

# The Daily Morning Astorian

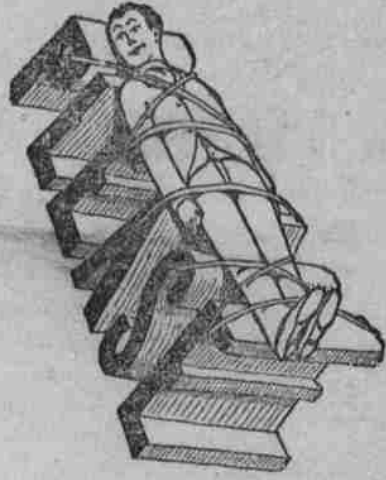

EXCLUSIVE TELEGRAPHIC PRESS REPORT.

VOL. XLII, NO. 82.

ASTORIA, OREGON, SUNDAY MORNING, APRIL 8, 1894.

PRICE, FIVE CENTS.

## BOUND TO PLEASE

We are "bound to please" as much so as the individual herein is bound to "Please" and every one of our thousands of customers testify that we more than succeed. We do it by a line of goods that isn't surpassed, and by prices that are lower every day in the year than the so called Bankrupt Sales, which some of our contemporaries herald with the blare of deafening advertisements. Plain, honest statements count for most.

Save from 16% to 33% per cent by buying of your Clothing, Furnishing Goods, Hats, Caps, Boots, Shoes, Trunks, Valises etc.

### The OSGOOD MERCANTILE CO.

The One Price Clothiers, Hatters And Furnishers.  
506 and 508 3rd St., Next to Griffin & Reed's Book Store. Astoria.

THE UNITED STATES paid Russia \$7,200,000 for Alaska and the seals. The English have said, if they swim out of our creeks, they belong to them. It's just like the crows coming over from Washington every day. They're sure to return towards night. They belong to Washington. We don't claim them. That's the dispute in a nutshell. It's just about like that with our fancy work baskets. As soon as they get away from our store the merchants of Portland or San Francisco get credit for having sold them. We don't want war, however. We'll arbitrate. Give the other fellows all the credit—but go on buying our baskets.

Griffin & Reed.

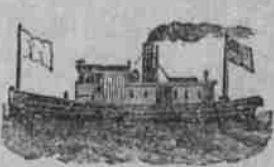

### CALIFORNIA WINE HOUSE.

## Fine Wines and Liquors.

I have made arrangements for supplying any brand of wines in quantities to suit at the lowest cash figures. The trade and families supplied. All orders delivered free in Astoria.

H. W. UTZINGER, Main Street, Astoria, Oregon.

## THE CHINESE TREATY

Considered by the Senate in Executive Session.

THE ARGUMENTS AGAINST IT Mitchell of Oregon Proposes That It Be Debated in Open Session.

Associated Press.

Washington, April 7.—This was the first Saturday session of the senate during the regular session of congress. There was some expectancy in the senate that opposition to the tariff might be manifested in a manner similar to that of yesterday, but the journal was read and approved and routine business progressed with few interruptions.

The senate considered the Chinese treaty indirectly for two hours in executive session this evening. A motion was made by Mitchell, of Oregon, to debate the treaty in open session, but without accomplishing anything. There was more or less incidental reference to the merits of the treaty as such, but the debate turned upon the propriety of discussing the question with open doors so the world at large might know what had transpired, and the senators favorable to this proposition consumed the greater part of the time of the session. Senators Mitchell, Perkins and Stewart were the principal speakers. They based their arguments upon the importance of the subject to their constituents, and dwelt upon the injustice of such enactment as what is proposed without giving the people who were so largely interested full information as to the reasons for the proceedings. Senator Perkins said the country is at present in great distress, and stated that there were 50,000 white men out of employment in California. It would be a great injustice at any time, and especially at such a time as the present, to open the doors to Chinese immigration, as this treaty would do if ratified by the senate.

### AMERICAN WOOL ABROAD.

Englishmen Predict a Rise in Price if the Wilson Bill Passes.

Washington, April 7.—United States Consul Meeder, at Bradford, England, reports to the state department, under date of March 13, that during the preceding month large quantities of American wool have been offered for sale in Bradford. This has been so unusual as to attract attention and cause no end of gossip. As a general thing, the prices of all grades of American wool are now practically the same as similar grades in England. Wool merchants at Bradford assert that the moment the tariff bill passes with free wool the prices of American wool will revolve, and some of them are so strong in this opinion that they have made large investments in wool now held in Philadelphia and Boston. They say that free wool will give an impetus to manufacturers and cause American wool to be mixed with finer foreign wools, and that a demand for American wool for manufacturing purposes will set in immediately.

### OREGON'S NEXT GOVERNOR.

Portland, Ore., April 7.—As the time for the republican state convention approaches sentiment seems to be growing in favor of the nomination of Hon. C. W. Fulton, of Astoria, for governor. While no mention was made of the matter in the county convention here today, it is understood that the delegates to the state convention favor his nomination.

### WHIP AND SPUR.

San Francisco, April 7.—The racing today resulted as follows:  
Half mile—Piquante, 9:49 1-4.  
Six furlongs—St. Croix, 1:13 3-4.  
Mile and one-quarter—Thornhill, 2:12.  
One mile—Centella, 1:42.  
Six furlongs—Thilo, 1:13 2-4.

### THE SAINTS' CONFERENCE.

Salt Lake, April 7.—At the conference of Latter Day Saints today Wilford Woodruff was elected prophet, seer and revelator and president of the Church of Jesus Christ of Latter Day Saints in all the world.

### MEETING OF RULERS.

The Exchange of Courtesies Between William and King Humbert.

(Copyrighted, 1894, by Associated Press.)  
Berlin, April 7.—The greatest interest is taken here in the exchange of courtesies taking place at Venice between Emperor William and King Humbert. Dispatches from Venice say the Von Molke, with the emperor on board, arrived at Maltonero, off the Bay of Venice, at 10 o'clock this morning. The German warship was met by five steamers containing a party of German residents and municipal authorities. An artillery salute announced the entrance of the Von Molke into the harbor. Dur-

ing the passage from Maltonero, Emperor William remained on the bridge of the Von Molke, replying to the military salutes. He was greeted with hearty cheers on all sides.

### THE CANAL PROJECT.

Governors of Various States and Many Congressmen Favor Its Construction.

Boston, Mass., April 7.—The Traveller of this city recently sent out a letter to the governors of various states and the more prominent members of congress, asking opinions of the value of the Nicaragua canal to this country, and whether or not the government should construct and control the waterways. Answers have been received from 31 governors and 40 members of congress. The governors of the southern states, without exception, either favor government building and owning the canal outright, or extending aid to whatever corporation builds it. Governor McGraw, of Washington, believes that the United States government should construct and operate the canal. Congressman Bynum, of Indiana; Washington, of Tennessee, and Kilgore, Bell and Abbott, of Texas, declare heartily in favor of construction, but say they would not vote for any measure which would pledge the United States to guarantee the bonds of any private corporation. Senators Dolph and Mitchell, of Oregon, and a number of others of both political parties, say they are in favor and will vote for such a bill as that proposed by Senator Morgan.

### COMPROMISE VERDICT.

A Washington Murderer Found Guilty of Assault and Battery.

Dayton, Wash., April 7.—Edward Hill, who has been on trial for the murder of Langford Sumners, an aged farmer at Colfax, a year ago, was today found guilty of assault and battery, the jury being out 15 hours. Hill and a number of friends, who had been drinking, caused a disturbance on the street. Sumners passed by, remarking that they had better keep quiet or they would be arrested. A fight ensued, in which Hill stabbed and killed Sumners. He was arrested, but escaped from jail and went to Arizona, where he was again arrested and taken to Colfax. On account of the intense feeling against him there he received a change of venue to this county.

### MULTINOMAH REPUBLICANS.

Portland, April 7.—The republican county convention is in session here today. The forenoon was consumed in electing organization. Sol. Hirsch was elected chairman.

The convention tonight completed the county ticket as follows: State senator, Joseph Simon; county judge, H. H. Northup; sheriff, J. W. Minto; clerk of the circuit court, D. J. Moore; clerk of the county court, H. C. Smith; assessor, R. S. Greenleaf; treasurer, A. W. Lambert; superintendent of schools, J. H. Ackerman; recorder, H. C. Allen; surveyor, A. T. Hammond; coroner, C. W. Cornelius. Nine representatives were nominated. At the conclusion of the county convention the city republican convention nominated George P. Frank for mayor by acclamation, and C. M. Smith for municipal judge.

### OUTRAGES BY HUNGARIANS.

Uniontown, Pa., April 7.—The plants of the southern end of the region are resuming operations under the protection of deputies. No interference was attempted at any but the Lemont works, where the Hungarians assaulted the men with clubs and stones, driving them from the yards. A hundred men are ready to return to work, but are afraid. The strikers at the Oliver plant threatened to stop the pumps and flood the mine. Trouble is expected when the company resumes.

### THE SITUATION IN HONOLULU.

Honolulu, March 31.—The Japanese question is the absorbing topic of interest. Since the arrival of the Japanese warship "Takachino," the Japs have taken on an independent air, and are claiming the right to a voice in the affairs of the government. Likely the Chinese will join forces with the Japanese. In that case the Asiatics will be stronger by many thousands than the white population of the islands. The Portuguese have also made demands upon their government for warships. Minister Willis' attitude is visibly becoming more and more friendly.

### ANOTHER BATTLE IN BRAZIL.

Buenos Ayres, April 7.—It is reported that the insurgents of Brazil have captured the Rio Grande de Sul, after a bombardment of that city. The Aquidaban is now cruising outside the harbor in anticipation of meeting President Peixoto's fleet, which sailed recently from Rio Janeiro with the intention of engaging the insurgents' squadron.

### COUNTERFEITERS ARRESTED.

Whitcomb, Wash., April 7.—Two men, giving the names of Clinton M. Adams and Frank Darling, are in custody here on the charge of passing counterfeit money.

## THE INDUSTRIAL ARMY

The Advance Guard Arrives at Washington.

GATHERED IN BY THE POLICE Probability that the San Francisco Contingent Will Be Delayed En Route.

Associated Press.

Washington, April 7.—The advance guard of the army of unemployed arrived here shortly after 7 o'clock this evening. It came in the form of 41 men, packed in a box car, on the Baltimore and Ohio road. Chief of Police Moore had prepared for them, and the visitors were crowded into patrol wagons and taken to the police station to await their final disposition at court Monday morning. They bore no ill-will against the authorities, and rather seemed pleased with being supplied with food and lodgings.

### COXEY'S MEN WEARY.

McKeesport, Pa., April 7.—Yesterday was a hard one to Coxe's army, the men in which are footsore, weary and discouraged, and if it were not for the strict discipline of the unknown Smith, half of them would have deserted, as about a score have already done.

### LOOKING FOR TRANSPORTATION.

San Bernardino, April 7.—The industrial army, numbering 156 persons, marched into this city this evening, where the men propose to charter two box cars to take them to the Missouri river. Falling in this, it is impossible to say how they will be able to cross the desert without suffering from thirst and starvation. They have a team with them to haul their provisions and blankets and have considerable baggage. A number of men will meet them at this point. So far they have conducted themselves in a quiet and orderly manner.

### THE NORTHWEST CONTINGENT.

Seattle Contributes Seventy-two Men to Swell the Roll of Coxe's Army.

Seattle, April 7.—The Northwest industrial army was organized here this afternoon with 72 names on the roll, and Henry Shepard was elected president. Mr. Shepard secured two empty stores from the Northern Pacific Railroad Co., on the tide flats, and drew up a set of resolutions for adoption. He then went around the city inviting men to the meeting that was to be held at 3 o'clock in the afternoon. At that time about 200 respectable laboring men had assembled in the rooms, and as many more crowded on the sidewalk in front. He then offered resolutions, reciting the business depression, and the presence of the large number of unemployed in the city and the necessity of steps to be taken for improving their condition, declaring that the undersigned law-abiding citizens would agree to organize for mutual improvement and subscribe under certain conditions. The conditions are "to uphold the constitution of the United States; to recognize only the honest workmen, and to assist any officer in the lawful discharge of his duties; to repudiate all connection with drunkards, thieves and convicts, and to pledge themselves to protect life, liberty and property."

### A NEW PHASE.

The Industrial Army's Progress Likely to Receive a Check.

Salt Lake, April 7.—The authorities of Utah are advised that a contingent of the so-called industrial army, about 1,000 strong, are en route from the Pacific Coast on the Southern Pacific, and that they will arrive at Ogden tomorrow morning. From the best information, these men are destitute and have no means of transportation east of Ogden. The officials of the Rio Grande Western road say they cannot transport them east because their road terminates at Grand Junction, Col., and that the laws of Colorado impose a fine of \$500 for each indigent person brought into the state by common carriers. Gov. West has notified the Southern Pacific that he positively forbids them to bring this large body of men into the territory,

and he will hold the railroad responsible for any damages that may ensue by so doing.

Reno, Nev., April 7.—The San Francisco-Sacramento contingent of Coxe's army, consisting of 1,000 men, passed through town this morning. They occupied 23 combination cars, besides two cars of rations. About 30 recruits were at the depot with blankets, desiring to join the army, but the train was run through so rapidly no one could get off or on, and the Reno contingent is much disappointed.

### GOOD MEN SCARCE.

Klamath Falls, Ore., April 7.—The democratic county convention today made the following nominations: Judge, G. W. Smith; sheriff, J. H. Smart; clerk, O. H. Harsbarger; assessor, J. H. Chastain; treasurer, Alex. Martin; superintendent of schools, W. T. Butcher; commissioner, Fred Melrose. A delegate moved that the office of surveyor remain blank, stating that there was not a man in the county capable of filling it. The motion was carried. R. G. Galbraith, populist candidate for coroner, was indorsed.

### MALICIOUS SCHEME FRUSTRATED.

Olympia, April 7.—The Union Pacific officials have been notified of a malicious attempt to drain Barnes Lake, one mile south of Olympia, by aid of the Union Pacific roadbed. Had the efforts proved successful a body of water two-thirds of a mile long, half a mile wide and about 25 feet deep would have flooded the surrounding country, doing hundreds of thousands of dollars damage. The lake is now guarded day and night by a deputy appointed by the county commissioner.

### DEMOCRATIC NOMINATIONS.

Tillamook, Ore., April 7.—The democratic county convention today nominated the following candidates for county officers: County judge, W. W. Conder; clerk, T. H. Goyne; sheriff, J. D. Edwards; commissioner, T. J. Lucy, W. A. Cone; school superintendent, Mrs. G. W. Willey; treasurer, A. Williams; assessor, Theo. Steinhilber; surveyor, L. Smith; coroner, Dr. Madison; delegates to state and district convention, E. E. Selph, Sam Downs, T. J. Lucy.

### A HEAD-END COLLISION.

Evansville, Wyo., April 7.—At 5 o'clock this evening, two miles west of Hilliard, there was a head-end collision, in which Engineer Juggins, Conductor Shirk and brakeman Weaver were badly injured. A week train engine, flagging to Aspen for water, was struck by a west-bound special freight running slow, with orders to look out for the work train. A blinding snowstorm prevented the engineer seeing the danger.

### DISABLED IN A FIGHT.

Cleveland, April 7.—In a prize fight last night Jack Donovan got a blow over the heart, nearly killing him. He is still in a precarious condition. His brother was killed in a prize fight at Syracuse a year ago last night.

### THE STRIKERS ACTIVE.

Connellsville, April 7.—There is more activity in all parts of the region today than at any time since the collapse of the strike Thursday. The strikers, however have not given up the contest.

### PREMATURE BLAST.

Pittsburg, April 7.—A premature explosion of a blast at the new Westinghouse electric works, Brinton, instantly killed three laborers and seriously injured four more. The bodies of the men killed were terribly mangled.

### THE VOTE WILL KEEP.

St. Joseph, April 7.—Senator Murphy, of New York, passed through the city today on the way to Glenwood Springs, Colorado. The senator thought the senate would hardly vote on the tariff bill until November.

### HEATH'S TRIAL FOR MURDER.

Frisano, April 7.—The Heath case was given to the jury at 5:15, and the jury is still out. No one believes Heath will be convicted.

### FAIR BUILDINGS HOLD.

Chicago, April 7.—All the world's fair buildings were sold today at private sale to T. G. G. Garrett, a St. Louis contractor, for \$25,000.

### ARGUMENT BEGUN.

Washington, April 7.—Argument was begun in the Breckenridge-Pollard case today.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

**Royal Baking Powder**  
ABSOLUTELY PURE
