A COMPROMISE TARIFF

If the Republicans Agree an Early Vote Probable.

SILVER AGITATION ABROAD

Serious Labor Riots Still On in Ohio and in Pennsylvania.

Associated Press.

Washington, May 3.—If the program for a compromise on the tariff bill is arranged, and 43 Democratic votes are secured for it, an effort will be made to secure an agreement with the Republicans upon the time for taking the vote. The air of confidence among the Democrats today is dispelling the Republican. It is believed Senator Murphy and the Populists, Allen, Kyle and Stewart will vote for the bill. If the compromise proposed be carried out the Republicans would consider it fruitless to try to talk the bill to death, and the 11 o'clock meeting hour will be abandoned.

WORK OF THE CAUCUS.

The Tariff Bill of the Finance Committee to Be Supported.

Washington, May 3.—By a vote of 37 to 1, six of the 44 Democrats being absent, the Democratic senators in caucus today adopted a resolution to support the tariff bill of the finance committee, including the promised amendments that have been agreed upon by the many conferences of Democratic senators during the past two weeks. The resolution was presented by Senator Gorman, of Maryland, the chairman of the caucus, and was discussed at some length. The discussion lasted from a few minutes after 6 o'clock until nearly 7 o'clock. The absentees were Messrs. Mills, Murphy, Irby, Butler, Gibson and Lindsay. It was claimed they were all accounted for, and assurances were given that they would support the tariff bill. The only persons in whose absence there might be any significance are Senators Murphy and Mills, the understanding being that all the others were in accordance with any bill supported by the majority of the Democratic senators.

NO VOTE TAKEN.

Washington, May 3.—Owing to the absence of Allen, of Mississippi, the silver man, the house coinage committee did not vote today on Blund's free coinage bill. Had a vote been taken it would have resulted in a tie.

SILVER IN EUROPE.

Prospects for the White Metal Improving.

Washington, May 3.—The agitation in Europe, and notably in England, in favor of the rehabilitation of silver as a money metal is being viewed with great satisfaction by the administration, for it is regarded as a strong confirmation of the correctness of the principle to which President Cleveland has so strenuously adhered through thick and thin, that a true and stable equality of gold and silver could be brought about and maintained only upon an agreement between the great financial nations of the world.

EXPRESS SYMPATHY.

Washington, May 3.—A cablegram expressing cordial sympathy with the object of the bimetallic conference now in session in London was sent today by a number of senators who voted for the repeal of the Sherman law.

Among the signers were: Sherman, Allison, Voorhees, Hoar, Aldrich, Hill, Murphy, Gorman, Platt, Bruce, Carey, Frye, Davis, Cullom and Lodge.

Senator Sherman, in speaking of the convention, expressed the hope that the convention would lead to the calling of another international monetary conference, and said: "There is no division of sentiment among conservative people as to the necessity of retaining silver as one of the moneys of the country. The only question discussed in congress is whether we can have free coinage without demoralizing gold."

MORE TROUBLE AT CLEVELAND.

Cleveland, O., May 3.—This morning little knots of yesterday's rioters gathered here and there, but were dispersed by the police. The first trouble today was at the Cleveland Spring Bed Company, where a gang attempted to drive out the workmen. Patrol wagons full of officers were dispatched to the scene, but the crowd had already dispersed.

While Supt. Allen, of the Standard foundry, and some friends were driving to the works a volley of stones was thrown at the carriage, which was badly battered. A shot was fired from the Casey bridge.

WORK OF THE MOB.

Connellsville, Pa., May 3.—The coke

strikers assaulted the Fort Hill plant today and forced the workmen to flee. A number were badly beaten. The plant is now closed. Mobs are marching through the country, and raids are feared at several points. Women attacked the Davidson works, but left disgusted when they found only one man at the works.

TO SETTLE THE STRIKE.

Pittsburg, May 3.—The operators and miners' delegates are discussing the advisability of holding a conference with the miners' officials, with a view of settling the strike.

PREPARING FOR WAR.

Duluth, Minn., May 3.—Fifteen hundred miners on the Mesaba range broke open a magazine today and seized 14 kegs of powder. Sheriff Sharvey and Adjt. Gen. Muhlborg left for Virginia this morning. Company "A," of the state militia, followed on a special train at 10 o'clock.

The miners are striking for \$1.50 per day. They have been receiving \$1 and \$1.25.

CLOSED INDEFINITELY.

Tacoma, May 3.—All work at the extensive mines of the Northern Pacific Coal Company at Roslyn was suspended indefinitely tonight by order of General Manager Kangley. The owners state that they will fill the positions of the strikers by other men, as the orders they have must be filled.

ON THE BAR.

New York, May 3.—The Persian monarch, of the Wilson line, has been aground off Eastport since 3:30 last night. To the life-saving crew, Capt. Bristow said he did not consider the vessel in immediate danger. There are about 30 passengers aboard.

THE SENATE CONFIRMS.

Washington, May 3.—The senate today confirmed the following nominations: Daniel C. Gowran, of Arkansas, agent at Tulalip agency, in Washington, and James E. Moore, register of the land office, at the Dalles, Or.

LAST NIGHT'S MUSICAL.

The large audience which, despite the disagreeable weather, assembled at the Congregational church last evening was well repaid by the excellence of the program which was presented. The choir is certainly to be congratulated upon the success which crowned their efforts, as the verdict from one and all was "A delightful evening."

The Astoria Choral society sustained its reputation for high-class choruses, and made the walls of the church fairly ring with harmony.

A feature quite new to concerts in Astoria was the appearance before the public of a part of Prof. Thiel's guitar class, composed of amateurs who have been playing together only a few months.

Judging from the applause which greeted them, and the encore demanded, their efforts were fully appreciated.

Those composing the class were Mrs. J. C. Dement, Mrs. J. V. Marlen, Mrs. W. L. Robb, Miss Jeffrey, Messrs. J. C. Dement, C. R. Higgins and J. Strauss, led by Prof. Thiel.

The ladies and gentlemen participating in the other numbers on the program are so well known to music-lovers of Astoria that special mention is unnecessary. Nearly every selection was encoored to the echo, and as a musical evening the affair was an unqualified success.

A FAST NAG.

While a crowd was watching the movements of Mr. Upshur's horse yesterday afternoon the conversation naturally ran on the subject of fast horses, and Mand S. Axtell and J. L. C. came in for their share, while each member of the crowd had a story to tell of some particular horse in which he had been interested financially some time or another. But one of the gentlemen downed them all by telling of a horse owned by his cousin in Germany.

"You see, it was this way," he said. "Gottlieb asked me if I didn't want to take a spin out in the country behind his bay mare, and I told him I'd go him. So I got in the buggy and he drove me out in the suburbs and then on a country road, where he let the horse out. Pretty soon I said to him, 'Gottlieb, what do you want to keep driving around in this cemetery for; first thing you know you will break one of the marble slabs off these children's graves, they are so thick.' He looked at me with a grin, and says: 'Billie' (he always called me Billie), 'this ain't no cemetery; those aren't headstones, they are milestones.' That's the kind of a fast horse my cousin had, he did."

BOTHERED TO DEATH.

Since it has become known, through The Astorian, that one of the Fisher Brothers had purchased the hotel down at Seaside, he has been besieged night and day by parties who want to run the hotel for him. Who says people do not read the papers?

STARVING INDUSTRIALS

The Des Moines Contingent Stranded and Destitute.

CHINESE RAPIDLY REGISTERING

A New Plan to Furnish Work for the Unemployed in the State of Washington.

Associated Press.

Des Moines, May 3.—Kelly's army is in desperate straits. Starvation stares the men in the face, and the demonstrations of the laboring people as a resort was not a success. Only 100 men marched to the state house. Gen. Weaver led them. Gov. Jackson will try to secure funds to pay for transportation over the Des Moines and Kansas City and Keokuk and Eastern railroads to the river, and thence by boat to Ohio. A committee requested Kelly to consent to this plan. He will probably accept.

EXPIRES TONIGHT.

San Francisco, May 3.—The period within which the Chinese residents of the United States are required by law to register in order to avoid deportation expires at 12 o'clock tonight, and all Chinese coolies hereafter who are without proper certificates of residence will be liable to arrest. The total number of registrations will be about 47,000, which is within 3,000 of the total Chinese population of the district. A large part of this 3,000 comes under the head of "exempt," being merchants or other than laborers, and they will suffer no penalty, so that very few Chinese are left who have not complied with the law.

MOST OF THEM REGISTER.

Portland, May 3.—Returns made to Collector of Internal Revenue Blackman this afternoon show the total number of Chinese registered in the district of Oregon, which includes Oregon, Washington and Alaska, to be 10,885. The final reports have not yet been received from all points. It is estimated that they will bring the total up to something over 11,000. In the district there are about 12,000 Chinese.

WORK FOR THE UNEMPLOYED.

Tacoma, May 3.—Three hundred of the 1,000 industrials encamped at Puyallup marched up the track on their way eastward this afternoon, congregating near Orting. Early this evening they seized the eastbound Northern Pacific freight train and are now climbing the grade into the Cascade mountains. The balance of the army at Puyallup has been ordered to march on double-quick time, under "Gen." Cantwell, up the track, where an effort is to be made to hold up the train, till they arrive. Marshal Drake has just been notified. He will leave at once with a force of deputies in pursuit. Probably the militia will follow.

L. C. Dillman, a prominent business man of Spokane, is maturing a scheme whereby he proposes to make a big stroke towards developing Central Washington, and at the same time offer work to all unemployed laborers in the state. The scheme is to dig three big irrigating ditches, and pay the employees their board, clothing and other expenses, and the balance of their wages in interest bearing bonds, secured by the lands along the ditches. One ditch will extend from Priest Rapids toward Prosser Falls, on the west side of the Columbia river, and will water 20,000 acres; the second extends from Wallula to Ainsworth, embracing 15,000 acres, and the third leaves the Snake river near Riparia at the crossing of the Union Pacific railroad and traverses the Bureka flat through 45,000 acres.

PRISONERS ESCAPE.

Olympia, May 3.—Three prisoners escaped last night from the United States prison on McNell's Island. Their names are Fred Cooper, John Breen and Frank Smith.

THE COLOR OF THE FLAG.

Victoria, B. C., May 3.—Collector of Customs Milne has been instructed that

a uniform distinguishing flag has been agreed upon which all sealing vessels will now have to fly. The flags are to be four feet square. Two pieces of yellow and black join in the upper right-hand corner of the flag to the left-hand lower corner of the luff, the part above to the left to be black and the part below to the right yellow.

HEAVY GOLD HIPMENTS.

Washington, May 3.—News has been received at the treasury department today from New York that at least \$5,000,000 will be withdrawn for shipment from New York on Saturday. These shipments reduce the gold reserve to about \$2,000,000.

AT THE RACES.

San Francisco, May 3.—Following is the result of the races today:

Five and one-half furlongs—Joe Frank, 1:10 1-2.

Half mile, for two-year-olds—Venus, 0:45.

Three-fourth of a mile—Banjo, 1:15 1-2.

Five and one-half furlongs—Nervosa, 1:09.

Six furlongs—Racine, 1:15 1-2.

THE PUBLIC PRINTER.

Washington, May 3.—Thomas E. Benedict has been confirmed as public printer.

STRUCK THEIR JOBS.

It doesn't seem possible that a man who had a job would strike in these hard times, but such was the case at the Clatsop Mills Monday morning. Most of the men who were working in the sawmill waited on Messrs. Kinney and demanded a raise of \$5 a month, which was refused, and they walked out. Unless they go back to work or others take their places, the mill will, in all probability shut down, throwing all employes about the place out of employment.

WOODS FULL OF 'EM.

Two signatures were on the Occident register yesterday that were written in a style that would cause a steel-plate engraver to look to his laurels. They were those of Edward Browne and E. E. Browne, of New York City. These gentlemen are already interested several thousand dollars worth in the old Astoria and Portland road, which was to run via Nehalem. They were closeted with some of the committee yesterday, and it was understood on the streets last night that they, too, were ready to make the subsidy committee a proposition. It would be funny if Astoria should get a road and it should be routed some other way than towards Gobel.

LIBRARY ENTERTAINMENT.

The following is the program of the entertainment this evening:

Part I.

1. Selections by the Mandolin club.

2. Song, An old chorus by new talent.

3. Recitation, "Robert O. Lincoln," by Mae Tosoff.
