

Tide Table for May. Table with columns for DATE, HIGH WATER, and LOW WATER, with sub-columns for A.M. and P.M. and further sub-columns for h. m. ft.

YESTERDAY'S WEATHER. Maximum temperature, 50 degrees; minimum temperature, 40 degrees; precipitation, none.

THE WEATHER TODAY. Portland, May 14.—For Washington and Oregon: Occasional light rain.

AROUND TOWN. The British ship Peterborough crossed out yesterday.

Frank Sanborn is the proud possessor of a new Crescent wheel.

The steamer Truckee came up from San Francisco yesterday.

Deputy Collector J. H. Bridgeford, of Bay City, was in the city yesterday.

The hills back of the city are covered with the most beautiful of wild flowers.

Mr. and Mrs. Frank Stewart are the proud parents of a son. Weight, 8 1/2 pounds.

Neither chemist or naturalist has yet been able to solve the question why a crab turns red when boiled.

An Arch street had took advantage of the wind yesterday, and rigging a sail to his bicycle took in the whole length of Second street without a pump.

Why don't some one get Mr. B. F. Allen interested and organize a sketching club. A visit to the other side of the hills back of Astoria would arouse an artist's enthusiasm.

A small boy created quite a commotion at Stutta's theatre Sunday night. He had been riding on the merry-go-round just before he entered the theatre, and the dizzy effects made him deathly sick after getting into the hall.

Miss Kearney, corner of Cedar and West Sixth street, received the present of a barrel of flour which Mr. Stutz gave away at Liberty hall last night.

No. 612 was called first. No one responded, so it was destroyed and No. 147 received it, being the second number called. An elegant lady's upholstered chair will be given away this evening.

ANOTHER FIRE. At an early hour Monday morning an alarm was turned in from Uppertown to the engine houses, calling them to a fire in that part of the city.

It proved to be at the old West Coast cannery, which was unoccupied, except by a watchman, who also sat on the premises.

Chief Foster states that the fire was either of incendiary origin or was caused by sparks from a cigarette falling on some tarred netting.

No insurance was carried on the building, which was owned by Mr. W. W. Parker.

Directly after the engineer of the Rescue steamer had orders to shut down and return to the engine house he discovered that one of the boiler tubes of his engine had sprung aloft, and the water running from this tube left the other tubes so dry that they became overheated.

Chief Foster had the fires drawn and placed the engine under repairs at once, so that it was ready for service last night.

George W. Morton tendered his resignation as engineer of No. 3 steamer to Foreman Ledenweber Sunday afternoon. The vacancy will be filled today.

Chief Foster had the pipeline tested yesterday and found it in satisfactory condition.

FOOTBALL NOTES. The Astoria Football Club has had a number of men all last week working on the grounds at Smith's Point grading and clearing for the coming football season, and much active work and practice is now being indulged in.

The boys are going to make a strong effort to win the opening game on Decoration Day against the Union Pacific team, of Portland, who are going to bring a large excursion down to visit the town and witness the game.

So determined are the boys who are training that they walk down to the grounds and back after practicing, and when the motor starts running, everyone will feel like joining the club.

Mr. J. Finlayson, ex-president of the Astoria Football Club, was greatly surprised when he walked into the gymnasium the other day, to find a handsome crayon picture of himself adorning the walls, a token of esteem which the club members thought would be appreciated.

MISINFORMED. The article in Sunday morning's issue relating to Peter Munson was given to us by one of the police officers. Mr. Munson's friends, and he seems to have a great many, claim that our reporter was misinformed as to the facts in the case.

THE RESCUE CLUB. At the close of the Rescue club entertainment last Saturday night, a vote of thanks was tendered the Loyal Legion for \$12, the proceeds of the entertainment. Mrs. A. R. Cyrus, with Mrs. O. Dunbar and Mr. Samuel Koser, compose the committee on program for next Saturday evening.

POLICE COURT. Eva Smith pleaded guilty to assault and was fined \$40.

Ann McFaddon, from Olney, was run in Sunday for being drunk, and fined \$10.

Judge Osburn suspended the fine, but gave orders that she be kept under lock and key until the next boat for Olney was ready to leave, and then that she should be placed on board and sent home sober.

GIVEN UP. All hopes of the British ship Senegal ever being heard from again are fast disappearing. She left Santiago about March 15, bound for Tacoma, in charter by Balfour, Guthrie & Co., to load wheat for the United Kingdom.

Linens. Every stitch put in table linen should be hand-sewed, and, if possible, a monogram or initial worked in one corner.

LINEN FANCIES. Every stitch put in table linen should be hand-sewed, and, if possible, a monogram or initial worked in one corner.

RAILROAD NEWS. A meeting was held yesterday afternoon by the subsidy committee, which was well attended.

CURIOUS. Judge Browne stepped across from the Occident yesterday and gazed at the photographs of Astoria fishermen at work with their nets which were displayed in the show windows of the New York store.

DOUBLE REGISTRATION SUSPECTED. There is a strong suspicion that a number of the Chinese who registered here during the last few days that Deputy Woodard was at this office, had already registered in Portland.

DISTINGUISHED ARMY OFFICERS. An Investigation of Fortification Points On the Columbia and Vicinity In Progress.

Gen. Comstock, Col. Mendell, Roberts, Abbott and Gillespie, of the Engineer Corps, U. S. A., accompanied by Major Post, arrived in Astoria yesterday morning, on the steamer Thompson.

They were met by Mr. G. B. Hebard, and immediately left on the government tug Mendell for Fort Stevens, and thence to Fort Canby, to conduct investigations for the location of new fortifications at these points.

It is intended also to visit the government reservations at Scarborough Head and Three Tree Point, for the same purpose.

Friedman's Consignee Sale. Has revolutionized Astoria. It has changed the prices of clothing that the people begin to purchase at home and don't go to Portland for them as before. The merchants are now afraid that if a railroad should come to town it would bring more people here, and among them there is liable to come men that will engage in the clothing, hats and dry goods business. Therefore it puts them to the necessity of getting another ordinance through so as to prohibit any railroad company from bringing any persons here that will sell clothing, dry goods, and hats, and they will ask the council to enact an ordinance to prohibit cars coming here with goods such as they sell, and all railroad cars that may hereafter bring here new goods shall pay a license to the city of \$400 for each car load, and \$400 for each passenger who intends locating in Astoria and engaging in the clothing or dry goods trade.

And be it further enacted, that the city of Astoria be fenced in against all intruders, such that would dare come here and bring a nice stock of clothing or dry goods, and offer the same for sale here for less than the old merchants who have kept their old stocks on their shelves for years and have had the trouble of dusting and brushing them so long, and they will pray to have the ordinance passed in one night and become a law immediately after its passage.

The only one exempted from the penalty of the above is J. Friedman, of the Consignee Sale, 409 Third Street, corner of West Ninth street, Astoria, Oregon. Buy your Clothing, Hats, and Furnishing Goods there.
