WON ON MERIT.

LAY THOSE TWO FISHING OUTFITS ASIDE. You needn't keep them more than a half hour. We've examined several outfits in different stores, and we want to go to another. We saw an outfit in a window and both of us want to go and see it.

Thus said two customers to whom we had shown our fishing tackle. Further said they—We like your goods, but want to be sure of getting the best value for our money. We'll be back and let you see what we've bought if we like the other outfits better.

In less than half an hour back they come and say—We don't see anything that pleases us as well as yours. We'll take them.

"NOT IMPOTENT THERE"

Says Havemeyer of the Sugar Trust in the Senate.

FRIENDS IN THE SENATE, TOO

Newspaper Men Give Damaging Testimony Before the Bribery Committee.

Associated Press.

Washington, May 24.—The senate bribery investigation committee today began a secret inquiry into the connection of the sugar trust with tariff legislation. L. J. Edwards, the author of the "Holland" letter in the Philadelphia Press, was before the committee several hours. He declined to state his authority for the information that Secretary Carlisle appeared before the tariff subcommittee before the original senate bill was reported and insisted that sugar be given protection because of party pledges made before the election, or for the statement that Carlisle himself had revised and written the sugar schedule. The other statements, the authority for which Edwards declined to give, were that \$500,000 was contributed by the sugar trust to the Democratic campaign fund.

Edwards said his first information as to the interest of the sugar trust in politics had come in the spring of 1892, when it had contributed \$10,000 to the cause of the "anti-snappers" in New York, but he had thought comparatively little of this when he had heard of its further large donations in the fall of that year. His first intimation of Mr. Havemeyer's interest in tariff legislation had been received from an interview with him published in the Brooklyn Eagle as early as the 25th of last January, in which he said the tariff would be looked after when it should reach the senate.

"We are not without influence in the senate," Mr. Havemeyer was reported to have said. "We are not impotent there."

Edwards also said that Harper's Weekly, of which ex-Secretary Schurz is editor, had asserted the trust was not without friends in the cabinet and in congress, and said he obtained his information about the reported meeting of Havemeyer and Senators Brice and Smith at the Arlington hotel, in this city, from newspaper publications. With reference to the speculation of senators in sugar trust stock, he said it was a matter of common report in New York that four or five senators had engaged in speculation, but he said that owing to the fact that their dealings came under the class known as privileges, puts and calls, there was no record kept of them, and the fact of this trading would be difficult of proof.

The afternoon session was brought to a sudden halt by the committee demanding that Edwards give his authority for statements made in his testimony concerning Secretary Carlisle's interview with the subcommittee of the finance committee and the committee drafting the sugar schedule. This Edwards declined to do. The committee insisting, he asked to be allowed to consult with his attorney, Judge Dittenhofer. The request was granted.

John Schriver, the Washington correspondent of the New York Mail and Express, was examined in regard to a dispatch which appeared in his paper May 19, stating that an interview between a United States senator and members of the sugar trust, in a parlor of the Arlington hotel, had been overheard by a wire manufacturer, who occupied the adjoining room. Schriver was asked the name of his authority, and also the name of the wire manufacturer mentioned. Schriver said the story had been given him by a congressman, but he declined to give his name, or name the wire manufacturer.

Harry W. Walker, a Washington correspondent of the St. Louis Post Dispatch, was called, and asked to state where he had obtained the information published by him in a dispatch, in which he stated that a prominent member of the cabinet had intimated that the Democratic party was under obligations to the sugar trust. Walker also confirmed Mr. Schriver's story. He refused to give any names.

NORTHERN PACIFIC LITIGATION.

Chicago, May 24.—The Farmers' Loan and Trust Company, of New York, the holders of the thirty million mortgage on the Northern Pacific, filed an amended and supplemental bill for foreclosure in the United States court today, under an order issued by Judge Jenkins, at Milwaukee yesterday. Under the same

order the defendants are directed to plead, answer or demur.

THE SENATE.

Frye on Hawaii—Barbed Wire on the Free List.

Washington, May 24.—Speaking on the Kyle Hawaiian resolution in the senate, Frye advocated the passage of this of a similar resolution, saying he had information from responsible parties that the moment the senate acted the queen would resign all pretense to the throne and accept a money compensation therefor. This being the condition on the islands, in the name of humanity he appealed to the senate to pass the resolution. At this point the hour of 10:30 arrived, and the resolution went over and the tariff bill was taken up.

The surprise of the day was the acceptance by the finance committee of an amendment offered by Allen, Populist, of Nebraska, to place barbed wire on the free list. Several Republicans opposed it, but did not carry their opposition to the extent of demanding a record making vote upon it. An intimation from Hoar that barbed wire was to be the price of Allen's vote for the tariff bill was indignantly denied.

The Powers amendment to include other classes of fence wire was defeated.

THE HOUSE.

Backs Water On the Dockage and Civil Service Amendments.

Washington, May 24.—The house today took up the legislative appropriations bill. Separate votes were demanded on the Hayes amendment declaring the laws repealed authorizing the docking of members' salaries for absence and on the amendment striking out the appropriation for civil service. The Hayes and docking amendments were defeated—104 to 127. The amendment of Emloe, of Tennessee, striking out the appropriation for the civil service commission, was lost—80 to 158—amid Republican applause.

The legislative appropriation bill was then passed.

The house bill to incorporate the Supreme League Knights of Pythias was passed.

GETTING READY FOR THE FAIR.

Olympia, May 24.—Gov. McGraw, by request has appointed three commissioners on the interstate fair work, which is now in progress at Tacoma. They are John B. Reavis, Spokane; F. R. Reed, North Yakima, and W. G. Armstrong, Seattle. In regard to the visit of a regiment of the British Columbia militia at Victoria to Seattle on July 4, as guests of the Washington National guard, the acting secretary of state has stated to Gov. McGraw that the federal government has no objection to the visit, and has asked the secretary of the treasury to extend all proper customs facilities at that point where the regiment may enter United States territory.

HUNTINGTON ON THE RILEY BILL.

Washington, May 24.—Representatives of the Central Pacific railroads today gave their views on the Pacific Railroad bill, introduced by Mr. Riley, of Pennsylvania. President Huntington spoke on the difficulties encountered in organizing and building the road. The impression was that the bill had been made rich was erroneous. When the road was completed there was no government bonds left, but many debts.

THE RACES YESTERDAY.

San Francisco, May 24.—Following is the result of the races today:
Five and one-half furlongs—White Cloud, 1:09.

Half a mile—Straight Tip, 0:45 3-4.
About three-fourths of a mile—Eckert, 1:13 3-4.

One mile, handicap—Blizzard, 1:41 1-2.
Six furlongs—Gallant, 1:13 3-4.

EMPLOYEES ARMED.

Denver, May 24.—All the employees of the Rock Island railroad, who run through Lincoln county, are being sworn in as deputy sheriffs at Limon, and armed with repeating rifles. They will resist any attempt of the Denver commonwealthers, now numbering 600, to steal trains.

SECRETARY HERBERT GOES EAST.

Tacoma, May 24.—After having visited the dry dock at Quartermaster Harbor this morning, and the Wilkeson and South Prairie coal mines in the afternoon, Secretary Herbert and party started east tonight.

MANY BALLOTS, BUT NO CHOICE.

Olathe, Kas., May 24.—The second congressional Republican convention resumed balloting today, and 154 ballots were cast, without a change, after the 51st ballot. The convention adjourned until this afternoon.

SUCCESSFUL OPERATION.

London, May 24.—Gladstone's right eye was successfully operated on for a cataract today.

BATTLE WITH STRIKERS

The Coke Regions the Scene of a Terrible Riot.

MANY KILLED AND WOUNDED

Malicious Mischief by Striking Miners in Illinois—Large Fire in Salem.

Associated Press.

Uniontown, Pa., May 24.—A riot occurred at Stickle Hollow, in the coke region, this morning.

Shortly before midnight 2,000 rioters assembled at the Stickle Hollow plants of Washington county. Some were armed, but the majority were not. They went into camp near the plant, and at 3 o'clock they adjourned to the public road over which the workmen would have to pass. They stopped the first division of miners, who, after little persuasion, turned back. At that moment the deputies were ordered to shoot at a range of about fifty yards. At the first volley the strikers ran in every direction. The deputies fired two more volleys and were shooting when the last striker disappeared. Officials of the company say four strikers were picked up dead, and about half a dozen wounded were carried away by their comrades. Other reports say six were killed and 16 wounded.

The company officials say the strikers served a notice on them that they expected to assault the works, and the deputies considered the interference with the workmen the beginning of the assault. The strikers had made demonstrations all night, even threatening to visit the houses of workmen and give them the choice to quit work or die.

The latest news from the scene of the trouble is that the strikers are all gone. A battle was narrowly averted at Fair Chance last night. Today the situation at the Hill Farm mines, where the company is running a full force, is decidedly alarming. The plants are guarded by 50 deputies, and a conflict would result seriously. The strikers are determined to force all plants to shut down, regardless of loss of life. Later reports say the shooting was not all on one side. The workmen were about to comply with the command, "Go home!" when the deputies rushed into the midst of the strikers, got possession of the workmen and marched them to the pit. A deputy sheriff fired a shot, which opened the battle. Volley after volley was fired by each side at close range. The strikers' ammunition gave out, and they were forced to flee. Five are known to have been killed and eight wounded. The killed are all strikers. Three deputies are among the wounded. Supt. Rainey has ordered four Gatling guns for his plants.

MISCHIEF BY STRIKERS.

Centralia, Ill., May 24.—Five hundred striking miners from the Duquoin and St. John's mines arrived here today on a freight train, and at the Big Four mine demolished the machinery, filled the shaft with about 15 feet of debris and smashed all the glass and sash. The total damage is estimated at \$2,000. The strikers left the city on foot for Odlin, eight miles north, to shut down the mine there. The sheriff swore in 50 deputies, equipped with Winchester, and left for Odlin on a special train. The miners are also armed.

LARGE FIRE IN SALEM.

Salem, May 24.—Fire was discovered this morning in the paint and oil department of Gilbert & Patterson's grocery. Before it could be gotten under control the stock was made valueless by fire and water. The origin is thought to have been spontaneous combustion. The loss is estimated at \$30,000, with \$2,000 insurance. The grocery stock of J. A. Van Eaton, next door, was considerably damaged by smoke and heat.

SOUND STEAMER BURNED.

Port Townsend, May 24.—The steamer Dispatch burned to the water's edge at 2 o'clock this morning at Friday Harbor, and is a total loss. The fire is supposed to have been caused by the overturning of an oil lamp. The steamer's lines were cut off and she drifted a few hundred yards down the bay and sank.

The Dispatch was valued at \$5,000 and was owned by Capt. Hensperger, of Seattle. She was insured for \$3,000.

THE ALBANY ASSEMBLY.

Dr. Wilson Elected Moderator.
Albany, May 24.—The United Presbyterian general assembly met this morning. Rev. J. A. Wilson, professor of history in the Allegheny theological seminary, was elected moderator.
Rev. S. G. Irvine, a pioneer pastor of the Albany church, presented the moderator with a silver-mounted gavel made from the wood of an apple tree planted by the pioneer ministers in Oregon.

SUDDEN DEATH.

A Well Known River Engineer.
Portland, Or., May 24.—C. S. Foster, a well known river and railroad engineer, dropped dead today in a clothing store. His death was due to heart disease. He was 47 years of age, and leaves a wife and four children.

CINCINNATI DERBY.

Lazarone First and Pearl Song Second.
Cincinnati, May 24.—The Derby, one and one-half miles, worth \$7,500, of which \$5,555 went to the winner, was taken by Lazarone, with Pearl Song second. Time, 2:51.

KILLED AN INDIAN.

Spokane, May 24.—A man named Conoce, of Rock Creek, shot and killed Indian Nais today on the Couer d'Alene reservation, eight miles from here. Conoce had secured work on the reservation, which enraged Nais, who struck at him with an axe. Conoce then got a revolver and shot the Indian. It is feared the affair will cause trouble.

DESPERATE BATTLES.

New York, May 24.—A Herald La Libertad special says: A series of desperate battles have been fought. Over 3,000 troops were killed and many wounded. A decisive battle is now being fought.

U. S. GRAND JURY.

Portland, May 24.—The United States grand jury today returned six indictments, four of which were for aiding the illegal landing of Chinese.

A REDUCTION ORDERED.

Men at the U. P. Albina Shops Put On Half Time.

Quiet as Albina has been for some time past, there is more misfortune in store for that portion of the city.

Yesterday orders were received from Union Pacific headquarters to put all the men in the mechanical departments of the company on half time, which means that only 200 of the 400 men in the Albina shops will work at a time, or, in other words, the 400 men will be employed but two weeks in the month.

Asking a prominent official of the company this morning as to the cause for this retrenchment, he told a Telegram reporter that it was due to slack work, attributable to shrinkage in the road's business.

Several of the mechanics employed in the shops, however, differ from the above statement in the expression of their views of the case. They assume that it is the result of United States Judge Caldwell's decision, in Omaha recently, to the effect that the Union Pacific should restore to the employees of the company their former standard of wages, and from which decision there is no appeal.—Wednesday's Telegram.

HE WILL GET THERE.

The nomination of Judge Lord for governor calls to mind an amusing and possibly prophetic incident that occurred some years ago on the Bull Run and Sandy stage. He had been out on the line and was returning to Portland, when the driver, Leon Cohen, being in somewhat of a hurry to reach the city before dusk, touched up his horses with the whip and put them through at a lively rate. The wheels touched the high and low spots in the road in such rapid succession as to severely test the springs and kept the occupant of the stage bouncing about its interior like a rubber ball. Finally the driver slackened his speed and Judge Lord thrust his head out to expostulate; but just then the whip cracked again, the horses jumped into a run, and as the judge was jerked violently back into his seat he heard the driver chuck.
"My Lord, sit still, and you will get there."
