Just in Bloom—California Buttercups, at Coleman's.

Astoria has a female football team on which to pin her hopes if the railroad should fall.

Parties are still looking for the body of Young Beasley, who was drowned a short time ago.

The man who owns a horse and buggy is getting very little enjoyment out of them this weather.

Butter still continues to be brought to the city in large quantities from the ranches in this vicinity.

While Astorians are wearing heavy clothing and enjoying grate fires, people down in the Mississippi Valley are sweltering with the thermometer at 119 in the shade.

Some clergymen claim that there is no more harm in riding on a wheel on Sunday than in traveling on a street car. In fact, the use of the bicycle is the least of these evils.

F. I. Dunbar took the oath of office yesterday and filed his bond as county clerk to the amount of \$10,000. His sureties were D. K. Warren, Martin Foard, R. R. Meenan and W. W. Parker.

A hardware dealer in the city who recently cleaned his pipe with a single nail, and then sold the nail to a builder, didn't think he would be the cause of two days' sickness to that builder, but he was.

Mine Hoag Wright was observed close to the stove yesterday afternoon, napping, with a smile on his countenance, which plainly told he was dreaming the railroad had arrived, and that the Hotel Portland had been shipped to Astoria as an office for the Occident.

REAL ESTATE AUCTION. I will auction off a good piece of bottom land, to the highest bidder, on Saturday, June 29th, at 2 o'clock p. m., consisting of lot 4, section 18, T. 6 N., R. 10 W., amounting to 17 acres. The buyer will have the privilege of taking out 5 acres, if he does not want the whole tract. Sale to take place at my auction rooms.

AN ASTORIA GIRL. In the commencement exercises held in Portland one of the essays, entitled "The Mission of Warriors," was delivered by Miss Allie A. Loeb, the charming daughter of Nathan Loeb, and a native of Astoria. Miss Loeb's essay was well chosen and one of the best rendered of the occasion, and Mr. Loeb feels very proud of his girl.

THE BROWN BAND. Astoria is to have a great treat on the evening of July 3. A band of Brownies and fairies from Ellsland are now on their way to Astoria to aid the cause of the Astoria Public Library. On account of superior facilities for showing these kindly little sprites to the public, Liberty hall has been rented for the eve of July 3, and every lover of novel and interesting entertainments will be sure to secure seats as soon as the box office is open. Keep a lookout for further advertisements.

BIDS OPENED. Councilmen Lewis and Young, of the committee on streets and public ways, have opened the bids for the construction of a 15-inch terra cotta sewer, 840 feet long, in Fifth street. There were five bids, as follows: S. H. Willet, \$1,153.21; Worsley & Caruthers, \$939.35; B. R. Smith, \$830.03; W. Hampton Smith, \$1,022.80; J. A. Fastabend, \$894.95. R. B. Smith, being the lowest bidder, will probably be awarded the contract.

ASTORIA'S BEAUTIES. How little people who have grown up in Astoria appreciate the beauties of nature in this immediate vicinity. A visit to any of the heights about the city, and a glance up and down the river and bay, with its shady bluffs, thrills and inspires the stranger, while old settlers, to whom the scenery is familiar, fail to see and appreciate its beauties. They will never realize the true grandeur of the bluffs, the river and bay unless they should some day move away from the city, which sits as a gem in the midst of some of nature's grandest achievements. Then, when it is too late, their hearts will yearn for the grand old scenes at the mouth of the great Columbia.

CHANGE ALL AROUND. On and after next Monday you won't have to pay as much for a money order at the postoffice as you did—not that Mr. Wise is going to run a bargain counter of money orders, but because that is the new law. You must also take money orders or nothing, as no more postal notes will be issued, the department at headquarters having decided that these notes are no good, all of which the public and the postmasters could have told them long ago. It takes about five years for the big guns in Washington to come to a conclusion on such ideas as postal notes, but the postmasters of first and second-class offices reach a correct verdict in six months.

FOR BELLS AND LANTERNS. There is some talk of introducing a resolution in the council providing for an ordinance compelling bicycle riders to furnish their wheels with bells and lanterns, particularly for use when the bicycles are ridden after dark. A flying bicycle approaching noiselessly in the darkness of the night is liable to grind a citizen to powder at any street intersection, and the resolution is a good one.

A Letter From Brown & Browne TO THE COMMITTEE.

Gentlemen:—Having caught the R. R. Fever while in Astoria, we are compelled to take a rest here in Denver, and although we regret the delay, we believe that a REST will do you gentlemen good, too. In the meantime we desire to make you a NEW proposition, viz.: We and our associates will build you a road, work to begin as soon as our attorney can look up the title of the original owners of the subsidy, Concomly, Chenamus, et. al., and the road to be completed when free coinage of silver at the ratio of 16 to 1 is established, as the securities of our company consist mainly of stock in some silver mines we have discovered lately. As we expect to put on a large force of men we desire that you negotiate with the mortgagees of the Herman Wise store in regard to supplying our men with Clothing, Hats, Shoes, Furnishings, etc., as we understand that they offer stock at about 60 cents on the dollar. Smilingly Yours, BROWN & BROWNE.
