INGALLS' POINTED TALK

Cleveland Blundered Onto One Commendable Act.

THE VIGILANT VICTORIOUS.

Brice Denies a Conspiracy Has Been Formed to Defeat the Tariff Bill.

Associated Press.
Fredonia, Kan., July 21.—A battery of big guns fired the opening salute of the third district Republican campaign. Ex-Senator Ingalls, Hon. Bernard Kelly, and Col. Dick Blue spoke before vast audiences this afternoon and evening.

Ingalls received with enthusiasm the brilliant ovation always accorded him. He said in the course of a two hour address:
"I am here today to make a Republican speech. Your chairman, in introducing me, said that I had retired from public life. That is a mistake. I was retired. My retirement was purely involuntary. The campaign waged against me, unjust as it was, was the most scientific in politics. It resulted in throwing me higher into the atmosphere than anything else that has been recorded since the cow jumped over the moon."
Getting into his speech, Mr. Ingalls said that there is one thing worse than a Populist it is a Democrat. For the condition in which the state finds itself today, the Democracy is strictly and wholly responsible. The great question before the American people is not the tariff, but whether we are to have any government in this country at all. This question is for the Republican party to answer, because every other party has shown itself incompetent to handle it. Mr. Ingalls spoke at length of the recent strike, bitterly inveighing against the attempt of workmen to prevent others from attempting to labor at wages they refused.

"For the condition of affairs in Chicago, no man is more responsible than Gov. Altgeld, but when he pardoned the anarchists he said it was safe to burn, pillage, and shed blood. Grover Cleveland, in telling Altgeld the United States must protect its citizens, blundered on to the first serviceable act of his two terms. The question of the hour is the survival of constitutional government among men. Unless the Republican party is able to accomplish this task, I tell you it is gone."
He announced that he was opposed to woman suffrage because his mother, wife, sisters, and daughters, do not want to vote. He said he is a bimetalist.

BRICE DENIES THE REPORT.
Washington, July 21.—There has been a persistent rumor about the capitol all day, that conservative Democratic senators have been in conference and that they have adopted a plan to defeat the tariff bill if on Monday the senate does not definitely instruct the tariff conference to stand by the senate bill. Senator Brice, who is regarded as the leader of this element, pronounced the story without foundation. He said it was true, however, that the conservatives have been a great deal together, and that they understood one another perfectly. He said furthermore that so far as he is concerned, he has decided to support Mr. Vilas in his effort to have the sugar differential stricken out of the bill, and added that the sugar schedule, being an administration measure, he saw no reason why the administration should not have its own way about it now. He added that if insistence upon this course should result in the defeat of the bill, as he thought it might, the conservative Democrats would not be responsible for the result. It does not now appear that there is any prospect of an early Democratic caucus in the senate.
Senator Gorman says there will be no Democratic caucus between this and the calling of the senate on Monday.
Vilas said he had no purpose in withdrawing his motion to amend the sugar schedule by striking out the one-eighth cent differential on refined sugar.

SAID TO BE A MURDERER.
A Prisoner Charged by His Wife With a Foul Crime.
New York, July 21.—The police of Newark are investigating a case of alleged murder, and Henry Kriner, who lives at No. 279 Sixteenth avenue, who is in jail on a charge of beating his wife, Gretchen, is believed to be the perpetrator. His accuser is his wife. On June 16 the body of Joseph Pollard living in Newark, was found in Shinder's Creek. The body when found was lying face down. On the shoulders was a large stone, weighing eighty pounds. In addition to this weight there were lying near the body five coupling pins or bits of railroad iron, whose combined weight was sixty pounds. The left eye was bruised and swollen. A strap, perhaps half an inch wide and a sixteenth

of an inch thick, was buckled around the man's neck. The circumstances seem so suspicious that Kriner has been sent to jail without bail, and the case is being investigated.

A RESOLUTION PASSED.
Washington, July 21.—There was a slim attendance of members of the house today. Bowers demanded a regular order on a resolution proposing an amendment to the constitution providing that senators be elected by a direct vote of the people. Although a two-thirds vote is required for measures amending the constitution, the pending resolution was passed, 137 to 49, with 12 votes to spare. The announcement was received with Democratic applause. The house disagreed to the senate amendments on the Indian appropriation bill. Holman, Allen, and Wilson, (Washington) were appointed conferees.

ORDERED BEFORE THE COURT.
West Oakland, Cal., July 21.—President Roberts, of the Oakland Lodge, American Railway Union, has been ordered by Chief Justice Fuller, of the United States supreme court, to appear before Circuit Judge McKenna in San Francisco, August 6, to answer to any charges that may be preferred against him. This action is supposed to be in anticipation of an indictment to be found against Roberts by the federal grand jury. The order of the court was served upon Roberts as he was coming from a Populist convention where he had just been nominated for state senator.

A DISASTROUS SEASON.
San Francisco, July 21.—Advises brought by the Asiatic steamer from scalars in Japanese waters are not very encouraging to the managing owners. Shins are worth only \$14.50 each, and that means that each schooner must have at least 1000 on board to pay expenses. The average comes away below that. All in all, the season has been a disastrous one. Four schooners are known to be a total loss, over eighty men have lost their lives—four captains among them. This catch is the only medium one so far as reported.

NOT HEAVY ENOUGH.
Tacoma, July 21.—Chas. A. Barnes, chief clerk of the Northern Pacific freight department, and secretary of the local American Railway Union, was convicted of contempt in the United States court today, and fined \$50. James D. Creighton, of Pasco, was convicted of contempt and sentenced to thirty days' imprisonment. Robert Lining, of Spokane, got sixty days, and L. D. Schofield, of the same place, ninety days, also for contempt. All three tried to derail cars, and threw stones at the officers.

WOOL SMUGGLERS.
Malone, N. Y., July 21.—Hon. Allen S. Matthews, member of the assembly from this (Franklin) county, has been arrested charged with smuggling wool. Recently the assemblyman's father, P. A. Matthews, aged 80 years, was arrested on a charge of smuggling about 100,000 pounds of wool, the duty on which would have amounted to \$12,000. Other arrests will follow.

A HEAVY SUIT.
New York, July 21.—The Kansas Pacific bondholders' committee, Silas P. Dutcher, chairman, entered suit in the United States circuit court for New York, in the name of John Quincy Adams, against Russell Sage and the estate of Jay Gould, to recover \$11,000,000 proceeds of securities.

FELL FOUR STORIES.
New York, July 21.—John Reilly, 45 years old, of 603 First avenue, walked in his sleep this morning for the first time in his life. As a result, he now lies in Bellevue Hospital at the point of death. He fell four stories from the roof of his house.

MAIL SERVICE IMPROVING.
Washington, July 21.—A rapid improvement in the condition of the western mail service is reported in the post-office department dispatches today. Postal officials believe all the injurious effects of the strike will be overcome at the beginning of next week.

GUARDED BY POLICEMEN.
Chicago, July 21.—A mob at Pullman today attempted to intercept thirty Hollanders on their way to the Pullman shops. The police escorted the workmen through the crowd and then remained on guard at the works.

UNDER MILITARY GUARD.
Butte, Mont., July 21.—Nineteen companies of regulars are in quiet and peaceful possession of the railroad properties and yards, and freight and passenger trains are moving on all the lines running into the city.

THE YANKEES VICTORIOUS.
Kinsstown, (Dublin Bay) July 21.—The Vigilant won today under conditions heretofore considered unfavorable to her. She finished a fifty-mile cruise in three minutes and thirty-nine seconds ahead of the Britannia.

GERMANY WATCHES US

Takes An Intense Interest In the Tariff Proceedings.

LITTLE COREA GIVES A POINT.

The Sacramento Strikers Declare the War Ended.—Late Morning Dispatches.

Associated Press.
Berlin, July 21.—Considerable interest is taken here in the tariff legislation of the United States. It is learned that negotiations are proceeding between Berlin and Washington to prevent the possibility of a commercial war. The decision of congress in regard to the sugar schedule is awaited with great anxiety, and many of the newspaper articles on the subject are condemning the stand taken by the senate. The people in this country are already discussing the possible reprisals which Germany would make in the event of her suffering through American tariff legislation.

SUGAR SPECULATING.
The Sugar Investigation Committee Report to the Senate.
Washington, July 21.—The conservative Democratic leaders of the senate are discussing the advisability of holding a caucus for the purpose of trying to reach an understanding on the tariff measure. Their plan for a repeal of the sugar bounty by an independent bill, if the differential duty on refined sugar be stricken out of the bill, and the bill defeated in consequence.
Senator Allen of Nebraska, a member of the sugar investigation committee, made a report to the senate supplementing that of the committee. He says the evidence shows that the sugar trust contributed to the campaign funds of both the Democratic and Republican parties, with the expectation that if not an implied promise, its interests would be cared for and that McPherson and Quay had speculated in sugar during the pending tariff bill. He recommends that laws be enacted covering both of these practices.

Senator Allen, of Nebraska, who is a member of the sugar investigation committee has made an additional report to the senate, supplementing that of the committee. He says:
"The testimony shows to my mind quite conclusively that contributions were made by the sugar trust to both the Republican and Democratic parties for campaign purposes, with the expectation, if not by an implied promise, that which ever party succeeded to power, the interests of the company should be cared for by it.

"A wisely drawn and judicious law looking to a prompt and efficient remedy for this growing evil should be passed by congress and approved by the president."
The testimony should be that two senators, John R. McPherson, of New Jersey, and Matthew Quay, of Pennsylvania, did engage in speculation on sugar stocks during the pendency of the present tariff bill before the senate. It is a delicate matter for me to speak upon this subject, but a public duty requires me to condemn the practice as unwisely and fraught with danger. The evidence does not show that the sugar trust had any direct influence in procuring the presentation to the senate of the committee amendment to the sugar schedule, although I think that the schedule, insofar as it prescribes an ad valorem system of taxation is entirely satisfactory to the trust.

"There is nothing in the evidence to show that Secretary Carlisle had any improper interviews with any representative of the trust."
"It is proper to call attention to the reckless and open defiance of the authority of the senate to require witnesses to answer the questions or make disclosures germane to the subject matter of the investigation. It must promptly take contemptuous witnesses in hand and deal with them without delay as they would be dealt with in the court of justice under like circumstances."

STRIKE OFF AT SACRAMENTO.
Sacramento, July 21.—The mediation

committee of the American Railway Union held a meeting this evening and unanimously voted to declare the strike off, unconditionally. They sent a short notice to this effect to Superintendent Fillmore. The military will probably remain two or three days yet to look after a few hot heads who are intimidating workmen.
Superintendent Fillmore said tonight: "The surrender is unconditional. We made no promise and will take back only such men as we have places for, and whose services we are willing to accept."

PEACEFUL NEGOTIATIONS.
Washington, July 21.—The announcement that Corea has consented to reforms proposed by Japan has caused the officials of the Japanese legation here to express the hope that this will end the strained relations between Japan and China. No specific statement of the reforms desired has been received as yet at the Japanese legation, but the general tenor is known, and they include changes in the system of taxation and removal of restrictions to trade.

Washington, July 21.—Senator Jones, one of the conferees, has received a dozen letters, of which the following is a fair specimen:
"To Congressional Committee on Tariff: If you pass the bill with the income tax, don't forget to order your coffins. You will need them all as soon as you leave Washington. (Signed) Democrat, so help you God."
