YESTERDAY'S WEATHER. Maximum temperature, 71 degrees. Minimum temperature, 56 degrees.

AROUND TOWN. Dr. Aug. C. Kinney left for San Francisco via steamer today on business.

Orders can be left at Carnahan's store for the Astoria Wood Yard for all kinds of fuel.

Don't forget the entertainment Tuesday evening, June 12, by the Columbia Camera club at Liberty hall.

Dr. Estes went to Seaside on a professional call as a late hour last evening. He will return this afternoon.

Go to the Astoria Wood Yard for the best kinds of wood; also best grades of coal delivered in quantities to suit.

Driftwood is accumulating largely around the docks, and now is a good time for enterprising hustlers to lay in a winter supply of fuel.

W. E. Seney, formerly proprietor of the Astor Restaurant, together with his family, left yesterday for Olney, where they will reside permanently.

For a delicious plate of pure ice cream, go to C. B. Smith, the Ice Cream Dealer. Ice Cream Soda a specialty. Private parlors for ladies. 483 Third street.

The members of the Baptist church of Astoria are especially requested to meet at their church on Sunday, June 3, 1894, as matters of importance will come up.

At the meeting of the State Medical Association, held in Portland recently, Dr. J. A. Fulton, of this city, was elected president of the same, an honor most worthily bestowed.

We were privileged an account of the Astoria Football club's entertainment of last evening by one of the members, but up to the time of going to press it had failed to reach us.

Mrs. Larowe, teacher of dancing, will arrive in town Monday, June 4th, and will be at Fisher's Hall that afternoon at 2 p. m. to meet those who wish to join classes or arrange time for private lessons.

Mrs. J. M. Strickler, formerly of Chicago, wishes to organize a class in oil painting. Samples of her work can be seen at B. F. Allen's. Parties interested are requested to call on her at Mrs. E. C. Holden's, from 2 to 4 any afternoon.

Services at Grace church today at 11 a. m. and 4 p. m. Bishop Morris is expected to be present, and at the afternoon service will administer the rite of confirmation. Evening prayer and confirmation at Holy Innocents, Upper town, at 7:30.

A man named Loomis in attempting to board the Dwyer yesterday afternoon missed his footing and went overboard. He was promptly fished out by the boat employes and suffered no damage except the ducking. He was very much under the influence of liquor at the time.

A drunken man raised such a disturbance yesterday afternoon in the store of Board & Stokes that a messenger was dispatched post-haste for an officer. Before the officer arrived, however, the proprietor and clerks became so angry at the inebriated individual's abuse that they threw him out bodily.

There was a savage fight in the Richmond dance hall yesterday morning about 4 o'clock, in which three fishermen, three bar tenders and about a dozen hangers on about the place, who to a man, assisted the liquid dispensers. The fishermen had been drinking, when a dispute arose between them and the bar tender as to the amount to be paid, which culminated in a fight. It was a one-sided affair, and the fishermen were badly used up.

A GOOD IDEA. Rossey Clinton has rented the McKinley club room for the evening of the election and the day following, where he will receive telegraphic dispatches from all over the state, county and city as quick as lightning can get them to him. This action on the part of Mr. Clinton has been encouraged by subscriptions from nearly all the business men of the city, regardless of politics. It will be after the election is over, and the reports will be given out as fast as the ballots are counted. It will surely be a great accommodation to those who are liberal enough to contribute.

MR. SMITH'S TRUE COLORS. Mr. D. J. Ingalls reports that in Mr. John H. Smith's recent speech over on Lewis and Clarke he stated most positively that if elected to the legislature HE WOULD VOTE FOR PENNYGER FOR UNITED STATES SENATOR!

How is this for the men who are supporting Mr. Smith on his "GUARANTEE" that he will not, under any circumstances, favor a Populist for the senate. He is evidently determined to save his and his family's fish trap interests, regardless of his reputation for truth and veracity.

RESCUE CLUB. Miss Kate Grant, pianist. There was a good house, notwithstanding counter attractions, and the program furnished by the teachers of the Cedar street school was a model, being bright, amusing and instructive, indicating unusual talent in the young performers.

At the last meeting of the local W. C. T. U., of Astoria, "a reporter" gleaned the following facts: That the new president, Mrs. M. A. Brown, has a new gavel decorated with a white ribbon—power in love and purity. That there was general pride and rejoicing in the fact that our own Mrs. Narcissus White Kinney was elected state president of the Oregon W. C. T. U., at the late convention in Salem.

THE W. C. T. U. At the last meeting of the local W. C. T. U., of Astoria, "a reporter" gleaned the following facts: That the new president, Mrs. M. A. Brown, has a new gavel decorated with a white ribbon—power in love and purity.

BOUND ON A VOYAGE. Yesterday afternoon a portion of a dock, containing between 20,000 and 30,000 feet of lumber, passed out to the ocean through the Washington channel.

A MISTAKE CORRECTED. Notice was given the scholars of Cedar street school that there would be no school Monday. At the request of the teachers the directors have decided that school shall be taught as usual on that day, and it is requested that parents notify their children.

PERSONAL. S. Bartholomew, conductor of the Seashore road, was in the city yesterday.

J. W. Gearhart is spending a few weeks at Belknap Springs, 60 miles east of Eugene.

It seems pretty well understood that E. H. Flagg, of Salem, who is a great hand to "neighbor," has lent his bible to the Albany Herald crowd during the Presbyterian assembly.

Don't go to Portland to buy your tickets for the "Old Country" and the East when you can get them for the same price at the Union Pacific office in this city, and thereby save your local fare to Portland.

THE WATER QUESTION. Some Startling Insinuations by "Indignant Housekeeper."

The following from our original correspondent suggests some entirely new, if not altogether pleasant, reflections on this somewhat stale question. What does she mean by the next to the closing paragraph of her letter? Can there be a phase of the question requiring other and different treatment and investigation from that implied in the bantering letters published on the subject? Messrs. Water Commissioners, are we to sure enough proceed from jest to earnest in this matter?

Editor Astorian—Mr. Parker gives us his ultimatum in your issue of date June 2. He reiterates that he told us "the truth, all the truth and nothing but the truth," in his article of May 29. Perhaps he has, as HE sees it, but he has not told us yet to our satisfaction, why we do not have new water works? He tells us why HE thinks we do not need them, and acknowledges a woful lack of force and business activity and great timidity on the part of the board in venturing on a line of action necessary to bring about the thing we, as residents and water consumers want. BOARD OF WATER COMMISSIONERS, will you kindly tell us, through some member of your board WHO KNOWS WHAT HE IS TALKING ABOUT, just how matters on this water question stand. What prospects, if any, there are that we shall have that which we demand—a sufficient supply of water?

We are not an alarmist, neither do we wish to frighten any prospective resident away from our city, or we might ask some rather startling questions, and if our one ALL IMPORTANT question regarding a more abundant supply is not answered, we may show up the cleanliness and sweetness of the reservoir during last summer in a manner not conducive to good digestion.

We await a reply from some other member of the board, for we have pumped Mr. Parker and find him as dry as the water works.

INDIGNANT HOUSEKEEPER. A FISHERMAN'S STORY. Complains That the Captain of the Ilwaco Left Him to Drown.

A fisherman named P. Durce complains that the captain of the Ilwaco acted in an inhuman manner towards himself and comrade yesterday. Durce says that his boat was struck by a squall, filled with water and capsized. While himself and companion were clinging to the keel of the upturned craft, the Ilwaco, so he avers, passed within 300 yards of them, but despite his signals of distress, left him to drown, or get out the best way he could. Himself and partner were rescued by some other fisherman, but his boat and fishing tackle drifted out to sea and were lost.

The above is given just as related to The Astorian. The captain of the Ilwaco could not be seen last night, and his side of the story cannot therefore be published this morning. It is difficult, however, to believe that a man with a spark of human kindness in his heart would leave two human beings to drown when it was in his power to rescue them. An explanation from the captain is therefore in order.

THE COUNTY'S POLL TAX. There has been some talk on the streets in regard to the amount of poll tax turned into the county treasurer's office by the different county assessors. The records in the county clerk's office show the following amounts credited to the different assessors from the year 1873, when A. Knapp was assessor, down to the present assessor, Benj. Worsley:

Table with columns: Name of assessor, Amount collected. Includes A. Knapp (4 years) \$7,565.59, S. B. Smith, J. P. Warren, C. R. Sorenson, J. Smett, F. L. Lindell, C. J. Parker, J. W. Gerhart, Ben Worsley.

Mr. Worsley turned in on January 18, 1894, \$38, and on February 28, \$30. Mr. Knapp must have been an extraordinarily good officer, diligent in the discharge of his duties, or some of the assessors since his time were very poor ones. A search of the records, with certain inquiries lately started, have disclosed other peculiarities in our county government, of which we may have something to say at a future time.

A Klamath Falls man was struck by lightning, and for the moment was rendered speechless, but not hurt. It is hard to hit a Klamath Falls man with anything he can't take in sooner or later.

What is Eczema? It is an agony of agonies. A torture of tortures. It is an itching and burning of the skin almost beyond endurance.

It is thousands of pin-headed vesicles filled with an acid fluid, ever forming, ever bursting, ever flowing upon the raw excoriated skin. No part of the human skin is exempt.

It tortures, disfigures and humiliates more than all other skin diseases combined. Tender babies are among its most numerous victims.

They are often born with it. Sleep and rest are out of the question. Most remedies and the best physicians generally fail, even to relieve.
