YESTERDAY'S WEATHER. Maximum temperature, 55 degrees; minimum temperature, 41 degrees; precipitation, none.

THE WEATHER TODAY. Portland, Or., May 9.—Forecast: Fair weather; warmer; light to fresh north-easterly winds.

WILL SPEAK AT FISHER'S HALL. Under the auspices of the Republican State Central Committee, the Hon. R. G. Horr, ex-congressman, of Michigan, will speak upon the political situation, tonight, at Fisher's Hall.

AROUND TOWN. The State of California sailed yesterday with a heavy passenger list. Can any one tell why the outside of Fisher's hall was painted in two different colors?

A woman's hand may be pale and delicate, but she can pick up a botter plate than a man.

Ben Young knows a brick wall when he sees it. No wonder he wouldn't run against John Fox.

It must pay to advertise, to judge from the way Mr. Shanahan has smiled the last week or two.

Why is it that, with all the excitement at Washington, Dr. Mary Walker retains her presence of mind?

The steamer Ilwaco ran through Jim McCarty's net yesterday, as well as those of two other fishermen.

A marriage license was issued by County Clerk Trenchard yesterday to James Meachen and Lillian Painter.

Times looked like they were picking up at the Occident last night, as there were over thirty arrivals on the register.

Coxey's commonwealth band played while going up Pennsylvania avenue, and immediately afterward there was a riot.

Supt. Chadwick should spare just enough time to see that the large hole in the street on West Ninth street is plugged up.

A. S. Reed, of Griffin & Reed, will leave this morning for a month's hunting and fishing in the neighborhood of Shoal Water Bay.

The amount of license charged the grocers and butchers for delivery wagons by our city council is too much, and it should be reduced.

At the drawing of Hill's lot (this) yesterday, H. Phillips secured a deed for lot 34, in block 20, and E. T. Baston for 35, in the same block.

Mr. Olmstead, from over at Crooked Creek, was shaking hands with his many friends in the city yesterday, and making purchases from our merchants.

A book agent attempted to sell a third ward politician an encyclopedia, "Cyclopaedia," exclaimed the politician: "I don't want it. Wouldn't have time to ride it."

quaintance to step into the store and take a little drink with him. She not only refused, but she'd the white-winged dove of peace from its quiet nest on Second street by bringing up her husband, who was going to shake the old man's wishbone out of him, had not some of the crowd which was attracted by the loud talking interceded in his behalf. A man can't be too careful who he asks to take a drink of schnappa, especially so early in the morning.

COURT HOUSE NOTES. All day long yesterday the jury listened to the case of McCague Savings Bank vs. D. W. Bush and E. G. Rogers, and will hear what is left for the lawyers to say this morning.

ANOTHER ACCIDENT. Arthur Leighton, while working at the Clatsop Mills yesterday, came in contact with one of the circular saws, and sustained the loss of two fingers and a thumb. He was taken to the hospital, where he was treated by Dr. Fulton.

TENNIS COURT. There is no tennis court in the city, and the Van Dusen Brothers contemplate offering to a club to be organized up on Arch street the use of the back half of their large lot. Tennis is a healthy game, and a sport that can be enjoyed hugely by the players.

A GOOD EXAMPLE. What is prettier than a pretty lawn, and who is better satisfied than the owner of one? On West Sixth street some one has started to make such a lawn, and a passer-by stated that the house belonged to H. H. Ingalls, and that he had hired himself to do the job. May Nature help him.

FOOTBALL NEWS. The Football club has determined to join the Pacific Association Amateur Athletic Union, in order that its members may be eligible to compete at the games of the Multnomah Athletic club in Portland on the 20th inst. The matter will be laid before a general meeting of the club to-night at 7:30, when a new constitution and by-laws will be elected and the sentiment of the members generally expressed.

TO THE LADIES. This is the season of the year when the shopping by the ladies is mostly devoted to spring jackets and capes. It is easy to purchase either one, but the thing is to get something that not only pleases as to material and trimmings, but is also the latest style. Albert Dunbar has all of these at his store, and invites the ladies of Astoria to inspect them. He has a splendid line of children's coats, also.

LONG DISTANCES. "When I sat at my desk in Sitka," said Gov. Swineford, "I was further from Otter Island, the westernmost point in Alaska, than I was from Portland, Maine. This may serve to give some idea of the prodigious dimensions of Alaska. But I can furnish a more striking one. If the capital of the United States were located in the centre of the United States—that is to say, at a point equidistant from Quaddyhead, Me., and Otter Island, Alaska—it would be in the Pacific ocean, some 600 miles north by west of San Francisco."

A SERIOUS ACCIDENT. Miss Kirtley, of Tansy Point, was thrown from her horse yesterday while out riding, and sustained injuries that are quite serious. Her half-brother, Mr. May, immediately obtained a launch and brought her to this city, and she was placed in St. Mary's hospital, under the treatment of Drs. Mullinix and Eades. On examination it was found that she had broken both arms and dislocated both her wrists. They gave the proper attention to her injuries at once, and on inquiry at a late hour last night she was said to be resting as comfortably as could be expected under the circumstances.

THE C., B. AND Q. The news of the letting of the contract for the construction of the extension of the Chicago, Burlington and Missouri railroad from Sheridan to Billings will be generally received with gratification throughout the northwest. This line is slowly but steadily pushing forward to the Coast, and is tapping a country rich in agricultural and mineral resources. The construction work at this time will afford much needed employment for many laborers.—Spokane Chronicle.

The big Burlington is coming to the Pacific ocean. We expect to have through Burlington trains in Salem before long.—Statesman.

A SERIOUS MISHAP. The steamer Dwyer went to Olney Tuesday night to take a herd of 52 cattle belonging to W. Warren and R. Caruthers over to Warrenton. The crew found the cattle so restless that they decided not to load them until yesterday morning.

When they came to load the cattle the large proved not quite big enough, and as the cattle bunched to one side, it tipped over, spilling them all into the river and catching the mate between the edge of the barge and a spile and injuring him quite severely. He was brought to this city on the Dwyer and received prompt medical attention. Several of the cattle were drowned before the herd could reach a place of safety.

Any one wishing to rent a house or a place should read Rudolph Barth's advertisements in the For Rent column.

A NEW DRIVEWAY.

The following communication was received yesterday and explains itself. Editor Astorian, I know it will be of interest to your many readers to learn that we are likely to get a driveway across Young's Bay in the near future. Messrs. Stanton and Campbell, in consultation with Mr. D. K. Warren, Seely and myself today, agreed to build a driveway near or adjoining present line of Seashore railroad trestle, from land to land, have same completed and ready for wagon traffic on or before October 1 next the same to be accepted on behalf of Clatsop county by Messrs. D. K. Warren, C. W. Carnahan and myself, and thereafter perpetually to be a free county road, with privilege of using the railway drawbridge free of charge, for ten years. All this will be done by Messrs. Stanton and Campbell, providing they are given a chance to earn the railroad subsidy now in the hands of the railroad committee. This driveway I have heretofore advocated, and all town and county people know that the advantages to be derived from same are very great, and the willingness of Messrs. Stanton and Campbell to build the same should go far to convince our people that they are broad-gauge men, and mean to do fair and square business with us.

I believe a driveway to Clatsop will be worth \$50,000 a year to Astoria directly, and of unaccountable value to the country people generally.

JOHN ADAIR.

"BREAKING IN."

Many a man has "broken out" in a passion, and felt all "broken up" trying to get a new pair of shoes "broken in." He has had to "break off" many an engagement on account of crippled feet, and has gone "broke" many a time trying to get relief for his corns—the direct cause of ill-fitting shoes.

You will find all this obviated by purchasing your footwear at the store of JOHN HAHN & CO.

WAS ALMOST BLIND

Little Girl had to be Kept in a Dark Room. Could not See to Feed Herself. Remedies and Doctors All Failed. Cured in One Week by Cuticura.

My little girl had very sore eyes. I tried everything, but nothing did any good. I took her to a doctor in Atlanta, who treated her for a year, but she kept getting worse. I brought her home; was almost out of heart. I just felt sure she would go blind. An old lady told me to try CUTICURA REMEDIES. I had no faith in them, as I had tried everything. I commenced on Saturday, and before the next Saturday her eyes were sound and well as any child's. She was almost blind, and had been kept in a dark room for more than a year; could not see to feed herself; and they have never been as yet the least particle sore or even looked red from that day until this, and it will be three years the first of May. They certainly cured her, and I think they are the greatest remedies out. I only used half a box of CUTICURA, one cake CUTICURA SOAP, and one bottle of CUTICURA RESOLVENT; so you see what wonders they did for my little girl. I have read of all of these most wonderful cases, but never before thought that they might be true; but I know this to be the positive truth.

Mrs. FANNIE GARWOOD, Canton, Ga.
