So far, this season has progressed without any fatal disasters among our fishermen, and it is to be hoped that the dread news that was so often reported of "a man drowned" at this time last year will not visit the homes of any of our fisher boys for some time to come.

RAILROAD NEWS.

There is nothing new in the railroad situation yesterday, excepting that Attorney Fred Strong, of Portland, representing the Stanton people, and J. Q. A. "BREAKING IN."

Many a man has "broken out" in a pannel, and felt all "broken up," trying to get a new pair of shoes "broken in." He has had to "break off" many an engagement on account of crippled feet, and has gone "broke" many a time trying to get relief for his corns—the direct cause of ill-fitting shoes.

You will find all this obviated by purchasing your footwear at the store of JOHN HAHN & CO.

A POINTER.

Many people believe that all blacksmithing jobs are alike—that they are nothing but muscle and material mixed. That is true of ordinary jobs. Brains are also used to make a good job. So is conscience. A job made without skill or honesty is no good.
