and as brilliant. Surely, society in Brownie Land is composed of characters very similar to those seen here—for we recognized the Dutelinan, dude, policeman, conductor, Uncle Sam, Chinaman, Turk, indeed an occusional display of human traits that we are almost inclined to believe they are akin to us. Just as we begin to feel somewhat acquainted with our Brownie Band, the scene, after a delightful musical transition, changes and we are treated to a fairy dance. Happy the queen who has so graceful and dainty ASTORIA IRON WORKS subjects, as the gauzy, flitting fairies who danced so lightly to and fro.

All too short, notwithstanding the lateness of the hour, is this fairy dance The bell sounds—the fairy dance is ended. Mirable dictu! We wake from our dream to see the mortals carrying away here a fairs, there a brownie. Behold, these are the genit of the householdfairies and beamies indeed-but dear children as well. Long may they bless their happy homes.

We thank them heartily for the lovely vision which is ours forever in memory. Pure II of the musical program consisting of musical selections was a most Astoria will celebrate the Fourth with enjoyable feature of the occasion, the

When my little girl was one month old, she had a seab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on head to rue time, and more on her body. When six mouths old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but lay with them half open. About this time, I atarted using the CUTICURA RHEMINIS, and is one smouth she reas completely cared. The doctor and drug bills were over one handred dollars, the CUTICURA bill was not more than fee dollars. My child is now strong, healthy, and large as any child of her age (see photo.), and it is all owing to CUTICURA. Yours with a Mother's Blessing, Mas. GEO, H.
