War has been declared against the bad cigars and poor tobacco used in Clatsop county conventions. Do our candidates expect that the people can stand these Young's River bouquets all spring?

Word was brought to town yesterday that a physician down at Tillamook shot and killed a large golden eagle the other day. The man who can get within gunshot of a gold eagle these hard times must be a genius.

Teething babies and feverish children need Se-e-dman's Soothing Powders. Fry them.

Registered drug clerks all over the country are organizing protective associations. One of the first steps of the new organizations will be to sit down hard on the man who rings the night-bell for a postage stamp.

From a conversation inadvertently overheard yesterday, it is learned that one of the features of the Yf entertainment Friday will be a tableau entitled, "Pairing," "Paring" or "Pearing," we don't know which, but trust it is the former.

A BRAND NEW POSTMASTER.

Postmaster Hare went down to Seaside yesterday to assist a few ex-postmasters and their bondsmen to transfer the Seaside office to the latest postmaster, J. H. Johnson, who takes charge today.

TAKEN TO THE HOSPITAL.

The steamer Columbia steamed into Astoria yesterday with a very sick second steward, who was suffering from a severe attack of tonsillitis. A physician was called and the patient taken to St. Mary's hospital.

HANDS OFF.

A bloody Britisher in the city has very nearly started the false report that the American girls can't dance as well as the English girls, by reason of their weak ankles. He had better keep his hands off this subject.

ADJOURNED.

Last night was the regular night for council meeting, but some of the members stopped so long on their way down explaining how the "fool thing" was done the day before that no quorum was declared, and the meeting adjourned until next Tuesday.

OFF TODAY.

The tug Sea Foam is high and dry on Dalgety's gridiron, her bottom being treated to a coat of copper paint, and while this is being accomplished Capt. Johnson is overhauling some of the machinery. She will be off some time today and leave for Ilwaco.

COMMENCING MAY 1.

The steamer Lurline will leave Portland for Astoria Monday, Tuesday, Wednesday, Thursday and Friday at 8 p. m., and Saturday at 10 p. m. Returning, leave Astoria Tuesday, Wednesday, Thursday, Friday and Saturday at 6 a. m. and Sunday at 6 p. m.

A COMPLIMENT.

Lord Wolseley is quoted as saying that to an American belongs the honor of having written the most perfect description of a battle in the English language. This American is Capt. Charles King, and the episode described is the cavalry fight at Gettysburg, in "Between the Lines."

ANOTHER SPRING SIGN.

Astoria has her downs, as well as her ups. There was a merry-go-round started agoing on Third street last night, propelled by a steam engine, while a long-distance talking organ accompanied played "Sweet Healan Bells."

EVERYBODY KICKS.

A small salmon is about as welcome when caught as the birth of a little girl baby to a Chinese household. The packers kick because they have to pay the same price per pound as they do for a large one, the fishermen kick because it is not larger and the salmon kicks, too, for being in such a kicking crowd.

GOING VISITING.

A number of the members of the Astoria Athletic club will go up to Portland to attend the play of "Cleopatra" on the 17th inst., which will be produced by the members of the Multnomah Athletic club. All the characters, from the skirt dancers in the ballet up to Cleopatra herself, will be the male members of the club.

CONGREGATIONAL MUSICAL.

There will be a rare musical treat given under the auspices of the Congregational church choir, at the church, on Thursday evening, May 3. Prof. Thiel's guitar class, the choral society and several of the best vocalists in the city will participate. The choir has spared no pains to insure a pleasant evening's entertainment. The admission will be 25 cents.

THE CITY'S "DIVY."

After counting up all the city fines that were collected during the month of April, it was found that they amounted to \$48. "There should be more," said the counters, and so they sent out and gathered in the proprietors of four gambling houses and when the fines were again run over, with a "winning" smile from "Soda to Hook" the "stack" showed \$548.

HE HIT HER.

One would hardly have thought that war would again break out on Concomly street, but it did, and Henry Wroten kept up the reputation of the neighborhood by slapping Clara Dunningham in the face for daring to make the assertion that he was a liar. Clara signed her aristocratic name to a complaint, and Henry was run in yesterday afternoon and paid a fine of \$10.

AMPUTATED HIS FINGER.

Charles Anet, a lad living in Uppertown and working for the Pacific Can

Company, had the first joint of his right fore finger amputated yesterday by the company's surgeon, after he had shaken hands with the clipping machine, which squeezed the end of the finger off nearly down to the joint. During the operation, the surgeon reports, he showed much courage for a boy only 11 years old.

A CHILD CRYING.

The crying of sick children is, according to a medical paper, of distinct value in reaching a correct conclusion about the ailments. In pneumonia and capillary bronchitis the cry is moderate, peevish and muffled, as if the door was shut between child and hearer. The cry of croup is hoarse, brassy and metallic, with a crowing inspiration. That of cerebral disease, particularly hydrocephalus, is short, sharp, shrill and sullen.—Philadelphia Record.

WHY DIDN'T THE COL?

A British nobleman, who was sued for breach of promise, is reported to have declared that it was impossible for him to contradict a lady, and therefore he would not deny that he had made the promise; but he insisted that the lady had exaggerated the value of his affections, and that that value was a fair question for a jury. The lady recovered 1 per cent or so of her original claim, and the muddled nobleman declared that the cross-examination of her by his counsel was amply worth the money.

TEACHERS' INSTITUTE.

The Teachers' Institute of Clatsop county will be held at Court street school house Wednesday to Friday, May 2, 3 and 4. All interested in education are invited to be present at any of the sessions. State Superintendent Hon. E. B. McElroy will be present and on the evening of Friday, May 4, will lecture upon "The Educational Exhibit at the Columbian Exposition."

THE ERA OF MUSCLE.

This is an athletic age. Everybody wants to be strong. The cause—for it has well nigh reached that stage— affects both sexes and even childhood. The pugilistic phase of this age in young America is by no means morally promising. But it is one thing to be endowed with vigor and another to be SAVED with muscle. Super muscularity is often induced by physical effort perils to health and calculated to shorten life. The vigor which means a regular and efficient discharge of the physical functions, is the first medium at which all may safely aim without causing ruptures or breaking blood vessels. Hostetter's Stomach Bitters is largely conducive to a gain in vigor of this sort, since it stimulates and assists digestion, promotes regular bilious secretion and keeps the bowels in order. Sleep, that grand recuperator of nervous vigor, is encouraged by it, and it remedies malarial, rheumatic and kidney troubles.

There is no risk taken by joining Hill's lot clubs. Everybody gets the full value of their money.

Consignee Sale

We have had a run lately, and hundreds of ladies are purchasing laces and corsets. We are selling German yarn at 12c per 1-4 lb. skein, zephyrs 4 oz. package at 10 cents. Men folks have made a great many empty places in our clothing line, and hats are moving rapidly. Suspenders are going by the hundreds. In fact, people have found a place where they can save from 40 to 60 per cent on their investments. This sale has caused a great deal of comment among the merchants, and they would like to close us out. The manager of this Consignee Sale is an old resident in Oregon and has lived in one place over 20 years; is competent to walk through any store and give an estimate of the value, with in 5 per cent, and has never missed it. Therefore, while known as the best expert on the Coast, is often trusted to handle large bankrupt stocks, and has already handled over one hundred stores in Oregon and Washington, and is known to make no statement but facts. While he never interferes with other merchants, yet some of them sometimes are fool enough to try and interfere with him, in which case they generally get the worst of it. The sale goes on the same, however, and the people can buy cheaper in this city than in Portland, at this Great Consignee Sale.
