

Daily Astorian.

TERMS OF SUBSCRIPTION. DAILY. Sent by carrier, per week, 15 cts. Sent by mail, per month, \$1.00. Sent by mail, per year, \$10.00.

The Astorian guarantees to its subscribers the largest circulation of any newspaper published on the Columbia river.

This paper is in possession of all the telegraph franchises, and is the only paper on the Columbia river that publishes genuine dispatches.

The Daily Astorian's circulation is five times as great as that of the combined circulation of the other daily papers of Astoria.

The Weekly Astorian, the third oldest weekly in the state of Oregon, has, next to the Portland Oregonian, the largest weekly circulation in the state.

Subscribers to the Astorian are requested to notify this office, without loss of time, immediately they fail to receive their daily paper, or when they do not get it at the usual hour.

LIKE LOBSTER, LIKE MAN.

There are men in Astoria who day after day perch themselves on the street corners, bewail the "hard times," and throw a gloomy shadow over every enterprise that is projected, or thought of.

It is said that a lobster, when left high and dry among the rocks, has not sense and energy enough to work his way back to the sea, but waits for the sea to come back to him.

GOOD ROADS.

The West Coast Trade has the following pertinent remarks on this important subject, which is local application to every community:

"There ought to be concerted action by all in authority, and all who will be benefited, for the improvement of roads, especially the main roads, over which there is so much travel or heavy loads must be drawn to market.

Robert C. Smith, who is staying at Gearhart Park for the summer, is certainly a lucky individual. Yesterday he found a 65-grain pearl in a plain, prosaic Clatsop clam, which he was about to devour.

There is no prettier game played than the national game of baseball. The contest between the Multnomahs and Stanfords on the local grounds tomorrow will undoubtedly be well attended.

The Britannia is queen of the waves—for the time being.

OREGON NOTES.

A 75-yard foot race will be run on the town site of Heppner for \$20 a side this week.

Dugone is out with Prof. D. V. S. Reid as a candidate for the position of surveyor-general of Oregon.

The police court jotted itself along for three whole days without a single case at The Dalles. Something remarkable.

A man who "lit" in the Crittenden war for four years and the same number in this country, is the attraction of Lebanon.

A physiological question that is puzzling the people of Oakland is "what kind of a soul has a person who will poison a dog?"

If wheat does not bring 45 cents per bushel, the farmers about Juniper will cut the stipend of harvest hands 25 cents a day under former wages.

The Albany Herald denies the existence of an Anarchist Club in that city. It claims that her citizens would not even blow up a lung tester.

So as to give the town a livelier appearance the authorities of The Dalles have allowed the Salvation Army to hold open air services on the streets.

They are about to turn another leaf in the history of the Salem Y. M. C. A. A man named Page from Chicago has been elected as secretary, and will arrive in August.

After the Condon authorities had shook a gambler named Crawford down, a man of their size robbed him of the rest of his bank roll amounting to \$240. The thief is in jail.

A new settler arrived in Jackson, and called a horse, "hoss." He had no strawberry mark on his arm, but old Kentuckians recognized where he was "bohn," and who his kin folks were.

Weston is responsible for the latest invention who proposes to startle the world with perpetual motion. His invention is an apparatus which will wind itself up as it runs down, and vice versa.

B. F. Alley, of the Florence West, is willing to learn a boy the printer's trade and give him his board and clothes in the meantime. This is placing him on an equal footing with all the newspaper proprietors in the state.

Over a thousand people came together and perforated the atmosphere with their voices at the Sherman county Musical Association meeting which was held at Moro last week. The music was "classic, sacred, and comic."

Saler has a few thoughtless and selfish people who care for nothing but the gratification of their own pampered and depraved appetites. Two of them were arrested for assaulting a boy for bathing, when everyone knows that cleanliness is next to Godliness.

STANDS WITHOUT A RIVAL.

Gentlemen: I have been troubled with very severe headaches for years, and have taken a great many different remedies, but have never found anything to give me as speedy and permanent cure as Krause's Headache Capsules.

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

A SURE CURE FOR PILES.

Itching Piles are known by moisture like perspiration, causing intense itching when warm. This form, as well as Blind, Bleeding or Protruding, Piles, is cured by Dr. Bosanko's Pile Remedy, which acts directly on the parts affected.

INDORSED BY THE PRESS.

Gentlemen—This is to certify that I have used Krause's Headache Capsules with satisfactory results. I bought a box which cost me 25c, and one capsule cured me of a dreadful sick headache.

FAIR FROM THE MADDING CROWD.

This is what many a nervous sufferer wishes himself every day. But there will soon be no necessity to forsake the busy—albeit somewhat noisy—scenes of metropolitan life, if the nervous invalid will begin, and persist in the use of Hostetter's Stomach Bitters.

A POINTER

Many people believe that all blacksmithing jobs are alike—that they are nothing but muscle and material mixed. That is true of ordinary jobs. Irons are also used to make a good job. So is conscience. A job made without skill or honesty is no good.
