

Tide Table for May. Table with columns for Date, High Water (A.M., P.M.), and Low Water (A.M., P.M.).

YESTERDAY'S WEATHER. Maximum temperature, 55 degrees. Minimum temperature, 44 degrees. Precipitation, .04 inch.

THE WEATHER TODAY. Portland, May 16.—For Washington and Oregon: Fair weather; cooler, becoming much warmer.

AROUND TOWN. Strawberries are a bit a box at some of the stores in the city.

The United States steamer Columbus will soon leave for a trip to Alaska. Frank Spittle left last night on the steamer Telephone for St. Helena, where he goes to attend circuit court.

The great New York success of "Divorce" will be given for the first time in Astoria by the Stutz company.

Mrs. S. H. Ames died at the hospital yesterday. The body will be shipped to her late home at Knappa for burial.

The street-cleaning fever is on in most towns in Oregon. Why cannot Astoria have a spell of the same disease?

Don't leave off your heavy overcoat too early. A moderately thick overcoat is more comfortable than a thin shroud.

Frank McDermott and E. S. Edwards, inspectors, from Portland, were down and passed judgment on the tugs Edith and Escort.

In the drawing of Hill's lot club yesterday F. S. Munson secured a deed for lot 22, block 27, and Alex. Grant lot 23, in the same block.

There is a vessel which was built on the Clyde, is owned in Boston, hails from Honolulu and is named after a Chinaman. She is the bark Pooling Suey.

It is a wise child that knows the name of the street he lives on now. The changing of street names is progressing rapidly under the direction of the city council.

Enthusiasm in rod and reel circles was at fever heat when several of our local Waltonians came in yesterday from Clatskanie river with 123 fine trout in their baskets.

Iliwaco is terribly crippled for the lack of eligible young men. One young lady files notice that if things don't change for the better, "steady company" will become a lost art.

Some of the Oregon papers are making fun of Astoria, saying "that we are enjoying the proud thrill of a town that is supporting the first spring merry-go-round on the river."

Dr. Hyland's house is to be connected with the sewer, have a bath room, and will be fixed up in a condition to lead one to believe that its tenant is making money in the sausage business.

It is rumored that Pat O'Hara eats 6 o'clock dinners and won't eat his breakfast, so it's all up with him in some quarters. Broiled porterhouse has finished the work that the white necktie began.

Mrs. Leberman drew the prize last night at Liberty hall. No. 662 was the first number called for the handsome toilet set of 20 pieces given away by Mr. Stutz last night. No one responded. It was destroyed and No. 435 was next called and responded to by Mrs. Dunbar, who held the number for Mrs. Leberman. Tonight a lady's dress pattern will be given.

CAN YOU TELL? How near E. C. Lewis will come to being elected?

How many extra twists and turns a young lady gives the first time she appears on the street in her new spring hat?

How near we will come to having a good blackberry crop this season?

What goes better than a fine, large dish of ripe strawberries, with sweet cream?

Where P. W. Weeks "will be at" after the June election?

When the rooster show can come into Astoria without paying license?

Why every good farmer in this county should not vote for John Fox and the rest of the Republican ticket?

What is more delightful on a dark night than to have a dog run out into the road and bark at your horse's heels?

Why it is that the juvenile farmer never relishes the job of turning the griststone for "pap"?

WANTED. House cleaning, carpet shaking and any work of that kind, by a white man, who will work as cheap as a Chinaman. Leave orders at Ross, Higgins & Co's.

FOR SEASIDE. There has been more travel to the Seaside since the road opened than was expected, and as the season advances, there is no doubt that each day will show a large increase of visitors to that delightful resort.

AN ODD EIGHT. A combination was out on a bicycle yesterday, and didn't care who knew it. He was a good wheelman, and carried on the crossbar of his wheel a pea-green parrot, while he wore a bright red necktie and smoked a Missouri meerschaum.

NOT ARRIVED. Up to a late hour last night Agent Finlayson had not heard anything more from the steamer Danube than the dispatch mentioned in yesterday's issue, though he had his weather eye out all day yesterday towards the mouth of the river.

ARRIVED HOME. Fred. Leinenweber, who has been in Germany attending school for the last three years, arrived in New York on the steamer Northland a week ago last Tuesday and reached home in Astoria yesterday morning, where he was welcomed by his many friends.

ARRESTED. M. Susman, the junk dealer, was up again yesterday. This time it was on complaint of Joe Giardina, who had Susman arrested for using profane and abusive language to complainant's little children, aged four and five years. The court imposed a fine of \$5 and costs.

A NEW POSTION. Joseph V. Watson, who for over three years has been distributing clerk at the postoffice, is liable to be missed from that institution soon. He has been offered the position of engineer of No. 3 fire engine in Uppertown, and the chances are he will accept the position.

A MOVE ON HIMSELF. When a man is neat he's neat and can't help it. Mr. E. R. Hawes cleaned up his store, then his warehouse, his office and then took the charter of his lodge and placed it in a spanking new frame, so that the lodge members are as proud of it now as they were the first day it was received, years ago, and they told Mr. Hawes so.

CONCERT. The ladies of the Presbyterian church are arranging their program for the concert to be given next Tuesday, the 23d. From a copy of the program it would seem as though they intend to have the best musical talent in the city take part, and it will doubtless prove a great treat to all music lovers and society people when it comes off.

A BROKEN SHAFT. A dispatch was received yesterday from Captain Tatton stating that the steamer R. P. Elmore had broken her shaft and lost her wheel in Tillamook slough.

A Union Pacific tug will be sent for her today to tow her to this point and as there is an extra wheel on hand she will be out again for her regular trips in a few days.

INTO THE FIRE PIT. Tuesday evening the steamer Telephone arrived at her dock an hour later than usual. This delay was caused by a queer mishap that occurred while she was stopping at the slaughter house in Uppertown unloading a car of cattle for Christenson & Co. One of the steers got unruly and jumped into the fire pit, so that it was necessary for the deckhands to hunt up a lot of planks and pry the animal out of the hole.

Fortunately none of the boat's firemen were in the pit, or the results of the steer's remarkable freak might have been serious.

AT REST. We note with regret the death of R. W. Morrison, one of Oregon's old pioneers, at Clatsop Plains, May 15, 1894, at the age of 83 years and two months.

Mr. Morrison was born March 14, 1811, in Fleming county, Ky. He moved to Missouri in 1822, and married Nancy Irving in 1831. In the consummation of the Platte purchase he emigrated to the frontier, where for six years he resided in Andrew county, Mo. In 1844 he moved to this state, and in 1845 settled in Clatsop county. He saw active service in the Cayuse Indian war, and was also elected a member of the first state legislature.

MARINE ITEMS. The schooner James A. Garfield came in yesterday morning from San Francisco, and was towed up the river by the tugboat No. Wonder to load with lumber.

The State of California arrived from San Francisco early yesterday morning.

FUNERAL NOTICE. The funeral of the late R. W. Morrison will take place today, at 2 o'clock, at Clatsop. Members of the Pioneer and Historical Society of Oregon, and the friends of the family are invited to attend. A boat will leave Fishers' dock at 1 o'clock p. m. today sharp.

THE MEANING OF PROTECTION. Editor Astorian: In my opinion the word protection should be studied as to its meaning and application. It is a word that should be held dear to the hearts of every American, man, woman and child. It means, as I have been taught, defense, shelter from evil, a passport exemption from being molested. It is very hard to explain to a man that to not informed what a cartel of commerce is, that it is a writing containing stipulations that gives aid and comfort to him in his every-day transactions. It covers his head, shoes his feet, clothes his back and feeds his stomach. Protection is the only safeguard to American liberty. The man that will vote against Protection who is a laborer and agriculturist is certainly a deluded man. I am now almost 60 years old, have always been a Protectionist and expect to be until time is no more with me.

You will find all this obviated by purchasing your footwear at the store of JOHN HAHN & CO.

"Disfigured For Life" Is the despairing cry of thousands afflicted with Unsightly skin diseases.

Do you realize what this disfiguration means to sensitive souls? It means isolation, seclusion. It is a bar to social and business success. Do you wonder that despair settles upon these sufferers when Doctors fail, Standard remedies fail, And nostrums prove worse than useless?

Skin diseases are most obstinate to cure or even relieve. It is an easy matter to claim to cure them, but quite another thing to do so.

CUTICURA REMEDIES Have earned the right to be called Skin Specifics, Because for years they have met with most remarkable success. There are cases that they cannot cure, but they are few indeed.

It is no long-drawn-out, expensive experiment. 25c. invested in a cake of CUTICURA SOAP Will prove more convincing than a page of advertisement.

Friedman's Consignee Sale

Has revolutionized Astoria. It has changed the prices of clothing that the people begin to purchase at home and don't go to Portland for them as before.

The merchants are now afraid that if a railroad should come to town it would bring more people here, and among them there is liable to come men that will engage in the clothing, hats and dry goods business. Therefore it puts them to the necessity of getting another ordinance through so as to prohibit any railroad company from bringing any persons here that will sell clothing, dry goods, and hats, and they will ask the council to enact an ordinance to prohibit cars coming here with goods such as they sell, and all railroad cars that may hereafter bring here new goods shall pay a license to the city of \$400 for each car load, and \$400 for each passenger who intends locating in Astoria and engaging in the clothing or dry goods trade.

And be it further enacted, that the city of Astoria be fenced in against all intruders, such that would dare come here and bring a nice stock of clothing or dry goods, and offer the same for sale here for less than the old merchants who have kept their old stocks on their shelves for years and have had the trouble of dusting and brushing them so long, and they will pry to have the ordinance passed in one night and become a law immediately after its passage.

The only one excepted from the penalty of the above is S. Friedman, of the Consignee Sale, at 608 Third Street, corner of West Ninth street, Astoria, Oregon. Buy your Clothing, Hats, and Furnishing Goods there.
