FORCE DEPUTIES TO SURRENDER

Mine Shafts Blown Up and Many Men Killed and Wounded by The Explosions.

Associated Press.

Cripple Creek, Col., May 25.—A wagon load of powder was backed up against the shaft house of the Strong mine by strikers today and exploded.

The train bearing 150 deputies reached Victor about 10 o'clock, and 400 miners immediately surrounded the deputies and the fighting began. It is not known whether any were killed.

The train bearing 150 deputies reached Victor about 10 o'clock, and 400 miners immediately surrounded the deputies and the fighting began.

Eighteen or 20 deputy sheriffs have surrendered to the strikers, being told if they surrendered their rifles and side arms they would receive no personal injury.

The latest news from the scene of the struggle is that no shots were fired. It was reported that Supt. McDonald, of the Strong and Anna Lee mines, was shot.

Cripple Creek, May 25.—Seven men were killed, with a strong probability the number of dead will be increased by five more when all is known that is recorded of the first day of the trouble here, although the real fight has not yet begun, as the deputies are awaiting reinforcements before beginning active operations.

Not more than 300 yards from the Strong shaft house 16 men who had been engaged to go to work in the Independence mine were surrounded in their bunk house, and after a long parley agreed to surrender.

It is rumored that five strikers attacked the Anna Lee mine, overpowering the guards, after which they blew up the shaft house, but the rumor has not been verified.

The situation at 6 o'clock tonight is one of the most painful anxiety. Not a few believe the town will be a smoldering mass by another sunset if the strikers be not restrained.

At Victor, six miles away, where fully 1,000 people reside, a reign of terror prevails. Within a half mile of the corporation limits all day long fully 300 union miners, armed with rifles, have paraded up and down the side of the hill.

Colorado Springs, Col., May 25.—Sam Strong has just arrived from Cripple Creek, and corroborates the report that the shaft house of the Strong mine was blown up, and says there were 11 men in the house. The majority of them were killed.

Albany, Or., May 25.—The United Presbyterian assembly was opened with prayer by the moderator. Reports of the general committees were read.

The report of the committee on foreign missions was made a special order for Tuesday morning.

Rev. Dr. W. T. Maloy, of Chicago, introduced the following resolution and moved its adoption:

The resolution was discussed at length, and several prominent ministers said they favored the spirit of the resolution, in fact, were protectionists, but did not deem it wise for the general assembly to adopt it.

A mention of McKinley's name was loudly cheered by the delegates and the audience.

Dr. Maloy made an earnest, patriotic and eloquent appeal for the resolution. He asked what is there political in the protection of American industries and labor. Buttz, and that there is no truth in Buttz' statement to Senator Kyle and Eppa Hunton, Jr., that a syndicate had raised a sum to be used for the purpose of defeating the pending tariff bill, or that there was an agent of such syndicate in Washington or money in Washington for that purpose."
