TARIFF AGREEMENT

No Longer Any Doubt of a Democratic Compromise.

SENATOR HILL ONLY IN DOUBT

The Income Tax Feature Retained, and Murphy and Hill May Vote for It.

Associated Press.

Washington, May 2.—While the report started early in the day indicated that there might be some difficulty in agreeing on a tariff bill, the conference which was held by the leaders on the Democratic side of the senate during the afternoon seemed to have been in the interest of harmony, and the lack of confidence there was among those who hoped to secure a compromise disappeared. The position of Hill, of New York, has caused some trouble, and there are a number of senators who believe, even now, that Hill will vote for the bill with the income tax provision, and it is almost certain the income tax will remain.

The senators who are engineering the compromise are counting on 43 Democratic votes, and they believe they will be able to control that number beyond any doubt. This indicates that they hope to pass the bill, even with the opposition of Hill, and it also indicates that the bill has probably been made satisfactory in other respects to Senators Murphy, of New York, and Smith, of New Jersey.

Senator Brice is more outspoken than any of those who participated in the conference. He said today: "In an interview a few days ago I said the tariff bill had been agreed upon and would pass, and I now reiterate that statement. I will say nothing as to the details, but the bill has been agreed upon."

THE SENATE.

Lodge Torments the Democrats, But They Refuse to Accept the Challenge.

Washington, May 2.—The senate proceedings were dull today. Most of the afternoon was consumed by Squire, of Washington, who made a carefully prepared speech in general opposition to the tariff bill. Before he began, Lodge, of Massachusetts, undertook to enact the role of tormentor. He threw out some exasperating challenges to the Democratic side, but the Democrats refused to be drawn into a controversy, and finding his efforts unsuccessful he turned the floor over to Squire.

Before the tariff bill was taken up Hoar tried to pass his anti-lottery bill, but it met with considerable opposition from Senators Vest and Gorman, on the ground that it was interfering with the raffles and drawings at church fairs and made the participants guilty of felonies. Ultimately the bill went over without action.

THE HOUSE.

River and Harbor Bill Up—New Methods in the Treasury Department.

Washington, May 2.—The house took up the river and harbor bill today. Mr. Grosvenor, Republican, of Ohio, opposed the passage of a bill carrying nearly \$8,000,000 without some further explanation.

The house passed a bill to improve the methods of accounting in the treasury department. At present the offices affected by the bill employ 159 clerks, at a cost of \$1,065,709. Under the pending bill there will be 624 clerks, at an annual cost of \$886,000.

DECREASE OF GOLD SHIPMENTS.

Washington, May 2.—The indications are that the usual spring outflow of gold has at last set in. Advice at the treasury department show that about \$1,300,000 in gold was shipped by the Teutonic today, and \$1,000,000 has already been engaged for shipment next Saturday. The treasury statement of today shows net gold on hand to the amount of \$100,238,008. Today's shipments, however, will not appear in this daily statement until tomorrow, and when the aggregates for today and Saturday are added the balance will be about \$97,800,000. The cash balance today was \$154,882,631.

NOT FREE YET.

Washington, May 2.—Lieut. James P. Maney, of the fifth infantry, who was acquitted at Chicago of the murder of Capt. Hedberg, will be tried for the offense again, this time by the military law. A court-martial has been ordered for the purpose, and is to assemble at Fort Snelling May 25.

SUMMARILY SAT UPON.

Washington, May 2.—Representative Johnson, Democrat, of Ohio, created a sensation in the house by introducing a resolution calling for congressional investigation of the beating of citizens by the police during the Coxy demon-

stration at the capitol yesterday. The resolution was summarily killed.

BIMETALLIC CONGRESS.

London, May 2.—The international bimetallic congress convened today. Four hundred delegates are present. The object of the conference is to urge upon the British government the necessity for the free coinage of gold and silver at fixed ratios. An ex-lord mayor presided. Letters have been received from financiers of America and Europe encouraging the movement.

Balfour, the Conservative leader in the house of commons, addressed the conference this afternoon. He said it was absolutely necessary that the monetary functions of silver should be restored if business is to be carried on on a solid basis. The difficulties of an international agreement, he insisted, were merely as to details.

Mr. Balfour claimed that the action of the United States had forced the Indian and British governments into the system now prevailing, adding: "We ought to enter into an agreement with the countries of the world for a bimetallic joint standard. The solution of the problem is easier than it will be five years hence. Great is the responsibility of those who keep England in stupid, selfish isolation in this great question."

Mr. Leon Courtney followed, contending an international fixed ratio was practicable if based upon the normal production of gold and silver.

UNKNOWN MAN KILLED.

Baker City, Or., May 2.—A fatal accident occurred today eight miles south of the city. A stranger arrived in the city last night driving a fine span of horses to a spring wagon. He left this morning in an intoxicated condition, and approaching the Blue Canyon his team became frightened at a pack-horse and ran away. The unfortunate man was thrown out, his head struck on a rock and mashed out his brains. A receipt bill addressed to John Warren was found in his pocket, which is supposed to be his name. He told parties here last night that he was from Walla-walla county and on his way to Winnemucca, Nev. The wagon was loaded with supplies sufficient for the trip. One dollar and twenty-five cents was found on the body.

GIVE WAY TO CHINESE TREATY.

Washington, May 2.—If the agreement made in the senate two weeks ago is observed, the tariff bill will be suspended tomorrow to permit the senate to consider the Chinese treaty. The first question to be determined in connection with the treaty is the motion of Mitchell that it be discussed and action taken in open session. It is the purpose of the Republican senators from the Pacific Coast to antagonize the treaty by all the arts at their command.

A NEW RECORD.

New York, May 2.—Wheat made a new record today for both May and July. The former sold at 60 3/8 and July at 62 3/8, a break of about 1 1/2 cent from previous records. The bears predict that July will touch 55 cents, and ultimately reach 50 cents.

A PLUCKY OFFICER.

Sacramento, May 2.—Two men from the industrial army tried to hold up Major S. J. Loop on a back street tonight, but he beat the face off one, and with the aid of citizens took him to the police station.

A DEMOCRATIC MAYOR.

St. Paul, May 2.—The latest returns assure the election of Smith, the Democratic candidate for mayor. Wright, Republican, had 3,300 plurality two years ago.

TRAINS MOVING.

St. Paul, May 2.—On the Great Northern today everything is running as well as could be expected after such a long tie-up. Nearly everything the men demanded was granted.

MEXICANS AMBUSHED.

San Diego, May 2.—Advices from Guaymas, via Ensenada, are that the Yaqui Indians recently ambushed the Mexican troops and killed and wounded 200 soldiers.

A NEW COLLECTOR.

Washington, May 2.—The president has appointed J. W. Ball collector of customs at Yaquina, Or.

A LARGE NUMBER.

San Francisco, May 2.—Up to date the Chinese registrations number about 44,000 for Collector Webborn's district.

HOW THEY RAN.

San Francisco, May 2.—The races today resulted as follows:
Six furlongs—Trentola, 1:14 3/4.
Half mile, for two-year-olds—Bell-cosa, 0:48.
One mile—Hy Dy, 1:42 1/2.
Three-fourths of a mile—Debracey, 1:34 1/2.
Five furlongs—Midget, 1:32.

SALOON MEN BARRED

A New Policy of the Postmaster General.

THE RIOTS IN CLEVELAND

Workmen Driven Out and Machinery and Windows Smashed—Large Number Injured.

Associated Press.

Washington, May 2.—Postmaster General Bissell has formulated a policy of barring saloonkeepers and bartenders from appointment as postmasters. In accordance with this plan, where there are several candidates, the fact that many of them have business dealings with saloons will be given weight, and other candidates will be given the preference in making appointments.

Postmaster General Bissell said: "It is not a temperance question nor a moral question, it is a business question particularly. From observation and experience, I am convinced that any man directly or indirectly interested in the liquor business is in a measure unfitted by his occupation, and that his interest in that business necessarily interferes with the full discharge of such official duties in any branch of the postal service."

RIOTERS AT WORK.

Workmen Driven Out and Machinery and Windows Smashed.

Cleveland, O., May 2.—The 7,000 unemployed men again assembled this morning and marched on their mission of destruction. Every window was broken at the Variety Iron Works and the entire force of men working run out. At the Upon Nut and Bolt Works the windows were broken, machinery smashed and the men driven away. Twenty-five men were driven from the Church Furniture Works. All the reserve police, including the mounted men, have been ordered out. Many arrests have been made. Great excitement prevails in the southern part of the city.

The rioters raided a scrapiron yard and armed themselves with pieces of iron. They were in a frenzy, and were constantly urged on by the leaders to resist the officers. Large reinforcements of police arrived and a charge was made on the mob with drawn clubs. The crowds showed fight for only a moment, and then their ranks were broken. The police used their clubs to such an effect that many rioters were laid low. The patrol wagons were loaded with prisoners and sent to the nearest station. Part of the mob made an unsuccessful attempt to hold up the mail train on the Nicol Plate road. The rioters are mostly Italians and Poles.

There were three separate and bloody conflicts between the police and the rioters, and tonight the troops are under arms and ready to respond to a call in case of any emergency. The worst is believed to be over, however. At least 50 people were injured by the policemen's clubs.

RELIGIOUS RIOTERS INDICTED.

A Solitary Policeman Could Have Prevented the Bloodshed.

Kansas City, May 2.—The grand jury today returned indictments against the chief participants in the Catholic and A. P. A. election-day riot. Jerry M. Pate, D. A. Pike, E. L. Coleman and another participant in the riot who is not yet in custody, were indicted for murder in the first degree. The jury censured the police department, and adds: "A solitary policeman, clothed in uniform, then on the spot, could have saved human life and prevented the bloodshed which followed; but none was there, and so armed men, filled with religious hatred of each other, fought out a battle and then escaped, before the solitary policeman stationed about a block away at that precinct appeared on the scene."

WANT TO GET THEM OUT.

Tacoma, May 2.—The citizens of Puyallup held a meeting this afternoon in the opera house in that city to devise some means of getting rid of the industrial army. The industrials were not al-

lowed in, but they succeeded in getting in and capturing the meeting. The meeting was addressed by Gov. McGraw, who was appealed to for aid last night by the citizens of Puyallup. The governor said he was not in sympathy with the movement, and recommended that the army appoint a committee to go to Washington if it had any grievance to present to the government. He had no plan for getting the army out of Puyallup, which the citizens of that city are working earnestly to accomplish, as the army numbers nearly one-half the total population, and the people say they could not cope with trouble should a disturbance occur. Gen. Cantwell made a speech at the meeting. He said that he would take his men to Washington, if he had to steal a train.

COXEY UNDER ARREST.

Washington, May 2.—Jacob S. Coxe, chief of the commonwealers, is under arrest. The trial of Carl Brown, Christopher Columbus Jones and Coxe has been postponed until Friday, before Judge Miller, in the police court. The charge will be a violation of the United States statutes. The arrest of Coxe was made today in the police court on an information filed against him last night of unlawfully displaying banners. Counsel asked if \$500 in cash would be accepted in lieu of real estate bail for Coxe's appearance, but the judge refused it, and Coxe and Jones were taken to the police station. Frank Hume, a wholesale grocer, signed the \$500 bond for Coxe and Jones and they were released.

"PLAY BALL"

Des Moines, Ia., May 2.—The Kelly industrial nine played ball with the Des Moines Stars today. Kelly was at first base. The gate receipts will be turned over to the industrials. Kelly said today that Carl Brown was an ass, and Coxe showed no generalship.

The game terminated in favor of the Stars by a score of 6 to 5. "Buggy" Clifford was behind the bat for the industrials, with "Hilarious" Hunter in the box. "Jags" Johnson at first base, "Coal-yard" Clark at second, "Bill" Hoyt at third, "Locomotive" Sweeney in right field, "Broadbrimmed" Bally in the centre field, "Mamma's Willie" Morton in left field and "Sawed-off" Grayson as shortstop.

NO REST FOR THE ENEMY.

Washington, May 2.—Health Officer Hamilton has made a report to the District commissioners condemning the lot on which the Coxe army is encamped as a place likely to breed disease. He recommends that the army be removed to a place provided with shelter, and suggests the Ivy City race ground as a suitable place.

NO FURTHER TROUBLE.

Vancouver, Wash., May 2.—The Union Pacific boat Harvest Queen, which has been lying here since Saturday morning, ready to take troops to the scene of any trouble at a moment's notice, was discharged from the service of the war department at 4 p. m., and left for Portland, no trouble being anticipated.

THE ST. LOUIS CONTINGENT.

St. Louis, May 2.—"Gen." Morrison's 150 Coxyites started for Washington today, but the bridge officials refused to allow them to cross without paying fare.

ANOTHER TOWN HEARD FROM.

Enid, O., May 2.—A Coxy brigade, with about 300 recruits, has been organized here.

CHICAGO'S SECTION.

Chicago, May 2.—Randall's army, 500 strong, marched today to Hammond, Ind.

MISS DUNLAP'S LECTURE.

Miss Ione Dunlap, of Portland, will lecture at Rescue Hall at two o'clock Friday, May 4th, upon kindergarten work.

This will be before the teachers attending the teachers' institute assembly and the public generally are requested to be present.

Miss Dunlap is an enthusiastic kindergarten possessor of high attainments in this field and is a very pleasing speaker.

It is to be hoped that mothers will take advantage of this opportunity to see what the work can be made to do for our "little ones."

Highest of all in Leavening Power.—Latest U. S. Gov't Report.
