## THE TABERNACLE FIRE

For the Third Time Talmage's Church is Destroyed.

IT WILL BE AGAIN REBUILT

The Coxy Disturbances the Subject of Conference Between Olney and Lamont.

Associated Press.

New York, May 14.—The front walls only of Talmage's Tabernacle are all that is left standing today. The losses in yesterday's big fire are as follows: Tabernacle \$300,000, insurance \$130,000; Hotel Regent \$700,000, insurance \$600,000; adjacent residences, \$22,300; Summerfield Methodist church, \$3,000.

APPEAL TO ATTORNEY GENERAL

After Conference, the Secretary of War Orders Troops to Assist the Marshals.

Washington, May 14.—Reports of a disgusting nature were received today by Attorney General Olney respecting the lawless acts of various armies of Coxyites in the west in seizing trains and interfering with the mails. The attorney general counseled with the secretary of war, and it was decided to adopt the line of policy pursued last week in dealing with these cases. While general instructions had been sent to military commanders in the troubled districts to give all lawful assistance necessary to the United States courts in repressing these outrages, it was felt proper to send specific instructions today to Gen. Otis, at the Vancouver barracks, and to Gen. Brooke, commanding the department of the Platte, to take active steps to hold off marauders in these districts, acting, of course, as auxiliary to United States marshals.

SEVERANCE DENIED THE COXYITES.

Seattle, May 14.—The presence of the United States troops has proved very beneficial, and there is no sign of further disturbance. Attention was concentrated upon the court house. United States Judge Hanford arranged to hold court there, the jail being in the same building. This avoided marching the Coxyite prisoners through the streets to the federal court. The court house corridors were filled with sympathizers of the prisoners, and the United States marshal, with only 45 deputies, feared to take such a large number of prisoners through the throng, lest there should be a rush to rescue them. It took a long time to clear the halls and station deputies at the entrances. After the men had been arraigned on the charge of contempt of court, their counsel entered a plea of not guilty, and demanded a separate jury trial for each prisoner. The court overruled both demands, saying that the defendants had been charged with a common act, and the testimony would be the same against each one as to the general nature of the offense, and that it was not the custom to grant a jury trial in hearings for contempt of court. The trial of the first batch will begin tomorrow.

U. S. MARSHAL ASKS FOR TROOPS.

Washington, May 14.—Gen. Schofield has received a telegram from the United States marshal at Montpelier, Idaho, stating that a gang of Coxyites have seized the property of the Union Pacific at that point with the intention of holding it until transportation is furnished them. The marshal said he and his men were guarding railroad property, and asks to be relieved by United States troops. No action has been taken as yet by the authorities.

WILL SUE UNCLE SAM.

Cokeville, Wyo., May 14.—Marshal Rankin arrested Gen. Sheffer at Granger at midnight, then came hither and placed the entire army (225 men) under arrest. Sheffer, who was soliciting subscriptions in Granger, exhibited a ticket from Portland to Kansas City, and said he would sue the United States for infringing on his rights.

UNANIMOUSLY EXPELLED.

Chicago, May 14.—The board of directors of the Union League Club today unanimously voted to expel Congressman Breckenridge from the roll of membership.

CAFFEY ELECTED.

Baton Rouge, La., May 14.—The general assembly this afternoon elected Senator Caffrey for the long term, beginning March 5, 1895.

LEONARD GETS THREE YEARS.

San Jose, May 14.—Ex-Manager Leonard, of the Santa Clara bank, which he is alleged to have relieved of \$250,000 in various ways, was sentenced today to three years in Folsom. His attorney

was allowed 30 days to file bill of exceptions and writ of probable cause in order to have the entire case reviewed by the supreme court. Leonard was released on \$5,000 bonds.

DENOUNCE BRECKENRIDGE.

The Women Call On the Voters to Wipe Out the Stain On the Fair Name of Ashland District.

Lexington, May 14.—At a largely attended meeting of women of this district the following resolutions denouncing Col. Breckenridge were adopted: "Resolved, first, That we, the women of Lexington and Fayette county, do solemnly protest against his nomination as representative of this district. "Second, That we believe such indorsement of W. C. P. Breckenridge at the polls would be a disgrace to Kentucky, a shame upon manhood, an insult to womanhood, a sinful example to the youth and a menace to both society and the home.

"Third, We earnestly implore our fathers, husbands and brothers to wipe out the stain that W. C. P. Breckenridge has brought on the fair name of Ashland district."

FOR ASHLAND'S HONOR.

Lexington, Ky., May 14.—The meeting to oppose Breckenridge's candidacy this afternoon was attended by many representative women. Over the stage was the inscription, "The honor of Ashland District must and will be preserved."

GOV. NORTHERN DENOUNCED.

His Action in Appointing Senator Walsh Reviewed By the Baptists.

Dallas, May 14.—The Baptist convention spent the entire morning reading reports. Much ill-feeling has been aroused between what is known as the Northern and Cranfell wings of the convention because of sermons preached last night by Dr. Fulton, of New York, and Dr. Cranfell, of Texas, both directing assailing Gov. Northern for appointing Patrick Walsh to the United States senate. Fulton announced that he was an A. P. A., and in full sympathy with its anti-Catholic attacks. Cranfell declared that he would not vote for a Catholic for any office under any consideration, and had no confidence in any man who would vote for one or aid one in getting office.

GIVEN THEIR PASSPORTS.

Diplomatic Relations Between Brazil and Portugal Severed.

London, May 14.—The Brazilian legation has received the following: "Rio de Janeiro, May 14.—President Peixoto has broken off all diplomatic relations with Portugal. The president has sent the Portuguese legation their passports.

LEGATION WITHDRAWN.

Lisbon, May 14.—The staff of the Brazilian legation in this city has been withdrawn, and diplomatic relations between the Portuguese and Brazil broken off.

FATAL EXPLOSION.

Ashland, Pa., May 14.—A mine explosion occurred this afternoon in West Bear Ridge colliery. John Harkenstein was instantly killed. Three others were seriously injured.

TEACH A CHILD NICE MANNERS.

There is one thing that a child should be taught from the time it is old enough to sit up in the company of its elders, and that is a refined code of table manners that no future influence can change in any way, says the Philadelphia Times. It is hard to overcome the habits of childhood, even though the associations of youth are entirely different from those that left their mark on the first years of existence. Therefore, to instill correct demeanor, one must begin when the baby brain is unfolding and receptive.

No one can estimate how very much a person is judged by the sort of conduct which characterizes the promiscuous eating and drinking that is part of the daily routine. The graceful handling of a fork, the dainty way of slipping one's soup, the knowledge of what this, that and the other table ornament is for, stamps a man or woman at once as being used to good society, and is the greatest help to the awkward and the shy.

No matter how lovely a woman may be, if she eats with her knife the illusion is dispelled, and no matter how great or honorable the man if he will persist in drinking out of his saucer his fame counts for naught.

It is the little things of life that either condemn or elevate us in the opinion of others, and table manners are as essential a part of the education of a gentleman or gentlewoman as the deeper lines of thought and learning.

A mother cannot be too careful with her child in this particular. Teachers of dancing and deportment may come in later years, but the first rudiments of table etiquette should be ingrained while yet the baby sits in a high chair and does not know a fork from a spoon.

## MONTEREY'S PLATES.

Homestead Workmen Said to be at Mare Island.

HERBERT DENIES THE REPORT

A Canadian Sealer is Seized by a British Warship and Ordered Home.

Associated Press.

San Francisco, May 14.—The evening paper which last Friday declared that a number of the plates on the Coast defense vessel Monterey had been found to be rotten, today repeats its assertions. Three mechanics from Homestead, who are thoroughly familiar with plates, plugs and all, are said to be now on the Monterey aiding the investigation committee. Secretary Herbert warmly denies that an investigation is being made.

ORDERS TO SAIL.

The Behring Sea Fleet Receive Orders to Start.

Port Townsend, May 14.—Commander Clark, of the Behring Sea fleet, received copies of the sealing regulations today from the navy department, and later telegraphic orders to sail for Behring Sea. The Mohican and Albatross will go north through the inland passage via Sitka. The other vessels will cruise along the coast, following the wake of seal herds, boarding all British and American sealing vessels and depositing copies of the regulations and warning masters to desist from further violation of the law. The Yorktown and Alert went to Whatcom today for fuel. The Concord and Petrel are due to arrive at Unalaska May 20 from the Chinese station to assist in patrolling the sea.

A SEALER SEIZED BY A BRITISH SHIP.

Victoria, B. C., May 14.—The sealer Triumph, which returned to this port yesterday, enjoys the distinction of being the only top liner with a catch of 1,320 seals. The schooner was boarded May 6 by the warship Hyacinthe, her log, spears, etc., being transferred to a gubboat and the schooner ordered to report to Collector Milne, at Victoria, as soon as possible. Capt. May, of the warship, failed to give the usual written instructions, and it is not known whether or not the vessel is to be considered under seizure. Capt. Cox, of the Triumph, disputes the legality of the proceedings of the naval officers in removing property from the schooner, and has entered a formal complaint, which will be investigated on the return to port of Capt. May next week.

WORKMEN WHIPPED.

Coke Strikers Tie the Men to Posts and Brutally Beat Them.

Uniontown, Pa., May 14.—The coke strikers are showing a more lawless spirit today than ever before. At Percy the strikers drove the men from work. At Fairchance the workmen were taken out by the strikers, tied to posts and whipped. The region is excited over the reported attempt to blow up the Morgan tunnel of the new State Line railroad with dynamite, to prevent the shipment of coal from the Monongahela river mines. The strikers have leased 1,000 acres of land near the Hill Farm, and have camped out with their evicted families.

NO COMPROMISE.

Cleveland, O., May 14.—The miners' delegates to the conference tomorrow with the operators declare there will be no compromise.

The convention met, with 200 delegates present, and adjourned until 2 o'clock this afternoon, when the report from the scale committee will be made.

DROPPING TRAINS.

Albany, N. Y., May 14.—Twelve trains were taken off of this division of the New York Central yesterday, and more will be dropped today, because of the lack of coal.

FOUR LIVES LOST.

The Only Survivor Clings for Four Hours to the Keel of the Boat.

Port Townsend, May 14.—Sergeants Henderson and Weidlich, and Privates Rowenquist, Keating and Ross, of Company F, 14th Infantry, U. S. A., while in a boat sailing near Admiralty Head last night, capsized, and all were drowned except Keating. In attempting to free the sail one of the men climbed the mast. A squall then struck them, throwing the occupants of the boat into the sea. Private Keating, the only survivor, saved himself by grasping the keel of the boat until the lighthouse keeper discovered him, four hours later, and came to his rescue. The men had been drinking. Ross' body was recovered.

A MOVE IN THE HOUSE.

A Negro Almost Creates a Panic, and is Finally Ejected.

Washington, May 14.—The proceedings in the house were interrupted by a burly negro in the gallery shouting: "Mr. Speaker of the house of representatives." Instantly the house was in confusion. The doorkeeper was unable to oust him for some time, the negro endeavoring to deliver his alleged divinely inspired message to the effect that the Lord commanded him to come to the speaker and order him to pass the Coxy bill.

WILL SERVE HIS TIME.

Washington, May 14.—The appeal of John Y. McKane to the United States supreme court was decided against him today.

FIVE HUNDRED MEN IN DANGER.

Ironwood, Mich., May 14.—The Aurora mine is on fire, and the lives of 500 men are in danger.

JAPS STRAIGHTENING THEIR EYES.

(St. Louis Republic.)

"The Japanese have become so progressive in their ideas and so set in their determination to get a position in the van of Caucasian civilization that they are even resorting to artifice to rid themselves of the most distinctive physiognomical feature of their Mongolian origin—the slant eye," said R. M. Henry. "A friend of mine, who is a surgeon, is doing a rushing business in Tokio at straightening the eyes of the Japs. So large has his novel business grown since he went there two years ago that he has induced a number of his old classmates to join him in Japan. Most of them were doing little or nothing at their profession in this country, but I hear that they are all getting rich in the Mikado's capital.

"The operation for straightening the slant in the Jap's eye is described by my friend as very simple and comparatively painless. It is confined exclusively to the exterior corner of the eyelids. The surgeon's sharp little blade is inserted under that part of the lid near the slant, an almost infinitesimal slit is made, a fine silk thread stitches the parts together, and, presto, change! the Jap arises from the surgeon's chair a happy man, for his eyes are as straight as those of any white man that walks the earth."

NATURE'S INDIGNANT QUESTION.

Mr. Depew, who has just returned to New York from one of his periodical tours of inspection, during which he travelled over 3000 miles, says in an interview published in the Tribune:

"The whole Western country between Chicago and Buffalo," says Mr. Depew, "reminds one of the pictures formed by him, in his imagination, of the Garden of Eden. The orchards are in blossom, the fields of winter wheat never looked more promising, the atmospheric conditions have prepared the land in the best possible manner for crops, and Nature seems to have just laid herself out to teach an object lesson to the politicians on wasted opportunities. She sits on every rail fence and trudges behind every farmer's plow, pointing with one hand to the smiling earth and to the promising harvest, and with the other to Washington, and indignantly asks: 'Why, when the Lord has furnished every opportunity for the prosperity, employment and general happiness of the people of this country, should they be kept from enjoying their blessings by statesmen who seem to be equally incapable of doing anything or doing nothing?'"

Highest of all in Leavening Power.—Latest U. S. Gov't Report.
