

A MENAGERIE BREAKS LOOSE.

Wild Beasts Terrified the Community Until Captured by the Circus Men.

A most exciting episode occurred near Dunlap, Mo., the other day and promised for a time to upset the country for miles around.

Sells Bros' circus showed at Milan, Mo., Wednesday last and was on its way to Trenton. About 2 o'clock Thursday morning one section of the circus train turned a curve near Dunlap, a few miles the other side of Milan, and three cages on the flat car broke the blocks which held them and toppled off the car.

As these animals bounded into the woods they uttered the most terrible screams and roars, which alarmed the entire countryside. Terror struck the people when day broke, when it was learned that the woods were filled with wild beasts. Women and children remained indoors, while the men went round carrying loaded guns.

While the population hereabouts were keeping pretty well indoors, the circus men were endeavoring to capture their valuable property. Although the animals were wild, yet they acted very much frightened at their unexpected freedom.

One by one the attractions of Gervale faded. The merchant who started up there two months ago with the motto, "Strictly cash and no produce," has had to shut up shop for want of patronage.

Both wanted the school. The woman took things as they came, the position included.

Rather an amusing race for a school occurred the other day when the passenger train was wrecked about a mile west of here. Only one school in the county remained not contracted for.

Two teachers living in San Diego wanted the school. Both obtained their certificates Monday. The trustees lived at Pena and Realitos, in the west end of the county.

The man said to himself: "I am a man. I can walk," and he started out afoot to see the trustees.

The lady, being a woman, sat quietly and waited developments until the train would go.

The strong man walked to Benavides, 16 miles. On his way he obtained a mule and took the road 35 miles farther for the home of the trustees, certain he was the lucky one, as he was a man.

And he thought of his opponent sitting back at San Diego in the wrecked train. But the walk of 16 miles and mule ride of 35 miles took time.

The mule rider came back to San Diego and takes it in good part.—Dallas News.

OREGON ITEMS.

Mr. Wyle would like to tree the person who stole a pump from off his farm near Springfield last week.

Prosper, Coos county, is the last place one would have thought of as a recruiting place for the Coxy army.

They call it scurrying over at Dallas when they employ sledgehammers, cowbells, horse-diddles and other toney things to enchant the town.

Banker Bush, of Salem, has had some fine Guernsey cattle killed by the state veterinarian, who found them to be suffering from tuberculosis.

A strange woman, who will walk into a saloon as quick as she would a dry goods store to beg, has given the Eugene people something to talk about.

Magic lantern and panorama entertainments falling to draw at Hubbard, they are now going back to old-time recitations, dialogues and comic plays.

And now the heart of the Oregon fruit grower is again sad. Word has been received that Missouri will raise more apples this year than she has in five years.

A merchant of Corvallis lately fed a guest, an old Californian, on carp, and the visitor was reminded of an old headstall he once ate when famishing on the plains.

The Stamford football team has high notions. They start June 1 on an extended tour to play Portland, Tacoma, Seattle and other Coast points, and will then sail for Honolulu.

THE WATCHES OF THE NIGHT When the repeated kind experienced by persons troubled with insomnia, soon bring about an alarming condition of the nervous system. The shaking hand, confusion of the brain, lapses of memory and loss of appetite indicate, with terrible precision, the ravages produced by loss of sleep, which if unremedied must destroy mental equilibrium altogether.

DANGEROUS PREPARATIONS. Alcock's Porous Plaster is composed of purely vegetable ingredients and is absolutely harmless. It assists nature in her own efforts to heal and invigorate, and imparts strength to the whole system.
