THIS MAGNET

Tells a tale. It says our methods and prices attract attention. The methods are honest, the prices are right, and that means patronage. Progress is the watchword. Quality is the prime consideration and the prices are beyond competition—from 16 3/4 to 33 1/2 per cent less than elsewhere in Men's and Boys' Clothing, Furnishing Goods, Hats, Caps, Boots, Shoes, Trunks, Valises, etc

THEY SAY there isn't a slower city on the coast than Astoria. They'll say directly our clocks are slow. Then next, we suppose, they'll be saying that there isn't a slower store on Third Street than 502--our citizens book store.

We must be awfully slow. We don't know how to buy our blank books from manufacturers who use scraps in covers or have ill-paid binding. Our manufacturers don't know how to make the common cheap sorts and have us sell them for first class. They're afraid to--that's a fact. We don't want to know how.

But we're wide awake enough to buy the best, and slow Astoria is wide awake enough to buy it from us.

DENVER'S DIFFICULTY

Decision in the Fire and Police Board Case.

GOV. WAITE WAS NOT UPHELD

The Supreme Court Decides That He Has No Power to Induct His Appointees Into Office.

Denver, Col., March 24.—The supreme court has sent the fire and police board case back to the district court. The decision is in effect against the governor, and the matter is left where it was a week ago, when the governor called out the militia to seat his appointees.

Denver, March 24.—There is considerable uneasiness in the city because of the fact of the supreme court having decided against the governor. He now threatens to take the matter into his own hands. The committee of safety called a meeting for 4 o'clock, and will endeavor to have a conference with the governor.

There was a large attendance at the supreme court today to hear the opinion of the court on the question propounded by Gov. Waite involving the validity of his acts growing out of his removal of Orr and Martin as members of the fire and police board and the appointment of Barnes and Martin in their stead. It was to seat the latter that the governor called out the militia. The attempt failed, and then the governor asked the supreme court to say who were the legal members of the boards. The unanimous opinion of the court was adverse to the action of the governor in all things except that the court recognized his right to remove and appoint members of the boards. It was declared his power ended there, and that he could not induct his appointees into office, and his employment of the militia for this purpose was greatly in error and unauthorized by law.

The committee of safety held a special meeting at 4 o'clock, and after discussing the possibility of further trouble asked the governor to grant them an interview. The executive sent a reply that he would meet a committee of 20 or 25, but refused to see 40 or 50.

The sub-committee of safety waited upon the governor this evening and discussed the situation with him. Neither the governor nor the committeemen would divulge the results of the interview, but it is known the committee strongly advised the governor to abide by the decision, warning him that another resort to arms would not be tolerated.

EATABLES PLENTIFUL

Provisions in Abundance For the Commonwealth Army.

Massillon, O., March 24.—There seems to be no danger of the soldiers of Coxe's commonwealth starving. Populists along the proposed line of march are bestirring themselves. At Alliance a store room has been set apart as commissary headquarters, and this is packed with an endless variety of eatables. A farmer near Pittsburg sends word that he has slaughtered three oxen, and will have them roasted before the army arrives. At Canton arrangements have been made to give the soldiers their feast on Monday morning. A carload of potatoes, flour and provisions of other kinds has been donated by the farmers of Greentown, and contributions of money are coming in from other places along the line of march.

WILL FOLLOW McKANE

A New York Banker Arrested for Subornation of Perjury.

Brooklyn, March 24.—Justice Walsh issued warrants today for the arrest of Vincenzo de Vito, an Italian banker, of New York, and Valasco Ferrent, his clerk, on charges of subornation of perjury. There is evidence in the district attorney's office that De Vito sold naturalization papers to Italians just landed at from \$10 to \$15 apiece. The papers are forged, and have been used by the Italians to secure employment in city department work. In connection with these arrests, the World this evening devoted an entire page to a development of the case, which is an organized system of buying and selling citizen's papers obtained by fraud, selling them to aliens not lawfully entitled to be naturalized, and who have become parties to the fraud, and are controlled age.

and driven to the polls like sheep. The article further states that when these aliens return to their own country, the bogus papers are bought back at a big discount and sold again to new arrivals.

COXEY'S ARMY NEWS.

Washington, March 24.—Only three men gathered at the Coxe army headquarters today. Col. Redstone, in command, is not discouraged. He says that there will be 300,000 when the army arrives here May 1. He believes as soon as it comes that congress will pass Mr. Coxe's bill for the issue of \$500,000,000 of flat money, and for the employment of the idle by the government in making roads. Most members of congress look on the movement as an absurdity, which will soon melt away.

The men who had been inclined to laugh at the army as a visionary enterprise admit that there is much seriousness behind it. Mayor Reed, of Massillon, who has up to this time scoffed at the whole thing, tonight swore in 20 extra policemen. They will go on duty tomorrow. The streets are packed with strangers, and more people are coming on every train.

The actual enlistments now number 125, and the soldiers are being organized into groups of five, with an officer in every group. Pickets have been stationed, and all stragglers are kept away from the camp. Only newspaper men and those who have enlisted are admitted.

Coxey and Brown say there are certainly 300 men in sight this evening, and others are coming all the time.

MRS. LEASE TO THE FRONT.

Columbus, March 24.—Not to exceed half a dozen men this evening had reported to Gen. Coxe at the Gun Club grounds. Among these was Douglas McCullom, of Chicago, who said he came as agent to arrange for speeches by Mary E. Lease.

FRYE'S MEN MARCHING.

San Antonio, March 24.—The first company of sixty of Gen. Fyre's Industrial Army of 1,000 men are on their way to San Antonio, and the populists of San Antonio have arranged to feed and entertain the army during their stay.

WILLIAM'S INTENTIONS.

Believes the Resources of America Are a Menace to Europe.

(Copyrighted, 1894, by Associated Press.) Berlin, March 24.—Emperor William's high-flying intentions do not stop at the success achieved by the Russo-German commercial treaty. He recognized that the unbounded resources of America constitute a standing menace to European trade and industry; and although he has the greatest sympathy for America and Americans, the emperor is also awake to the danger of the competition of such a blow as that inflicted by the McKinley policy. His idea is that Europe must be prepared to take a common stand against any individual nation in Europe, but against all the world. The well known ambition of the emperor to bring about friendly commercial relations between European nations showed itself years ago and in the calling of the international congress in the interest of the better protection of workmen.

HOUSE PROCEEDINGS.

Washington, March 24.—The house, with 50 members present, is considering the postoffice appropriation bill in committee of the whole.

The lack of a quorum prevented the passing of a number of bills of local importance, for which unanimous consent was asked.

The amount appropriated for railroad transportation is \$25,500,000, \$1,400,000 less than the estimates.

Mr. Morse, republican, of Massachusetts, offered an amendment to set aside \$20,000 for the purpose of free delivery experiments in rural districts, other than towns and villages. The amendment was agreed to.

TRAINOR'S BOMBASTIC SPEECH.

Salt Lake, March 24.—Supreme President Trainor, of the A. P. A., made a speech here last night on the objects and aims of the association, during which he made a number of sensational statements. He declared that the order now controlled 2,000,000 votes, and would name the United States senators in several western states next year. He also said it was through the influence of that organization that John Y. McKane was sent to Sing Sing.

THE COLD INTENSE.

Omaha, March 24.—The second edition of the blizzard of Wednesday, which started last night, made itself felt all along the line of the Burlington in the northwest, completely blocking traffic at Sheridan, and forcing the road to suspend operations, except at the division points. Telegrams received at headquarters indicate the storm is abating in the northwest, although it is intensely cold. The Union Pacific is operating trains, but to considerable disadvantage.

CLEVELAND BESIEGED

Friends of the Bland Bill Waiting Upon Him.

REQUEST FROM MANY QUARTERS

Assertion That a Veto of the Bill Means the Loss of the Majority in the House.

Associated Press.

Washington, March 24.—President Cleveland's private office at the executive mansion was the center of unusual activity today, as the leading silver men of congress appeared before him to urge that he sign the Bland bill. At one time there were fifteen of them ranged about the president and earnestly pleading with him. They had come singly and in state delegations. A son of ex-Secretary of the Treasury McCullough came as a western banker to urge the signing of the bill. Representative Bryan was there to urge the desire of the far northwest that the bill be signed. Representative McMillan was just back from a visit to his state, which satisfied him, he said, that a silver veto meant political disaster. No effort was made to conceal the feeling that the existence of the present majority in congress depended on the signing of the bill. Representative McMillan said no democrat could be elected to congress in his state who would indorse a silver veto. He was just back from Mississippi, where he said the most intense feeling existed in opposition to a veto.

WANT BLAND'S BILL VETOED.

St. Louis, March 24.—A petition signed by all bankers and trust companies in this city, and by a large number of the leading merchants and business men, was mailed to President Cleveland tonight, urging him to veto the Bland bill.

THE CHINESE TREATY.

China Agrees to Prohibit the Emigration of Laborers to This Country.

Washington, March 24.—The text of the Chinese treaty was made public today. By article 1, China agrees to prohibit the immigration of laborers to the United States. Article 2, relates to the return of registered laborers who may have gone back to China, leaving in this country property valued at \$1,000, or more. It applies also to lawful wives and children of such registered Chinese. Article 3 specifies the rights of Chinese officials, teachers, students, etc., coming to and residing in the United States. Article 4 guarantees on the part of the United States the safety of the persons and property of Chinese residing in this country. By article 5 the United States recognizes the right of the Chinese government to enforce, in the case of American laborers residing in China, regulations similar to those applicable to the Chinese residing in the United States. The treaty was signed in duplicate on March 17, by Secretary Gresham and Yang Yu, Chinese minister at Washington.

LOW PRICE FOR WHEAT.

New York, March 24.—May wheat touched a lower price today than it ever did before. There was no heavy selling at the decline, the market weakening gradually on the depressing news, chiefly of small weekly exports of wheat and flour from both coasts, fair weather in the wheat belt and the bearish Illinois state crop report. At the close prices rallied on the talk of a severe blizzard in the northwest.

A SWELL DINNER.

New York, March 24.—The Democratic club of this city gave a dinner tonight, at which the members were present. Letters of regret were received from Gov. Flower, Russell, Wert and Speaker Crisp, Secretary Carlisle, Senator D. R. Hill, Bourke Cockran and Frederick R. Coudert. Recorder Frederick S.

Smyth, the first speaker, thought the present outlook for the party was not as promising as it might be. Hon. R. B. Roosevelt, among other things, said he expressed regret that President Cleveland had sent word to the commercial men of this city not to go to Washington. He had virtually tabooed New York.

PRENDERGAST'S RESPIRE.

Chicago, March 24.—By agreement between the attorneys, the hearing on the question of Assasin Prendergast's insanity was postponed till next Tuesday morning.

Before being removed from the court room Prendergast became violently angry with the bailiffs who attempted to silence him, and screaming with rage fought them fiercely. He was finally lifted up bodily and carried out.

ANOTHER BLIZZARD RAGING.

St. Paul, March 24.—Advises from various parts of the northwest tell of another blizzard raging. At Duluth it is the worst of the winter. It rages fiercely all along the lakes. Washburn, Wis., reports a foot of snow, and still falling. The storm also rages throughout Minnesota and the Dakotas, with little snow, but icy gales.

WHIP AND SPUR.

San Francisco, March 24.—The racing today resulted as follows:
Half mile—Roy Alfonso, 6:49 3/4.
Five furlongs—Motto, 1:31 1/2.
Six and one-half furlongs—Catch Em, 1:32.
One and one-quarter miles—Hotspur, 3:09 1/4.
Mile and one furlong, five hurdles—Templemore, 2:17 1/2.

FATALITIES AT A FIRE.

San Francisco, March 24.—A fatal fire occurred here this morning at about 5 o'clock. The two-story and basement frame residence at 220 Haight street was destroyed, and Mrs. Jennie Ross, with her five-months-old baby, perished in the flames. Other inmates of the building had a narrow escape. It is thought the fire was of incendiary origin.

RIPE EGGS AS WEAPONS.

Toledo, March 24.—The street-car strike continues. The strikers have adopted the novel method of pelting the cars with rotten eggs, which not only keeps the passengers off, but being thrown from the midst of a crowd, the throwers cannot be identified, so no arrests can be made with a probability of conviction.

THE ARCHER ABANDONED.

Port Townsend, Wash., March 24.—A private dispatch from Victoria says the British bark Archer, bound from Vancouver to the Columbia river, was found abandoned off Barclay Sound by the British tug Maude. Nothing is known concerning the crew.

DENIED THE MOTION.

Portland, March 24.—Judge Bellinger today denied the motion of C. J. Mulvey, William Dunbar and P. J. Bannon, convicted of smuggling Chinese laborers, for a new trial. No date was set for passing sentence.

THIRTY KILLED.

London, March 24.—Dispatches from Santander, Spain, fix the number of the killed by the explosion of dynamite which was being removed from the sunken steamer Cabo Machichaco, at thirty.

A DESCENDANT OF WASHINGTON.

Huntington, W. Va., March 24.—Wallace Washington, a descendant of George Washington, died last night. He was chief clerk of the chief of police of Richmond, Va.

SNOWFALL IN COLORADO.

Denver, March 24.—Light snow began falling before noon. Indications show that the storm extends over Colorado, Wyoming, Utah, Western Kansas and Nebraska. The snow here is melting as fast as it falls.

BOILER EXPLOSION.

Rockford, Ill., March 24.—By the explosion of a boiler in a tile factory at Gilbert, south of this city, this morning, Fred Tornow, the engineer, was killed. The explosion was caused by fire, which did \$40,000 damage.
