

## THE PUBLIC SCHOOLS

A List of Promotions and the  
Rolls of Honor.

## A SUCCESSFUL YEAR CLOSED

Pupils Advancing Regularly From  
Grade to Grade in All the  
Schools.

The public schools of Astoria are, as they ever should be, the greatest pride of all her citizens. It has been said by those competent to judge, that our city can now boast one of the best systems of public education in the entire country, and it is certain that among all the good things which can be truthfully said of the town, there is not one better calculated to attract the better class of people, and aid in the work of developing its matchless resources and those of the surrounding country. The term just closed is pronounced by the teachers and friends of the schools to mark the end of one of the most successful and creditable scholastic years in their history. The thanks of the whole community, as well as the immediate patrons of the schools, is due to the excellent corps of principals and teachers, who have contributed to this excellent showing, and the best wishes of all will follow them in the short respite from their most arduous duties permitted by the ensuing vacation.

ALDERBROOK SCHOOL.

In lieu of a list of promotions or roll of honor from the above school, we have received the following letter from the principal for publication:

Editor Astorian—

Alderbrook school has had a very successful year, a lively interest being kept up in the studies until the day of closing. Eighty-one different pupils have been enrolled in the two departments, with an average daily attendance of 61. Fifteen pupils have been neither absent nor tardy throughout the year; and, including Friday visitations, more than 200 visits have been made. A reasonable advancement has been made by nearly all the pupils, from the chart class to the seventh grade; most of them passing along in regular order to the next higher grade. Work has been the constant watchword, so that all realize that there can be no excellence without great labor; the result being that all are prepared to do more and better work in the succeeding year than ever before.

I desire to thank all the school children for what they have done and for what they have tried to do; and the patrons for their kindly feelings and the interest they have constantly shown in our labors. Very respectfully,

ALBERT WILLIAMS, Principal.
