During hard times it is well to bear in mind that there is power in an advertisement judiciously placed. A tiny mouse once released a lion who was in an embarrassing and dangerous situation.

A naphtha launch, with reversible propeller, is creating the same consternation among the salmon in the river as the slim crowd at Fisher's hall did to the Democratic speakers Saturday night.

The little son of Harry Pankulla fell over the roadway at the Washington cannery onto the rocks beneath, seriously cutting his head. A few articles including a purse marked "S" were laid down on the sidewalk, corner of Court and Benton streets, on Saturday night. Will such person kindly return them to Miss Subady at her home, corner of Court and Benton streets, No. 296, and receive thanks for his or her kindness.

A SLIGHT RUSH. The Astoria Iron Works will in a few days have finished the two retorts for the Friday Harbor cannery, and by putting on an extra force expect to have ready all the packing machinery for shipment June 9. Things are lively around the works, and it reminds one of the days before Cleveland's election.

NO DANGER. Many timid persons are frightened out of their boat rides through the belief that it is dangerous on the river while so many large logs are in the drift. They were never more mistaken, as it is not the floating timber in high water that the steamboatman is afraid of; it is the hidden snag when the water is low that causes his apprehension.

THE PORTLAND TEAM. The Portland football team leaves that city tomorrow morning at 6 o'clock, on the Sarah Dixon, for Astoria, and will arrive here at 2 p. m. They will be accompanied by a large crowd of friends and supporters.

FELL OVERBOARD. Sunday night the three-year-old son of Wm. Hendren was playing on the porch back of his father's place of business and fell off into the river. His mother, hearing his cry, rushed out, and climbed over the porch railing and jumped down eight feet into the water and got hold of him with one hand, while with the other she had the presence of mind to seize the cross-bars on the piling. In the meantime some one had given the alarm to the occupants of the lunch room, and Jos. Petty rushed out and into the water, helping Mrs. Hendren to hold on with her boy to the cross-bars until help came from other quarters, when all three were taken ashore and congratulated on their escape and heroic actions.

A GOOD SERVANT. Ask John H. Smith, ask George Noiland, ask C. R. Thompson, or any other attorney in the city, his honest opinion as to the condition of the county records—since Frank Dunbar has had charge of them as county recorder. He will tell you that these records are first-class. Yes, he will do better than that, if you pin him down: he will confess that they never were in such good condition. For accuracy, convenience, neatness and reliability they are a model for any county in the state, and Frank Dunbar will fill the position of county clerk with as much integrity and faithfulness as he has the position of recorder.

Can Clatsop county afford to lose the chance to obtain the benefit of the services of a man like this as one of its officers? We think not. Voter, do you?

PROSPERITY SIGNS. "Yes," remarked a drummer at the Occident yesterday, "a man in business is just as well off now in one town as in another, for trade is quiet all over. People seem to be keeping still, just to see how quiet things can get. But, if a man is so discontented that he will move, and is going to move anyway, and is determined to go to a farming community, I can give him a pointer by which he can tell whether he has struck a good town or not, and he won't have to hunt very far for the information, either."

"How can he?" "Well, just let him step into the harness shops, and if they tell him they have a good whip trade, you can bank on it, that community is prosperous, for whips find ready sale in a thriving country. They go with fine horses and buggies. People don't buy them unless they have means to do so. Gads go with oxen and clubs with mules, while the long switch becomes the immigrant, who is proving up his quarter section."

THE YELLOW GLOW OF THE HORIZON. Painted on the sky by the setting sun, is beautiful. Not so the sorrow saffron of a face tinged with bile. And oh! the unspeakable discomfort that bile in the wrong place produces. Twinges in the right side and under the right shoulder blade, nausea, vertigo, sick headache, constipation, faulty digestion. Not in an instant can the symptoms of biliousness be dispelled, but persistence in the use of Hostetter's Stomach Bitters will eradicate them, restore digestion and regularity of the bowels, and counteract tendencies to more aggravated conditions, such as rheumatism, inactivity of the kidneys and bladder, neuralgia, and inability to sleep, are also remedied by this genial preventative and restorative of nerve force and tranquility.
