'clock.

#### ASSAULTED BY ANARCHISTS.

Tacoma, March 16.—Anarchists are supposed to have assaulted Louis Marx, who was struck on the head Wednesday night. Marx is still unconscious, and the chances for his recovery are slim. He was in Chicago during the Haymarket riots, and it is supposed he had information bearing upon the Cronin murder mystery. Wednesday night he went out to attend a meeting of a lodge of anarchists. Shortly after his return he was found almost dead.

#### FLOODS IN WASHINGTON.

Spokane, March 16.—Warm weather in the Palouse and Big Bend country is taking the snow off in a hurry, and all the streams are raging in many places and fences carried away. Along the Palouse river a number of houses have been washed away or loosened from their foundations. Similar reports come from Oakesdale, Davenport and Spangie.

#### PASSED BY THE REICHSSTAG.

Berlin, March 16.—The reichstag has passed the Russo-German commercial treaty by a large majority.

## GEN. FRY'S ARMY

### The Organization Is a Grotesque Failure.

#### WITHOUT FUNDS OR RATIONS

### The Leaders Looted the Treasury—The Vagrant Law to Be Enforced.

Associated Press.

Los Angeles, March 16.—"Gen." Fry's army of unemployed, organized to march on Washington, is a grotesque failure. The city council and a board of supervisors and officers of the associated charities met this morning and decided to relieve all meritorious cases of destitution, but to recognize no organization of unemployed. Five hundred dollars was subscribed for immediate use. Work will be supplied on the streets, and the vagrant law will be enforced. The authorities will disperse any army or like organization. The army, numbering about 300, on learning the result of the meeting, abandoned its barracks and marched out of the city, apparently beginning its great march. They had no organization, and no leadership. Their leaders are said to have looted the treasury, and the main body was without funds or rations. A large majority was without blankets. Before they reached Alhambra, five miles distant, many had dropped out and retreated to the railroads in hopes of catching the trains. Deputy sheriffs and constables along the line of march have been notified and will vag all members of the dispersed army as fast as opportunity offers.

Sheriff John C. Cline received information this afternoon that members of the industrial army who left this city this morning were in the vicinity of Monrovia, and that it was their purpose to hold up the through freight train on the Santa Fe, which leaves this city at 8 o'clock this evening. The sheriff called to his aid a large force of men as deputies, who will proceed to the locality on a special train. Brig. Gen. Johnson and the sheriff are in communication with Gov. Markham, who will order out the national guard. Trouble of a serious nature is apprehended. It is possible that an encounter will occur before morning.

#### ENDED IN BLOODSHED.

Tacoma, March 16.—William Cushman and W. W. Russell, farmers, were shot this morning at Lake Tapps, near this city, by John Arcott and his son. Cushman was killed and Russell badly wounded. Both the Arcotts surrendered to the sheriff this afternoon. The crime grew out of a fight over a county road at Lake Tapps, which has kept the entire settlement in that section at war for many months. On Wednesday last one of the Russell family visited the office of County Commissioner Barthelme over the matter and was thrown out of the commissioner's office. This morning Russell, Cushman, the Arcotts and other neighbors renewed the quarrel, which resulted in the murder.

#### OUT OF DIFFICULTIES.

Tacoma, March 16.—The Union Savings Bank and Trust Co. today bought at par \$275,000 worth of Pierce county refunding bonds. This takes the county out of a serious dilemma, as the supreme court decided a few days ago that owing to certain technicalities an issue of bonds was not valid, and left the county without sufficient funds to carry it through until next spring.

#### THE CONFERENCE INTERRUPTED.

Omaha, March 16.—The conference between the employes and receivers of the Union Pacific has flashed in the pan, at least temporarily, and nothing short of further orders from Judge Caldwell is likely to bring them together again. Yesterday Receiver Clark, at a preliminary meeting, furnished the head of each organization represented a statement to the effect that the receivers did not recognize that any agreement with the employes as to wages or other matters in force before the receivership was binding on the receivers. Furthermore, the receivers had sought to put new

schedules in effect as to only three classes of employes—engineers, trainmen and operators, and these only were the classes which they would recognize as entitled to take part in the conference.

#### AN ARTISTIC BURGLAR.

San Jose, Cal., March 16.—Oscar Hellgren, who pleaded guilty to burglary, committed in this city several weeks ago, and who was captured with a confederate named Funk, was this morning sentenced to seven years in San Quentin. Hellgren operated extensively in Portland, and it was the fear of being taken there to answer for burglaries that caused him to plead guilty here. Funk, his accomplice, was taken to Portland a week ago. Hellgren is 25 years of age and one of the most skillful cracksmen in the country.

#### MEETING OF TEACHERS.

Tacoma, Wash., March 16.—At the first session of the Washington Teachers' Association about 450 members from all parts of Western Washington were present and discussed matters pertaining to the duties of teachers. A number of papers were read on school topics. The local teachers entertained all the visitors. The principal schools in the city were visited and a comparison made as to the system in use in other cities. The meeting continues to Saturday.

#### STORMS IN UTAH.

San Francisco, Cal., March 16.—A severe snow storm, accompanied by high winds, has prevailed in Nevada and Utah today and has resulted practically in the prostration of telegraphic service on the Central route. After a great effort, the Associated Press' leased wire has been put into working condition between San Francisco and Salt Lake, but this evening the storm has moved eastward, and at 10 tonight is interrupted east of Salt Lake.

#### YOUNG AT HIS VOCATION.

Seattle, March 16.—Wildy Vandyke, the 15-year-old son of a prominent man, together with a schoolmate whose identity is unknown, tonight held up Allen B. Colgrove, a grocer at the north end of the city, and robbed him of \$50. Colgrove caught the youthful highwayman off his guard, knocked a pistol out of his hand and captured Vandyke, who has since confessed, refusing, however, to give the name of his pal.

#### GUILTY OF FORGERY.

Fairhaven, Wash., March 16.—The jury in the second trial of ex-Deputy City Clerk E. V. Grasette, for forgery, returned a verdict of guilty this morning. An appeal will be taken. There are sixteen other indictments against him, but they will not be pressed if the two convictions already secured are sustained by the supreme court.

#### JUMPED HIS BONDS.

New York, March 16.—Kenneth F. B. Sutherland, the Gravesend justice of the peace who on Wednesday last was found guilty of oppression in connection with the November elections, did not appear for sentence when the case was called in Brooklyn today. A bench warrant was issued for his arrest. It is rumored he has fled.

#### BLAND'S SILVER BILL.

Washington, March 16.—The silver bill, which passed the senate yesterday, will not go to the president until Monday, the senate not being in session today. The vice president cannot sign it until that body meets again Monday. It was, however, presented to Speaker Crisp today and received his signature.

#### WHIP AND SPUR.

San Francisco, March 16.—Following is a summary of today's races:  
Half mile—Gasser, 0:50.  
One mile—Bobolink, 1:44.  
Six furlongs—Bray Scot, 1:14 3/4.  
Fifteen-sixteenths of a mile—Joe Murphy, 1:36.  
Five furlongs—Lottie D., 1:02 3/4.

#### MISS POLLARD TESTIFIES.

Washington, March 16.—At the opening of the Pollard-Breckenridge trial this morning the plaintiff herself took the witness stand. The plaintiff testified to her first meeting with Breckenridge and their subsequent relations. She accompanied Breckenridge on several lecture tours.
