YESTERDAY'S WEATHER.

Local weather for the twenty-four hours ending at 5 p. m. yesterday, furnished by the United States Department of Agriculture, Weather Bureau: Maximum temperature, 78 degrees. Minimum temperature, 53 degrees. Precipitation, none. Total precipitation from July 1, 1893, to date, 97.46 inches. Excess of precipitation from July 1, 1893, to date, 27.21 inches.

AROUND TOWN.

"The Sea Queen" is said to be mounted with the finest scenery ever brought to Astoria.

James McKeivitt has accepted the position of nightwatchman at one of the canneries.

The Columbine is expected to arrive in Victoria from her trip to Alaska on the 24th inst.

House numbers are now in demand, and the hardware stores are selling many of them.

Mr. Stutz deserves credit for the production of such a superior play as "The Sea Queen" in Astoria.

The Manzanita leaves today for a week's trip to the southward to supply and inspect all light stations.

The motor line was the favorite transportation company yesterday for those who took an afternoon outing.

Yesterday was the first day of the school boy's summer vacation, and he hardly knew what to do with himself.

It is reported there are some trout over at Clatsop that have spiral shaped tails, to help them pull under the cork.

Mr. Sverson, of Dent, Or., is having a lot of tram wheels and axles made at the Astoria Iron Works for his logging camp.

There are good old times. A clothier has some suits displayed in his show window for \$3 a suit, but no one has the \$3.

Real estate men say that every store room in town will be rented within a week after it is assured that Astoria is to have a railroad.

The steamer Telephone went down to Tansy Point with a lot of horses and wagons, which she brought down the river for that place.

There is to be an important business meeting at the Baptist church this evening, and it is desired that every member of that congregation shall be present.

It has been a long day since Astoria had a prize fight, and the dust is so thick on the seats in the building where the last was held that one could grow vegetables on them.

A barber who took in a spurious half dollar believes this kind of coin is like Miss Haraden's ships, because they "pass in the night."

Circuit court commenced yesterday. There was no jury, and the term will be devoted to equity business and in making up the issues in law cases for the September term.

Jim McIntyre and a native of Sunny Italy broke the Sabbath in a very disorderly way by fighting. They were assessed \$10 and \$5, respectively, in Judge Osburn's court yesterday.

There's a break in the street opposite P. A. Stokes' store, which if not repaired soon will catch some horse's leg and so injure the animal as to necessitate sending him to the equine heaven.

Sh! Don't tell this to some of the members of the water commission. A strip of oil cloth placed on each side of a bed will cure somnambulism. It is said that the cold surface of the oil cloth will invariably awaken the sleeper.

There must be a good many awful liars among the voters of Clatsop county, if what some of the defeated candidates say is true, and Anannias did well to establish his record long ago or these deceivers would have outplayed him.

A shooting gallery, with a barrel organ accompaniment, started up last Saturday on Concomly street. The man who acts as chief gun-loader and book-keeper for the concern says "business is pretty good," and that he has no kick coming.

Judge Browne did not arrive yesterday, and the spirits of the dealers in real estate were at low ebb, but they revived in the afternoon when a telegram came stating that he was on the way, but had been detained by a slight illness at Denver.

NEW DEPUTIES.

Harry J. Wherity will occupy the position of deputy in the county clerk's office under Frank Dunbar, and R. G. Prael will be the chief deputy of Sheriff-elect Hare.

CATTLE BUYERS.

Montana cattle men are in the lower part of Clatsop county and Tillamook picking up yearlings and two-year-olds. They are purchased for shipment via Portland, to the ranges in the vicinity of Butte City, where the climate is too severe in the winter for young beef.

OUT OF SEASON.

Two fishermen forgot themselves Sunday and cast their nets at a time when the law says they shall not. Deputy Weeks came upon them at the head of Sand Island, and yesterday they were up before Judge Osburn, who fined them each \$50 and costs.

FOR TILLAMOOK.

Capt. Edwards, hull inspector, and Franklin McDermott, boiler inspector, were down from Portland yesterday and inspected five steamers at this port. They leave this morning for Tillamook on the R. P. Elmore, to inspect the steamers Gen. Garfield and Louise there.

THE KICKER.

The kicker was out yesterday. He was kicking because the Occident hotel was being painted, "for," said he, "when the job is done the building's appearance will make its neighbors look so dingy that the owners will be compelled to brighten them up, and the thing won't stop until it gets all over town."

THE NEW ELEVEN.

The following is the composition of the second eleven of the Astoria Football Club, as chosen by D. McLean, captain: C. T. Crosby, R. McLean, Ed. Hansen, Charles Helborn, Jr., Jack Grant, James Meechan, H. T. Finley, A. D. Young, P. W. Weeks, W. L. Trullinger, D. McLean, and A. A. Cleveland, Jr., John McCue, substitutes.

ANOTHER ONE.

Mr. S. S. Gordon has heard and read of the large salmon caught this season, but seemingly had doubts about some of them; for yesterday, when word was brought down from the Cutting Packing Company that one of its boats had brought in a 72-pounder, he left the bank with his tineline and went down to prove up the story. He found a fish 52 inches long and 46 inches around, which tipped the beam at 73 pounds.

AFTER THE BATTLE.

John Smith's election to the senate has acted like yeast on Democratic hopes, and the river bottoms will soon be full of candidates setting their lightning rods for nominations to take effect two years hence. Young Democracy seems to look to George Nolan as their leader. He managed Smith's campaign, and the result was so surprising there is talk of putting him in training for congress.

SAYS "TISN'T SO."

Al. McGillis, steward of the steamer Telephone, started the report in Christensen's meat market yesterday that Frank J. Carney had returned from Portland a married man. Mr. Carney's friends, and he has a multitude of them, dropped in to congratulate him, only to find that it was just one of McGillis's jokes, and Mr. Carney was just as single as he ever was.

SAME WAY IN CLATSOP.

From American Investments. Up in Iowa the cow and the hen are said to pay the family expenses and furnish the living from day to day, and the hog gets in his work by lifting the mortgage on the farm. Great is pork.

Orders can be left at Carnahan's store for the Astoria Wood Yard for all kinds of fuel.

Go to the Astoria Wood Yard for the best kinds of wood; also best grades of coal delivered in quantities to suit.

For a delicious plate of pure ice cream, go to C. B. Smith, the Ice Cream Dealer, Ice Cream Soda a specialty. Private parlors for ladies. 483 Third street.

Do you need a pair of shoes? Call on us and bring your feet with you. 'Tis a feat to fit the feet, and we have the salesman who know how. Goodman & Co.

We are out gunning for the man who says he can't get his watch repaired without sending it to San Francisco. Why, we run a regular "Watch Hospital" and repair all kinds of breaks, at Niemi's Jewelry Store.

Just arrived, by express from New York, a large assortment of butter-color faces, at New York prices. Where at? SHANAHAN BROS.

Meany is the leading tailor and pays the highest cash price for fur skins.

For \$2 a lot is delivered every week to the buyer in Hill's First addition.

Hill's First addition is located in the centre of the city. Lots are now selling in it for \$2.

Japanese novelties and fancy dry goods can be had at half price, at the store of Wing Lee, next to Olsen's cigar store.

H. Ekstrom has fixed his prices for jewelry to suit the times, and the latest novelties can be secured at the cost of material used in the manufacture.

All the patent medicines advertised in this paper, together with the choicest perfumery, and toilet articles, etc., can be bought at the lowest prices at J. W. Conn's drug store, opposite Occident Hotel, Astoria.

Don't go to Portland to buy your tickets for the "Old Country" and the East when you can get them for the same price at the Union Pacific office in this city, and thereby save your local fare to Portland.

WHEN TO ADVERTISE.

The very fact that only a few merchants are wise enough to advertise in dull seasons, makes it all the more profitable for those who do. You are these when others are not. It gives you greater prominence. It will make your advertising in busy times much more effective.

Common sense has a great deal to do with advertising. Think about it from a common-sense standpoint. It may take some "nerve" to pay out money for newspaper space when the business isn't paying expenses, but it will pay.

More than half the business houses in the country would be ahead if they could shut up for three months in the summer. But they don't do it. Why? Simply because they can't afford to. People would forget them.

Same way with advertising. Think of it.

YOUNG AMERICA WINS.

Great was the excitement at the vacant lot back of the opera house, that was, yesterday, when an association game of football was played between a team from Uppertown called the Young Americans, and a team called the Young Astorians. Master Charles Wright acted as referee, and was kept busy enforcing rules, etc. Master Schonka captured the Astorians, and Master Prescott Wright the Young Americans, the score being, at the call of time, 9 to 6 in favor of Young America. Quite a number of spectators were sorry when time was called, as the game was full of interest from start to finish. At one time the referee called out the game as even, when one of the contestants yelled, "No it isn't, it's five to five." The captains say another game will be played in a day or two, and it will no doubt be well patronized.

CAN BE BUILT IN SIX YEARS.

Lieut. Menocal, of the navy, tells the house committee on commerce that the Nicaragua canal can be built in six years, at a cost not much exceeding \$60,000,000, and that contractors stand ready to undertake to do the work for this price. Several years ago he gave a higher estimate of cost. This revised estimate is based on additional study of the conditions. The whole tenor of his testimony is favorable to the prompt undertaking of this great work, which the government, in view of its vast importance to our commerce and to the security of our national power, ought to foster and aid as may be needful to make its accomplishment certain.—New York World.

PAPERS AS LOCAL ENTERPRISES.

A local paper is just as much a local business enterprise as any store in the town, yet many people seem to think that it is a benevolent institution, and it is run for the fun of it. Now, a daily paper is the direct communication between storekeeper, business men and the people.

When a live man has anything to say to the people he uses the columns of a live daily. All business men realize this, and those who patronize the columns of their daily newspaper reap sure and quick returns.—Amesbury (Mass.) Daily News.

"THE SEA QUEEN."

Hanlan Brothers' "Fantasma" is the crack spectacular show of the United States, and yet those who witnessed the performance of "The Sea Queen" combination last evening at the Stutz Theatre state that it is a better show, having more merit and better artists than the Hanlons ever had.

It is doubtful if Astorians will ever have an opportunity to witness a superior attraction of this kind, and we expect to see the house crowded this evening.

LUXURIANT HAIR

WITH a clean, wholesome scalp, free from irritating and scaly eruptions, is produced by the CUTICURA SOAP, the most effective skin purifying and beautifying soap in the world, as well as purest and sweetest for toilet and nursery. It clears the scalp and hair of crusts, scales and dandruff, destroys microscopic insects which feed on the hair, soothes irritated and itching surfaces, stimulates the hair follicles, and nourishes the roots. It not only preserves, purifies and beautifies the hair, but imparts a brilliancy and freshness to the complexion and softness to the hands unequalled by other skin soaps.
