He left his house about 4 o'clock, and while walking leisurely along towards the bakery what should arise from the ground alongside the plank walk to dispute the right-of-way but a 150-pound black bear! It had been aroused from its nap by the approaching footsteps, and from its actions Mr. Willkison did not deem it best to order it back to a sliding. In fact, he stopped and intended to go back towards home himself, when the bear gave a low growl and disappeared in the brush. Mr. Willkison proceeded to his work, and upon reaching the bakery found that his heart had beat so hard as to stop his watch. Last year he and Mr. Adams trapped a bear in the same vicinity.

VOTER!

Democratic Senate, with the assistance of Populist Peffer, of Kansas, The Credit Destroyer, day, before yesterday placed lumber on the free list. What does this mean to Astoria? What does this mean to the lumber interests of the whole Northwest? It means that all timber claims are worth just one-third what they were last week. It means that there will be no lumber or shingles shipped east from Oregon until the Canadian forests are exhausted or this iniquitous bill is repealed. The shutting down of the saw-mills in Clatsop county and in Washington means more idle men, dead stocks of unsalable logging tools in the hands of Astorian merchants. No lumber to haul east means no freight for railroads. No freight means no new roads. John Fox's election may insure the election of a Republican Senator from Oregon; may insure a Republican United States Senate. A Republican United States Senate may insure the repeal of this deadener of Oregon's chief industry. Which legislative ticket ought the laboring man and land-owners of Clatsop county to vote for?

What is Eczema?

It is an agony of agonies. A torture of tortures. It is an itching and burning of the skin almost beyond endurance. It is thousands of pin-headed vesicles filled with an acrid fluid, ever forming, ever bursting, ever flowing upon the raw excoriated skin. No part of the human skin is exempt. It tortures, disfigures and humiliates more than all other skin diseases combined. Tender babies are among its most numerous victims. They are often born with it. Sleep and rest are out of the question. Most remedies and the best physicians generally fail, even to relieve. If CUTICURA did no more than cure Eczema, it would be entitled to the gratitude of mankind. It not only cures but A single application is often sufficient to afford instant relief, permit rest and sleep, and point to a speedy cure. CUTICURA works wonders because it is the most wonderful skin cure of modern times.
