High water in the Columbia so early this season is considered by many an indication of a small rise in June, while others prophesy that the freshet this year will be of more than usual volume. There is enough snow in the mountains to cause a flood in June if the conditions are favorable; but nothing can be forefold in this regard until the time comes. One can ten more about high water the last days of June than he can in the middle of April.—Telegram.

A WONDERFUL ENGINE.

Cannot Be Surpassed.

An engine exerting surpassing rower is always a source of wonder, and yet how many are entirely forgetful of the existence within themselves of an engine more powerful and enduring than any ever invented. Not perhaps until they experience irregular pulse, heart fluttering, asthmatic breathing, tenderness in shoulder and arm, swollen ankles, weak and hungry spells, smohering, short breath, or pain in side, when its existence is no longer to be denied, as the possessor must know he has heart disease. Mrs. LeBar, Fitchburg, Mich., had beart disease fifteen years; had to hire house help; lived on liquid food, used Dr. Miles' Heart Cure and all symnoms left her. Continued use cured her. Sold by Chas. Rogers on a guarantee, who will give you a doctor's book fros.

Press Report

THE ASTORIAN is in possession of all thetelegraphic news service franchises, and is the only paper on the Columbia river that publishes genuine dispatches. The circulation is much greater than that of all other Astoria papers combined. The Weekly edition contains a carefully selected resume of the most importan telegraphic and local news.

UBSCRIBERS to either the Daily or Weekly may secure a valuable book, the Life and Works of James G. Blaine, by adding one dollar to the regular subscription price of the paper. The book is well worth three dollars, and may be inspected at the business office of the Astorian. A full description of this attractive premium is given elsewhere in this paper.
