REPUBLICAN LEAGUES

Largest Convention in History of the Organization.

A SIGNIFICANT LETTER READ.

Senator Don Cameron's Strong Plea for Silver--Woman's Suffrage Resolution Refused.

Associated Press.

Denver, June 26.—Standing room was at a premium at the National Republican League convention today in the Broadway Theatre. The number of visitors in the city is estimated at 6,000, of whom about one-third are delegates. The committee on resolutions practically decided in advance to frown down all issues, such as the free coinage of silver and woman suffrage. Nevertheless, it is the intention of some delegates from the silver states to make a fight in the convention. F. C. Goudy, president of the state league, welcomed the delegates in a long speech. He savagely attacked Gov. Waite and the Populist policy, and promised that Colorado would be redeemed at the next election. President Tracy then delivered his annual address.

The roll call following immediately after the president's address showed 40 states and territories represented, the largest number in the history of the organization. Some of the delegations were very large. Iowa reported 54, Kansas 51, Minnesota 44, Mississippi 50, Wyoming 50 delegates and visitors. When Oregon was called the chairman answered, "Here, with 16,000 majority." Vermont answered "Here, with 20,000 majority."

When the Carnot resolution came up objection was made on the ground that the president of the United States had already expressed the sympathy of himself and the American people. A delegate shouted that Grover Cleveland did not represent all the people of the United States. This retort aroused the ire of Senator Saunders, of Montana, who said: "Where the Republican party assembled in any form lacks patriotism, so that the president of its country does not speak its sentiments to foreign nations, then we had better build the fires of patriotism anew. I don't care what your personal opinion of Grover Cleveland is, he represents as president every citizen of the United States."

"How about Queen Lill?" irreverently interrupted a delegate, but the Montana man ignored the question.

The venerable Henry B. Blackwell, of Massachusetts, offered a resolution favoring woman suffrage. It was referred to the committee on resolutions.

Delegate Herrington, of Arizona, introduced a resolution for the free coinage of gold and silver.

Ex-Gov. Prince, of New Mexico, submitted a resolution demanding the immediate admission of New Mexico to statehood, and favoring a Pan-American conference of all the nations of the western hemisphere to agree upon a bimetallic monetary system.

Resolutions for the protection of the merchant marine, on education at national expense and on the re-establishment of the McKinley protective idea were offered and referred.

A large number of letters of regret were then read from prominent Republicans. Judge Thurston read a letter from Senator Don Cameron, of Pennsylvania whose name was greeted with applause. Cameron says: "All Europe and all America are in trouble. Every one admits that the world stands on the edge of a revolution, social and political; but everyone shrinks from it. We all see danger before us. We all want to avoid it. To those of us who have had chiefly in mind the struggle between silver and gold, this is a question which for the moment presses hardest. A single gold standard seems to us to be working such ruin and violence that nothing can stand. If its influence is to continue for the future, at the rate of its action during the 20 years since the gold standard took possession of the world, some generation not very remote will see in the broad continent of America only half a dozen overgrown cities, keeping guard over a mass of capital, and lending it to a population of dependent laborers on the mortgage of their growing crops and handiwork. A vast majority in all the parties agree that the single gold standard has been, is, and must be a material disaster of the worst kind, and what is still more strange, almost the whole world sympathizes with us. Nine-tenths of mankind are hostile to a single gold standard. Yet London bankers say we must submit, and we have submitted. We want real money—coin—carrying intrinsic value; yet if England succeeds in her obstinate effort to destroy the value of silver, for coinage, nothing can save us from paper. England may well succeed; she seems already to be on the point of success, greater than her gov-

ernment wanted, and in that case irredeemable paper—flat money—stares us in the face. Something, then, must be decided and quickly, for the delay itself is likely to be decisive. The Republican party must either fix the single standard of the nation or reject it. This time we can no longer escape the issue, and whatever we do must be done openly. The Republican party alone has power to restore activity to industry and to carry on our society for at least another generation without further disaster. You have only to adopt the platform. The party has always maintained the national principle of high tariff. You, whose deepest and best interests depend upon its success, have alone power to add 'Free silver.'"

The committee on location decided tonight to recommend that the next convention be held at Des Moines, Iowa. The final vote was: Des Moines, 15; Minneapolis, 12.

The committee on rules will report tomorrow in favor of allowing each state to cast its full vote to which it is entitled, regardless of the number of delegates present. The minority report opposing this plan will be presented.

A PECULIAR CASE.

California Supreme Court Decision of Peculiar Interest.

San Francisco, June 26.—The state supreme court rendered a decision today of peculiar political interest. In the gubernatorial campaign of 1890 it was charged by the Democrats that Markham, the Republican candidate, favored the Chinese, and in support of this assertion a letter was printed in which Markham was said to have written this sentence:

"I am glad that—Irish crowd are out, and hope the Chinamen will be all right."

The Republicans promptly charged that the letter was a forgery, and Irwin C. Stump, the chairman of the Republican state central committee, publicly offered \$1,000 for the production of the genuine letter in Markham's handwriting containing the statement. After five days, Russell J. Adelson, chairman of the Democratic committee, produced the letter and demanded the \$1,000. The genuineness of the letter could not be disputed, but Stump did not pay the money, and was sued by Wilson. The lower court held that the claim was a legal one, and the supreme court today affirmed that decision.

A DULL DAY IN STOCKS.

New York, June 26.—Speculation was very dull today and the volume of business was lighter than on any day for weeks past, but the tone of the market was firm and trading was distributed more generally through the list than usual. The better tone was due, perhaps, entirely to the statement made by President Cleveland as to the condition of national finances. The confident manner in which the president spoke of the affairs of the treasury seemed to have the effect at home and abroad of stimulating the purchase of American securities.

PENNOYER'S PARDONS.

Salem, Or., June 26.—Gov. Pennoyer today pardoned from the penitentiary the following prisoners: S. F. Murphy, sentenced from Baker county February last, to one year for embezzlement as city treasurer of the sum of \$4,119; Jas. Hards, sentenced from Jackson county, May, 1893, to a term of 15 years, for manslaughter. More than 25 years ago Hards killed his father-in-law and disappeared from the country. About two years ago he returned, was arrested and convicted of the crime.

FREIGHT CAR MILEAGE.

Chicago, June 26.—At a meeting of the executive committee of the Western Trunk Line Association today it was agreed that, beginning in August, the mileage on all kinds of freight cars interchanged between railroad companies, including private cars, but excepting refrigerator, should be one-half cent per mile. This is a reduction of one-quarter cent.

PRESIDENTIAL NOMINATIONS.

Washington, June 26.—The president sent the following nominations to the senate today: Charles DeKay, of New York, to be consul general at Berlin; William Meyer Little, of North Carolina, to be consul at Tegucigalpa, Honduras.

YALE WINS.

New Haven, Conn., June 26.—Yale beat Harvard in the final game today for the intercollegiate baseball championship by a score of 2 to 0.

OVERCOME BY THE HEAT.

Washington, June 26.—Senator Palmer was overcome by the heat this afternoon and was forced to retire from the senate chamber.

HILL STILL FIGHTING

All His Amendments Regularly Voted Down.

PULLMAN BOYCOTT COMMENCED

Carnot's Body Arrives in Paris—Much Sympathy Shown at Rome and Elsewhere.

Associated Press.

Washington, June 26.—The senate entered upon the thirteenth week of the tariff debate today, resuming the consideration of the income tax. Hill withdrew the amendment offered Saturday to strike out the provision exempting the interest on United States bonds from the operation of the tax. He then moved to exempt state, county and municipal bonds. He argued that the taxation of state bonds by the federal government would be a direct attack upon the administration of the states. If the federal government had a right to diminish the value of state bonds and securities, it had the right to destroy them. The amendment was lost by a vote of 15 to 30.

THE PULLMAN STRIKE.

Cincinnati, O., June 26.—The manager of the Pullman shops in Ludlow, Ky., has posted a notice that all striking employes who do not return immediately to work will be discharged. Twenty-eight strikers returned today.

Omaha, June 26.—Four hundred members of the American Railway Union in Omaha are prepared to carry out the Pullman boycott order to the letter. The American Railway Union is strongly represented here in all the roads except the Burlington. The Union Pacific handles both the Wagner and Pullman cars, and hence can dispense with the latter.

Chicago, June 26.—Chief of Police Kennan was today asked by the railroad companies using Pullman cars for protection in case of trouble from the big boycott by the American Railway Union. Police officers will be placed in the yards of all the railroads.

Cincinnati, June 26.—By an order from President Debs, of the American Railway Union, the Pullman boycott was declared off here today at noon. Mr. Pheasant, who was sent here by President Debs, states that this is simply a postponement. He says the American Railway Union don't want to tie up travel until arbitration has been reported to.

Chicago, June 26.—The threatened strike to enforce the boycott of the Pullman cars was inaugurated at 8 o'clock tonight, when the American Railway Union ordered the Illinois Central men out. The switchmen were the first to obey and quickly walked out, tying up suburban, as well as express trains service. The strike, it is asserted tonight, will immediately extend to the St. Paul and Kansas City, the Wisconsin Central, the Northern Pacific, the Southern Pacific and the Santa Fe.

CARNOT'S BODY IN PARIS.

Paris, June 26.—The funeral train bearing the remains of the murdered president arrived here this morning. The ceremonies at the railroad terminus consisted only of a formal transfer of the remains to the prefect of the Seine. The casket was placed in a hearse and escorted to the Elysee palace. At the palace the body was conveyed to the reception room, which had been converted into a mortuary chapel.

Among those who witnessed the arrival of the body of President Carnot at the palace was his coachman, who was so affected that he fell insensible and died from the shock.

ANARCHISTS REJOICING.

The mayor of Lyons has issued a proclamation, in which he says: "Malefactors who, in the guise of patriots, are committing deeds of vandalism and pillage, will be punished as vulgar criminals." The mayor appeals to all honest citizens to assist the authorities in repressing rioting.

FRENCH ATTACKS ON ITALIANS.

Lyons, June 26.—Throughout the night rioters thronged the streets and sacked the Italian stores and taverns. Large numbers of Italians are hopelessly ruined. Some have fled from Lyons. Scenes of disorder similar to these here are reported from other towns, notably Grenoble and Dijon, and there is a prospect of more rioting today. The troops supported the police in their efforts to restore order.

SYMPATHY IN ROME.

Rome, June 26.—There has been today manifestations of sympathy for France in all the principal towns. At Mesina crowds of people formed in a procession and marched to the French consulate, shouting "Long live France," "Death to the assassin."

A WARNING UNHEEDED.

Paris, June 26.—On June 20 the Prefect Perault telegraphed to the minister of the interior that a dangerous Italian anarchist named Santo had arrived at Orlans. This information was ignored, with the tragedy for the consequence.

CARNOT'S SUCCESSOR.

Paris, June 26.—At a meeting of Republican senators this afternoon to decide upon a candidate for president, the vote resulted: M. Casimir Perier, 144; M. Dupuy, 15; scattering, 17.

TRAIN ROBBED IN GEORGIA.

Savannah, Ga., June 26.—Early this morning six men, armed with rifles, held up a train at Monerville. All the contents of the Southern Express Company's safe were taken, the value of which is not known. A posse with bloodhounds is on the trail of the highwaymen.

THE HOUSE.

Washington, June 26.—The senate bill making Labor Day a legal holiday passed the house today.
