THE UNITED STATES paid Russia \$7,200,000 for Alaska and the seals. The English have said, if they swim out of our creeks, they belong to them. It's just like the crows coming over from Washington every day. They're sure to return towards night. They belong to Washington. We don't claim them. That's the dispute in a nutshell. It's just about like that with our fancy work baskets. As soon as they get away from our store the merchants of Portland or San Francisco get credit for having sold them. We don't want war, however. We'll arbitrate. Give the other fellows all the credit—but go on buying our baskets.

CALIFORNIA WINE HOUSE.

THE NEXT GOVERNOR

Lord Nominated on the Second Ballot.

THE VOTE STOOD 146 TO 122.

Senator Fulton Made a Felicitous Speech Endorsing the Nomination.

Associated Press.

Portland, April 11.—W. L. Boies, chairman of the state central committee, called the republican state convention to order at 11 a. m. today, and stated that the central committee recommended Thomas H. Tongue be made temporary chairman. On motion Mr. Tongue was unanimously elected. O. F. Paxton was chosen secretary and J. B. Eddy assistant secretary.

A committee of five on credentials, a committee of five on order of business and permanent organization and a committee on platform, consisting of one from each delegation, were then appointed, after which the convention took a recess till 1:30 p. m.

Following is the committee on credentials: C. E. Runyon, Clatsop; C. U. Snider, Lake; S. B. Willey, Multnomah; L. P. Smith, Tillamook; M. A. Moody, Wasco.

Committee on order of business: C. H. Carey, Multnomah; W. P. Looney, Marion; H. R. Cliff, Columbia; E. Vanslick, Baker; H. M. Kubli, Jackson. Among those composing the committee on platform are D. K. Warren, of Clatsop; A. N. Gilbert, of Marion; H. J. Bean, of Umatilla, and Harvey W. Scott, of Multnomah.

There appears to be no change in the situation. It is stated that Judge Lord has notified his supporters that he is not a candidate for supreme judge, in the event he does not receive the gubernatorial nomination.

The secretaryship of state has narrowed down to Kincaid and Hirsch. For state printer Baker and Dunaway have the largest following. McElroy is a candidate now for his present office.

For congressman Ellis' nomination is almost assured. It will probably be late this afternoon when the nominations are reached. The ballot on congressman will probably go over till tomorrow.

It is thought that the platform will follow closely to the lines of the national platform of 1892 on the silver question.

The afternoon session was opened at 2 o'clock. Before proceeding to business the convention was favored with a few musical selections by the Multnomah Club quartet. A selection known as "Good-bye, Grover," sung to the tune of "Two Little Girls in Blue," was received with the wildest applause.

At this stage the chairman announced that Hon. Robert T. Lincoln, ex-minister to England, was in the city. A motion was immediately made and adopted to appoint a committee to escort him to the convention hall.

The report of the committee on credentials was adopted, after a few minor corrections. The report of the committee on order of business and permanent organization was read and adopted. According to the report adopted, the governor is to be nominated first. This will precipitate a fight. It was feared by the Lord men that the Fulton men on the committee might succeed in framing a report placing the nomination for supreme judge before the governor, and by nominating Lord for supreme judge leave the coast clear for Fulton for governor.

The report of the platform committee was unanimously adopted.

The nominations for governor were called for. A. N. Gilbert, of Marion county, placed Judge Lord in nomination. His nomination was seconded by Sheilore, of Douglas, and Miller, of Josephine.

C. W. Fulton was nominated by Judge Raleigh Stott, of Multnomah, and S. I. S. Lester, of Clatsop, and Chairman Tongue seconded the nomination of Fulton. Brownell, of Clackamas, nominated

Hon. J. T. Apperson, of Clackamas. McGinn, of Multnomah, seconded Lord's nomination.

The first ballot resulted: Lord, 130; Fulton, 123; Apperson, 42. No choice. The second ballot resulted in the nomination of Lord. The vote was as follows: Lord, 146; Fulton, 122; scattering, 2.

After the announcement of the vote for governor, there were loud cries for Fulton. In a very modest manner he came forward to the platform and spoke briefly in eulogy of Judge Lord and the republican party. He said he did not feel a particle sore over the result, and desired to thank his friends who had supported him. He predicted success for the republican party. At the conclusion of his remarks cheer after cheer was given for him, and it is safe to say that Charley Fulton has fewer enemies in Portland tonight than any other man. Admiration was expressed on all sides at the enthusiastic and manly manner in which Mr. Fulton spoke of his victorious opponent.

The following platform was adopted: The representatives of the republicans of the state of Oregon, in convention assembled, call attention to the condition of industry and business throughout the country as a proof of the necessity for returning to the policy of the republican party, under which there was general prosperity during thirty years.

We reaffirm the principles of the republican national platform of 1892, and assert that the results that followed the change decreed by the elections of that year have justified our protest against the national policy announced by the democratic party.

We affirm that the policy of consistent protection is necessary for the advancement and conservation of our industrial interests, for the assurance to labor of steady employment and adequate wages, for the promotion and maintenance of prosperity, local and general. We point to the past, and to the contract furnished by the present, in support of this claim; and we condemn and condemn the democratic tariff program, as developed in congress, as highly injurious to the productive and industrial interests of the country, and in particular as hurtful to those of our own state. We denounce the action of the democratic party in congress for its discrimination against producers in our fields, forests and mines, and in favor of particular classes of manufacturers, chiefly of the east, and of special interest in the south. We reaffirm the doctrine of the republican party in relation to money, as stated in our national platform of 1892, particularly as follows, to-wit: The American people, from tradition and interest, favor bimetallism, and the republican party demands the use of both gold and silver as standard money, subject to such restrictions and under such provisions as may be determined by legislation, as will secure the maintenance of parity of values of the two metals, so that the purchasing and debt-paying power of a dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other.

We commend the efforts made by our government hitherto to secure international conference to adopt such measures as will insure a parity of value between gold and silver throughout the world, and call upon it to renew and to continue such efforts.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and also to build up and maintain American commerce. It is moreover of special importance to our Pacific states, and we favor its construction as speedily as possible by the government of the United States.

We demand the enactment of rigid restrictions on foreign immigration, both for the protection of our country against illiterate and vicious classes from foreign lands and for the protection of our labor and preservation to our own people of the remainder of our national domain; and to these ends we call for a suitable capitation tax upon all immigrants.

In our state affairs we demand the closest security and economy in expenditures. We condemn the profligality and excess of past legislatures, and call upon the next legislative assembly to keep all appropriations within the limits of the most economical administration consistent with efficiency. The offices of the administrative departments of the state have become too expensive, and their expenses must be reduced. When the constitution fixes a salary the constitutional salary only should be paid, without additional emoluments. The practice of employing unnecessary clerks and of paying fees in excess of just payment for services needed or rendered has become an abuse that must be cut off, and we pledge the republican party to the prosecution and accomplishment of this re-

form. District attorneys and other officials should be paid fixed salaries, since the payment of fees encourages litigation and entails upon taxpayers heavy and needless expense.

We commend the policy of the republican party in relation to internal improvements, and in particular in the opening of our water ways to commerce, and we denounce the illiberality of the democratic party in these important matters.

Experience in our fisheries has shown that to prevent the wholesale destruction of fish, all fish traps, fish wheels and fish seines, and all other gear now in use, except gill nets, should be abolished.

STORM IN THE EAST.

New York, April 11.—A severe storm is raging along the Atlantic Coast. The wind is blowing 70 miles an hour at Sandy Hook. At Warsaw, N. Y., the snow is 30 inches on the level and is still falling. A vessel went to pieces near Highland. Eight men were drowned.

Another vessel is ashore off Squan. The entire crew of 12 men were drowned. The vessel is a complete wreck. The furious gale and blinding storm prevents effective work by the life-saving crew.

STRIKE RESUMED.

The Strikers Brutally Beat Several of the Workmen.

Uniontown, Pa., April 11.—The war in the coke region has broken out again. Rioting and raiding has been the program since early morning. Fierce battles have been averted only by concessions on the part of the company. An armed mob of 400 strikers swooped down upon the plant of the Youngstown works. H. C. Fricke & Co.'s workmen were brutally beaten. The strikers are armed.

OPIUM SEIZURE IN FRISCO.

San Francisco, April 11.—Five hundred five-tael tins of opium, valued at nearly \$5,000, were seized by customs officers this morning on the steamer Queen when she docked from Victoria and Puget Sound ports. A quantity of opium was also found on the Asiatic steamer Belgic. Altogether 820 tins of the contraband drug were seized by Collector Wise's men this morning. It is valued at over \$6,000.

HELPED ON THEIR WAY.

Ogden, April 11.—C. P. Huntington telegraphed Gov. West today that he would give \$100 toward helping the industrial army on its way east. At 4:30 this afternoon the army started on its march east, escorted by a detachment of cavalry, which will accompany them to the Wyoming line.

SNOW AND WIND.

Philadelphia, April 11.—A storm extends throughout Pennsylvania of great severity. The schooner Albert W. Smith, of Philadelphia, for Providence, was driven ashore during the storm and eight men drowned. At Lancaster 18 inches of snow fell. The telegraph wires are all down.

A SHORT SESSION.

Washington, April 11.—Immediately after the reading of the journal today the house got in a deadlock over the technical parliamentary question of the republicans not voting, and the democrats lacked 23 of a quorum. No business could be transacted, and at 1:30 the house adjourned.

THE ARMY MOVES.

Uniontown, Pa., April 11.—The Coxey army started on their mountain trip at noon, in spite of the bad weather. Several deserters rejoined the ranks. They will stop tonight at Chalk Hill, eight miles from here.

THE JURY DISCHARGED.

Fresno, April 11.—After 81 hours of deliberation, the jury in the Heath case was discharged this morning. It stood ten for conviction and two for acquittal.

SOMETHING NEW.

Oakland, April 11.—A female brigade of the industrial army is being organized here. Two hundred names are now on the list, and arrangements are being made for their transportation to the east. Frank Cartier was this morning elected colonel.

HOW IT HAPPENED

An Alleged Combination Defeated Fulton.

ADMIRING BY MANY DELEGATES

New Blood Was Wanted in the State House—Hirsch Not in Demand.

Associated Press.

Portland, April 11.—The question, "Why was Fulton Defeated?" is answered by a prominent republican, who is a friend of both Lord and Fulton, as follows: "There was a general sentiment throughout the state for a 'new deal,' and delegates came here imbued with that sentiment. It was generally believed that the nomination of Fulton for governor meant that Edward Hirsch would be chosen as secretary of state, and the majority of the delegates from Eastern Oregon and the Willamette valley were determined that the nomination for secretary of state should go to some one else. It was only due to the ability of his brother, Sol. Hirsch, as a politician that he received the large vote that was given him. Mr. Ed. Hirsch is a good man, but the people wanted new blood in the state house. Fulton is admired by nearly every delegate in the convention, but his supposed combination with Hirsch is, in my opinion, the one thing that defeated him."

THE BRECKENRIDGE TRIAL.

Washington, April 11.—Col. Thompson concluded his arguments for the defense in the Pollard-Breckenridge trial today, and Ben Butterworth followed him for the defendant. He spoke of his long acquaintance with the defendant, and his laudation of him—was followed by applause from the spectators. Judge Bradley rapped on his desk. "Now you may reach the court room," he said to the bailiff. "We have had enough outrages in this court room." No one stirred, at which the judge said: "Every one not a member of the bar will have to leave the court room." Several were escorted out of the room by the bailiff, but more than half of the crowd remained.

THE ALASKA SALMON WAR.

San Francisco, April 11.—The Call says that the salmon war waged last year between the Alaska Canning Company and D. R. Hume is liable to continue this year. Hume will refuse to join the salmon combine and will make the price of salmon so cheap that the catching and packing of them will not pay expenses. A large number of the schooners fitted out by sealers are also going into the salmon business, and altogether the prospects for cheap salmon are very good.

SECURED A DIVORCE.

San Bernardino, Cal., April 11.—A divorce case was tried in the superior court, in which Elizabeth Johnson was the plaintiff and H. M. Johnson the defendant. The husband filed a cross-bill, alleging adultery, and named as co-respondents James J. Corbett and J. E. Mallinson. As the plaintiff did not appear at the trial the court granted a divorce on the husband's cross-bill.

WHIP AND SPUR.

San Francisco, April 11.—Following is the result of the races today: Five furlongs—Silver, 1:32 3/4. Half mile, for two-year-olds, maidens—Tiger, 0:59 1/2. One Mile—Hy Dr, 1:45 3/4. Six furlongs, handicap—Romain, 1:32. Six furlongs—Tigress, 1:31 1/4.

A JURY SECURED.

Pomeroy, Wash., April 11.—A jury was secured in the Edmiston trial today. The defense made a motion to quash the information, but was overruled, and the trial will proceed tomorrow.
