## ALLEN'S RESOLUTION.

Discussion in the Senate on Receiving Coxeyites.

### RUMORED TARIFF AGREEMENT

The President Said to Sanction the Changes in the Tariff Bill By the Committee.

Associated Press.

Washington, April 26.—Immediately after the reading of the journal in the senate Senator Jarvis, recently appointed from North Carolina to succeed the late Senator Vance, was sworn in.

Senator Allen's Coxey resolution then came up, and Allen stated that there would be no objection on the Democratic side to its passage.

Vest, however, opposed it. He declared the men who were marching to Washington would be protected in their rights, but they would have to learn to abide by the laws of the land, and if congress for an instant compromised with them it would open a crevasse which would end in a flood of final destruction.

Walcott also entered a vigorous protest against passing the resolution. It was to be regretted that the governors of certain states had been so unwise as to urge these men to make a descent upon the capitol of the United States. His own state had the misfortune to have one of these governors, whose antics had brought discredit and dishonor to the commonwealth and sullied her fair name. There was today no man who sincerely desired to work for the support of himself and his family who could not get work or bread to put into the mouths of himself and his little ones until work could be found. He believed the time has come when those of us who are in public life ought to begin to cultivate more regard for the perpetuity of republican institutions, and to ponder less to that mistle portion of the labor vote whose labor is with their throats and never with their hands. It is time we stood up for American manhood, for the right of every man to work, if he wants to, if it takes the whole army of the United States to enable him to do so. It is time we had courage to stand together against this socialism, populism and paternalism, which is running riot in this country, and which must end in the destruction of the liberties which the laws give us—liberties which should be dearer to us than life itself.

Dolph, of Oregon, said: "No one denied the right of citizens to peaceably assemble to petition congress or to visit the capitol. His objection to the resolution lay in the fact that it was accompanied by a lying preamble, which was in effect a censure of the authorities of the District of Columbia.

At 1:45, before any action had been taken on the resolution, Harris moved to take up the resolution providing that "tomorrow, and until otherwise ordered, the senate shall meet at 11 o'clock a. m." Carried—54 to 6.

### A SECRET CONFERENCE.

To Secure the Passage of the Tariff Bill By a Party Vote.

Washington, April 26.—The Democratic members of the senate committee of finance held a meeting today for the purpose of conferring over the proposed changes in the tariff bill. Secretary Carlisle was before the committee. There is no room for doubt that the committee has agreed upon a policy, but all parties to the conference are very reticent. It is known that the income tax bill has been altered so as to not discriminate against persons who derive incomes from incorporations or business partnerships. Other changes also have been made which, it is believed, will satisfy its opponents. It is believed, also, that amendments to many schedules have been agreed to. Secretary Carlisle is in sympathy with the efforts of the committee to obtain a bill that will surely pass by a party vote, and there are good reasons for believing the movement has the sanction of the president.

### WILL NOT ACCEPT.

St. Paul, April 26.—The outlook in the Great Northern affairs today is that the men are not going to hold any conference with President Hill again, and under no circumstances will they accept his proposition for arbitration and go to work pending a settlement. The road this afternoon made up a

freight train to send through to the coast, under the protection of deputy marshals.

### FOR REORGANIZATION.

A Plan Suggested by the Attorney General for the Union Pacific.

Washington, April 26.—Attorney General Olney today sent to congress the draft of a bill prepared by the department of justice for the reorganization of the Union Pacific Railroad Company and the readjustment of the claims of the United States against the company. The bill authorizes the secretary of the treasury to receive, in exchange for the present claims of the United States, bonds to amount to the aggregate indebtedness of the company to the United States on the 1st day of July, 1894, for principal and interest of bonds of the United States issued in aid of the construction of the Union Pacific and Kansas Pacific railroads. The new bonds shall bear interest at the rate of 2 per cent per annum, and be secured by mortgage. The Union Pacific shall pay annually into the sinking fund the sum of \$1,650,000, and default for six months shall be cause for foreclosure.

### NEW YORK MAN WINS.

State Capitol Commission Select the Plans of Ernest Flagg.

Olympia, Wash., April 26.—Out of 187 plans submitted by architects from every state in the union for the Washington state capitol, the commission today selected that of Ernest Flagg, of New York. The second prize of \$1,500 was awarded to William Kenyon, of Minneapolis; the third prize of \$1,000 to W. E. Dennis, of Minneapolis, and O. P. Dennis, of Tacoma; the fourth prize of \$500 to German & Deward, of Duluth, and W. E. Brown, of Chicago. All the plans receiving awards were from the six selected by Prof. Ware, who was engaged by the board as an architectural expert. The building will cost \$1,000,000, to be paid for from the sale of 122,000 acres of land granted for the purpose by congress upon Washington's admission to statehood. The work will commence at once. The capitol grounds proper cover 12 acres.

### TEN DAYS IN JAIL.

Oklahoma City, O. T., April 26.—Judge Henry W. Scott sentenced J. J. Burke and E. E. Brown, publishers of the Daily Times-Journal, to the county jail for ten days, and to pay a fine of \$200 each, for contempt of court in commenting upon his judicial character. The judge refused to allow an appeal.

### A GOVERNOR'S VETO.

Albany, N. Y., April 26.—Gov. Flower vetoed the annual appropriation bill, because the Republican legislature refused to strike out the section allowing the attorney general to designate all counsel employed by the state commissioners.

### THE BURGLAR IDENTIFIED.

Portland, April 26.—The burglar who was shot and killed last night by Officer Austin has been identified as Joseph Clarence, alias John Morris, who recently served a term in the Walla Walla penitentiary.

## INDUSTRIALS MOVING.

Three Thousand to Concentrate in Washington.

### FEDERAL AUTHORITIES AROUSED

The Governors of Oregon and Washington Appealed to for Militia, and Both Refuse.

Associated Press.

Portland, April 26.—The industrial army is still at Troutdale.

About 9 o'clock this morning they took possession of the Union Pacific depot and installed one of their men, an operator, to ascertain how trains were running. The night operator gave them the slip and rode to Fairview on horseback, and reported the situation to the company. About 2 o'clock United States Marshal Grady and the officers of the company went out on a special train and served an injunction on the men. Just before the officers arrived they vacated the depot. They were probably notified of the officers' coming by telephone. There are rumors now that the army has disbanded, but a majority of the men say they intend going to Washington and are determined to stop a train.

Sheriff Kelly sent the following message to Gov. Penoyer late this afternoon:

"I am reliably and credibly informed that there is a crowd of lawless people congregated at Troutdale, in this county and state, which is a menace to the peace, good order and welfare of the community. Property, I am informed, is in danger, and I make request on you, as commander-in-chief of the militia of the state, for a sufficient force to keep the peace and good order of the state."

The governor sent the following reply:

"I am in receipt of your request of this date, upon me as commander-in-chief of the militia for a sufficient force to keep the peace and good order of the state, simply because there is a crowd of lawless people congregated at Troutdale. You do not allege any actual breach of the peace. This is a civil and not a military government, and it is your duty to exercise civil power to quell any disturbance when it occurs, and not call upon the militia before it occurs."

### ON A CAPTURED TRAIN.

Indianapolis, April 26.—Gen. Frey's commonwealthers arrived this afternoon on a freight train, which they seized at Brazil.

### TWO QUIET DAYS.

Frederick, Md., April 26.—The commonwealth army spent two quiet days in Frederick. Just before their departure some Hungarian recruits, who had been drinking, came to blows around the campfire. One man was knocked into

the fire, but rolled out immediately and began shooting. The police scattered the crowd, but captured only one man, who was given ten days in the work-house.

### CHARGED WITH CONSPIRACY.

New York, April 26.—The members of the industrial army who stole the Northern Pacific train at Butte, Mont., and who were arrested last night, will be charged with grand larceny for stealing the company's train. The charge of conspiracy will be made under the laws of Montana against the mob, and the charge of felonious assault is based on the fact of their firing on the deputy United States marshals.

### ARRIVED ON TIME.

Antia, Ia., April 26.—Kelly's army arrived here today.

### "CITIZEN" TRAIN.

Predicts That We Are On the Brink of a Revolution.

Washington, April 26.—The district commissioners cast a damper over the local supporters of Coxey's movement today by refusing them permission to hold open air meetings. The Coxeyites are angered at this refusal. The event of the day was the advent of Citizen George Francis Train, who predicts that we are quivering on the biggest revolution the world has ever seen, and that the Jeff Davis matter won't be an item in comparison.

An Odd Fellows' procession attempted to march through the capitol grounds today, but was turned back at the entrance by the capitol force. The Odd Fellows made some remonstrance, but when assured that the law permitted no exceptions they quietly acquiesced. The incident will doubtless prove a precedent if Coxey intends to invade the grounds.

### IMPROVED GRAIN PROSPECTS.

San Francisco, April 26.—General showers throughout the Sacramento valley following yesterday's rains insure good yields of grain, and have done much to improve the situation in the San Joaquin valley. Southern California, however, is still in need of rain to secure a fair yield. The improved crop prospects caused a break in the local call board this morning. December wheat opened at \$1.15 1/4, closing at \$1.13 7/8. May wheat dropped to \$1.05 from \$1.08 7/8 at the opening, but closed at \$1.05 1/8.

### THE RACES.

San Francisco, April 26.—The following is a summary of the races today:

Five and one-half furlongs—Monita, 1:11 1/2.  
Five furlongs, for two-year olds—Kat Mol, 1:06.  
Six and one-half furlongs—Jake Allen, 1:29.  
One mile, handicap—Agitate, 1:45 3/4.  
Six furlongs—Zobair, 1:15 1/2.

### ON THE WARPATH.

Spring Valley, Ill., April 26.—Five thousand miners have arranged to leave here this afternoon for Toluca to get out the men still working. Trouble is expected.
