ONE OF THE RESULTS.

It is extremely injudicious and not a little short-sighted for the mechanics and other workmen in this country to even talk about joining the present railway strike, much less to do so.

The county court has evidently taken hold of the road question in earnest, and the character of the men now composing that influential body is a guaranty that something will be done and that right speedily.

The county court of this county, to ask you to call a meeting of the voters of your district, for the purpose of selecting a delegate to attend (at his own expense) a road convention, to be composed of one delegate from each district in the county, to be held at the court house in Astoria on Tuesday, August 7th, 1894, at 10 a. m.

The object of the convention so called, is to get an expression from all parts of the county, as to what kind of roads are most feasible in the different localities, as well as the points most in need of such outlets, with the nature of the country over which they will have to be constructed.

SILVER AND THE TARIFF.

The following letter from one of the leading Republicans of the Northwest will show the drift of opinion among some of the best men in the party on the silver question.

Mr. Reed is one of the ablest statesmen in this country—if not the ablest—since the death of Mr. Blaine, and this suggestion of his, made in the interview in Washington in April last, is a stroke of genius.

But what must we think of the Democratic majority in Congress? What a spectacle do they present of imbecility and cowardice?

Over fifty demijohns of it went out yesterday—but customers went with them."

A POINTER

Many people believe that all blacksmithing jobs are alike—that they are nothing but muscle and material mixed. That is true of ordinary jobs. Brains are also used to make a good job. So is conscience. A job made without skill or honesty is no good. Our work is widely known for its quality, durability and economy in the end.

"BREAKING IN,"

Many a man has "broken out" in a passion, and felt all "broken up," trying to get a new pair of shoes "broken in." He has had to "break off" many an engagement on account of crippled feet, and has gone "broke" many a time trying to get relief for his corns—the direct cause of ill-fitting shoes.

You will find all this obviated by purchasing your footwear at the store of JOHN HAHN & CO.
